The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. ### Important Questions

<tr>
<th>Questions</th>
<th>Answers</th>
<th>Why This Matters:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>What is the overall deductible?</strong></td>
<td>$1,000 per person / $2,000 per family through the EnhancedCare PPO provider network. $2,000 per person / $4,000 per family for out-of-network providers per calendar year.</td>
<td>Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</td>
</tr>
<tr>
<td><strong>Are there services covered before you meet your deductible?</strong></td>
<td>Yes. Preventive care, physician office visits, prescription drugs, x-ray, lab tests, urgent care, hospice, outpatient rehabilitation &amp; habilitation, outpatient mental health &amp; substance use disorder services; and pediatric dental and vision care are covered before you meet your deductible.</td>
<td>This plan covers some items and services even if you haven’t yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a>.</td>
</tr>
<tr>
<td><strong>Are there other deductibles for specific services?</strong></td>
<td>No.</td>
<td>You don’t have to meet deductibles for specific services.</td>
</tr>
<tr>
<td><strong>What is the out-of-pocket limit for this plan?</strong></td>
<td>For EnhancedCare PPO providers $7,200 per person / $14,400 per family; for out-of-network providers $14,400 per person / $28,800 per family per calendar year.</td>
<td>The out-of-pocket limit is the most you could pay in a year for covered services. If you have family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</td>
</tr>
<tr>
<td><strong>What is not included in the out-of-pocket limit?</strong></td>
<td>Premiums, balance billing charges, penalties for non-certification and health care this plan doesn’t cover.</td>
<td>Even though you pay these expenses, they don’t count toward the out–of–pocket limit.</td>
</tr>
<tr>
<td><strong>Will you pay less if you use a network provider?</strong></td>
<td>Yes. For a list of EnhancedCare PPO providers, see <a href="http://www.healthnet.com/providersearch">www.healthnet.com/providersearch</a> or call 1-800-522-0088.</td>
<td>This plan uses a provider network. You will pay less if you use a provider in the plan’s network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider’s charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</td>
</tr>
<tr>
<td><strong>Do you need a referral to see a specialist?</strong></td>
<td>No.</td>
<td>You can see the specialist you choose without a referral.</td>
</tr>

### About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.

AMENDMENT TO YOUR 2018 CERTIFICATE OF INSURANCE

To comply with Federal regulations, the enrollment period for special enrollment of enrollees and their dependents have been revised from 60 days to 30 days. As a result, the “Newly Acquired Dependents”, “Exception to Late Enrollment Rule” and “Special Enrollment Rule for Newly Acquired Dependents” provisions below in the “How to Enroll for Coverage” portion of the “Eligibility, Enrollment and Termination” section have been deleted in their entirety and replaced with the following:

Newly Acquired Dependents
You are entitled to enroll newly acquired Dependents as follows:

**Spouse:** If You marry while You are covered by this plan, You may enroll Your new spouse (and Your spouse’s eligible children) within 30 days of the date of marriage. Coverage begins on the first day of the month following the date the application for coverage is received.

**Domestic Partner:** If You are the principal Covered Person and You enter into a domestic partnership while You are covered by this plan, You may enroll Your new Domestic Partner (and his or her eligible children) within 30 days of the date a Declaration of Domestic Partnership is filed with the Secretary of State or other recognized state or local agency, or within 30 days of the formation of the domestic partnership according to Your Group’s eligibility rules. Coverage begins on the first day of the month following the date the application for coverage is received.

**Newborn Child:** Coverage for newborn children will be effective upon birth and during the first 31 days following birth or the first day of the following month if requested by the principal Covered Person. However, coverage after 31 days is contingent upon You enrolling the newborn within 30 days following birth. If a newborn is enrolled within 30 days following birth, coverage will be continuous from birth.

**Adopted Child:** A newly adopted child, or a child who is being adopted, becomes eligible on the date of adoption or the date You or Your spouse or Domestic Partner receive physical custody of the child or the first day of the following month after the date of adoption or receiving physical custody, if requested by the principal Covered Person.

Coverage begins automatically and will continue for 31 days from the date of eligibility. You must enroll the child within 30 days for coverage to continue beyond the first 31 days. Covered California will require written proof of the right to control the child’s health care when such child is enrolled. If an adopted child is enrolled within 30 days following adoption or date of placement for adoption (date of physical custody), coverage will be continuous from the date of adoption or date of placement for adoption (date of physical custody).

**Legal Ward (Guardianship):** If You or Your spouse or Domestic Partner becomes the legal guardian of a child, the child is eligible to enroll on the effective date of the court order, but coverage is not automatic. The child must be enrolled within 30 days of the effective date of the guardianship. Coverage will begin on the first day of the month after Covered California receives the enrollment request.

Covered California will require proof that You or Your spouse or Domestic Partner is the court-appointed legal guardian.

R20602(CA 1/18) SHOP
**Foster Child:** If You or Your spouse or Domestic Partner becomes the foster parent of a child, the child is eligible to enroll on the effective date of the foster care, but coverage is not automatic. The child must be enrolled within 30 days of the effective date of the foster care. Coverage will begin on the date of placement in foster care or the first day of the following month if requested by the principal Covered Person.

Covered California will require proof that You or Your spouse or Domestic Partner is the foster parent.

**Other Child:** Any child that You have assumed a parent-child relationship, in lieu of a parent-child relationship described above, as indicated by intentional assumption of parental status, or assumption of parental duties by You, as certified by You at the time of enrollment of the child, and annually thereafter up to the age of 26 unless the child is disabled.

The child must be enrolled within 30 days of the effective date of the assumption of parental status. Coverage will begin on the first day of the month after Covered California receives the enrollment request.

**Exceptions to Late Enrollment Rule**
If any of the circumstances below are true, the late enrollment rule will not apply:

1. **You Did Not Receive a Form To Sign or A Signed Form Cannot Be Produced**
   If You chose not to enroll when first eligible, the late enrollment rule will not apply to You:
   - If You never received from the Group or signed a form explaining the consequences of Your decision; or
   - Your signed form exists but cannot be produced as evidence of Your informed decision.

2. **You Did Not Enroll Because of Other Coverage, and Later the Other Coverage is Lost**
   If You declined coverage in this plan, and You stated on the form the reason You were not enrolling was because of coverage through another Group health plan, and the other coverage is or will be lost, the late enrollment exclusion will not apply to You. Reasons for the loss of coverage include, but are not limited to:
   - The principal enrollee of the other plan has ceased being covered by that other plan, (except for either failure to pay premium contributions, or a “for cause” termination, such as fraud or misrepresentation of an important fact);
   - Loss of coverage because of termination of employment or reduction in the number of hours of employment;
   - Loss of coverage through an HMO or other individual arrangement because an individual ceases to reside, live or work in the service area;
   - Loss of coverage through an HMO or other arrangement in the group market because an individual ceases to reside, live or work in the service area, and no other benefit package is available to the individual;
     - The other plan was terminated and not replaced with other Group coverage;
     - The other Group stops making contributions toward employee's or dependent's coverage;
   - When the individual's plan ceases to offer any benefits to the class of similarly situated individuals that includes the individual;
     - The other principal enrollee or employee dies;
     - The principal enrollee and spouse or Domestic Partner are divorced or legally separated and this causes loss of the Group coverage;
   - Loss of coverage because cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the plan);
     - The other coverage was federal COBRA or Small Employer Cal COBRA, and the period of coverage ends; or
     - Loss of minimum essential coverage for any other reason except failure to pay premiums or when the coverage is rescinded for fraud or intentional misrepresentation of material fact.
3. **You Lose Eligibility from an Access for Infants or Mothers Program (AIM) or a Medi-Cal Plan**  
   If you become ineligible and lose coverage under the Access for Infants or Mothers Program (AIM) or Medi-Cal, you and/or your dependent(s) will be eligible to enroll in this plan upon submitting a completed application form within 60 days of losing such coverage. If you and/or your dependent(s) wait longer than 60 days to enroll, you and/or your dependent(s) may not enroll until the next Open Enrollment period.

4. **Multiple Health Plans**  
   If you are enrolled as a dependent in a health plan (not HNL), and the enrollee of that other plan, during open enrollment, chooses a different type of plan (such as moving from an HMO plan to a fee-for-service plan), and you do not wish to continue to be covered by the original plan, you will not be considered a late enrollee, should you decide to enroll in this plan.

5. **Court Orders**  
   If a court orders you to provide coverage for a current spouse or Domestic Partner (not a former spouse or Domestic Partner), or orders you or your enrolled spouse or Domestic Partner to provide coverage to a minor child through HNL, that spouse or Domestic Partner or child will not be treated as a late enrollee.

6. **Other Special Enrollment Triggering Events**  
   We shall allow an employee, and when specified below, his or her dependent, to enroll in or change health benefit plans as a result of the following triggering events:
   - An employee or his or her dependent loses minimum essential coverage for any reason except failure to pay premiums or when the coverage is rescinded for fraud or intentional misrepresentation of material fact.

If the Employee Is Enrolled in this Plan
If You are covered by this plan as an employee of the Group, You can enroll a new dependent if You request enrollment within 30 days after childbirth, marriage, domestic partnership, adoption, placement for adoption (receiving physical custody), placement in foster care, or assumption of a parent-child relationship. 1. A dependent claiming eligibility hereunder as a spouse must be legally married to a Qualified Employee.

2. A dependent claiming eligibility hereunder as a domestic partner must be a registered domestic partner, as defined in section 297 and 299.2 of the California Family Code. In order for an Employee’s unregistered domestic partner to be eligible for coverage, the Employer must make an offer of coverage to the Employee’s unregistered domestic partner and the eligibility of unregistered domestic partners must be documented in Employer’s Employee Benefit Plan documents. It is the Employer’s responsibility to ensure that unregistered domestic partnerships are eligible under the terms and conditions of the Employer’s plan.

3. A dependent child claiming eligibility hereunder must be born to, a step-child or legal ward of, adopted by, placed for adoption with, or placed in the foster care of the Eligible Employee or the Eligible Employee’s spouse or domestic partner, a minor child ordered by a court to be covered by an employee’s Plan, or a child for whom the employee has assumed a parent-child relationship, and under the age of 26 unless disabled. A non-disabled child’s dependent coverage will terminate on the first day of the month following the dependent’s 26th birthday.

4. A dependent child age 26 or older who is incapable of self-support because of a physical or mental disability which existed continuously from a date prior to attainment of age 26 is eligible to initiate or continue dependent coverage until termination of such incapacity. For a child that is enrolled, SHOP will provide a 90-day notice that a dependent is about to reach the age limit for dependent children and will lose coverage unless provided with written certification from a competent health care professional, within 60 days of receiving this 90-day notice, that the dependent meets the above conditions of being disabled. If SHOP fails to make the determination of whether the child is eligible to continue coverage before the child turns 26 years of age, coverage will continue pending the determination.

Documentation of eligibility and existence of the relationship of any dependent to the Qualified Employee may be requested at the time of enrollment and before a child attains the limiting age, but not more frequently than annually after the two-year period following a child’s attainment of the limiting age.

B. Eligibility and Enrollment for Special Enrollment

1. Newly Eligible Employee

The SHOP must provide an employee who becomes a qualified employee outside of the initial or annual open enrollment period an enrollment period beginning on the first day of becoming a qualified employee. A newly qualified employee must have at least 30 days from the beginning of his or her enrollment period to select a QHP. 2. **New Dependents – Spouse or Registered Domestic Partnership**

An eligible spouse or registered domestic partner may be added to coverage at the time of initial enrollment of the Employee, at each open enrollment period of GROUP or due to one of the following special enrollment qualifying events if the application for coverage, along with any supporting documentation is received by SHOP within 30 calendar days of the event. Coverage will become effective on the first day of the month following the receipt of the application for coverage.

Coverage is to be effective upon the date of the birth, placement for adoption, foster care placement, assumption of parent-child relationship, or legal guardianship assignment unless the Employee requests the coverage to be effective on the first day of the month following the date of the birth, placement for adoption, foster care placement, assumption of parent-child relationship, or legal guardianship assignment. The first 31 days of coverage for such new or adopted child is automatic, regardless of whether the child is enrolled or not after this 31-day period.

If application is not received by the 30th day after the birth, adoption, placement, assignment, or assumption of parent-child relationship, the HEALTH PLAN providing coverage for the covered parent will only provide coverage for the first 31 days from the event under that parent’s policy. After that time, the dependent child will no longer have coverage.

HEALTH NET PPO CERTIFICATE OF INSURANCE

ISSUED IN CONNECTION WITH THE HEALTH NET PPO GROUP INSURANCE POLICY

UNDERWRITTEN
BY

HEALTH NET LIFE INSURANCE COMPANY
Los Angeles, California

This benefit plan does not provide Preferred Provider benefits for services (including services for behavioral health treatment) outside of Los Angeles County. Services outside of Los Angeles County, but within California, can be obtained using Your out-of-network benefits.

For information regarding HNL’s payment for Out-of-Network Emergency Care, please refer to the Maximum Allowable Amount definition in the “Definitions” section of this Certificate.

Preferred Provider services may be obtained outside California through our travel network as described in the “Out-of-State Providers” provision in the “Specific Provisions” section. Outside the United States, coverage is limited to Emergency Care and Urgent Care, as described below under "Foreign Travel or Work Assignment" in the "Miscellaneous Provisions" section.
Introduction to Health Net Preferred Provider Organization (PPO)

Note: Not all providers who contract with HNL are Preferred Providers under this Policy. Providers that are not designated as part of the EnhancedCare PPO Network are considered Out-of-Network Providers, even if they have a contract with HNL for Health Net PPO or other plans. When contacting a provider, please identify Yourself as a person covered under Health Net EnhancedCare PPO.

Benefits may be modified by Certificate amendments which may provide greater or lesser benefits. Any Certificate amendments issued to You should be attached to this Certificate.

HEALTH NET LIFE INSURANCE COMPANY (herein called HNL) agrees to provide benefits as described in this Certificate to You and Your eligible Dependents, subject to the terms and conditions of the Health Net PPO Insurance Policy (the Policy) which is incorporated herein and issued to the Group.

The coverage described in this Certificate shall be consistent with the Essential Health Benefits coverage requirements in accordance with the Affordable Care Act (ACA). The Essential Health Benefits are not subject to any annual dollar limits.

The benefits described under this Certificate do not discriminate on the basis of race, ethnicity, color, nationality, ancestry, gender, gender identity, gender expression, age, disability, sexual orientation, genetic information, marital status, Domestic Partner status or religion, and are not subject to any pre-existing condition or exclusion period.

PLEASE READ THE FOLLOWING INFORMATION TO KNOW FROM WHOM OR WHICH GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

How to Obtain Care

Selecting a Primary Care Physician. HNL believes maintaining an ongoing relationship with a Physician who knows You well and whom You trust is an important part of a good health care program. That's why You are required to select a primary care Physician for Yourself and each member of Your family, even though You may go directly to any Preferred Provider without first seeing Your primary care Physician. Primary care Physicians can help provide, arrange and coordinate Your health care. Your out-of-pocket costs will depend on if the providers are Preferred Providers or Out-of-Network Providers.

You may designate any primary care Physician who participates in Our EnhancedCare PPO Network, and who is available to accept You or Your Dependents. Dependents may select different primary care Physicians. An obstetrician/gynecologist may be designated as a primary care Physician. For children, a pediatrician may be designated as the primary care Physician. Until You make this primary care Physician designation, HNL designates one for You. Information on how to select a primary care Physician and a listing of the participating Physicians in the EnhancedCare PPO Network, are available on the HNL website at www.healthnet.com. You can also call the Customer Contact Center at the number shown on Your HNL ID Card to request provider information or if you have questions involving reasonable access to care. Primary care Physicians include general and family practitioners, internists, pediatricians and obstetricians/gynecologists.

You do not need prior Certification from HNL or from any other person (including a primary care Physician) in order to obtain access to obstetrical or gynecological care from a health care professional in Our Network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior Certification for certain services, following a pre-approved treatment plan, or procedures for making referrals.

You do not need to obtain a referral from your primary care Physician or any other provider prior to receiving coverage or services for reproductive and sexual health care. Reproductive and sexual health care services include but are not limited to: pregnancy services, including contraceptives and treatment; diagnosis and treatment of sexual transmitted disease (STD); medical care due to rape or sexual assault, including collection of medical evidence; and HIV testing.

Preferred Providers are providers who have agreed to participate in the EnhancedCare PPO Network of HNL's Preferred Provider Organization program (PPO), which is called Health Net PPO. They have agreed to provide You Covered Services and Supplies as explained in this Certificate and accept a special Contracted Rate, called the Contracted Rate, as payment in full. Your share of costs is based on this contracted rate. Preferred Providers
are listed on the HNL website at www.healthnet.com and selecting “Provider Search”, or You can contact the Customer Contact Center at the telephone number on Your HNL ID Card to obtain a copy of the Preferred Provider Directory at no cost.

The EnhancedCare PPO Network is subject to change. It is Your responsibility to choose a provider that is listed as participating in the EnhancedCare PPO provider network directory. IMPORTANT NOTE: Please be aware that it is Your responsibility and in Your best financial interest to verify that the health care providers treating You are Preferred Providers, including:

- The Hospital or other facility where care will be given. After verifying that the Hospital or the facility is a Preferred Provider, You should not assume all providers at that Hospital or facility are also Preferred Providers; if you receive services from an Out-of-Network Provider at that Hospital or other facility, refer to “When Out-of-Network Services are received at an In-Network Health Facility” below for information on how those services are paid.

- The provider You select, or to whom You are referred, at the specific location at which You will receive care. Some providers participate at one location, but not at others.

Preferred Providers may refer Covered Persons to Out-of-Network Providers. If Certification is required but not obtained prior to incurring services, such services will be subject to the noncertification penalty shown in the “Schedule of Benefits” section.

Note: Not all providers who contract with HNL are Preferred Providers under this Policy. Providers that are not designated as part of the EnhancedCare PPO Network are considered Out-of-Network Providers, even if they have a contract with HNL for Health Net PPO or other plans.

Out-of-Network Providers have not agreed to participate in the EnhancedCare PPO Network. You may choose to obtain Covered Services and Supplies from an Out-of-Network Provider. WHEN YOU USE AN OUT-OF-NETWORK PROVIDER, BENEFITS ARE SUBSTANTIALLY REDUCED AND YOU WILL INCUR A SIGNIFICANTLY HIGHER OUT-OF-POCKET EXPENSE. Your out-of-pocket expense is greater because: (i) You are responsible for a higher percentage cost of the benefits in comparison to the cost of benefits when services are provided by Preferred Providers; (ii) HNL's benefit for Out-of-Network Providers is based on HNL's Maximum Allowable Amount; and (iii) You are financially responsible for any amounts these Out-of-Network Providers charge in excess of this amount.

When Services are not Available through a Preferred Provider: If HNL determines that the Medically Necessary care You require is not available within the Preferred Provider network, HNL will authorize You to receive the care and will arrange for the required medically appropriate care from an available and accessible Out-of-Network Provider or facility. Covered Services and Supplies received from Out-of-Network Providers under these circumstances will be payable at the Preferred Provider level of coverage. Cost-sharing paid at the Preferred Provider level of coverage will apply toward the in-network Deductible and accrue to the in-network Out-of-Pocket Maximum and You will not be responsible for any amounts the provider bills in excess of the Maximum Allowable Amount. If you need access to medically appropriate care that is not available in the EnhancedCare PPO Preferred Provider network, or are being billed for amounts in excess of the Maximum Allowable Amount for Covered Services received under these circumstances, please call the Customer Contact Center at the number shown on your Health Net I.D. Card.

When Out-of-Network Services are received at an In-Network Health Facility: If You receive covered non-emergent services at an in-network (EnhancedCare PPO network) health facility (including, but not limited to, a licensed Hospital, an ambulatory surgical center or other outpatient setting, a laboratory, or a radiology or imaging center), at which, or as a result of which, You receive non-emergent Covered Services by an Out-of-Network Provider, the non-emergent services provided by the Out-of-Network Provider will be payable at the Preferred Provider level of cost-sharing and Deductible, if applicable, and without balance billing (balance billing is the difference between a provider’s billed charge and the Maximum Allowable Amount); the cost-sharing and Deductible will accrue to the Out-of-Pocket Maximum.

The Out-of-Network Provider may bill or collect from You the difference between a provider’s billed charge and the maximum allowable amount in addition to any applicable Out-of-Network Deductible(s), Copayments and/or Coinsurance, only when You consent in writing at least 24 hours in advance of care. In order to be valid, that consent must meet all of the following requirements: (1) The consent shall be obtained by the Out-of-Network
Provider in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent shall not be obtained by the facility or any representative of the facility. The consent shall not be obtained at the time of admission or at any time when You are being prepared for surgery or any other procedure; (2) At the time consent is provided, the Out-of-Network Provider shall give You a written estimate of Your total out-of-pocket cost of care. The written estimate shall be based on the Out-of-Network Provider's billed charges for the service to be provided. The Out-of-Network Provider shall not attempt to collect more than the estimated amount without receiving separate written consent from You or Your authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the provider to change the estimate; (3) The consent shall advise You that You may elect to seek care from a Preferred Provider or may contact HNL in order to arrange to receive the health service from a Preferred Provider for lower out-of-pocket costs; (4) The consent shall also advise You that any costs incurred as a result of Your use of the Out-of-Network benefit shall be in addition to Preferred Provider cost-sharing amounts and may not count toward the annual Out-of-Pocket Maximum on Preferred Provider benefits or a Deductible, if any, for in-network benefits; and (5) The consent and estimate shall be provided in the language spoken by You, in certain circumstances.

For information regarding HNL’s payment for Out-of-Network Emergency Care, please refer to the Maximum Allowable Amount definition in the “Definitions” section of this Certificate.

**Additional Important Information**

To maximize the benefits received under this Health Net EnhancedCare PPO insurance plan, You must use EnhancedCare PPO Preferred Providers. When contacting a provider, please identify Yourself as a person covered under Health Net EnhancedCare PPO.

HNL applies certain payment policies and rules to determine appropriate reimbursement that may affect Your responsibility (including, but not limited to, rules affecting reductions in reimbursement for charges for multiple procedures, services of an assistant surgeon, unbundled or duplicate items, and services covered by a global charge for the primary procedure). See the “Outpatient Surgery and Services” and “Hospital Stay” portions of the “Schedule of Benefits” section and the “Professional Surgical Services” portion of the “Plan Benefits” section for additional details. Additional information about HNL’s reimbursement policies is available on the HNL website at [www.healthnet.com](http://www.healthnet.com) or by contacting HNL’s Customer Contact Center at the telephone number listed on Your Health Net PPO Identification Card.

Some Hospitals and other providers do not provide one or more of the following services that may be covered under this Certificate and that You might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; Infertility treatments; or abortion. In order to determine from whom the above health care services may be available, HNL suggests You obtain this information prior to enrollment by calling prospective Physicians, Hospitals or clinics which contract with HNL or any other provider of choice. You may also obtain this information by calling HNL’s Customer Contact Center at 1-800-522-0088.

THE CONTINUED PARTICIPATION OF ANY ONE PHYSICIAN, HOSPITAL, OR OTHER PROVIDER CANNOT BE GUARANTEED.

THE FACT THAT A PHYSICIAN OR OTHER PROVIDER MAY PERFORM, PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE, SUPPLY OR HOSPITALIZATION DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY, OR MAKE IT A COVERED SERVICE.

IF YOU HAVE QUESTIONS ABOUT COVERAGE, PLEASE CONTACT OUR MEMBER SERVICES DEPARTMENT BEFORE YOU RECEIVE SERVICES FROM A PROVIDER.

### Notes:

- Other professional services performed in the outpatient department of a Hospital, Outpatient Surgical Center or other licensed outpatient facility such as a visit to a Physician (office visit), laboratory and x-ray services, physical therapy, etc., may require a Copayment or Coinsurance when these services are performed. Look under the headings for the various services such as office visits, neuromuscular rehabilitation and other services to determine any additional Copayments or Coinsurances that may apply.

- Screening colonoscopy and sigmoidoscopy procedures (for the purposes of colorectal cancer screening) will be covered under "Preventive Care Services" in the "Visit to a Health Care Provider's Office or Clinic" provision above. Diagnostic endoscopic procedures (except screening colonoscopy and sigmoidoscopy), performed in an outpatient facility require the Copayment or Coinsurance applicable for outpatient facility services.

1 Some outpatient surgical procedures and services require Certification. Please refer to the "Certification Requirements" section for details.

2 A noncertification penalty will apply as set forth herein if Certification is required but not obtained for outpatient facilities services.

3 The Coinsurance for these services applies to both the administration of the medication and the medication itself.

4 Sterilization of females and women’s contraception methods and counseling, as supported by HRSA guidelines, are covered under "Preventive Care Services" in the "Visit to a Health Care Provider's Office or Clinic" provision in this section.
The Coinsurance for blood or Blood Products applies to both the administration of the medication and the medication itself; however, blood factors provided in an outpatient setting are covered on the Specialty Drug tier under the pharmacy benefit. Specialty Drugs are not covered under the medical benefit even if they are administered in a Physician’s office. If You need to have the provider administer the Specialty Drug, You can coordinate delivery of the Specialty Drug directly to the provider’s office through the Specialty Pharmacy Vendor. Please refer to the “Specialty Pharmacy Vendor” portion of this “Schedule of Benefits” section for the applicable Copayment or Coinsurance.

**Notes:**

- For all services which meet the criteria for Emergency Care, the Copayment or Coinsurance will be the amount shown for Preferred Providers, even if the services were provided by an Out-of-Network Provider, and the in-network Deductible will apply to the emergency room care facility and emergency medical transportation. HNL uses a prudent layperson standard to determine whether the criteria for Emergency Care have been met. HNL applies the prudent layperson standard to evaluate the necessity of medical services which a Covered Person accesses in connection with a condition that the Covered Person perceives to be an emergency situation. Please refer to “Emergency Care” in the “Definitions” section to see how the prudent layperson standard applies to the definition of "Emergency Care.”

- The emergency room Copayments will not apply if the Covered Person is admitted to a Hospital directly from an emergency room. Non-emergency Hospital stays at an Out-of-Network Hospital will be subject to the Out-of-Network Coinsurance. See “Hospital Stay” below for applicable Coinsurance.

- Spouse: Your lawful spouse as defined by California law.
- Domestic Partner: The registered Domestic Partner, as defined by California law.
- Children: The children of the principal Covered Person or his or her spouse or Domestic Partner (including legally adopted children, stepchildren and wards, as defined in the following provision) who are under 26 years of age; and
- Wards: Children for whom the principal Covered Person or his or her spouse or Domestic Partner is a court-appointed guardian.
- Foster child: Children for whom the principal Covered Person or his or her spouse or Domestic Partner is a foster parent.
- Other child: Any child that You have assumed a parent-child relationship, in lieu of a parent-child relationship described above, as indicated by intentional assumption of parental status, or assumption of parental duties by You, as certified by You at the time of enrollment of the child, and annually thereafter up to the age of 26 unless the child is disabled.

Children of the principal Covered Person or his or her spouse or Domestic Partner who are the subject of a Medical Child Support Order, according to state or federal law, are also eligible. Coverage of care received outside the United States will be limited to services provided in connection with Emergency Care.

Age Limit for Children

Each child is eligible for coverage as a Dependent until the age of 26 (the limiting age).

Disabled Child

Children who reach age 26 are eligible to continue coverage or initiate new Dependent coverage if all of the following conditions apply:

- The child is incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness, or condition; and
- The child is chiefly dependent upon the principal Covered Person for support and maintenance.

If You are enrolling a disabled child who is age 26 or older for new coverage, You must provide Covered California with proof of incapacity and dependency within 120 days of the date You receive a request for such information about the dependent child from Covered California.

Covered California must provide You notice at least 90 days prior to the date Your enrolled child reaches the age limit that coverage will terminate on the child’s 26th birthday unless You provide documentation of disability and dependency. You must provide Covered California with proof of Your child’s incapacity and dependency within 60 days of receipt of the notice. Coverage will continue until Covered California makes a determination as to the child’s disability and dependency.

Following the disabled child’s 28th birthday and no more often than annually thereafter, Covered California may request that the Policyholder provide satisfactory evidence of the child’s disability, and the Policyholder shall have 60 days to respond. A disabled child may remain covered by this plan for as long as he or she remains incapacitated and continues to meet the eligibility criteria described above.

How to Enroll for Coverage

Notify the Group that You want to enroll an eligible person. The Group will send the request to HNL according to current procedures.

Employee
Each new employee entering employment subsequent to the Effective Date of the Group’s initial enrollment period shall be permitted, without proof of insurability, to apply for coverage for himself or herself and eligible Dependents within 30 days of becoming eligible, subject to the enrollment regulations in effect with the Group. Such enrollments, if accepted by HNL, become effective when any waiting or probationary period (of up to 60 days) required by the Group is completed.

When the employee is not subject to a probationary period, the enrollment becomes effective, in accordance with established Group eligibility rules, either on the date of hire or on the first day of the calendar month following the month in which the employee was hired.

Eligible employees who enroll in this plan are called principal Covered Persons.

A person cannot be denied coverage due to present medical conditions at enrollment.

Newly Acquired Dependents
You are entitled to enroll newly acquired Dependents as follows:

Spouse: If You marry while You are covered by this plan, You may enroll Your new spouse (and Your spouse’s eligible children) within 60 days of the date of marriage. Coverage begins on the first day of the month following the date the application for coverage is received.

Domestic Partner: If You are the principal Covered Person and You enter into a domestic partnership while You are covered by this plan, You may enroll Your new Domestic Partner (and his or her eligible children) within 60 days of the date a Declaration of Domestic Partnership is filed with the Secretary of State or other recognized state or local agency, or within 60 days of the formation of the domestic partnership according to Your Group’s eligibility rules. Coverage begins on the first day of the month following the date the application for coverage is received.

Newborn Child: Coverage for newborn children will be effective upon birth and during the first 31 days following birth or the first day of the following month if requested by the principal Covered Person. However, coverage after 31 days is contingent upon You enrolling the newborn within 60 days following birth. If a newborn is enrolled within 60 days following birth, coverage will be continuous from birth.

Adopted Child: A newly adopted child, or a child who is being adopted, becomes eligible on the date of adoption or the date You or Your spouse or Domestic Partner receive physical custody of the child or the first day of the following month after the date of adoption or receiving physical custody, if requested by the principal Covered Person.

Coverage begins automatically and will continue for 31 days from the date of eligibility. You must enroll the child within 60 days for coverage to continue beyond the first 31 days. Covered California will require written proof of the right to control the child’s health care when such child is enrolled. If an adopted child is enrolled within 60 days following adoption or date of placement for adoption (date of physical custody), coverage will be continuous from the date of adoption or date of placement for adoption (date of physical custody).

Legal Ward (Guardianship): If You or Your spouse or Domestic Partner becomes the legal guardian of a child, the child is eligible to enroll on the effective date of the court order, but coverage is not automatic. The child must be enrolled within 60 days of the effective date of the guardianship. Coverage will begin on the first day of the month after Covered California receives the enrollment request.

Covered California will require proof that You or Your spouse or Domestic Partner is the court-appointed legal guardian.

Foster Child: If You or Your spouse or Domestic Partner becomes the foster parent of a child, the child is eligible to enroll on the effective date of the foster care, but coverage is not automatic. The child must be enrolled within 60 days of the effective date of the foster care. Coverage will begin on the date of placement in foster care or the first day of the following month if requested by the principal Covered Person.

Covered California will require proof that You or Your spouse or Domestic Partner is the foster parent.

C25001(CA 1/18) SHOP
Other Child: Any child that You have assumed a parent-child relationship, in lieu of a parent-child relationship described above, as indicated by intentional assumption of parental status, or assumption of parental duties by You, as certified by You at the time of enrollment of the child, and annually thereafter up to the age of 26 unless the child is disabled.

The child must be enrolled within 60 days of the effective date of the assumption of parental status. Coverage will begin on the first day of the month after Covered California receives the enrollment request.

Open Enrollment Period
An Open Enrollment Period shall be held annually, at which time potential Covered Persons may enroll under this Certificate. Upon receipt of enrollment changes and corresponding payment of dues for an enrollment, such enrollment changes shall, if accepted by Covered California, become effective on the first day of the calendar month for which the change is submitted, unless otherwise approved by Covered California.

Late Enrollment Rule
HNL’s late enrollment rule requires that if an individual does not enroll within 30 days of becoming eligible for coverage, he or she must wait until the next Open Enrollment Period to enroll. (Time limits for enrolling are explained in the "Employee" and "Newly Acquired Dependents" provisions above.)

The term “form” within this section may include electronic enrollment forms or enrollment over the phone. Electronic or phone enrollments are deemed signed when You use Your employer’s enrollment system to make or confirm changes to Your benefit enrollment.

A Late Enrollee may be excluded from coverage until the next Open Enrollment Period unless a special enrollment triggering event occurs.

You may have decided not to enroll upon first becoming eligible. At that time, the Group should have given You a form to review and sign. It would have contained information to let You know that there are circumstances when You will not be considered a late enrollee.

If You later change Your mind and decide to enroll, Covered California can impose its late enrollment rule. This means that individuals identified as declining coverage on the form the employee signed will not be allowed to enroll before the next Open Enrollment Period. There are, however, exceptions to this rule.

Exceptions to Late Enrollment Rule
If any of the circumstances below are true, the late enrollment rule will not apply:

7. You Did Not Receive a Form To Sign or A Signed Form Cannot Be Produced
   If You chose not to enroll when first eligible, the late enrollment rule will not apply to You:
   - If You never received from the Group or signed a form explaining the consequences of Your decision; or
   - Your signed form exists but cannot be produced as evidence of Your informed decision.

8. You Did Not Enroll Because of Other Coverage, and Later the Other Coverage is Lost
   If You declined coverage in this plan, and You stated on the form the reason You were not enrolling was because of coverage through another Group health plan, and the other coverage is or will be lost, the late enrollment exclusion will not apply to You. Reasons for the loss of coverage include, but are not limited to:
   - The principal enrollee of the other plan has ceased being covered by that other plan, (except for either failure to pay premium contributions, or a “for cause” termination, such as fraud or misrepresentation of an important fact);
   - Loss of coverage because of termination of employment or reduction in the number of hours of employment;
   - Loss of coverage through an HMO or other individual arrangement because an individual ceases to reside, live or work in the service area;
   - Loss of coverage through an HMO or other arrangement in the group market because an individual ceases to reside, live or work in the service area, and no other benefit package is available to the individual;
   - The other plan was terminated and not replaced with other Group coverage;

C25001(CA 1/18) SHOP
• The other Group stops making contributions toward employee's or dependent's coverage;
• When the individual's plan ceases to offer any benefits to the class of similarly situated individuals that includes the individual;
• The other principal enrollee or employee dies;
• The principal enrollee and spouse or Domestic Partner are divorced or legally separated and this causes loss of the Group coverage;
• Loss of coverage because cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the plan);
• The other coverage was federal COBRA or Small Employer Cal COBRA, and the period of coverage ends; or
• Loss of minimum essential coverage for any other reason except failure to pay premiums or when the coverage is rescinded for fraud or intentional misrepresentation of material fact.

9. You Lose Eligibility from an Access for Infants or Mothers Program (AIM) or a Medi-Cal Plan
If You become ineligible and lose coverage under, the Access for Infants or Mothers Program (AIM) or Medi-Cal, You and/or Your Dependent(s) will be eligible to enroll in this plan upon submitting a completed application form within 60 days of losing such coverage. If You and/or Your Dependent(s) wait longer than 60 days to enroll, You and/or Your Dependent(s) may not enroll until the next Open Enrollment period.

10. Multiple Health Plans
If You are enrolled as a dependent in a health plan (not HNL), and the enrollee of that other plan, during open enrollment, chooses a different type of plan (such as moving from an HMO plan to a fee-for-service plan), and You do not wish to continue to be covered by the original plan, You will not be considered a late enrollee, should You decide to enroll in this plan.

11. Court Orders
If a court orders You to provide coverage for a current spouse or Domestic Partner (not a former spouse or Domestic Partner), or orders You or Your enrolled spouse or Domestic Partner to provide coverage to a minor child through HNL, that spouse or Domestic Partner or child will not be treated as a late enrollee.

12. Other Special Enrollment Triggering Events
We shall allow an employee or enrollee, and when specified below, his or her dependent, to enroll in or change health benefit plans as a result of the following triggering events:
• The employee or his or her dependent loses minimum essential coverage for any other reason except failure to pay premiums or when the coverage is rescinded for fraud or intentional misrepresentation of material fact.
• An employee or enrollee gains a Dependent or becomes a Dependent through marriage, domestic partnership, birth, adoption, placement for adoption, or placement in foster care assumption of a parent-child relationship as described under the “Newly Acquired Dependents” section above or coverage mandated by a valid state or federal court order.,
• An employee or his or her dependent’s enrollment or non-enrollment in the health plan is unintentional, inadvertent or erroneous and is the result of the error, misrepresentation, misconduct or inaction of an officer, employee or agent of Covered California or the health plan, or its instrumentalities, or a non-Covered California entity providing enrollment assistance or conducting enrollment activities as evaluated and determined by Covered California. In such cases, Covered California may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, misconduct or inaction.
• The enrollee or his or her dependent adequately demonstrates to Covered California that the health plan substantially violated a material provision of its contract in relation to the enrollee.
• The employee or enrollee, or his or her dependent gains access to new health plans as a result of a permanent move.
• An employee gains or maintains status as an Indian, as defined by section 4 of the Indian Health Care Improvement Act, or is or becomes a dependent of an Indian, and is enrolled in or is enrolling on the
same application as the Indian (You may enroll in a health plan or change from one plan to another one time per month).

- A qualified employee or his or her dependent loses eligibility for coverage under Medi-Cal or AIM.
- The employee or his or her dependent becomes eligible for assistance, with respect to health insurance coverage under Covered California, under Medi-Cal or AIM (including any waiver or demonstration project conducted under or in relation to such a plan);
- The employee or enrollee or his or her dependent has been released from incarceration.
- The enrollee or his or her dependent’s prior plan substantially violated a material provision of the health coverage contract.
- The employee or his or her dependent was receiving services from a contracting provider under another health plan for one of the conditions described below and the provider is no longer participating in that health plan:
  g) An acute condition. (An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration.)
  h) A serious chronic condition. (A serious chronic condition is a medical condition due to a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration.)
  i) A pregnancy. (A pregnancy is the three trimesters of pregnancy and the immediate postpartum period.)
  j) A terminal illness. (A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one year or less.)
  k) The care of a newborn child between birth and age 36 months.
  l) Performance of a surgery or other procedure that has been recommended and documented by the provider to occur within 180 days of the contract’s termination date or within 180 days of the effective date of coverage for a newly covered insured.
- The employee or his or her dependent demonstrates to the Exchange ( Covered California™ ), with respect to health plans offered through Covered California, or to the California Department of Insurance, with respect to health plans offered outside Covered California, that he or she did not enroll in a health plan during the immediately preceding enrollment period available to the individual because he or she was misinformed that he or she was covered under minimum essential coverage.
- The employee or enrollee or his or her dependent was a member of the reserve forces of the United States military or a member of the California National Guard returning from active duty.
- The employee or his or her dependent demonstrates to Covered California, in accordance with guidelines issued by the Department of Health and Human Services, that the individual meets other exceptional circumstances as Covered California may provide.
- The employee or enrollee is a victim of domestic or spousal abandonment, as defined by 26 Code of Federal Regulation 1.36B-2t, including a dependent or unmarried victim within a household, are enrolled in minimum essential coverage and seek to enroll in coverage separate from the perpetrator of the abuse or abandonment. Dependents of the victim, who are on the same application as the victim, are also eligible to enroll at the same time as the victim.
- The employee or his or her dependent applies for coverage through Covered California during the annual open enrollment period or due to a qualifying event and are assessed by Covered California as potentially eligible for Medi-Cal, and are determined ineligible for such coverage either after open enrollment has ended or more than 60 days after the qualifying event.
- The employee or his or her dependent applies for coverage with Medi-Cal during the annual open

C25001(CA 1/18) SHOP
enrollment period and are determined ineligible for such coverage after open enrollment has ended.

- The employee or his or her dependent adequately demonstrate to Covered California that a material error related to plan benefits, service area or premium influenced your decision to purchase coverage through Covered California.
- The employee provides satisfactory documentary evidence to Covered California to verify eligibility following termination of enrollment due to failure to verify status within the required time period or are under 100 percent of the Federal poverty level and did not enroll while waiting for the United States Department of Health and Human Services to verify citizenship, status as a national or lawful presence.

If the exceptions in 2 apply, You must enroll within 60 days of the loss of coverage. If the exception in 4 applies, You must enroll within 30 days of the loss of coverage. If You wait longer than 30 days to enroll, You will be a late enrollee and may not enroll until the next Open Enrollment Period. A court ordered dependent may be added without any regard to Open Enrollment restrictions within 60 days of the court order.

Special Enrollment Rule For Newly Acquired Dependents

If an employee gains new dependents due to childbirth, adoption, placement in foster care, assumption of a parent-child relationship, domestic partnership or marriage the following rules apply:

If the Employee Is Enrolled in this Plan

If You are covered by this plan as an employee of the Group, You can enroll a new dependent if You request enrollment within 60 days after childbirth, marriage, domestic partnership, adoption, placement for adoption (receiving physical custody), placement in foster care, or assumption of a parent-child relationship. In addition, a court ordered dependent may be added without any regard to open enrollment restrictions.

More information about enrolling new dependents and their Effective Date of coverage is available above under the heading "How to Enroll For Coverage" and subheading "Newly Acquired Dependents."

If the Employee Declined Enrollment in this Plan

If You previously declined enrollment in this plan because of other Group coverage, and You gain a new dependent due to childbirth, marriage, adoption, placement for adoption, placement in foster care or assumption of a parent-child relationship, You can enroll Yourself and the dependent within 60 days of childbirth, marriage, adoption, placement in foster care or placement for adoption.

If You gain a new dependent due to a court order and You did not previously enroll in this plan, You may enroll Yourself and Your court ordered dependent(s) without any regard to open enrollment restrictions.

In addition any other family members who are eligible for coverage may enroll at the same time as You and the new dependent. You no longer have to wait for the next Open Enrollment Period, and whether or not You are covered by another Group plan has no effect on this right.

If You do not enroll Yourself, the new dependent and any other family members within 60 days of acquiring the new dependent, You will have to wait until the next Open Enrollment Period to do so.

The Effective Date of coverage for You and all Dependents who enroll within 60 days of childbirth, marriage, adoption, placement in foster care or placement for adoption will be the same as for the new dependent.

- In the case of childbirth, the Effective Date will be the moment of birth or the first day of the following month if requested by the principal Covered Person;
- For marriage or domestic partnership, the Effective Date will be on the first day of the month following the date the application for coverage is received;
- Regarding adoption, the Effective Date will be the date of adoption or the date the employee or his or her spouse or Domestic Partner receives physical custody of the child or the first day of the following month after the date of adoption or receiving physical custody, if requested by the principal Covered Person; and
- Regarding foster care, the Effective Date will be the date of placement in foster care or the first day of the following month if requested by the principal Covered Person; and
- Following assumption of a parent-child relationship, the Effective Date will be the first day of the month following the enrollment request.
• In the case of a Medical Child Support Order, the Effective Date will be the date the Group is notified of the court order.

**Note:** When You are not enrolled in this plan, and You wish to have coverage for a newborn or adopted child who is ill, please contact the Group as soon as possible and ask that You (the employee) and the newborn be enrolled. You must be enrolled in order for Your eligible dependent to be enrolled.

While You have 60 days within which to enroll the child, until You and Your child are formally enrolled and recorded as Covered Persons in HNL's computer system, We cannot verify coverage to any inquiring medical provider.

**Special Reinstatement Rule For Reservists Returning From Active Duty**

Reservists ordered to active duty on or after January 1, 2007 who were covered under this *Certificate* at the time they were ordered to active duty and their eligible dependents will be reinstated without waiting periods. A reservist means a member of the U.S. Military Reserve or California National Guard called to active duty as a result of the Iraq conflict pursuant to Public Law 107-243 or the Afghanistan conflict pursuant to Presidential Order No. 13239. Please notify the Group when you return to employment if you want to reinstate your coverage under the *Certificate*.

**Special Reinstatement Rule Under USERRA**

USERRA, a federal law, provides service members returning from a period of uniformed service who meet certain criteria with reemployment rights, including the right to reinstate their coverage without pre-existing exclusions or waiting periods, subject to certain restrictions. Please check with your Group to determine if you are eligible.

**When Coverage Ends**

You must notify the Group of changes that will affect Your eligibility. The Group will send the appropriate request to HNL according to current procedures.

**All Covered Persons**

All Covered Persons of a Group become ineligible for coverage under this *Certificate* at the same time if the Policy (between the Group and HNL) is terminated, including termination due to nonpayment of premiums by the Group.

**Principal Covered Person and All Dependents**

The principal Covered Person and all his or her Dependents will become ineligible for coverage at the same time if the principal Covered Person establishes primary residency outside the Service Area, or otherwise loses eligibility for this plan.

**Individual Covered Persons**

Individual Covered Persons become ineligible on the date any of the following occurs:

- The Covered Person no longer meets the eligibility requirements established by the Group and Covered California;
  
  This will include a child subject to a Medical Child Support Order, according to state or federal law, who becomes ineligible on the earlier of:
  
  1. The date established by the order; or
  2. The date the order expired.

- The Covered Person establishes primary residency outside the continental United States; or

- Your marriage or domestic partnership ends by divorce, annulment, or some other form of dissolution. Eligibility for Your enrolled spouse or Domestic Partner (now former spouse or Domestic Partner) and that spouse’s or Domestic Partner’s enrolled dependents, who were related to You only because of the marriage, will end.

**Notice Of Ineligibility**

It shall be Your responsibility to notify the Group of any changes that will affect Your eligibility or that of Your Dependents for services or benefits under this *Certificate*. HNL shall have no obligation to provide notification of ineligibility or termination of coverage to individual Covered Persons.
Coverage Options Following Termination

Please examine Your options carefully before declining coverage.

If coverage through this Certificate ends, the terminated Covered Person may be eligible for additional periods of coverage under this or other types of plans through HNL as follows:

COBRA Continuation Coverage
Many Groups are required to offer continuation coverage by the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). For most groups with 20 or more employees, COBRA applies to employees and their eligible dependents, even if they live outside California. Please check with the Group to determine if You and Your Dependents are eligible for COBRA continuation.

Cal-COBRA Continuation Coverage
If You have exhausted COBRA and you live in the United States, You may be eligible for additional continuation coverage under state Cal-COBRA law. This coverage may be available if You have had less than 36 months of COBRA coverage and you are not entitled to Medicare. If you are eligible, You have the opportunity to continue group coverage under this Certificate through Cal-COBRA for up to 36 months from the date that federal COBRA coverage began.

HNL Will Offer Cal-COBRA to Covered Persons: HNL will send Covered Persons whose federal COBRA coverage is ending information on Cal-COBRA rights and obligations along with the necessary premium information, enrollment forms, and instructions to formally choose Cal-COBRA Continuation Coverage. This information will be sent by U.S. mail with the notice of pending termination of federal COBRA.

Choosing Cal-COBRA: If an eligible Covered Person wishes to choose Cal-COBRA Continuation Coverage, he or she must deliver the completed enrollment form (described immediately above) to HNL by first class mail, personal delivery, express mail, or private courier company. The address appears on the back cover of this Certificate.

The Covered Person must deliver the enrollment form to HNL within 60 days of the later of (1) the Covered Person’s termination date for COBRA coverage or (2) the date he or she was sent a notice from HNL that he or she may qualify for Cal-COBRA Continuation.

Payment for Cal-COBRA: The Covered Person must pay HNL 110% of the applicable group rate charged for employees and their dependents.

The Covered Person must submit the first payment within 45 days of delivering the completed enrollment form to HNL in accordance with the terms and conditions of the health plan contract. The first payment must cover the period from the last day of prior coverage to the present. There can be no gap between prior coverage and Cal-COBRA Continuation Coverage. The Covered Person's first payment must be delivered to HNL by first-class mail, certified mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company. If the payment covering the period from the last day of prior coverage to the present is not received within 45 days of providing the enrollment form to HNL, the Covered Person's Cal-COBRA election is not effective and no coverage is provided.

All subsequent payments must be made on the first day of each month. If the payment is late, the Covered Person will be allowed a grace period of 30 days. Fifteen days from the due date (the first of the month), HNL will send a letter warning that coverage will terminate 15 days from the date on the letter. If the Covered Person fails to make the payment within 15 days of the notice of termination, enrollment will be canceled by HNL. If the Covered Person makes the payment before the termination date, coverage will be continued with no break in coverage. Amounts received after the termination date will be refunded to the Covered Person by HNL within 20 business days.

Employer Replaces Previous Plan: There are two ways the Covered Person may be eligible for Cal-COBRA Continuation Coverage if the employer replaces the previous plan:

1. If the Covered Person had chosen Cal-COBRA Continuation Coverage through a previous plan provided by his or her current employer and replaced by this plan because the previous policy was terminated, or
2. If the Covered Person selects this plan at the time of the employer’s open enrollment.

The Covered Person may choose to continue to be covered by this plan for the balance of the period that he or she could have continued to be covered by the prior group plan. In order to continue Cal-COBRA coverage under the new plan, the Covered Person must request enrollment and pay the required premium within 30 days of receiving
notice of the termination of the prior plan. If the Covered Person fails to request enrollment and pay the premium within the 30-day period, Cal-COBRA Continuation Coverage will terminate.

**Employer Replaces this Plan:** If the Policy between HNL and the employer terminates, coverage with HNL will end. However, if the employer obtains coverage from another insurer or HMO, the Covered Person may choose to continue to be covered by that new plan for the balance of the period that he or she could have continued to be covered by the HNL plan.

**When Does Cal-COBRA Continuation Coverage End?** When a Qualified Beneficiary has chosen Cal-COBRA Continuation Coverage, coverage will end due to any of the following reasons:

1. You have been covered for 36 months from Your original COBRA effective date (under this or any other plan).*
2. The Covered Person becomes entitled to Medicare, that is, enrolls in the Medicare program.
3. The Covered Person moves outside the United States.
4. The Covered Person fails to pay the correct premium amount on the first day of each month as described above under "Payment for Cal-COBRA."
5. Your Group’s Policy with HNL terminates. (See “Employer Replaces this Plan.”)
6. The Covered Person becomes covered by another group health plan that does not contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan.

If the Covered Person becomes covered by another group health plan that does contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan, coverage through this plan will continue. Coordination of Benefits will apply, and Cal-COBRA plan will be the primary plan.

*The COBRA effective date is the date the Covered Person first became covered under COBRA continuation coverage.

**Small Employer Cal-COBRA Continuation Coverage**

For groups with fewer than 20 employees who were eligible to enroll in the employer's health plan on 50% of the employer's business days in the preceding year, HNL is required by state law to offer continuation coverage. This subject is detailed below in the subsection titled "Small Employer Cal-COBRA Continuation Coverage."

**USERRA Coverage**

Under a federal law known as the Uniformed Services Employment and Reemployment Rights Act (USERRA), employers are required to provide employees who are absent from employment to serve in the uniformed services and their dependents who would lose their group health coverage the opportunity to elect continuation coverage for a period of up to 24 months. Please check with Your Group to determine if You are eligible.

**Extension of Benefits**

Described below in the subsection titled "Extension of Benefits."

**Continuation Of Coverage During A Labor Dispute**

If You cease to work because of a labor dispute and Your Employer is paying all or a portion of the premium for Your coverage pursuant to the terms of a collective bargaining agreement, You may continue Your coverage subject to the following terms and conditions:

- Continuation of coverage requires:
  1. Your payment to the union which represents You of the monthly premium required for this coverage;
  2. the union collecting such payments from at least 75% of the persons who cease to work because of the labor dispute; and
  3. the timely payment of premiums to Us by the union or unions as required under the Policy for proper payment of premiums.
- If any premium due is unpaid on the date work ceases, there will be no continuation unless such premium is paid by Your Employer or the union prior to the next premium due date.
• The amount of Your monthly payment for continued coverage will be equal to the full group monthly cost for
the coverage, including any portion usually paid by the Employer, and, except as provided the bullet item
immediately below, such premium rate will be the applicable rate then in effect for coverage under the Policy,
on the date work ceases.

• The premium rates for coverage may be increased by 20% on the premium due date on or next after the date
work ceases due to the labor dispute. Such increase will apply during the time coverage is continued under
this provision. We still have the right to increase the premium rates before, during and after the date work
ceases, if We would have had the right to increase rates under the Policy, had work not ceased.

• Your continued coverage under this provision will cease on the earliest of:
  1. the end of the period of time for which the union has made payment for Your coverage, if the next
     premium due is not made;
  2. the premium due date for which premiums are received for less than 75% of the persons eligible to
     continue coverage because of the labor dispute;
  3. the premium due date on or following the date that You start full-time work with another Employer;
  4. the premium due date on or after the date You ceased to be at work because of the labor dispute for 6
     months; or
  5. the premium due date on or after the labor dispute is resolved.

• If You have Dependents insured on the date You cease work, You must also continue their coverage in order
  to continue coverage for You.

Small Employer Cal-COBRA Continuation Coverage

If a Covered Person or Dependent is about to lose coverage through this plan for reasons other than the Group's
nonpayment of premiums, and is interested in choosing continuation coverage, the Covered Person or Dependent
needs to ask the employer whether the employer is subject to federal COBRA law. If the employer is subject to
federal COBRA law, the employer will be the primary source of information about continuation coverage. If the
employer is a Small Employer as defined below, contact HNL’s Customer Contact Center at the telephone
number on the HNL ID Card.

Definitions

Small Employer Cal-COBRA Continuation Coverage means extended coverage by this plan that is chosen by
the Qualified Beneficiary following loss of coverage due to a Qualifying Event, but only if the employer is a Small
Employer.

However, if this plan has been terminated by HNL or the employer and replaced by the employer, the continuation
coverage is provided by the group health plan that is currently offered by the employer.

Also, if, during Small Employer Cal-COBRA Continuation Coverage, the Covered Person chooses other coverage
during the employer's open enrollment period, continuation coverage is provided by that plan.

Qualified Beneficiary means anyone who, on the date of a Qualifying Event, is or was validly enrolled in this
plan or another group health plan sponsored by the employee’s current employer.

Qualifying Event means any of the following events that, except for the choosing of Small Employer Cal-COBRA
Continuation Coverage through this plan, would result in loss of coverage for one or all enrolled Covered Persons:

• Termination of employment for reasons other than gross misconduct. (For individuals who began receiving
  Small Employer Cal-COBRA continuation coverage prior to January 1, 2003, 18 months of coverage is
  available. For individuals who began receiving their Small Employer Cal-COBRA coverage on or after
  January 1, 2003, 36 months of coverage is available.)

• Reduction in hours worked. (For individuals who began receiving Small Employer Cal-COBRA continuation
  coverage prior to January 1, 2003, 18 months of coverage is available. For individuals who began receiving
  their Cal-COBRA coverage on or after January 1, 2003, 36 months of coverage is available.)

• Death of the employee or Covered Person. (36 months of coverage is available.)
• Divorce or legal separation of the enrolled employee from his or her enrolled spouse or Domestic Partner. (36 months of coverage is available.)

• A dependent child ceases to be a dependent child according to the eligibility rules of the plan. (36 months of coverage is available.)

• A Dependent ceases to be eligible when the employee or Covered Person becomes entitled to Medicare coverage (enrolls in Medicare). (36 months of coverage is available.)

Small Employer means an employer that meets the definition of Small Employer as described in Section 1357 of the California Health and Safety Code or Section 10700 of the California Insurance Code. For Small Employer Cal-COBRA Continuation, the following must also be true of the employer:

• Employed fewer than 20 employees who were eligible to enroll in the company’s health plan on at least 50% of its working days during the preceding Calendar Year;

• Has contracted for health care coverage through a group benefit plan offered by a health care service plan or a disability insurer, and

• Is not subject to Section 4980B of the United States Internal Revenue Code or Chapter 18 of the Employee Retirement Income Security Act, 29 U.S.C., Section 1161 et seq. (these describe federal COBRA).

Who Is Eligible For Small Employer Cal-COBRA Continuation Coverage?

Qualifying Event: If the Covered Person is validly enrolled through this plan, and he or she experiences a Qualifying Event (as described above), and as a result of that event loses coverage through this plan, that Covered Person has the right to choose to continue to be covered by this plan.

Employer Replaces Previous Plan: There are two ways the Covered Person may be eligible for Small Employer Cal-COBRA Continuation Coverage if the employer replaces the previous plan:

• If the Covered Person had chosen Small Employer Cal-COBRA Continuation Coverage through a previous plan provided by his or her current employer and replaced by this plan because the previous policy was terminated, or

• If the Covered Person selects this plan at the time of the employer's open enrollment.

The Covered Person may choose to continue to be covered by this plan for the balance of the period that he or she could have continued to be covered by the prior group plan. In order to continue Cal-COBRA coverage under the new plan, the Covered Person must request enrollment and pay the required premium within 30 days of receiving notice of the termination of the prior plan. If the Covered Person fails to request enrollment and pay the premium within the 30-day period, Cal-COBRA continuation coverage will terminate.

Employer Replaces This Plan: If the agreement between HNL and the employer terminates, coverage with HNL will end. However, if the employer obtains coverage from another insurer or HMO, the Covered Person may choose to continue to be covered by that new plan for the balance of the period that he or she could have continued to be covered by the HNL plan.

Newborns And Adoptions During Small Employer Cal-COBRA Continuation Coverage: If a child is born to or placed for adoption with the former employee, the child shall have the status of Qualified Beneficiary. This means the child will have the same rights as all other Qualified Beneficiaries. Children who began receiving Cal-COBRA continuation coverage prior to January 1, 2003 could experience a second Qualifying Event during their initial 18 months of Small Employer Cal-COBRA Continuation Coverage. For example, the death of the principal Covered Person would entitle the child to an additional period of coverage. The additional period of coverage would be 18 months. The total period of coverage would be 36 months.

These newborns and adopted children are covered from the moment of birth or physical placement with the former employee for adoption, but the Covered Person must formally enroll the child within 60 days of birth or placement in order for coverage to continue beyond 31 days. To do this, contact HNL to request an enrollment form. HNL must receive the enrollment form within 60 days of birth or placement, or coverage will not continue beyond 31 days.

Who May Choose Small Employer Cal-COBRA Continuation Coverage?

If the Covered Person experiences a Qualifying Event, he or she may choose Small Employer Cal-COBRA for himself or herself alone, or for any one or all of the other Dependents who are enrolled at the time of the
Qualifying Event. In addition, any individual who is enrolled at that time may choose Small Employer Cal-COBRA for himself or herself alone. In other words, the Covered Person does not have to be among the persons who choose Small Employer Cal-COBRA Continuation Coverage. Further, a Covered Person may choose coverage for one or more minor children without an adult being included.

Who May Not Choose Small Employer Cal-COBRA Continuation Coverage
An Individual may not choose Small Employer Cal-COBRA if the individual:

- Is enrolled in Medicare;
- Is covered by another group health plan that does not contain a pre-existing condition limitation that prevents the individual from receiving the full benefits of such plan. (A group conversion plan is not a group health plan);
  If the individual is covered by another group health plan that does contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan, the individual may choose Small Employer Cal-COBRA Continuation Coverage. Coordination of benefits will apply, and this Small Employer Cal-COBRA plan will be the primary plan;
- Is covered or could become covered by any federal laws regarding continuation of group health plan coverage;
- Fails to notify HNL of a Qualifying Event according to the requirements described below under "Notify HNL of Small Employer Cal-COBRA Qualifying Event;" or
- Fails to submit the initial premium payment in the correct amount as described below under "Payment for Small Employer Cal-COBRA."

Notify HNL Of Small Employer Cal-COBRA Qualifying Event
If the Covered Person loses coverage through this plan due to a Qualifying Event, and wishes to choose Small Employer Cal-COBRA Continuation Coverage, he or she must notify HNL in writing within 60 days of the Qualifying Event. The Covered Person must deliver the notice to Covered California by first class mail, personal delivery, express mail or private courier company to the address that appears on the ID card and on the back cover of this Certificate.

If the Covered Person fails to notify HNL of a Qualifying Event within 60 days of the event, that Covered Person will be disqualified from receiving Small Employer Cal-COBRA Continuation Coverage.

HNL Will Offer Small Employer Cal-COBRA To Covered Persons
If a Covered Person notifies HNL in writing within 60 days of a Qualifying Event, HNL will send that Covered Person by U.S. mail information about his or her Small Employer Cal-COBRA rights and obligations along with the necessary premium information, enrollment forms, and instructions to formally choose Small Employer Cal-COBRA Continuation Coverage.

Choosing Small Employer Cal-COBRA
If a Covered Person wishes to formally choose Small Employer Cal-COBRA Continuation Coverage, he or she must deliver the completed enrollment form (described immediately above) to HNL by first class mail, personal delivery, express mail or private courier company. The address appears on the ID card and on the back cover of this Certificate.

The Covered Person must deliver the enrollment form to HNL within 60 days of the later of (1) the Qualifying Event or (2) the date he or she received a notice from HNL that he or she has the right to continue Small Employer Cal-COBRA Continuation Coverage or (3) the date that coverage through the employer plan terminated.

Payment For Small Employer Cal-COBRA
The Covered Person must pay HNL 110% of the applicable group rate charged for employees and their Dependents.

For individuals who began receiving Small Employer Cal-COBRA continuation coverage prior to Jan. 1, 2003, the maximum period of coverage is extended beyond the initial 18 months due to a determination by the Social Security Administration that the Qualified Beneficiary is totally disabled, pursuant to Title II or Title XVI of the Social Security Act, the Covered Person must pay 150% of the applicable group rate for the additional months of coverage.
The Covered Person must submit the first payment within 45 days of delivering the completed enrollment form to HNL in accordance with the terms and conditions of the Policy. The first payment must cover the period from the last day of prior coverage to the present. There can be no gap between prior coverage and Small Employer Cal-COBRA Continuation Coverage. The Covered Person’s first payment must be delivered to HNL by first-class mail, certified mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company. If the payment covering the period from the last day of prior coverage to the present is not received within 45 days of providing the enrollment form to HNL, the Covered Person’s Cal-COBRA election is not effective and no coverage is provided.

All subsequent payments must be made on the first day of each month. If the payment is late, the Covered Person will be allowed a grace period of 30 days. Fifteen days from the due date (the first of the month), HNL will send a letter warning that coverage will terminate 15 days from the date on the letter. If the Covered Person fails to make the payment within 15 days of the notice of termination, enrollment will be canceled by HNL. If the Covered Person makes the payment before the termination date, coverage will be continued with no break in coverage. Amounts received after the termination date will be refunded to the Covered Person by HNL within 20 business days.

**When Does Small Employer Cal-COBRA Continuation Coverage End?**

When a Qualified Beneficiary has chosen Small Employer Cal-COBRA Continuation Coverage, coverage will end due to any of the following reasons:

- 36 months from the date coverage would ordinarily have ended due to termination of employment for reasons other than gross misconduct for individuals who began their Cal-COBRA continuation coverage on or after January 1, 2003, and 18 months for individuals who began receiving their Cal-COBRA continuation coverage prior to January 1, 2003.*

- 36 months from the date coverage would ordinarily have ended due to reduction in hours worked for individuals who began their Cal-COBRA continuation coverage on or after January 1, 2003, and 18 months for individuals who began receiving their Cal-COBRA continuation coverage prior to January 1, 2003.

- 36 months from the date coverage would ordinarily have ended due to:
  1. Death of the covered employee or principal Covered Person;
  2. Divorce or separation of the covered employee or principal Covered Person from his or her spouse or Domestic Partner;
  3. Loss of dependent status by a covered Dependent child; or
  4. The Covered Person becomes entitled to Medicare, that is, enrolls in the Medicare program.

- The Covered Person becomes or could become covered, in accordance with any federal laws regarding continuation of Group health plan coverage.

- The Covered Person fails to pay the correct premium amount on the first day of each month as described above under "Payment for Small Employer Cal-COBRA."

- The Covered Person becomes covered by another group health plan that does not contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan.

- If the Covered Person becomes covered by another group health plan that does contain a pre-existing condition limitation preventing the individual from receiving the full benefits of that plan, coverage through this plan will continue. Coordination of Benefits will apply, and this Small Employer Cal-COBRA plan will be the primary plan.

*The COBRA effective date is the date the Covered Person first became covered under COBRA continuation coverage.

**Under no circumstances may a Qualified Beneficiary be covered by Small Employer Cal-COBRA Continuation Coverage for more than 36 months.**
Extension of Benefits

If You are totally disabled when the Group Policy ends and are under the treatment of a Physician, the benefits of this Certificate may continue to be provided for services treating the totally disabling illness or injury. No benefits are provided for services treating any other illness, injury or condition.

You must submit a written request for these total disability benefits, which must include written certification by Your Physician that You are totally disabled. Covered California must receive this certification within 90 days of the date coverage ends under this Certificate. At least once every 90 days while benefits are extended, Covered California must receive proof that Your total disability is continuing. It shall be Your responsibility to ensure that Covered California is notified of any requested extension of benefits prior to the required 90-day intervals. Benefits are provided until whichever of the following occurs first:

- You are no longer totally disabled;
- The maximum benefits of this Certificate are paid;
- You become covered under another group health plan that provides coverage without limitation on the disabling illness or injury; or
- A period of 12 consecutive months has passed since the date coverage ended.

For the purpose of this extension, the term “total disability” is defined as a disability that renders You unable to perform with reasonable continuity the substantial and material acts necessary to pursue Your usual occupation in the usual or customary way or to engage with reasonable continuity in another occupation in which You could reasonably be expected to perform satisfactorily in light of Your age, education, training, experience, station in life, physical and mental capacity.
PLAN BENEFITS

The services and supplies described below will be covered for the Medically Necessary treatment of a covered illness, injury or condition. These benefits are subject to all provisions of this Certificate.

In addition, many of the Covered Services and Supplies listed herein are subject to Certification in many instances, prior to the expenses being incurred. If Certification is not obtained, the available benefits will be subject to the noncertification penalty shown in the “Schedule of Benefits” section. Please refer to the “Certification Requirement” subsection for further details.

An expense is incurred on the date You receive the service or supply for which the charge is made. HNL shall not pay for expenses incurred for any services or supplies in excess of any visit or benefit maximum described in the “Schedule of Benefits” section or elsewhere in this Certificate or for any service or supply excluded herein.

The fact that a Physician or other provider may perform, prescribe, order, recommend or approve a service, supply or hospitalization does not, in itself, make it Medically Necessary, or make it a covered service.

Telephone Triage & Screening Services

Telephone triage or screening services to assess a Covered Person's health concerns and symptoms are available 24 hours per day, 7 days per week by contacting the Customer Contact Center at the telephone number on the HNL ID Card. Health assessments will be performed by a Physician, registered nurse, or other qualified health professional acting within his or her scope of practice and who is trained to screen or triage an insured who may need care, for the purpose of determining the urgency of the Covered Person's need for care and arranging for care in a timely manner appropriate for the nature of the Covered Person's condition.

How Covered Expenses Are Determined

HNL will pay for Covered Expenses You incur under this plan. Covered Expenses are based on the maximum charge HNL will accept from each type of provider, not necessarily the amount a Physician or other health care provider bills for the service or supply. Other limitations on Covered Expenses may apply. See “Schedule of Benefits,” “Plan Benefits,” and “General Limitations and Exclusions” sections for specific benefit limitations, maximums, pre-certification requirements and payment policies that limit the amount HNL pays for certain Covered Services and Supplies.

Preferred Providers

The maximum amount of Covered Expenses for a service or supply provided by a Preferred Provider is the lesser of the billed charge or the amount contracted in advance by HNL, referred to in this Certificate as the Contracted Rate.

Since the Preferred Provider has agreed to accept the Contracted Rate as payment in full, You will not be responsible for any amount billed in excess of the Contracted Rate. However, You are responsible for any applicable Deductible(s), Copayments or Coinsurance payment required. You are always responsible for services or supplies not covered by this plan.

Out-of-Network Provider

The maximum amount HNL will pay for Covered Expenses when services or supplies are received from an Out-of-Network Provider is the lesser of the billed charge or the Maximum Allowable Amount as defined in the “Definitions” section.

Since the Out-of-Network Provider has not agreed to accept the Maximum Allowable Amount as payment in full, the amount billed by the Out-of-Network Provider may exceed the Maximum Allowable Amount. You will need to pay that excess amount, in addition to any applicable Deductible(s), Copayments or Coinsurance payment required. You are always responsible for services or supplies not covered by this plan.

When Services are not Available through a Preferred Provider: If HNL determines that the Medically Necessary care You require is not available within the Preferred Provider network, HNL will authorize You to receive the care and will arrange for the required medically appropriate care from an available and accessible Out-of-Network Provider or facility. Covered Services and Supplies received from Out-of-Network Providers under these circumstances will be payable at the Preferred Provider level of coverage. Cost-sharing paid at the Preferred Provider level of coverage will apply toward the in-network Deductible and accrue to the in-network Out-
of-Pocket Maximum and You will not be responsible for any amounts in excess of the Maximum Allowable Amount. If you need access to medically appropriate care that is not available in the EnhancedCare PPO Preferred Provider network, or are being billed for amounts in excess of the Maximum Allowable Amount for Covered Services received under these circumstances, please call the Customer Contact Center at the number shown on your Health Net I.D. Card.

When Out-of-Network Services are received at an In-Network Health Facility: If You receive covered non-emergent services at an in-network (EnhancedCare PPO network) health facility (including, but not limited to, a licensed Hospital, an ambulatory surgical center or other outpatient setting, a laboratory, or a radiology or imaging center), at which, or as a result of which, You receive non-emergent Covered Services by an Out-of-Network Provider, the non-emergent services provided by the Out-of-Network Provider will be payable at the Preferred Provider level of cost-sharing and Deductible, if applicable, and without balance billing (balance billing is the difference between a provider’s billed charge and the Maximum Allowable Amount); the cost-sharing and Deductible will accrue to the Out-of-Pocket Maximum).

The Out-of-Network Provider may bill or collect from You the difference between a provider’s billed charge and the maximum allowable amount in addition to any applicable Out-of-Network Deductible(s), Copayments and/or Coinsurance, only when You consent in writing at least 24 hours in advance of care. In order to be valid, that consent must meet all of the following requirements: (1) The consent shall be obtained by the Out-of-Network Provider in a document that is separate from the document used to obtain the consent for any other part of the care or procedure The consent shall not be obtained by the facility or any representative of the facility. The consent shall not be obtained at the time of admission or at any time when You are being prepared for surgery or any other procedure; (2) At the time consent is provided, the Out-of-Network Provider shall give You a written estimate of Your total out-of-pocket cost of care. The written estimate shall be based on the Out-of-Network Provider's billed charges for the service to be provided. The Out-of-Network Provider shall not attempt to collect more than the estimated amount without receiving separate written consent from You or Your authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the provider to change the estimate; (3) The consent shall advise You that You may elect to seek care from a Preferred Provider or may contact HNL in order to arrange to receive the health service from a Preferred Provider for lower out-of-pocket costs; (4) The consent shall also advise You that any costs incurred as a result of Your use of the Out-of-Network benefit shall be in addition to Preferred Provider cost-sharing amounts and may not count toward the annual Out-of-Pocket Maximum on Preferred Provider benefits or a Deductible, if any, for in-network benefits; and (5) The consent and estimate shall be provided in the language spoken by You, in certain circumstances.

Important Note: Even if a Hospital is a Preferred Provider, You should not assume that all Physicians and other individual providers of health care at the Hospital are Preferred Providers. If You are admitted to a Hospital You should request that all services be performed by Preferred Providers.

Certification Requirement

Some of the Covered Expenses under this plan are subject to a requirement of Certification or the noncertification penalty shown in the “Schedule of Benefits” section will apply. All Certifications are performed by HNL or an authorized designee.

Certification is NOT a determination of benefits. Some of these services or supplies may not be covered under Your Plan. Even if a service or supply is certified, eligibility rules and benefit limitations will still apply.

HNL will consider the Medical Necessity of Your proposed treatment, Your proposed level of care (inpatient or outpatient) and the duration of Your proposed treatment.

In the event of an admission to a Hospital, a concurrent review of the hospitalization will be performed. Confinement in excess of the number of days initially approved must be authorized by HNL.

* These services only require Certification when performed in an inpatient or outpatient Hospital setting. If services are performed in an ambulatory surgical center (ASC), Certification is not required.

Exceptions

Certification is not needed for the first 48 hours of inpatient Hospital services following a vaginal delivery nor the first 96 hours following a cesarean section. However, please notify HNL within 24 hours following birth or as soon as reasonably possible. Certification must be obtained if the Physician determines that a longer Hospital stay is Medically Necessary either prior to or following the birth.

Certification is not required for the length of a Hospital stay for reconstructive surgery incident to a mastectomy (including lumpectomy).

Prior Authorization by HNL may be required for certain drugs. Please refer to “Prior Authorization and Exception Request Process” in the “Outpatient Prescription Drug Benefits” section. You may refer to our website at www.healthnet.com to review the drugs that require a Prior Authorization as noted in the Essential Rx Drug List.

Certification Procedure

Certification must be requested by You within the following periods:

• Five or more business days before the proposed elective admission date or the commencement of treatment, except when due to a medical emergency;
• 72 hours or sooner, taking into account the medical exigencies, for proposed elective services needed urgently.
• In the event of being admitted into a Hospital following outpatient emergency room or urgent care center services for Emergency Care; please notify the Plan of the inpatient admission within 48 hours, or as soon as reasonably possible; or
• Before admission to a Skilled Nursing Facility or Hospice Care program.

In order to obtain Certification, You or Your Physician are responsible for contacting HNL as shown on Your HNL Identification Card before receiving any service requiring Certification. If You receive any such service and do not follow the procedures set forth in this section, a penalty may apply as stated in the “Schedule of Benefits”. However, for services that require notification only, the penalty will not apply.

Verbal Certification may be given for the service. Written Certification for inpatient services will be sent to You and the provider of service.

For Urgent Care requests, HNL will notify the Covered Person of Our decision as soon as possible, taking into account the medical exigencies, but not later than 72 hours from the receipt of the request. If additional information is necessary to make Our determination, HNL will notify the Covered Person (within 24 hours of the
receipt of the request) of the specific information necessary to make the determination and a reasonable time frame (that is not less than 48 hours) to provide the information to HNL. HNL will notify the Covered Person of Our decision no later than 48 hours after the earlier of the receipt of the requested information, or the end of the time period to provide the requested information.

For all other requests in which the decisions are based in whole or in part on Medical Necessity, HNL will notify the Covered Person of Our decision not later than five (5) business days from the receipt of the request and information that is reasonably necessary to make the determination. For time frames of initial benefit determinations that are not based on Medical Necessity, refer to “Timing of Notice” under the “Notification of HNL’s Initial Benefit Determination” provision in the “Specific Provisions” section of this Certificate.

**Concurrent Review**

Concurrent review is a type of treatment review that takes place during an inpatient stay or as part of an ongoing course of treatment to be provided over a period of time or number of treatments. HNL performs utilization management services for Members using approved clinical criteria in order to facilitate medical appropriateness, promote quality and continuity of care, and to coordinate discharge planning. Therefore, in the event of an admission a concurrent review of the admission is performed.

For treatment involving Urgent Care, the request by the Covered Person or the Covered Person’s Physician to extend the course of treatment beyond the period of time or number of treatments shall be decided as soon as possible, taking into account the medical exigencies. The Covered Person will be notified of Our decision within 24 hours of the receipt of the review request, provided that such a request is made to the Plan at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

If concurrent review results in an adverse benefit determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that adverse benefit determination before the benefit is reduced or terminated. Refer to the “Resolution of Disputes” provision in this section if you disagree with Our decision.

**Retrospective Review**

Retrospective review is a type of treatment review that occurs when the initial review of a Certification request takes place after services have been rendered. Such delayed review follows the same general process as Certification prior to treatment and concurrent review, including evaluation of the reasons Certification was not obtained and application of the Certification penalty when appropriate, and evaluation of medical records for demonstration of Medical Necessity.

Covered Persons and providers will be notified of relevant decisions that are based in whole or in part on Medical Necessity, within 30 calendar days following the receipt of the claim and information that is reasonably necessary to make the determination. For time frames of initial benefit determinations that are not based on Medical Necessity, refer to “Timing of Notice” under the “Notification of HNL’s Initial Benefit Determination” provision in the “Specific Provisions” section of this Policy.

**Notification of Adverse Benefit Determination**

If Certification, concurrent review, or retrospective review results in denial, delay, or modification of a covered service, HNL will send a written or electronic notice to the patient and to the provider of the service. HNL’s decision will include a clear and concise explanation of the reasons for Our decision, a description of the criteria or guidelines used and the clinical reasons for the decisions regarding Medical Necessity. The explanation will also include the specific plan provisions on which determination is based. The Medical Necessity decisions communicated to the medical providers will include the name and telephone number of the health care professional responsible for the denial, delay or modification.

In the case of an adverse benefit determination involving Urgent Care, HNL may provide the decision verbally as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the request. The written or electronic notice will be provided to the Covered Person not later than 3 days after the verbal notice. The notice of Our decision related to Urgent Care will also include a description of the expedited review process.

Except for the benefit determination in relation to concurrent review and Urgent Care, if HNL is unable to make a decision to approve, modify or deny the request within the timeframes described under “Certification Procedure,” and “Retrospective Review” provisions because we are not in receipt of all of the information reasonably necessary and requested, or because HNL requires consultation by an expert reviewer, or because HNL has C25001(CA 1/18) SHOP
asked that an additional examination or test be performed upon the Covered Person, provided that the examination or test is reasonable and consistent with good medical practice, HNL will provide a complete response based on the facts as then known by HNL within the specified timeframe. This response will specify the information requested but not received, or the expert reviewer to be consulted, or the additional examinations or tests required. HNL shall also notify the provider and Covered Person of the anticipated date on which a decision may be rendered. Upon receipt of all information reasonably necessary and requested by HNL, HNL shall approve, modify, or deny the request for authorization within the timeframes specified above.

In the case of denial, HNL will provide the following upon request:

- The criteria, guidelines, protocols, or other similar criterion used by HNL, or an entity with which HNL contracts for utilization review or utilization management functions, to determine whether to authorize, modify, delay, or deny health care services.
- If the adverse determination is based on Medical Necessity or experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination.

**Effect on Benefits**

If Certification is obtained and services are rendered within the scope of the Certification, benefits for Covered Expenses will be provided in accordance with this "Plan Benefits" section of this Certificate.

If Certification is not obtained, an additional penalty will be applied to Covered Expenses as shown in the "Schedule of Benefits" section. A Noncertification Penalty will not be imposed if the benefit is not listed in the "Services Requiring Prior Certification" provision above. Failure to obtain Certification for an Essential Health Benefit, as defined under California Insurance Code section 10112.27, will not result in denial of coverage for that benefit.

**Resolution of Disputes**

In the event that You or Your Physician should disagree with any Certification, concurrent, or retrospective review decision made, the following dispute resolution procedure must be followed:

- Either You or Your Physician may contact HNL to request an appeal of Our decision. Refer to the “Grievance and Appeals Process” provision in the “Specific Provisions” section for more details. - The Covered Person may request an Independent Medical Review as set forth in the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" provision of the "General Provisions" section of this Certificate. There is no requirement that You participate in HNL’s grievance or appeals process before requesting Independent Medical Review (IMR) for Medical Necessity denials.
- The final step to resolve disputes is binding arbitration, as set forth in the "Arbitration" provision of the "General Provisions" section of this Certificate.

**Out-of-Pocket Limits on Expenses**

**Out-of-Pocket Maximum:** When Your total Deductibles, Copayments or Coinsurance payments, during any Calendar Year, equal the Out-of-Pocket Maximum set forth in the "Schedule of Benefits" section, no further Deductibles, Copayments or Coinsurance will be required from You for the remainder of that Calendar Year. (See the "Schedule of Benefits" section for exceptions.)

Deductibles, Copayments or Coinsurance paid for the services of a Preferred Provider will apply toward the Out-of-Pocket Maximum for Preferred Providers but will not apply toward the Out-of-Pocket Maximum for Out-of-Network Providers. Similarly, Deductibles, Copayments, or Coinsurance paid for the services of an Out-of-Network Provider will apply toward the Out-of-Pocket Maximum for Out-of-Network Providers but will not apply toward the Out-of-Pocket Maximum forPreferred Providers. However, Deductibles, Copayments or Coinsurance paid for Out-of-Network Emergency Care (including emergency medical transportation and emergency Hospital care) will be applied to the Out-of-Pocket Maximum for Preferred Providers.
Medical Deductibles

• After HNL determines the amount of Covered Expenses, HNL will subtract the applicable Deductible(s) and either the Copayment or the Coinsurance that applies to the covered service or supply. HNL will then pay up to the benefit limit shown in the "Schedule of Benefits" section.

• Only Covered Expenses will be applied to the satisfaction of the Deductible(s) shown in this Certificate.

• Prior Deductible carryover credit applies if this Policy is replacing a similar policy that had been issued to the Group Policyholder. If a Covered Person has satisfied any portion of the Deductible under the prior carrier plan, the credit shall apply to the satisfaction of the Covered Person's initial Calendar Year Deductible under this Certificate. Proof of Deductible satisfaction under the prior carrier plan will be required upon submission of the initial claim for benefits to be payable under this Certificate.

HNL uses Medicare guidelines to determine the circumstances under which claims for assistant surgeon services and co-surgeon and team surgeon services will be eligible for reimbursement, in accordance with HNL’s normal claims filing requirements.

When adjudicating claims for Covered Services for the postoperative global period for surgical procedures, HNL applies Medicare’s global surgery periods to the American Medical Association defined Surgical Package. The Surgical Package includes typical postoperative care. These criteria include consideration of the time period for recovery following surgery and the need for any subsequent services or procedures which are part of routine postoperative care.

When multiple procedures are performed at the same time, Covered Expenses include the Contracted Rate or Maximum Allowable Amount (as applicable) for the first (or major) procedure and one-half the Contracted Rate or Maximum Allowable Amount for each additional procedure. HNL uses Medicare guidelines to determine the circumstances under which claims for multiple surgeries will be eligible for reimbursement, in accordance with HNL’s normal claims filing requirements. No benefit is payable for incidental surgical procedures, such as an appendectomy performed during gall bladder surgery.
HNL uses Medicare guidelines to determine which services and procedures are eligible for payment separately or as part of a bundled package, including but not limited to, which items are separate professional or technical components of services and procedures. HNL also uses proprietary guidelines to identify potential billing inaccuracies.

Please refer to “Emergency Care” in the “Definitions” section to see how the prudent layperson standard applies to the definition of "Emergency Care."

Emergency Care is available and accessible to all Covered Persons in the Service Area 24 hours a day, seven days a week. Your Physician will not be required to obtain Certification for a Hospital stay that is equal to or less than 48 hours following vaginal delivery or 96 hours following cesarean section. Please notify HNL at the time of the first prenatal visit.

The coverage described above meets requirements for Hospital length of stay under the Newborns’ and Mothers’ Health Protection Act of 1996, which requires that:

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Outpatient Prescription Drug Benefits shall be provided if You, while covered under this Certificate, incur an expense for Prescription Drugs which were prescribed by any Physician who is either a Preferred Provider or Out-of-Network Provider. You are responsible for the applicable Copayment or Coinsurance, as shown in the "Schedule of Benefits" section of this Certificate.

Coverage includes disposable devices that are Medically Necessary for the administration of a covered outpatient Prescription Drug.

**Tier I Drugs (Generic Drugs excluding Specialty Drugs) and Tier II Drugs (Preferred Brand Name Drugs)**

Tier I Drugs are most Generic Drugs and low-cost preferred Brand Name Drugs when listed in the Essential Rx Drug List. Tier II Drugs are non-preferred Generic Drugs and preferred Brand Name Drugs, insulin, and diabetic supplies when listed in the Essential Rx Drug List. Prescription Drugs listed in the Health Net Essential Rx Drug List are covered, when prescribed by a Physician, an authorized referral Specialist or an emergent or urgent care Physician. Some Tier I and Tier II Drugs require Prior Authorization from HNL to be covered. The fact that a drug is listed in the Essential Rx Drug List does not guarantee that Your Physician will prescribe it for You for a particular medical condition.

**Tier III Drugs**

Tier III Drugs are Prescription Drugs that are non-preferred Brand Name Drugs, Brand Name Drugs with generic equivalent (when Medically Necessary), drugs listed as Tier III Drugs in the Essential Rx Drug List or drugs not listed in the Essential Rx Drug List.

Some Prescription Drugs that are not on the Essential Rx Drug List require Prior Authorization from HNL to be covered.

Please refer to the "Essential Rx Drug List" portion of this subsection for more details.

If you are denied Prior Authorization, you may request an independent review or go through the binding arbitration remedy set forth in the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" and "Arbitration" provisions of the "General Provisions" section of this Certificate.

**Specialty Drugs (Tier IV Drugs)**

Specialty Drugs listed in the Health Net Essential Rx Drug List are covered when Prior Authorization is obtained from HNL and the drugs are dispensed through HNL’s Specialty Pharmacy Vendor. These drugs include self-administered injectable and other drugs that have significantly higher cost than traditional pharmacy benefit drugs. Please note that needles and syringes required to administer the self-injected medications are covered only when obtained through the Specialty Pharmacy Vendor.
Self-administered injectable medications are defined as drugs that are:

- Medically Necessary;
- Administered by the patient or family member; either subcutaneously or intramuscularly;
- Deemed safe for self-administration as determined by Health Net’s Pharmacy and Therapeutics Committee;
- Included in the Health Net Essential Rx Drug List; and
- Shown on the Essential Rx Drug List as requiring Prior Authorization.

Certain specified specialty drugs or drugs with limited distribution must be obtained through a contracted specialty pharmacy. These specified specialty drugs that must be obtained through the Specialty Pharmacy Program are limited up to a 30-day supply. The Specialty Pharmacy Program will deliver your medication to you by mail or common carrier. These drugs are subject to the applicable Copayments or Coinsurances listed under "Outpatient Prescription Drugs" in the "Schedule of Benefits."

If you are out of a specialty drug which must be obtained through the specialty pharmacy program, HNL will authorize an override of the specialty pharmacy program requirement for 72-hours, or until the next business day following a holiday or weekend, to allow you to get an emergency supply of medication if your doctor decides that it is appropriate and medically necessary. You may have to pay the applicable Copayment.

**Generic Equivalents to Brand Name Drugs**

When a Medically Necessary Brand Name Drug is dispensed has an equivalent generic drug, You must obtain Prior Authorization for the Brand Name Drug to be covered.

**Off-Label Drugs**

A Prescription Drug prescribed for a use that is not stated in the indications and usage information published by the manufacturer is covered only if the drug meets all of the following coverage criteria:

1. The drug is approved by the Food and Drug Administration; AND
2. The drug meets one of the following conditions:
   A. The drug is prescribed by a participating licensed health care professional for the treatment of a life-threatening condition; OR
   B. The drug is prescribed by a participating licensed health care professional for the treatment of a chronic and seriously debilitating condition, the drug is Medically Necessary to treat such condition and the drug is either on the Essential Rx Drug List or Prior Authorization by HNL has been obtained; AND
3. The drug is recognized for treatment of the life-threatening or chronic and seriously debilitating condition by one of the following:
   A. The American Hospital Formulary Service Drug Information; OR
   B. One of the following compendia, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer therapeutic regimen:
      i. The Elsevier Gold Standard’s Clinical Pharmacology.
      ii. The National Comprehensive Cancer Network Drug and Biologics Compendium.
      iii. The Thomson Micromedex DrugDex; OR
   C. Two articles from major peer reviewed medical journals that present data supporting the proposed off-label use or uses as generally safe and effective unless there is clear and convincing contradictory evidence presented in a major peer reviewed medical journal.

The following definitions apply to the terms mentioned in this provision only.
"Life-threatening" means either or both of the following:

A. Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted;
B. Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.
"Chronic and seriously debilitating" refers to diseases or conditions that require ongoing treatment to maintain remission or prevent deterioration and cause significant long-term morbidity.

Any coverage required for Off-Label Drugs shall also include Medically Necessary services associated with the administration of a drug, subject to the conditions of the Certificate.

**Diabetic Drugs and Supplies**

Prescription Drugs for the treatment of diabetes (including insulin) are covered as stated in the Essential Rx Drug List. Diabetic supplies are also covered, including, but not limited to, specific brands of pen delivery systems, specific brands of disposable insulin needles and syringes, disposable insulin pen needles, specific brands of blood glucose monitors and test strips (specific brand only); Ketone test strips; lancet puncture devices and lancets when used in monitoring blood glucose levels. Additional supplies are covered under the medical benefit; please refer to the "Diabetic Equipment" provision above in this section; please refer to the "Schedule of Benefits" section for details about the supply amounts that are covered at the applicable Copayment.

**Preventive Drugs and Women's Contraceptives**

Preventive drugs, including smoking cessation drugs, and women's contraceptives are covered as shown in the "Schedule of Benefits" section of this Certificate. Covered preventive drugs are over-the-counter drugs or Prescription Drugs that are used for preventive health purposes per the U.S. Preventive Services Task Force A and B recommendations.

Covered contraceptives are all FDA-approved contraceptives for women that are either available over-the-counter or are only available with a Prescription Drug Order, including, but not limited to, contraceptive rings, diaphragms, sponges, female condoms, cervical caps and spermicides. Women's contraceptives that are covered under this Prescription Drug benefit include vaginal, oral, transdermal and emergency contraceptives. For a complete list of contraceptive products covered under the Prescription Drug benefit, please refer to the Essential Rx Drug List.

Over-the-counter preventive drugs and women's contraceptives that are covered under this Plan require a Prescription Drug Order. You must present the Prescription Drug Order at a Health Net Participating Pharmacy to obtain such drugs or contraceptives.

Intrauterine devices (IUDs), injectable and implantable contraceptives are covered as a medical benefit when administered by a Physician. Please refer to the "Preventive Care Services" and "Family Planning" provisions in this section for information regarding contraceptives covered under the medical benefit.

You may use the Prior Authorization process to obtain coverage at no cost for a therapeutic equivalent of a contraceptive that is not on the Essential Rx Drug List, such as the brand name equivalent of a covered generic contraceptive. If your Physician determines that it is Medically Necessary and provides that information to HNL, your contraceptive will be covered at no cost to you. This request is not subject to denial by HNL.

HNL covers up to a 12-consecutive-calendar-month supply of covered FDA-approved, self-administered hormonal contraceptives when dispensed or furnished at one time by a contracted health care provider or pharmacist.

**Smoking Cessation Coverage**

Over-the-counter drugs and drugs on the Essential Rx Drug List that require a prescription in order to be dispensed by a retail pharmacy for the relief of nicotine withdrawal symptoms are covered.

Over-the-counter smoking cessation drugs that are covered under this Plan require a Prescription Drug Order. You must present the Prescription Drug Order at a Health Net Participating Pharmacy to obtain such drugs. For all FDA-approved tobacco cessation medications, no limits will be imposed on the number of days that are covered, regardless of whether the medications are taken alone or in combination.

Smoking cessation programs are covered by HNL. For information regarding smoking cessation behavioral modification support programs available through HNL, contact the Customer Contact Center at the telephone number on Your HNL ID Card or visit Our website at www.healthnet.com (see "Wellsite").

**Compounded Drugs**

Compounded Drugs are prescription orders that have at least one ingredient that is Federal Legend or state restricted in a therapeutic amount as Medically Necessary and are combined or manufactured by the pharmacist and placed in an ointment, capsule, tablet, solution, suppository, cream or other form and require a prescription

order for dispensing. Refer to the "Off-Label Drugs" provision in this section for information about FDA approved
drugs for off-label use. Coverage for Compounded Drugs requires the Tier III Drug Copayment and is subject to
Prior Authorization by HNL and Medical Necessity. HNL covers compounded medication(s) when:

- The compounded medication(s) include at least one Drug, as defined;
- There are no FDA-approved, commercially available, medically appropriate alternative(s);
- The drug is not on the FDA’s "Do Not Compound" list;
- The compounded medication is self-administered; and
- Medical literature supports its use for the requested diagnosis.

The Essential Rx Drug List

What Is the Health Net Essential Rx Drug List?
HNL developed the Essential Rx Drug List to identify the safest and most effective medications for HNL Covered
Persons while attempting to maintain affordable pharmacy benefits. We specifically suggest to all Preferred
Providers that they refer to this Essential Rx Drug List when choosing drugs for patients who are HNL Covered
Persons. When Your Physician prescribes medications listed in the Essential Rx Drug List, it is ensured that You are
receiving a high quality and high value prescription medication. In addition, the Essential Rx Drug List identifies
whether a Generic version of a Brand Name Drug exists, and whether the drug requires Prior Authorization. If the
Generic version exists, it will be dispensed instead of the Brand Name version.

HNL also covers drugs that are not on the Essential Rx Drug List at the Tier III Drug Copayment level. If a drug is
not on the Essential Rx Drug List, and is not specifically excluded from coverage, Prior Authorization is required
as shown in "Prior Authorization and Exception Request Process" below.

You may call the Customer Contact Center at the telephone number on Your HNL ID Card to find out if a
particular drug is listed in the Essential Rx Drug List. You may also request a copy of the current Essential Rx
Drug List, and it will be mailed to You. The current Essential Rx Drug List is also available on the HNL website
at [www.healthnet.com](http://www.healthnet.com) under the pharmacy information

How are Drugs Chosen for the Health Net Essential Rx Drug List?
The Essential Rx Drug List is created and maintained by the Health Net Pharmacy and Therapeutics Committee.
Before deciding whether to include a drug on the Essential Rx Drug List, the committee reviews medical and
scientific publications, relevant utilization experience and Physician recommendations to assess the drug for its:

- Safety
- Effectiveness
- Cost-effectiveness (when there is a choice between two drugs having the same effect, the less costly drug will
  be listed)
- Side effect profile
- Therapeutic outcome

This Committee has quarterly meetings to review medications and to establish policies and procedures for drugs
included in the Essential Rx Drug List. The Essential Rx Drug List is updated as new clinical information and
medications are approved by the FDA.

Who is on the Health Net Pharmacy and Therapeutics Committee and How are Decisions Made?
The Pharmacy and Therapeutics Committee ("Committee") develops, maintains, and oversees the Essential Rx
Drug List. The Committee meets each quarter, and maintains written documentation of its decisions and the
rationale informing its decisions.

Committee membership includes actively practicing Physicians of various medical specialties from Health Net
contracting Physician groups, and clinical pharmacists. HNL recruits voting members from contracting Physician
groups throughout California based on their experience, knowledge and expertise. Frequently, the Committee
consults external medical Physician experts for additional medical input. A vote is taken before a drug is added to
the Essential Rx Drug List based on the medical input from these external Physician experts who are not
employees of HNL. Neither voting members of the Committee nor the external medical professionals with whom
the Committee consults are HNL employees, and this ensures decisions are unbiased and without conflicts of
interest.

*C25001(CA 1/18)* SHOP
Additions to the Essential Rx Drug List are subject to a vote by the Committee, which may be based on the medical input from external physician experts. Moreover, in developing or modifying the Essential Rx Drug List, the Committee’s responsibilities include the following:

a. Developing and documenting procedures to ensure appropriate drug review and inclusion;
b. Basing clinical decisions on the strength of the scientific evidence and standards of practice, including assessing peer-reviewed medical literature, pharmacoeconomic studies, outcomes research data, and other related information;
c. Considering the therapeutic advantages of drugs in terms of safety and efficacy when selecting formulary drugs;
d. Reviewing policies that guide exceptions and other utilization management processes, including drug utilization review, quantity limits, and therapeutic interchange;
e. Evaluating and analyzing treatment protocols and procedures related to the insurer’s formulary at least annually;
f. Reviewing and approving all clinical prior authorization criteria, step therapy protocols, and quantity limit restrictions applied to each covered drug;
g. Reviewing new United States Food and Drug Administration-approved drugs and new uses for existing drugs;
h. Ensuring HNL’s Essential Rx Drug List cover a range of drugs across a broad distribution of therapeutic categories and classes and recommended drug treatment regimens that treat all disease states, and do not discourage enrollment by any group of insureds; and
i. Ensuring HNL’s Essential Rx Drug List provides appropriate access to drugs that are included in broadly accepted treatment guidelines and that are indicative of general best practices at the time.

Prior Authorization and Exception Request Process

Prior Authorization status is included in the Essential Rx Drug List. The Essential Rx Drug List identifies which drugs require Prior Authorization. A Physician must get approval from HNL before writing a Prescription Drug Order for a drug that is listed as requiring Prior Authorization, in order for the drug to be covered by HNL. Step therapy exceptions are also subject to the Prior Authorization process. You may refer to our website at www.healthnet.com to review the drugs that require a Prior Authorization as noted in the Essential Rx Drug List.

Requests for Prior Authorization may be submitted electronically or by telephone (at the phone number shown on Your HNL ID card) or facsimile (1-800-314-6623). Urgent requests from Physicians (including Pain medications for terminally ill Covered Persons) for authorization are processed, and prescribing providers notified of HNL’s determination as soon as possible, not to exceed 24 hours, after HNL’s receipt of the request. A Prior Authorization request is urgent when an insured is suffering from a health condition that may seriously jeopardize the insured’s life, health, or ability to regain maximum function. Routine requests from Physicians are processed, and prescribing providers notified of HNL’s determination in a timely fashion, not to exceed 72 hours following receipt of the request for both urgent and routine requests, HNL must also notify the insured or his or her designee of its decision. If HNL fails to respond within the required time limit, the Prior Authorization request is deemed granted.

If a drug is not on the Essential Rx Drug List, and is not specifically excluded from coverage, your Physician can ask for an exception. To request an exception, your Physician can submit a Prior Authorization request along with a statement supporting the request. Requests for Prior Authorization may be submitted electronically or by telephone or facsimile. If we approve an exception for a drug that is not on the Essential Rx Drug List, the non-preferred Brand Name Drug tier (Tier III) or Specialty Copayment applies. If You are suffering from a condition that may seriously jeopardize Your life, health, or ability to regain maximum function, or if You are undergoing a current course of treatment using a drug that is not on the Essential Rx Drug List, then You, Your designee or Your Physician can request an expedited review. Expedited requests for an exception will be processed, and You, Your designee and the prescribing providers will be notified, within 24 hours after HNL’s receipt of the request. Standards requests for an exception will be processed, and You, Your designee and the prescribing provider will be notified within 72 hours after HNL’s receipt of the request.

If you are denied a request for a drug not on the Essential Rx Drug List, you, your designee or your prescribing physician may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. HNL will make its determination on the external exception request and notify
you, your designee or your prescribing physician of its coverage determination no later than 72 hours following receipt of a standard request and no later than 24 hours following receipt of an expedited exception request.

If a drug is eliminated from the Essential Rx Drug List, HNL will continue to cover the drug for Covered Persons who were taking the drug when it was eliminated, provided that the drug is appropriately prescribed and is safe and effective for treating the Covered Person’s medical condition.

You may use the Prior Authorization process to obtain coverage at no cost for a prescription contraceptive that is not on the Essential Rx Drug List or the brand name equivalent of a covered generic contraceptive that is unavailable. HNL will cover the contraceptive if Your Physician determines that it is Medically Necessary and submits a Prior Authorization request. This request is not subject to denial by HNL.

HNL will evaluate the submitted information upon receiving Your Physician’s request for Prior Authorization and make a determination based on established clinical criteria for the particular medication. The criteria used for Prior Authorization are developed and based on input from the Health Net Pharmacy and Therapeutics Committee as well as Physician experts. Your Physician may contact HNL to obtain the usage guidelines for specific medications.

Once a medication is approved, its authorization becomes effective immediately. The approval will be for the duration of the prescription for maintenance medications or a specified time frame for other medications. HNL will cover Drugs not on the Essential Rx Drug List for the duration of the prescription, including refills, when a Covered Person receives such coverage through a standard exception request. When a Covered Person obtains coverage for Drugs not on the Essential Rx Drug List through an expedited exception request, HNL will cover such Drugs for the duration of the exigency.

If you do not receive Prior Authorization for a medication, You will need to pay the full cost of the Prescription Drug dispensed and submit a claim to HNL for reimbursement. You will be reimbursed at HNL’s contracted rate less the Copayment or Coinsurance shown in the “Schedule of Benefits” section. You will be subject to a penalty of 50% of the Average Wholesale Price if prior authorization was not obtained, except for Emergency or Urgently Needed care.

If you are denied Prior Authorization, you may request an independent review or go through the binding arbitration remedy set forth in the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" and "Arbitration" provisions of the “General Provisions” section of this Certificate.

Step Therapy

Step therapy is a process in which You may need to use one type of Prescription Drug before HNL will cover another one. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help you get high quality and cost effective Prescription Drugs. Exceptions to the step therapy process are subject to Prior Authorization. However, if You were taking a Prescription Drug for a medical condition under a previous plan before enrolling in this Health Net PPO plan, You will not be required to use the step therapy process to continue using the Prescription Drug.

Retail Pharmacies and the Mail Order Program

Tier I, Tier II and Tier III Drugs Dispensed by a Participating Pharmacy

Except for Emergency Care or in urgent situations, covered drugs must be dispensed by a Participating Pharmacy in order to be covered. HNL is contracted with many major pharmacy chains, supermarket based pharmacies and privately owned neighborhood pharmacies in California. To find a conveniently located Participating Pharmacy, please visit Our website at www.healthnet.com or call the Customer Contact Center at the telephone number on Your HNL ID Card. Present the HNL ID Card and pay the appropriate Copayment when the drug is dispensed.

If refills are stipulated on the Prescription Drug Order, a Participating Pharmacy may dispense up to a 30-consecutive-calendar-day supply for each Prescription Drug Order or for each refill at the appropriate time interval.

In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or HNL’s usage recommendation. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply.

C25001(CA 1/18) SHOP
Except as described below in "When the Health Net PPO Identification Card is not in Your Possession", if you elect to pay out-of-pocket and submit a prescription claim directly to HNL instead of having the Participating Pharmacy submit to HNL, you will be reimbursed based on the Prescription Drug Covered Expense, less any applicable Copayment, Coinsurance or Deductible.

(If the Health Net PPO identification card has not been received or if it has been lost, refer to the provision below, "When the Health Net PPO Identification Card is not in Your Possession.")

Preferred Providers and Participating Pharmacies prescribe and dispense Prescription Drugs listed in the Essential Rx Drug List.

Specialty Drugs Dispensed by the Specialty Pharmacy Vendor

Specialty Drugs must be obtained through the Specialty Pharmacy Vendor when indicated in the Essential Rx Drug List. Once the Prior Authorization request has been approved by HNL, HNL will forward the prescription order to the Specialty Pharmacy Vendor. The Specialty Pharmacy Vendor may contact You directly to coordinate the delivery of Your medications.

The Specialty Pharmacy Vendor may dispense up to a 30-consecutive-calendar-day supply for each Prescription Drug Order or for each refill at the appropriate time interval. In some cases, a 30-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or HNL’s usage recommendation. If this is the case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply.

Tier I, Tier II and Tier III Drugs or Specialty Drugs Dispensed by a Nonparticipating Pharmacy

The maximum charge HNL will allow for a Prescription Drug Order is the Prescription Drug Covered Expense, as defined in the "Definitions" section. It is not necessarily the amount a Nonparticipating Pharmacy will charge. You are financially responsible for any amount charged by a Nonparticipating Pharmacy which exceeds the amount of Prescription Drug Covered Expense in addition to the appropriate Copayment or Coinsurance. If You present a Prescription Drug Order for a Brand Name Drug, pharmacists will offer a Generic Drug equivalent if commercially available. At the time of the Emergency or Urgent Care visit, You should advise the treating Physician of any drug allergies or reactions, including to any Generic Drugs.

When Prescription Drugs are dispensed by a Nonparticipating Pharmacy for an urgent or Emergency Care situation, You will be required to:

- Pay the full cost of the Prescription Drug that is dispensed; and
- Submit a claim to HNL for reimbursement of a Covered Expense.
- You may then be entitled to reimbursement, minus the applicable Copayment, Coinsurance and/or Deductible, in accordance with the terms of this Certificate.

Claim forms will be provided by HNL upon request.

Tier I, Tier II and Tier III Drugs Dispensed Through the Mail Service Prescription Drug Program

If Your prescription is for a Maintenance Drug, You shall be entitled to have a Prescription Drug Order filled through a mail delivery program selected by HNL. Through this program You can receive through the mail up to a 90-consecutive-calendar-day supply of a Maintenance Drug when so prescribed. In some cases a 90-consecutive-calendar-day supply of medication may not be an appropriate drug treatment plan, according to FDA or HNL usage guidelines. The lesser of the applicable mail order Copayments or Coinsurance or the mail order pharmacy’s retail price will be required for drugs listed in the Essential Rx Drug List.

To use this program, You must place an order through the mail by completing a Prescription Mail Order Form. It must be accompanied by the original Prescription Drug Order, not a copy. The Prescription Mail Order Form and an explanation of how to use the program will be provided by HNL upon request. Please call the Customer Contact Center at the phone number on Your HNL ID card.

C25001(CA 1/18) SHOP
Note: Schedule II narcotic, analgesics, sexual dysfunction and smoking cessation drugs and specialty drugs are not covered through the mail order program. Refer to the "Outpatient Prescription Drug Benefits" portion of the "General Limitations and Exclusions" section for more information.

When the Health Net PPO Identification Card Is Not In Your Possession

If You need to have a Prescription Drug Order filled by a Participating Pharmacy and have not received a Health Net PPO Identification Card, or it has been lost, or eligibility cannot be determined, You must pay for the drug(s). You may then be entitled to reimbursement, minus the applicable Copayment, Coinsurance and/or Deductible in accordance with the terms of this Certificate. After the Health Net PPO Identification Card has been received, You must file a claim. Claim forms will be provided by HNL upon request.

If You need to have a Prescription Drug Order filled by a Nonparticipating Pharmacy and have not received a Health Net PPO Identification Card, or it has been lost, or eligibility cannot be determined You must pay for the drug(s). For urgent or Emergency Care, You may then be entitled to reimbursement, minus the applicable Copayment, Coinsurance and/or Deductible, in accordance with the terms of this Certificate. However, if it is not an urgent or Emergency Care situation, You will be responsible for the full cost of the Prescription Drug.

Child Needs Dental or Eye Care

Accessing Pediatric Dental Services

We provide toll-free access to our Customer Service Associates to assist you with benefit coverage questions, resolving problems or changing your dental office. Customer Service can be reached Monday through Friday at (866) 249-2382 from 5:00 a.m. to 8:00 p.m. Pacific Standard Time. Automated service is also provided after hours for eligibility verification and dental office transfers.

Pediatric dental services are covered until the last day of the month in which the individual turns nineteen years of age.

Network and Non-Network Benefits

Network Benefits - these Benefits apply when you choose to obtain Covered Dental Services from a Network Dental Provider. You generally are required to pay less to the provider than you would pay for services from a non-Network provider. Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between us and the provider rather than a percentage of the provider's billed charge. Our negotiated rate with the provider is ordinarily lower than the provider's billed charge. In no event, will you be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

A Network provider cannot charge you or us for any service or supply that is not Medically Necessary. If you agree to receive a service or supply that is not Medically Necessary the Network provider may charge you. However, these charges will not be considered Covered Dental Services and Benefits will not be payable.

In order for Covered Dental Services to be paid as Network Benefits, you must obtain all Covered Dental Services directly from or through a Network Dental Provider.

You must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. You can verify the participation status by calling us and/or the provider. If necessary, we can provide assistance in referring you to Network Dental Provider.

We will make available to you a Directory of Network Dental Providers. You can also call Customer Service to determine which providers participate in the Network. The telephone number for Customer Service is on your ID card.

Non-Network Benefits - these Benefits apply when you decide to obtain Covered Dental Services from non-Network Dental Providers. You generally are required to pay the difference between HNL’s Maximum Allowable Amount and the dentist’s total billed charges. Non-Network Benefits are determined based on the “maximum allowable amount” for pediatric Dental Services as calculated by HNL, based on available data resources of competitive fees in that geographic area and must not exceed the fees that the Dental Provider would charge any similarly situated payor for the same services for each Covered Dental Service. The data resources of competitive fees are supplied by FAIR Health, which are updated twice a year. HNL reimburses non-Network Dental Providers at 55% of FAIR Health rates. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the maximum allowable amount. As a result, you may be required to pay a non-
Network Dental Provider an amount for a Covered Dental Service in excess of the Maximum Allowable Amount. In addition, when you obtain Covered Dental Services from non-Network Dental Providers, you must file a claim with us to be reimbursed for Eligible Dental Expenses.

Covered Dental Services
Benefits are available only for Medically Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service under this Policy.

Pre-Treatment Estimate
If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, you may notify us of such treatment before treatment begins and receive a pre-treatment estimate. If you desire a pre-treatment estimate, you or your Dental Provider should send a notice to us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets you know in advance approximately what portion of the expenses will be considered for payment.

Benefits for Pediatric Dental Services
Benefits are provided for the Dental Services stated in this subsection when such services are:
A. Medically Necessary.
B. Provided by or under the direction of a Dental Provider.
C. Not excluded as described in “Pediatric Dental Exclusions” of this subsection below.

Complaint Procedures
If you disagree with a determination by HNL, you can appeal the determination. The complaint and appeals process, including independent medical review from the California Department of Insurance, is described in the "Grievance and Appeals Process" and "Independent Medical Review of Grievances Involving a Disputed Health Care Service" sections of this Policy. You may also call HNL at the telephone number on your ID card.

Complaint Resolution
If you have a concern or question regarding the provision of Dental Services or benefits under the Policy, you should contact the Company's customer service department at the telephone number shown on your ID card. Customer service representatives are available to take your call during regular business hours, Monday through C25001(CA 1/18) SHOP
Friday. At other times, you may leave a message on voicemail. A customer service representative will return your call. If you would rather send your concern to us in writing at this point, the Company's authorized representative can provide you with the appropriate address.

If the customer service representative cannot resolve the issue to your satisfaction over the phone, he or she can provide you with the appropriate address to submit a written complaint. We will notify you of our decision regarding your complaint within 30 days of receiving it.

If you disagree with our decision after having submitted a written complaint, you can ask us in writing to formally reconsider your complaint. If your complaint relates to a claim for payment, your request should include:

- The patient's name and the identification number from the ID card
- The date(s) of service(s)
- The provider's name
- The reason you believe the claim should be paid
- Any new information to support your request for claim payment

We will notify you of our decision regarding our reconsideration of your complaint within 60 days of receiving it. If you are not satisfied with our decision, you have the right to take your complaint to the California Department of Insurance.

**Complaint Hearing**

If you request a hearing, we will appoint a committee to resolve or recommend the resolution of your complaint. If your complaint is related to clinical matters, the Company may consult with, or seek the participation of, medical and/or dental experts as part of the complaint resolution process.

The committee will advise you of the date and place of your complaint hearing. The hearing will be held within 60 days following receipt of your request by the Company, at which time the committee will review testimony, explanation or other information that it decides is necessary for a fair review of the complaint.

We will send you written notification of the committee's decision within 30 days of the conclusion of the hearing. If you are not satisfied with our decision, you have the right to take your complaint to the California Department of Insurance.

**Exceptions for Emergency Situations**

Your complaint requires immediate actions when your Dentist judges that a delay in treatment would significantly increase the risk to your health. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Dentist should call us as soon as possible.
- We will notify you of the decision by the end of the next business day after your complaint is received, unless more information is needed.
- If we need more information from your Dentist to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

The complaint process for urgent situations does not apply to prescheduled treatments or procedures that are not urgent situations.

If you are not satisfied with our decision, you have the right to take your complaint to the California Department of Insurance.

If You cannot locate a health care provider who meets Your language needs, You can request to have an interpreter available at no charge.

Covered Persons’ Rights and Responsibilities Statement

HNL is committed to treating Covered Persons in a manner that respects their rights, recognizes their specific needs and maintains a mutually respectful relationship. In order to communicate this commitment, HNL has adopted these Covered Persons’ rights and responsibilities. These rights and responsibilities apply to Covered Persons’ relationships with HNL, its contracting practitioners and providers, and all other health care professionals providing care to its Covered Persons.

Covered Persons have the right to:

- Receive information about HNL, its services, its practitioners and providers and Covered Persons’ rights and responsibilities;
- Be treated with respect and recognition of their dignity and right to privacy;
- Participate with practitioners in making decisions about their health care;
- A candid discussion of appropriate or Medically Necessary treatment options for their conditions, regardless of cost or benefit coverage;
- Request an interpreter at no charge to You;
- Use interpreters who are not Your family members or friends;
- File a grievance in Your preferred language by using the interpreter service or by completing the translated grievance form that is available on www.healthnet.com;
- File a complaint if Your language needs are not met;
- Voice complaints or appeals about the organization or the care it provides; and
- Make recommendations regarding HNL’s member rights and responsibilities policies.
Covered Persons have the responsibility to:

- Supply information (to the extent possible) that the organization and its practitioners and providers need in order to provide care;
- Follow plans and instructions for care that they have agreed-upon on with their practitioners; and
- Be aware of their health problems and participate in developing mutually agreed-upon treatment goals to the degree possible.

**Coordination of Benefits**

**Explanation**

Benefits provided under this Certificate are subject to coordination with benefits payable to You for eligible expenses by any other group coverage including any Hospital, surgical or medical benefit policy, service plan contract, group prepayment plan, coverage through any governmental program or provided by any state or federal statute, as permitted by applicable law.

**Purpose**

Coordination of Benefits (COB) determines responsibility for payment of eligible expenses among insurers providing group coverage to You, so that the total of all reasonable expenses for Covered Services and Supplies will be paid up to the stated limits of each coverage, but not to exceed total expenses incurred for those services and supplies.

**Administration**

If You are known to have group coverage through any other health plan or insurer, responsibility for payment of benefits is determined by following the Rules Establishing the Order of Benefits Determination, formulated by the Insurance Commissioner of the State of California and incorporated in this Certificate. Such rules determine the order of payment responsibilities between HNL and any other applicable group insurer, by establishing which is the Primary Plan and which is the Secondary Plan.

The Covered Person’s coverage is subject to the same limitations, exclusions and other terms of this Certificate whether HNL is the Primary Plan or the Secondary Plan.

- **COVERED EMPLOYEE:** HNL is the Primary Plan with responsibility for first payment, except when (a) You are covered by another group health plan or insurer as the employee and that plan has covered You longer than the HNL plan or (b) the group plan or insurer does not contain a "COB" provision similar to this one.
- **SPOUSE OR DOMESTIC PARTNER:** HNL is the Primary Plan with responsibility for first payment, except when (a) the spouse or Domestic Partner is covered under another group health plan or insurer as the employee or (b) the other group plan or insurer does not contain a "COB" provision similar to this one.
- **CHILD:** Determination of the Primary Plan will be based on the following:
  1. The insurer, under whom the child is covered as a principal enrollee, employee or primary individual, shall be the Primary Plan for that child;
  2. If the child is not covered as specified above and is covered as a dependent under the insurers of both parents, then the insurer of the parent whose date of birth, but not year of birth, occurs earlier in a Calendar Year shall be the Primary Plan for dependent children covered under their group health plan. The insurer of the parent whose birthday occurs later in the Calendar Year shall be the Secondary Plan for dependent children covered under their group health plan;
  3. Group health plan as determined above is the Primary Plan with responsibility for first payment, unless the Rules Establishing the Order of Benefit Determination are affected because of a divorce and assignment of legal custody of the child. If the Mother has legal custody, her group plan or insurer pays first; the stepfather's (if any) group plan or insurer pays second; and the natural father's third. If the Father has legal custody, his group plan or insurer pays first; the stepmother's (if any) pays second and the natural mother's third; or
4. However, if the child's parents are separated or divorced and there is a court decree which would otherwise establish financial responsibility for the medical, dental, or other health care expenses of that child, then the group health plan of the parent with such court-ordered financial responsibility shall be the **Primary Plan**. The group health plan of the other parent shall be the **Secondary Plan**.

When the points above do not establish an order of benefit determination, the insurer or group health plan who has covered the person for the longer period of time shall be the **Primary Plan** and the other insurer shall be the **Secondary Plan**, provided that:

- The benefits of a group health plan or insurer covering the person as a laid off or retired employee or dependent of such person, shall be determined after the benefits of any other insurer or group health plan covering such person as an employee, other than a laid off or retired employee or dependent of such person; and

- If either group health plan does not have a provision regarding laid off or retired employees, which results in each insurer or group health plan determining its benefits after the other, then the provisions of statement above shall not apply.

**Facility of Payment**

If payments which should have been made under this *Certificate* are made by any other group health plan or insurer, HNL shall have the right to pay over to such health plan or insurer any amount HNL determines to be warranted in order to satisfy the intent of this provision. Any amounts so paid shall be deemed to be benefits under this *Certificate* and to the extent of such payments, HNL shall be fully discharged from liability under this *Certificate*.

**Right to Receive and Release Necessary Information**

HNL may obtain or release any information considered to be necessary for "COB" with respect to any person claiming benefits under this *Certificate* without consent of or notice to You or any other person or organization. However, HNL shall not be required to determine the existence of any other group plan or insurer, or the benefits payable under such plan or insurer, when computing benefits due to You covered under this *Certificate*.

**Services Instead of Cash Payments**

When another group health plan or insurer provides services rather than cash payments, the reasonable cash value of each service rendered shall be deemed to be both an allowable expense and a benefit paid. The reasonable cash value of any services provided to the covered individual by any service organization group plan shall be deemed an expense incurred by the individual and the liability of HNL under this *Certificate* will be reduced accordingly.

**Right of Recovery**

Whenever HNL’s payment for covered services exceeds the maximum amount of payment necessary to satisfy the intent of this provision, HNL shall have the right to recover those excessive amounts from any group health plan, any organization or any persons.

**Medicare Coordination of Benefits (COB)**

When You reach age 65, You may become eligible for Medicare based on age. You may also become eligible for Medicare before reaching age 65 due to disability or end stage renal disease. We will solely determine whether we are the primary plan or the secondary plan with regard to services to a Covered Person enrolled in Medicare in accordance with the Medicare Secondary Payer rules established under the provisions of Title XVIII of the Social Security Act and its implementing regulations. Generally, those rules provide that:

If You are enrolled in Medicare Part A and Part B, and are not an active employee or Your employer group has less than twenty employees, then this plan will coordinate with Medicare and be the secondary plan. This Plan also coordinates with Medicare if You are an active employee participating in a Trust through a small employer, in accordance with Medicare Secondary Payer rules. (If You are not enrolled in Medicare Part A and Part B, HNL will provide coverage for Medically Necessary Covered Services without coordination with Medicare.)

For services and supplies covered under Medicare Part A and Part B, claims are first submitted by Your provider or by You to the Medicare administrative contractor for determination and payment of allowable amounts. The Medicare administrative contractor then sends Your medical care provider a Medicare Summary Notice (MSN), (formerly an Explanation of Medicare Benefits (EOMB)). In most cases, the MSN will indicate that the Medicare administrative contractor has forwarded the claim to HNL for secondary coverage consideration. HNL will process
secondary claims received from the Medicare administrative contractor. Secondary claims not received from the
Medicare administrative contractor must be submitted to HNL by You or the provider of service, and must include
a copy of the MSN. HNL and/or Your medical provider is responsible for paying the difference between the
Medicare paid amount and the amount allowed under this plan for the covered services described in this
Certificate, subject to any limits established by Medicare COB law. This Plan will cover benefits as a secondary
payer only to the extent services are coordinated by Your Physician and authorized by HNL as required under this
Certificate.

If either You or Your spouse or Domestic Partner is over the age of 65 and You are actively employed, neither
You nor Your spouse or Domestic Partner is eligible for Medicare Coordination of benefits, unless You are
employed by a small employer and pertinent Medicare requirements are met.

Notification of HNL’s Initial Benefit Determination

Timing of notice:

HNL shall notify the Covered Person of the initial benefit determination within the timeframes described below.

For Urgent Care claim: HNL will notify the Covered Person of Our decision as soon as possible, taking into
account the medical exigencies, but not later than 72 hours from the receipt of the request. If additional
information is necessary to make Our determination, HNL will notify the Covered Person (within 24 hours of the
receipt of the request) of the specific information necessary to make the determination and a reasonable time
frame (that is not less than 48 hours) to provide the information to HNL. HNL will notify the Covered Person of Our
decision no later than 48 hours after the earlier of the receipt of the requested information, or the end of the time
period to provide the requested information.

For concurrent care decisions: If the treatment involves Urgent Care, the request by the Covered Person or the
Covered Person’s Physician to extend the course of treatment beyond the period of time or number of treatments
shall be decided as soon as possible, taking in to account the medical exigencies. The Covered Person will be
notified of Our decision within 24 hours of the receipt of the review request, provided that such a request is made
to the Plan at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

If concurrent review results in an adverse benefit determination, the Covered Person will be notified sufficiently in
advance of the reduction or termination to allow time to appeal and obtain a determination on review of that
adverse benefit determination before the benefit is reduced or terminated.

For all other claims:

The time frames that are described under the “Certification Procedure” and “Retrospective Review” provisions in
the “Certification Requirements” section apply to pre-service and post-service claims in which the benefit
determinations are based on Medical Necessity. Benefit determinations that are not based on Medical Necessity
are subject to the time frames that are described herein.
In the case of a pre-service claim, HNL shall notify the Covered Person of Our decision within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after the receipt of the request. HNL may extend this time period for up to 15 additional days if an extension is necessary due to matters beyond HNL’s control. HNL will notify the Covered Person, prior to the end of the initial 15-day period, of the circumstances requiring the extension of time and the date by which HNL expects to render a decision. In the case in which HNL requires additional information that is necessary to make Our determination, the notice of extension shall describe the required information and the time frame (that is at least 45 days from the Covered Person’s receipt of the notice) to provide the specified information.

In the case of a post-service claim, the Covered Person shall be notified of relevant decisions within a reasonable period of time, but no later than 30 calendar days following the receipt of the claim by HNL. HNL may extend this time period for up to 15 additional days if an extension is necessary due to matters beyond HNL’s control. HNL will notify the Covered Person, prior to the end of the initial 30-day period, of the circumstances requiring the extension of time and the date by which HNL expects to render a decision. In the case in which HNL requires additional information that is necessary to make Our determination, the notice of extension shall describe the required information and the time frame (that is at least 45 days from the Covered Person’s receipt of the notice) to provide the specified information.

Manner and content of notice of an adverse benefit determination:

If Our determination results in an adverse benefit determination, HNL shall send a written or electronic notice to the Covered Person and to the provider of the service that shall include a clear and concise explanation of the reasons for Our decision, a description of the criteria or guidelines used and the clinical reasons for the decisions regarding Medical Necessity, and a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary. The explanation will also include the specific plan provisions on which determination is based. The Medical Necessity decisions communicated to the medical providers will include the name and telephone number of the health care professional responsible for the denial, delay or modification.

In the case of an adverse benefit determination involving Urgent Care, HNL may provide the decision verbally as soon as possible, taking into account the medical exigencies, but no later than 72 hours after receipt of the request. The written or electronic notice shall be provided to the Covered Person not later than 3 days after the verbal notice. The notice of Our decision related to Urgent Care will also include a description of the expedited review process.

HNL will provide the following upon request:

- The criteria, guidelines, protocols, or other similar criterion used by HNL, or an entity with which HNL contracts for utilization review or utilization management functions, to determine whether to authorize, modify, delay, or deny health care services.
- If the adverse determination is based on Medical Necessity or experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination.

Grievance and Appeals Process

Appeal, complaint or grievance means any dissatisfaction expressed by You or Your representative concerning a problem with HNL, a medical provider or Your coverage under this Certificate, including an adverse benefit determination as set forth under the Affordable Care Act (ACA). An adverse benefit determination means a decision by HNL to deny, reduce, terminate or fail to pay for all or part of a benefit including on the basis of:

- A denial, reduction or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review; or
- Any reduction or termination of an approved ongoing course of treatment to be provided over a period of time or number of treatments before the end of such period of time or number of treatments. If there is an adverse benefit determination, the Covered Person will be notified sufficiently in advance of the reduction or termination to allow time to appeal and obtain a determination on review of that adverse benefit determination before the benefit is reduced or terminated.
- Rescission of coverage, even if it does not have an adverse effect on a particular benefit at that time; or
- Determination of an individual's eligibility to participate in this HNL plan; or

C25001(CA 1/18) SHOP
• Determination that a benefit is not covered; or
• An exclusion or limitation of an otherwise covered benefit based on a source-of-injury exclusion; or
• Determination that a benefit is Experimental, Investigational, or not Medically Necessary or appropriate.

There is no requirement that You participate in HNL’s grievance or appeals process before requesting Independent Medical Review (IMR) for Medical Necessity denials. In such cases, You may contact the California Department of Insurance (CDI) to request an IMR of the denial.

For a grievance or appeal of HNL’s benefit determination, HNL shall notify the Covered Person of Our decision in writing or electronically within the following time frames:

Urgent Care claims: As soon as possible, taking into account the medical exigencies, but not later than 72 hours from the time the initial request was received by HNL, until the close of the case with the Covered Person.

Non-Urgent Care services that have not been rendered (pre-service claims): Within a reasonable period of time appropriate to the medical circumstances, but not later than 30 days from the time the initial request was received by HNL, until the close of the case with the Covered Person.

Non-Urgent Care services that have already been rendered (post-service claims): Within a reasonable period of time, but not later than 60 days from the time the initial request was received by HNL, until the close of the case with the Covered Person.

If Our decision is to uphold the adverse benefit determination, the notice of Our decision shall include the specific reason or reasons for the adverse determination and reference to the specific plan provisions on which the determination is based. HNL will provide the following upon request:

• Copies of, all documents, records, and other information relevant to the claim;
• An internal rule, guideline, protocol, or other similar criterion that was relied upon in making the adverse determination;
• If the adverse benefit determination is based on a Medical Necessity or Experimental treatment or similar exclusion or limitation, an explanation of the scientific or clinical judgment used for the determination.

Independent Medical Review of Grievances Involving a Disputed Health Care Service

You may request an independent medical review (IMR) of Disputed Health Care Services from the Department of Insurance (Department) if You believe that health care services eligible for coverage and payment under Your HNL

C25001(CA 1/18) SHOP
plan have been improperly denied, modified or delayed by HNL. A “Disputed Health Care Service” is any health care service eligible for coverage and payment under Your HNL plan that has been denied, modified or delayed by HNL or one of its contracting providers, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available. You will not pay any application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. HNL will provide You with an IMR application form and HNL’s grievance response letter that states its position on the Disputed Health Care Service. A decision not to participate in the IMR process may cause You to forfeit any statutory right to pursue legal action against HNL regarding the Disputed Health Care Service.

Eligibility
Your application for IMR will be reviewed by the Department to confirm that it meets all the eligibility requirements of the law for IMR which are set out below:

- Your provider has recommended a health care service as Medically Necessary, You have received urgent or Emergency Care that a provider determined to have been Medically Necessary; or in the absence of provider recommendation You have been seen by a Physician for the diagnosis or treatment of the medical condition for which You seek IMR;
- The Disputed Health Care Service has been denied, modified or delayed by HNL, based in whole or in part on a decision that the health care service is not Medically Necessary; and
- You have filed a grievance with HNL and the disputed decision is upheld by HNL or the grievance remains unresolved after 30 days. Within the next six months, You may apply to the Department for IMR or later, if the Department agrees to extend the application deadline. If Your grievance requires expedited review You may bring it immediately to the Department’s attention. The Department may waive the requirement that You must follow HNL’s grievance process in extraordinary and compelling cases.

If Your case is eligible for IMR, the dispute will be submitted to a medical Specialist who will make an independent determination of whether or not the care is Medically Necessary. You will receive a copy of the assessment made in Your case from the IMR. If the IMR determines the service is Medically Necessary, HNL will provide benefits for the Disputed Health Care Service in accordance with the terms and conditions of this Certificate. If the case is not eligible for IMR, the Department will advise You of Your alternatives.

For non-urgent cases, the IMR organization designated by the Department must provide its determination within 30 days of receipt of the application for review and the supporting documents.

If there is an imminent and serious threat to the health of the Covered Person, including, but not limited to, serious Pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of the Covered Person’s health, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the Department of Insurance may waive the requirement that the Covered Person follow the insurer’s grievance process in extraordinary and compelling cases, where the commissioner finds that the Covered Person has acted reasonably.

For more information regarding the IMR process or to request an application form, please call the Customer Contact Center at the telephone number on Your HNL ID card.

Independent Medical Review of Investigational or Experimental Therapies
HNL does not cover Experimental or Investigational drugs, devices, procedures or therapies. However, if HNL denies or delays coverage for requested treatment on the basis that it is Experimental or Investigational and You meet the eligibility criteria set out below, You may request an independent medical review (IMR) of HNL’s decision from the Department of Insurance.

Eligibility
- You must have a life-threatening or seriously debilitating condition;
- Your Physician must certify to HNL that You have a life-threatening or seriously debilitating condition for which standard therapies have not been effective in improving Your condition or are otherwise medically inappropriate and there is no more beneficial therapy covered by HNL;
Either (a) Your contracting Physician has recommended a drug, device, procedure, or other therapy that the Physician certifies in writing is likely to be more beneficial to You than any available standard therapies, or (b) You, or the Your Physician who is a licensed, board-certified or board-eligible Physician qualified to practice in the area of practice appropriate to treat Your condition, has requested a therapy that, based on two documents from the medical and scientific evidence, as defined below, is likely to be more beneficial for You than any available standard therapy. The Physician certification shall include a statement of the evidence relied upon by the Physician in certifying his or her recommendation. Nothing in this provision shall be construed to require HNL to pay for the services of a noncontracting Physician that are not otherwise covered pursuant to the contract.

- You have been denied coverage by HNL for the recommended or requested therapy; and
- If not for HNL’s determination that the recommended or requested treatment is Experimental or Investigational, it would be covered.

For purposes of this provision, “life-threatening” means either or both of the following:
- Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted.
- Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

For purposes of this provision, “seriously debilitating” means diseases or conditions that cause major irreversible morbidity.

For purposes of this provision, “medical and scientific evidence” means the following sources:

1. Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.

2. Peer-reviewed literature, biomedical compendia and other medical literature that meet the criteria of the National Institutes of Health’s National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline and MEDLARS database of Health Services Technology Assessment Research (HSTAR).

3. Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act.

4. Either of the following reference compendia:
   a. The American Hospital Formulary Service’s Drug Information.
   b. The American Dental Association Accepted Dental Therapeutics.

5. Any of the following reference compendia, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen:
   b. The National Comprehensive Cancer Network Drug and Biologics Compendium.
   c. The Thomson Micromedex DrugDex.

6. Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Health Care Financing Administration, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services.

7. Peer-reviewed abstracts accepted for presentation at major medical association meetings.

If there is an imminent and serious threat to the health of the Covered Person, including, but not limited to, serious Pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of the Covered Person’s health, all necessary information and documents shall be delivered to an independent medical review organization within 24 hours of approval of the request for review. In reviewing a request for review, the
Department of Insurance may waive the requirement that the Covered Person follow the insurer’s grievance process in extraordinary and compelling cases, where the commissioner finds that the Covered Person has acted reasonably.

If HNL denies coverage of the recommended or requested therapy and You meet the eligibility requirements, HNL will notify You within five business days of its decision and Your opportunity to request an external review of HNL’s decision through IMR. HNL will provide You with an application form to request an IMR of HNL’s decision. The IMR process is in addition to any other procedures or remedies that may be available. You will not pay any application or processing fees of any kind for IMR. You have the right to provide information in support of Your request for IMR. If Your Physician determines that the proposed therapy should begin promptly, he or she may request expedited review and the experts on the IMR panel will render a decision within seven days of the request. If the IMR panel recommends that HNL cover the recommended or requested therapy, coverage for the services will be subject to the terms and conditions generally applicable to other benefits to which you are entitled. A decision not to participate in the IMR process may cause You to forfeit any statutory right to pursue legal action against HNL regarding the denial of the recommended or requested therapy. For more information, please call the Customer Contact Center at the telephone number on Your HNL ID card.

**Arbitration**

As a condition to becoming a HNL Covered Person, You agree to submit all disputes You may have with HNL, except those described below, to final and binding arbitration. Likewise, HNL agrees to arbitrate all such disputes. This mutual agreement to arbitrate disputes means that both You and HNL are bound to use binding arbitration as the final means of resolving disputes that may arise between the parties, and thereby the parties agree to forego any right they may have to a jury trial on such disputes. However, no remedies that otherwise would be available to either party in a court of law will be forfeited by virtue of this agreement to use and be bound by HNL’s binding arbitration process. This agreement to arbitrate shall be enforced even if a party to the arbitration is also involved in another action or proceeding with a third party arising out of the same matter.

Sometimes disputes or disagreements may arise between You (including Your enrolled Dependents, heirs or personal representatives) and HNL regarding the construction, interpretation, performance or breach of this Certificate, or regarding other matters relating to or arising out of Your HNL membership. Typically such disputes are handled and resolved through the HNL Grievance, Appeal and Independent Medical Review process described above. However, in the event that a dispute is not resolved in that process, HNL uses binding arbitration as the final method for resolving all such disputes, whether stated in tort, contract or otherwise, and whether or not other parties such as employer groups, health care providers, or their agents or employees, are also involved. In addition, disputes with HNL involving alleged professional liability or medical malpractice (that is, whether any medical services rendered were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) also must be submitted to binding arbitration.

HNL’s binding arbitration process is conducted by mutually acceptable arbitrator(s) selected by the parties. The Federal Arbitration Act, 9 U.S.C. § 1, et seq., will govern arbitrations under this process. In the event that the total amount of damages claimed is $200,000 or less ($50,000 or less with respect to disputes with HNL involving alleged professional liability or medical malpractice), the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable single neutral arbitrator who shall hear and decide the case and have no jurisdiction to award more than $200,000 or $50,000, whichever is applicable. In the event that total amount of damages is over $200,000 or $50,000, whichever is applicable, the parties shall, within 30 days of submission of the demand for arbitration to HNL, appoint a mutually acceptable panel of three neutral arbitrators (unless the parties mutually agree to one arbitrator), who shall hear and decide the case.

If the parties fail to reach an agreement during this time frame, then, in accordance with California Insurance Code 10123.19(b), either party may apply to a Court of Competent Jurisdiction for appointment of the arbitrator(s) to hear and decide the matter. When a petition is made to the court to appoint a neutral arbitrator, the court shall nominate five persons from lists of persons supplied jointly by the parties to the arbitration or obtained from a governmental agency concerned with arbitration or private disinterested association concerned with arbitration. The parties to the agreement who seek arbitration and against whom arbitration is sought may within five days of receipt of notice of the nominees from the court jointly select the arbitrator whether or not the arbitrator is among the nominees. If the parties fail to select an arbitrator within the five-day period, the court shall appoint the arbitrator from the nominees.
Arbitration can be initiated by submitting a demand for arbitration to HNL at the address provided below. The demand must have a clear statement of the facts, the relief sought and a dollar amount.

The arbitrator is required to follow applicable state or federal law. The arbitrator may interpret this Certificate, but will not have any power to change, modify or refuse to enforce any of its terms, nor will the arbitrator have the authority to make any award that would not be available in a court of law. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award setting forth findings of fact and conclusions of law, and that award will be final and binding on all parties except to the extent that state or federal law provide for judicial review of arbitration proceedings.

The parties will share equally the arbitrator's fees and expenses of administration involved in the arbitration. Each party also will be responsible for their own attorneys’ fees. In cases of extreme hardship to a Covered Person, HNL may assume all or portion of a Covered Person's share of the fees and expenses of the arbitration. Upon written notice by the Covered Person requesting a hardship application, HNL will forward the request to an independent professional dispute resolution organization for a determination. Such request for hardship should be submitted to the Litigation Administrator at the address provided above.

Covered Persons who are enrolled in an employer’s plan that is subject to ERISA, 29 U.S.C. § 1001 et seq., a federal law regulating benefit plans, are not required to submit disputes about certain "adverse benefit determinations" made by HNL to mandatory binding arbitration. Under ERISA, an "adverse benefit determination" means a decision by HNL to deny, reduce, terminate or not pay for all or a part of a benefit. However, You and HNL may voluntarily agree to arbitrate disputes about these "adverse benefit determinations" at the time the dispute arises.

**Medical Malpractice Disputes**

HNL and the health care providers that provide services to You through this plan are each responsible for their own acts or omissions and are ordinarily not liable for the acts or omissions or costs of defending others.
SPECIFIC PROVISIONS

Recovery of Benefits Paid by HNL

When You Are Injured

If you are ever injured through the actions of another person or yourself (responsible party), HNL will provide benefits for all Covered Services and Supplies that you receive through this plan. However, if you receive money or are entitled to receive money because of your injuries, whether through a settlement, judgment or any other payment associated with your injuries, HNL or the medical providers retain the right to recover the value of any services provided to you under this Certificate.

As used throughout this provision, the term responsible party means any party actually or potentially responsible for making any payment to a Covered Person due to a Covered Person’s injury, illness or condition. The term responsible party includes the liability insurer of such party or any insurance coverage.

Some examples of how you could be injured through the actions of a responsible party are:

- You were in a car accident; or
- You slip and fall in a store.

HNL’s rights of recovery apply to any and all recoveries made by you or on your behalf from the following sources, including but not limited to:

- Payments made by a third party or any insurance company on behalf of a third party;
- Uninsured or underinsured motorist coverage;
- Personal injury protection, no fault or any other first party coverage;
- Workers Compensation or Disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners’ insurance coverage, umbrella coverage; and
- Any other payments from any other source received as compensation for the responsible party’s actions.

By accepting benefits under this Plan, you acknowledge that HNL has a right of reimbursement that attaches when this Plan has paid for health care benefits for expenses incurred due to the actions of a responsible party and you or your representative recovers or is entitled to recover any amounts from a responsible party.

Under California law, HNL’s legal right to reimbursement creates a health care lien on any recovery.

By accepting benefits under this Plan, you also grant HNL an assignment of your right to recover medical expenses from any medical payment coverage available to the extent of the full cost of all covered services provided by the Plan and you specifically direct such medical payments carriers to directly reimburse the plan on your behalf.

Steps the Covered Person Must Take

If you are injured because of a responsible party, you must cooperate with HNL’s and the medical providers’ efforts to obtain reimbursement, including:

- Telling HNL and the medical providers the name and address of the responsible party, if you know it, the name and address of his or her lawyer, if he or she is using a lawyer, the name and address of any insurance company involved with your injuries and describing how the injuries were caused;
- Completing any paperwork that HNL or the medical providers may reasonably require to assist in enforcing the lien;
- Promptly responding to inquiries from the lienholders about the status of the case and any settlement discussions;
- Notifying the lienholders immediately upon you or your lawyer receiving any money from the responsible parties, any insurance companies, or any other source;

C25001(CA 1/18) SHOP
• Pay the health care lien from any recovery, settlement or judgment, or other source of compensation and all reimbursement due HNL for the full cost of benefits paid under the Plan that are associated with injuries through a responsible party regardless of whether specifically identified as recovery for medical expenses and regardless of whether You are made whole or fully compensated for Your loss;

• Do nothing to prejudice HNL’s rights as set forth above. This includes, but is not limited to, refraining from any attempts to reduce or exclude from settlement or recovery the full cost of all benefits paid by the plan; and;

• Hold any money that You or Your lawyer receive from the responsible parties or, from any other source, in trust and reimbursing HNL and the medical providers for the amount of the lien as soon as You are paid.

**How the Amount of the Covered Person’s Reimbursement is Determined**

The following section is not applicable to Workers’ Compensation liens and may not apply to certain ERISA plans, hospital liens, Medicare plans and certain other programs and may be modified by written agreement.*

Your reimbursement to HNL or the medical provider under this lien is based on the value of the services received and the costs of perfecting this lien. For the purposes of determining the lien amount, the value of the services depends on how the provider was paid, as summarized below, and will be calculated in accordance with California Civil Code Section 3040, or as otherwise permitted by law.

- The amount of the reimbursement owed to HNL or the medical provider will be reduced by the percentage that the recovery is reduced if a judge, jury or arbitrator determines that You were responsible for some portion of Your injuries;

- The amount of the reimbursement owed HNL or the medical provider will also be reduced by a pro rata share for any legal fees or costs paid from money You received; and

- The amount You will be required to reimburse HNL or the medical provider for services received under this plan will not exceed one-third of the money You receive if You engage a lawyer or one-half of the money received if a lawyer is not engaged.

* Reimbursement related to Workers’ Compensation benefits, ERISA plans, hospital liens, Medicare and other programs not covered by California Civil Code, Section 3040 will be determined in accordance with the provisions of this Certificate and applicable law.

**Surrogacy Arrangements**

A Surrogacy Arrangement is an arrangement in which a woman agrees to become pregnant and to carry the child for another person or persons who intend to raise the child.

**Your Responsibility for Payment to HNL**

If You enter into a surrogacy arrangement, You must pay Us for Covered Services and Supplies You receive related to conception, pregnancy, or delivery in connection with that arrangement ("Surrogacy Health Services"), except that the amount You must pay will not exceed the payments You and/or any of Your family members are entitled to receive under the surrogacy arrangement. You also agree to pay Us for the Covered Services and Supplies that any child born pursuant to the surrogacy arrangement receives at the time of birth or in the initial Hospital stay, except that if You provide proof of valid insurance coverage for the child in advance of delivery or if the intended parents make payment arrangements acceptable to HNL in advance of delivery, You will not be responsible for the payment of the child’s medical expenses.

**Assignment of Your Surrogacy Payments**

By accepting Surrogacy Health Services, You automatically assign to Us Your right to receive payments that are payable to You or Your chosen payee under the surrogacy arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and/or any escrow account or trust established to hold those payments. Those payments shall first be applied to satisfy our lien. The assignment and Our lien will not exceed the total amount of Your obligation to Us under the preceding paragraph.

**Duty to Cooperate**

Within 30 days after entering into a surrogacy arrangement, You must send written notice of the arrangement, including the names and addresses of the other parties to the arrangement to include any escrow agent or
trustee, and a copy of any contracts or other documents explaining the arrangement as well as the account number for any escrow account or trust, to:

*Surrogacy Third Party Liability – Product Support*
*The Rawlings Company*
*One Eden Parkway*
*LaGrange, KY 40031-8100*

You must complete and send Us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for Us to determine the existence of any rights we may have under this “Surrogacy Arrangements” provision and/or to determine the existence of (or accounting for funds contained in) any escrow account or trust established pursuant to Your surrogacy arrangement and to satisfy HNL’s rights.

You must do nothing to prejudice the health plan’s recovery rights.

You must also provide Us the contact and insurance information for the persons who intend to raise the child and whose insurance will cover the child at birth.

You may not agree to waive, release, or reduce our rights under this provision without Our prior, written consent. If Your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, Your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to Our liens and other rights to the same extent as if You had asserted the claim against the third party. We may assign our rights to enforce Our liens and other rights.

### Out-of-State Providers

If the principal Covered Persons or their Dependents are traveling outside of California, require medical care or treatment, and use a provider from the travel network, their out-of-pocket expenses may be lower than those incurred when they use an Out-of-Network Provider. Dependents living outside of California and away from the primary residence of the principal Covered Person can also use the travel network and still obtain Preferred Provider coverage within the United States.

When You obtain services outside California through the travel network, You will be subject to the same Copayments, Coinsurances, Deductibles, maximums and limitations as You would be if You obtained services from a Preferred Provider in California. There is the following exception: Covered Expenses will be calculated based on the lower of (i) the actual billed charges or (ii) the charge that the out-of-state provider network is allowed to charge, based on the contract between HNL and the network. In a small number of states, local statutes may dictate a different basis for calculating Your Covered Expenses.

The travel network is reserved for states outside of California. Covered Persons seeking services outside of Los Angeles County in California will need to use their out-of-network benefits (even if they are traveling).

When traveling outside of California, the travel network consists of providers who participate in a network (other than the EnhancedCare PPO network), as shown on Your HNL ID card, that agrees to provide discounted health care services to HNL Covered Persons.

### Second Medical Opinion

When requested by a Covered Person or participating health professional who is treating a Covered Person, We will authorize a second opinion by an appropriately qualified health care professional. When a Covered Person requests a second opinion, he or she will be responsible for any applicable Copayments or Coinsurance. Reasons for a second opinion include, but are not limited to, the following:

- If the Covered Person questions the reasonableness or necessity of recommended surgical procedures.
- If the Covered Person questions a diagnosis or plan of care for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment, including, but not limited to, a serious Chronic condition.
- If clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating health professional is unable to diagnose the condition and the Covered Person requests an additional diagnosis.
• If the treatment plan in progress is not improving the medical condition of the Covered Person within an appropriate period of time given the diagnosis and plan of care, and Covered Person requests a second opinion regarding the diagnosis or continuance of the treatment.

• If the Covered Person has attempted to follow the plan of care or consulted with the initial provider concerning serious concerns about the diagnosis or plan of care.

As used above, an appropriately qualified health care professional is a Physician or a Specialist who is acting within his or her scope of practice and who possesses a clinical background, including training and expertise, related to the particular illness, injury, condition or conditions associated with the request for a second opinion.

If the Covered Person or participating health professional who is treating the Covered Person requests a second opinion, an authorization or denial shall be provided in an expeditious manner. When the Covered Person's condition is such that he or she faces an imminent and serious threat to his or her health, including, but not limited to, the potential loss of life, limb or other major bodily function, or lack of timeliness that would be detrimental to the Covered Person's life or health or could jeopardize the insured's ability to regain maximum function, then the second opinion shall be rendered in a timely fashion appropriate to the nature of the Covered Person's condition, not to exceed 72 hours after HNL's receipt of the request, whenever possible.

To request an authorization for a second opinion, contact the Customer Contact Center at the telephone number on the HNL ID card. We will review the request in accordance with HNL’s procedures and timelines as stated in the second opinion policy. For more information on the second opinion policy, please contact the Customer Contact Center.

The second opinion consultation is a consultation by an appropriately qualified healthcare professional, and may include recommendations for additional x-ray, laboratory services or treatment. Services recommended by the second opinion consultation may be subject to Certification. Please refer to the “Certification Requirements” section to determine which services are subject to Certification.

If We deny a request by a Covered Person for a second opinion, We will notify the Covered Person in writing of the reasons for the denial and will inform the Covered Person of the right to dispute the denial, and the procedures for exercising that right.

Expenses for Copying Medical Records
We will reimburse the Covered Person or provider for reasonable expenses incurred in copying medical records requested by Us.

Cash Benefits
In most instances, You will not need to file a claim when You receive Covered Services and Supplies from a Preferred Provider. If You use an Out-of-Network Provider and file a claim, HNL will reimburse You for the amount You paid for Covered Expenses, less any applicable Deductible, Copayment or Coinsurance. If You signed an assignment of benefits and the provider presents it to Us, We will send the payment directly to the provider. You must provide proof of any amounts that You have paid.

If a parent who has custody of a child submits a claim for cash benefits on behalf of the child who is subject to a Medical Child Support Order, HNL will send the payment to the custodial parent.

- **Direct Payment.** Benefit payment for Covered Expenses will be made directly to:
  1. **Contracting Hospitals:** Hospitals which have Provider Service Agreements with HNL to provide services to Covered Persons.
  2. **Providers of Ambulance transportation and certified nurse midwives:** As required by the California Insurance Code, this must occur, even if written assignment has not been made by You. However, if the submitted provider's statement or bill indicates that the charges have been paid in full, payment will be made to You.
  3. **Other providers of service not mentioned above, Hospital and professional:** when You assign benefits to them in writing.

- **Joint Payment.** Benefit payment for Covered Expenses will be made jointly to other providers and You when a written assignment stipulates joint payment.

- **Direct Payment to You.** In situations not described above, payment will be made to You. HNL reserves the right to recover an overpayment if all or some of the payment made by Us directly to You exceeded the benefits under the Certificate. If an overpayment is discovered, we will notify You within 6 months of the date of the error. In the case of an error prompted by representations or nondisclosure of claimants or third parties, We will notify You within fifteen (15) calendar days after the date of discovery of such error. The notice will include the cause of the error and the amount of the overpayment. You will have 30 days to dispute the overpayment, and if We are notified within the time allotted of Your disagreement that an overpayment occurred, the overpayment will not be deducted from future benefits.

Physical Examination and Autopsy
HNL, at its expense, has the right and opportunity to examine or request an examination of any Covered Person whose injury or sickness is the basis of a claim as often as is reasonably required while the claim is pended and to make an autopsy in case of death where it is not forbidden by law.

Change of Beneficiary
Unless the Covered Person makes an irrevocable designation or beneficiary, the right to change of beneficiary is reserved to the Covered Person and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this Certificate or to any change of beneficiary or beneficiaries, or to any other changes in this Certificate.

Dependent Coverage Outside California
Dependents living outside California and away from the primary residence of the principal Covered Person can still obtain Preferred Provider coverage within the United States, as described in the "Out-of-State Providers" provision in the "Specific Provisions" section. Outside the United States, coverage is limited to Emergency Care and Urgent Care, as described below under "Foreign Travel or Work Assignment" in this “Miscellaneous Provisions” section.
Foreign Travel or Work Assignment
Benefits will be provided for Emergency Care and Urgent Care received in a foreign country. Determination of Covered Expenses will be based on the amount that is no greater than the Maximum Allowable Amount in the USA for the same or a comparable service. The Maximum Allowable Amount is defined in the Definitions section.

Workers' Compensation Insurance
This Certificate is not in lieu of and does not affect any requirement for, or coverage by, Workers' Compensation Insurance.

Diethylstilbestrol
Coverage under this Certificate will not be reduced, limited or excluded solely due to conditions attributable to diethylstilbestrol or exposure to diethylstilbestrol.

Notice
Any notice required of HNL shall be sufficient if mailed to the holder of the Group Policy at the address appearing on the records of HNL. This Certificate, however, will be posted electronically on HNL’s website at www.healthnet.com. The Group can opt for the Covered Person to receive this Certificate online. By registering and logging on to HNL’s website, Covered Persons can access, download and print this Certificate, or can choose to receive it by U.S. mail, in which case HNL will mail this Certificate to each Covered Person’s address on record.

If notice is required of You or the Group, it will be sufficient if mailed to Covered California.

Interpretation of Certificate
The laws of the State of California shall be applied to interpretations of this Certificate.

Legal Actions
No action at law or in equity may be brought to recover benefits prior to the expiration of 60 days after written Proof of Loss has been furnished. No such action may be brought after a period of 3 years (or the period required by law, if longer) after the time limits stated in the Proofs of Loss section.

Misstatement of Age
If the age of any Covered Person covered under this Certificate has been misstated, there shall be an adjustment of the premium for this Certificate so that there shall be paid to the insurer the premium for the coverage of such Covered Person at his correct age, and the amount of the insurance coverage shall not be affected.

Clerical Error
No clerical error on the part of the Group applying for coverage shall affect the insurance, or amount thereof, of any Covered Person, provided proper premium adjustment is made upon discovery of such error.

Non-Regulation of Providers
This EnhancedCare PPO plan does not regulate the amounts charged by providers of medical care, except to the extent that the rates for the Covered Services and Supplies are negotiated with Preferred Providers.

Free Choice of Provider
This EnhancedCare PPO plan does not interfere with Your right to select any properly licensed Hospital, Physician (including Specialists and behavioral health care providers), laboratory or other health care professional or facility that provides services or supplies covered by this plan. However, Your choice of provider may affect the amount of benefits payable. To identify a Preferred Provider, visit the HNL website at www.healthnet.com or contact the Customer Contact Center at the telephone number on Your HNL ID Card to obtain a copy of the Preferred Provider Directory.

Timely Access to Care
The California Department of Insurance (CDI) has issued regulations (California Code of Regulations Title 10 sections 2240.15 and 2240.16) with requirements for timely access to non-emergency health care services through Preferred Providers. HNL is required to provide or arrange for the provision of covered health care services in a timely manner appropriate for the nature of the Covered Person’s condition consistent with good professional practice. Relationship of Parties
The relationship, if any, between HNL and any health care providers is that of an independent contractor
relationship. Physicians, Hospitals, Skilled Nursing Facilities and other health care providers and community
agencies are not agents or employees of HNL. HNL shall not be liable for any claim or demand on account of
damages arising out of, or in any manner connected with, any injuries suffered by You while receiving care from any
health care provider. Neither the Group nor any Covered Person is the agent or representative of HNL. Neither shall
be liable for any acts or omissions of HNL, its agents or employees.

HNL retains the right to designate or replace an administrator to perform certain functions for providing the
Covered Services and Supplies of this Certificate. If HNL does designate or replace any administrator, HNL will
inform You of all new procedures. Any administrator designated by HNL is an independent contractor and not an
employee or agent of HNL.

Technology Assessment
New technologies are those procedures, drugs or devices that have recently been developed for the treatment of
specific diseases or conditions or are new applications of existing procedures, drugs or devices. New
technologies are considered investigational or experimental during various stages of clinical study as safety and
effectiveness are evaluated and the technology achieves acceptance into the medical standard of care. The
advancements may continue to be considered investigational or experimental if clinical study has not shown safety
or effectiveness or if they are not considered standard care by the appropriate medical specialty. Approved

HNL determines whether new technologies should be considered medically appropriate, or investigational or
experimental, following extensive review of medical research by appropriately specialized physicians. HNL
requests review of new technologies by an independent, expert medical reviewer in order to determine medical
appropriateness or investigational or experimental status of a technology or procedure.

The expert medical reviewer also advises HNL when patients require quick determinations of coverage, when
there is no guiding principle for certain technologies or when the complexity of a patient’s medical condition
requires expert evaluation. If HNL denies, modifies or delays coverage for Your requested treatment on the basis
that it is Experimental or Investigational, You may request an independent medical review (IMR) of HNL’s
decision from the Department of Insurance. Please refer to the “Independent Medical Review of Grievances
Involving a Disputed Health Care Service” in the “General Provisions” section for additional details.

Confidentiality of Medical Records
A STATEMENT DESCRIBING HNL'S POLICIES AND PROCEDURES FOR PRESERVING
THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE

Intermittent Skilled Nursing Services are services requiring the skilled services of a registered nurse or LVN, which do not exceed 6 hours in total, provided either continuously or intermittently, in a 24-hour period. Investigational (or Experimental) means a drug, biological product, device, equipment, medical treatment, therapy, or procedure (“Service”) that is not presently recognized as standard medical care for a medically diagnosed condition, illness, disease, or injury, but which Service is being actively investigated for use in the treatment of the diagnosed condition, illness, disease, or injury.

A service is Investigational or Experimental if it meets any of the following criteria:

- It is currently the subject of active and credible evaluation (e.g., clinical trials or research) to determine:
  - clinical efficacy,
  - therapeutic value or beneficial effects on health outcomes, or
  - benefits beyond any established medical based alternative.

- It is the subject of an active and credible evaluation and does not have final clearance from applicable governmental regulatory bodies (such as the US Food and Drug Administration "FDA") and unrestricted market approval for use in the treatment of a specified medical condition or the condition for which authorization of the service is requested.

Maintenance Drugs are Prescription Drugs (excluding Specialty Drugs) taken continuously to manage chronic or long term conditions where Covered Persons respond positively to a drug treatment plan with a specific medication at a constant dosage requirement.

Maximum Allowable Amount (MAA) is the amount on which HNL bases its reimbursement for Covered Services and Supplies provided by an Out-of-Network Provider, which may be less than the amount billed for those services and supplies. HNL calculates Maximum Allowable Amount as the lesser of the amount billed by the Out-of-Network Provider or the amount determined as set forth below. Maximum Allowable Amount is not the amount that HNL pays for a Covered Service; the actual payment will be reduced by applicable Coinsurance, Copayments, Deductibles and other applicable amounts set forth in this Certificate.

• Maximum Allowable Amount for Covered Services and Supplies, excluding Emergency Care, pediatric Dental Services and out patient pharmaceuticals, received from an Out-of-Network Provider is a percentage of what Medicare would pay, known as the Medicare Allowable Amount, as defined in this Certificate.

For illustration purposes only, Out-of-Network Provider: 70% HNL Payment / 30% Covered Person Coinsurance:

The Maximum Allowable Amount for facility services, including but not limited to Hospital, Skilled Nursing Facility, and Outpatient Surgery, is determined by applying 150% of the Medicare Allowable Amount.

Maximum Allowable Amount for Physician and all other types of services and supplies is the lesser of the billed charge or 100% of the Medicare Allowable Amount.

In the event there is no Medicare Allowable Amount for a billed service or supply code:

a. Maximum Allowable Amount for professional and ancillary services shall be 100% of FAIR Health’s Medicare gapfilling methodology. Services or supplies not priced by gapfilling methodology shall be the lesser of: (1) the average amount negotiated with EnhancedCare PPO Preferred Providers within the geographic region for the same Covered Services or Supplies provided; (2) 50th percentile of FAIR Health database of professional and ancillary services not included in FAIR Health Medicare gapfilling methodology; (3) 100% of Medicare Allowable Amount for the same Covered Services or Supplies under alternative billing codes published by Medicare; or (4) 50% of the Out-of-Network Provider’s billed charges for Covered Services. A similar type of database or valuation service will only be substituted if a named database or valuation services becomes unavailable due to discontinuation by the vendor or contract termination.

b. Maximum Allowable Amount for facility services shall be the lesser of: (1) the average amount negotiated with EnhancedCare PPO Preferred Providers within the geographic region for the same Covered Services or Supplies provided; (2) 100% of the derived amount using a method developed by Data iSight for facility services (a data service that applies a profit margin factor to the estimated costs of the services rendered), or a similar type of database or valuation service, which will only be substituted if a named database or valuation services becomes unavailable due to discontinuation by the vendor or contract termination; (3) 150% of the Medicare Allowable Amount for the same Covered
Definitions

Services or Supplies under alternative billing codes published by Medicare; or (4) 50% of the Out-of-Network Provider’s billed charges for Covered Services.

- Maximum Allowable Amount for Out-of-Network Emergency Care will be the greatest of: (1) the median of the amounts negotiated with Preferred Providers for the emergency service provided, excluding any in-network Copayment or Coinsurance; (2) the amount calculated using the same method HNL generally uses to determine payments for Out-of-Network providers, excluding any in-network Copayment or Coinsurance; or (3) the amount paid under Medicare Part A or B, excluding any in-network Copayment or Coinsurance.

- Maximum Allowable Amount for non-emergent services at an in-network (EnhancedCare PPO network) health facility, at which, or as a result of which, You receive non-emergent Covered Services by an Out-of-Network Provider, the non-emergent services provided by the Out-of-Network Provider will be payable at the greater of the average Contracted Rate or 125% of the amount Medicare reimburses on a fee-for-service basis for the same or similar services in the general geographic region in which the services were rendered unless otherwise agreed to by the noncontracting individual health professional and HNL.

- Maximum Allowable Amount for covered outpatient pharmaceuticals (including but not limited to injectable medications) dispensed and administered to the patient, in an outpatient setting, including, but not limited to, Physician office, outpatient Hospital facilities, and services in the patient's home, will be the lesser of billed charges or the Average Wholesale Price for the drug or medication.

- Maximum Allowable Amount for pediatric Dental Services is calculated by HNL based on available data resources of competitive fees in that geographic area and must not exceed the fees that the Dental Provider would charge any similarly situated payor for the same services for each Covered Dental Service. The data resources of competitive fees are supplied by FAIR Health, which are updated twice a year. HNL reimburses non-Network Dental Providers at 55% of FAIR Health rates. You must pay the amount by which the non-Network provider's billed charge exceeds the Eligible Dental Expense.

The Maximum Allowable Amount may also be subject to other limitations on Covered Expenses. See “Schedule of Benefits,” “Plan Benefits” and “General Limitations and Exclusions” sections for specific benefit limitations, maximums, Certification requirements and payment policies that limit the amount we pay for certain Covered Services and Supplies.

In addition to the above, from time to time, we also contract with vendors that have contracted fee arrangements with providers (“Third Party Networks”). In the event we contract with a Third Party Network that has a contract with the Out-of-Network Provider, we may, at our option, use the rate agreed to by the Third Party Network as the Maximum Allowable Amount. Alternatively, we may, at our option, refer a claim for Out-of-Network Services to a fee negotiation service to negotiate the Maximum Allowable Amount for the service or supply provided directly with the Out-of-Network Provider. In either of these two circumstances, You will not be responsible for the difference between billed charges and the Maximum Allowable Amount. You will be responsible for any applicable Deductible, Copayment and/or Coinsurance at the Out-of-Network level.

NOTE: When the Centers for Medicare and Medicaid Services (CMS) adjusts the Medicare Allowable Amount, HNL will adjust, without notice, the Maximum Allowable Amount based on the CMS schedule currently in effect. Claims payment will be determined according to the schedule in effect at the time the charges are incurred. Claims payment will also never exceed the amount the Out-of-Network Provider charges for the service or supply. You should contact the Customer Contact Center if You wish to confirm the Covered Expenses for any treatment or procedure You are considering.

For more information on the determination of Maximum Allowable Amount, or for information, services and tools to help You further understand Your potential financial responsibilities for Out-of-Network Services and Supplies please log on to www.healthnet.com or contact HNL Customer Service at the number on Your identification card.

Maximum Allowable Cost for any Prescription Drug is the maximum charge HNL will allow for Generic Drugs, or for Brand Name Drugs that have a generic equivalent. Medicaid (identified as “Medi-Cal” in California) is the program of medical coverage provided by the states under Title XIX of the Social Security Act, as amended by Public Law 89-97, including any amendments which may
be enacted in the future.

**Medical Child Support Order** is a court judgment or order that, according to state or federal law, requires group health plans that are affected by that law to provide coverage to a child or children who is the subject of such an order. HNL will honor such orders.

**Medically Necessary (or Medical Necessity)** means health care services and outpatient Prescription Drug benefits that a Physician, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, or health condition, and that are:

- In accordance with generally accepted standards of medical practice;
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease; and
- Not primarily for the convenience of the patient, Physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, Physician Specialty Society recommendations, the views of Physicians practicing in relevant clinical areas and any other relevant factors.

For Pediatric Dental Services, Medically Necessary means Dental Services and supplies under this *Certificate* which are based on accepted dental practices and meet all of the following:

- Necessary to meet the basic dental needs of the Covered Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Covered Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
  - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
  - Safe with promising efficacy
    - For treating a life threatening dental disease or condition.
    - Provided in a clinically controlled research setting.
    - Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.
- For orthodontic benefits, when medically necessary to prevent disease and promote oral health, restore oral structures to health and function, and treat emergency conditions.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this *Certificate*. The definition of Necessary used in this *Certificate* relates only to Benefits under this *Certificate* and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.
Medicare is the name commonly used to describe Health Insurance Benefits for the Aged and Disabled provided under Public Law 89-97 as amended to date or as later amended.

Medicare Allowable Amount: HNL uses available guidelines of Medicare to assist in its determination as to which services and procedures are eligible for reimbursement. HNL will, to the extent applicable, apply Medicare claim processing rules to claims submitted. HNL will use these rules to evaluate the claim information and determine accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying Medicare rules may affect the Maximum Allowable Amount if it is determined the procedure and/or diagnosis codes used were inconsistent with Medicare procedure coding rules or reimbursement policies.

Medicare pays 100% of the Medicare Allowable Amount. The Medicare Allowable Amount is subject to automatic adjustment by the Centers for Medicare and Medicaid Services (CMS), an agency of the federal government which regulates Medicare.

Penalties paid for services which were not certified as required will not be applied to the Out-of-Pocket Maximum, and your responsibility for these penalties will continue to apply to these expenses after the Out-of-Pocket Maximum is reached. For a family plan, an individual is responsible only for meeting the individual Out-of-Pocket Maximum. Deductibles, Copayments and Coinsurance for out-of-network Emergency Care, including emergency Hospital care and emergency medical transportation accrues to the in-network Out-of-Pocket Maximum.
