

because...

**I want all of my patients, their families
and everyone in California to get health
insurance during open enrollment.**

Go to **CoveredCA.com** for more information.

porque...

Quiero que mis pacientes, sus familias y todas las personas en California obtengan un seguro de salud durante la inscripción abierta.

Para más información, visita CoveredCA.com/espanol.

Displaying the Covered California “I’m IN!” or “Tengo un Plan de Salud” Placard in Your Office

Let your patients know you are participating and encourage them to select a plan that ensures they can continue to see you with their Covered California coverage.

Step 1: Download the professional Covered California “I’m IN!” poster for display in your office. This 8 1/2x11 high resolution print can be printed on card stock or simply attached to poster board or mounted on a wall. Feel free to add your own office logo and information.

Step 2: (optional): Use the attached pdf with enrollment information to create an enrollment flyer for your patients. This is the same information provided to your office so patients can use this information during their enrollment process.
