NEWS FROM COVERED CALIFORNIA

August 20, 2019

Director's Corner

Dear Partners,

Renewals and Open Enrollment are coming up fast, and we're preparing for an exceptionally active Open Enrollment Period. There is exciting news for enrollers about the return of the individual mandate penalty in California, the new State Subsidy program, the lowest rate increase ever, and the expansion of carrier footprints. We are working on a full slate of resources to educate enrollers about these topics.

This Open Enrollment Period is likely to be our busiest yet. The California individual mandate penalty will encourage more consumers to buy health insurance. The new State Subsidy program may provide nearly one million consumers with financial help to pay for premiums, including newly-available help for some middle-class consumers with incomes between 400% and 600% of federal poverty level such as individuals making \$50,000 to \$75,000 or families of four making \$100,000 to \$150,000.

Our announced rates for 2020 represent the lowest increase in premium ever at just 0.8%. This, coupled with the expanded coverage area for several carriers, shows that the Individual Health Insurance marketplace in California is strong and gaining momentum.

Be on the lookout for additional tools and trainings in the coming weeks as we schedule webinars and publish content to help you have a successful Renewal and Open Enrollment Period.

Renewal

Active Renewal Begins October 1, 2019

Covered California's active renewal period is October 1, 2019 - December 15, 2019. The passive (auto) renewal period is October 31, 2019 - November 21, 2019.

Consumer Consent for Verification

When a consumer fills out their application, they choose to allow Covered California to verify the information in their application electronically using the Federal Data Services Hub (FDSH). This is called **Consent for Verification**.

A consumer may authorize Covered California to electronically verify their information for a period of zero (0) to five (5) years. Doing so allows Covered California to apply the Advanced Premium Tax Credits (APTC) without the consumer having to take any action.

The annual renewal period is set to begin in October. Consumers need to provide their Consent for Verification by September 30, 2019, in order to benefit from an automated renewal process without losing their Advanced

Premium Tax Credit (APTC). **Providing Consent for Verification will also allow Covered California to automatically determine a consumer's eligibility for the new state subsidies available in 2020.**

Review the [Consent for Verification Notice](#) that Covered California sent to consumers last week and the [Consent for Verification Quick Guide](#) for more information. Also watch the [How to Update Consent Video](#) for instructions on updating consumer consent.

Update Consumer Contact Information Before Renewal Begins

Reminder: Ensure your consumer accounts are up-to-date with Covered California. **It is important that consumers are [reporting changes to Covered California within 30 days](#)**, such as family size and income changes. To ensure consumers receive all their notifications, they should update their primary residence and mailing address, email, and phone number as soon as changes occur.

After updating their information with Covered California, consumers should contact their health insurance carrier to ensure they also have their new contact information.
