 **This is only a summary.** If you want more detail about your coverage and costs, you can get the complete terms in the policy or plan document at blueshieldca.com/sbc-eoc/M0011406.pdf or by calling 1-855-258-3744.

Important Questions	Answers	Why this Matters:
What is the overall <u>deductible</u> ?	\$2,000 per individual / \$4,000 per family. Does not apply to services except to the ones listed below or the services listed in the formal contract of coverage.	You must pay all the costs up to the <u>deductible</u> amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the <u>deductible</u> starts over (usually, but not always, January 1st). See the chart starting on page 3 for how much you pay for covered services after you meet the <u>deductible</u> .
Are there other <u>deductibles</u> for specific services?	Yes. For plan providers: \$250 per individual / \$500 per family calendar year deductible for pharmacy coverage. Does not apply to contraceptive drugs and devices. Does not apply to oral anticancer medications. Does not accrue to calendar year medical deductible. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this plan begins to pay for these services.
Is there an <u>out-of-pocket limit</u> on my expenses?	Yes. \$6,800 per individual / \$13,600 per family Calendar year pharmacy deductible accrues to the out-of-pocket limit.	The <u>out-of-pocket limit</u> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.

Important Questions	Answers	Why this Matters:
What is not included in the <u>out-of-pocket limit</u>?	Premiums, some copayments, cost sharing for certain services listed in formal contract of coverage, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Is there an overall annual limit on what the plan pays?	No.	The chart starting on page 3 describes any limits on what the plan will pay for <i>specific</i> covered services, such as office visits.
Does this plan use a <u>network of providers</u>?	Yes. This health plan uses the Trio ACO HMO Provider Network. See www.blueshieldca.com or call 1-855-258-3744 for a list of plan providers.	If you use an in-network doctor or other health care <u>provider</u> , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network <u>provider</u> for some services. Plans use the term in-network, <u>preferred</u> , or participating for <u>providers</u> in their <u>network</u> . See the chart starting on page 3 for how this plan pays different kinds of <u>providers</u>
Do I need a referral to see a <u>specialist</u>?	Yes. Members need written approval to see a specialist except for OB/GYN or pediatrician serving as Primary Care Physician. Members may self refer using the Access+ Self Referral feature or for OB/GYN services. Please see the formal contract of coverage for details.	The plan will pay some or all of the costs to see a <u>specialist</u> for covered services but only if you have the plan's permission before you see the <u>specialist</u> .
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on page 12. See your policy or plan document for additional information about <u>excluded services</u> .

- **Copayments** are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan's **allowed amount** for an overnight hospital stay is \$1,000, your **coinsurance** payment of 20% would be \$200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- This plan may encourage you to use plan **providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.

About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.
- Plan and patient payments are based on a single person enrolled on the plan or policy.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

- ✗ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

- ✗ **No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

- ✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

- ✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **copayments**, **deductibles**, and **coinsurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.

Summary of Benefits

Endnotes:

1. For family coverage, there is an individual deductible within the family deductible. This means that the deductible will be met for an individual who meets the individual deductible prior to the family meeting the family deductible.

The Covered Services listed below (as they appear in the Summary of Benefits) are subject to, and will accrue to, the Calendar Year Medical Deductible.

Ambulance benefits

Emergency room benefits: emergency room services (facility) resulting in admission

Hospital benefits (facility services): inpatient facility services, inpatient skilled nursing services including sub-acute care, and inpatient services to treat acute medical complications of detoxification

Medical treatment for the teeth, gums, jaw joints, or jaw bones benefits: inpatient hospital services

Mental health, behavioral health, and substance use disorder benefits: inpatient hospital services, inpatient professional services, and residential care

Pregnancy and maternity care benefits: delivery and all inpatient hospital and physician services

Professional benefits: inpatient and outpatient physician services

Reconstructive surgery benefits: inpatient hospital services

Skilled nursing facility benefits

Transplant benefits: inpatient hospital or facility services, and professional services

2. A Calendar Year Pharmacy Deductible applies to Pharmacy Benefits and is separate from the Calendar Year Medical Deductible. Copayments and Coinsurance accruing to the Calendar Year Pharmacy Deductible do not accrue to the Calendar Year Medical Deductible; however, Copayments and Coinsurance for Pharmacy Benefits do accrue to the Calendar Year Out-of-Pocket Maximum. There is an individual deductible within the Family Calendar Year Pharmacy Deductible. This means that the Calendar Year Pharmacy Deductible will be met for an individual who meets the individual deductible prior to the family meeting the family deductible.

3. Copayments or Coinsurance for Covered Services accrue to the Calendar Year Out-of-Pocket Maximum, except Copayments or Coinsurance for Covered Services listed in the following sections of this Summary of Benefits:

Additional payment for failure to utilize the benefit management program: additional or reduced payments

Family planning benefits: infertility services

Note: Copayments, Coinsurance, and charges for services not accruing to the Calendar Year Out-of-Pocket Maximum continue to be the Member's responsibility after the Calendar Year Out-of-Pocket Maximum is reached.

4. Any Coinsurance is calculated based on the Allowed Charge unless otherwise specified.
5. Prior authorization from the MHSA is required for all non-Emergency or non-Urgent Inpatient Services, and Non-Routine Outpatient Mental Health Services and Behavioral Health Treatment, and Outpatient Substance Use Disorder Services. No prior authorization is required for Routine Outpatient Mental Health Services and Behavioral Health Treatment, and Outpatient Substance Use Disorder Services – Professional (Physician) Office Visit.
6. For Non-Routine Outpatient Mental Health Services and Behavioral Health Treatment, and Outpatient Substance Use Disorder Services - Partial Hospitalization Program Services, an episode of care is the date from which the patient is admitted to the Partial Hospitalization Program and ends on the date the patient is discharged or leaves the Partial Hospitalization Program. Any services received between these two dates would constitute an episode of care. If the patient needs to be readmitted at a later date, then this would constitute another episode of care.
7. The Member's Copayment or Coinsurance includes both outpatient facility and Professional (Physician) Services.
8. This benefit plan's prescription drug coverage is on average equivalent to or better than the standard benefit set by the federal government for Medicare Part D (also called creditable coverage). Because this benefit plan's prescription drug coverage is creditable, you do not have to enroll in Medicare Part D while you maintain this coverage; however, you should be aware that if you have a subsequent break in this coverage of 63 days or more before enrolling in Medicare Part D you could be subject to payment of higher Medicare Part D premiums.
9. There is no Copayment or Coinsurance for contraceptive drugs and devices, however, if a Brand contraceptive drug is selected when a Generic Drug equivalent is available, the Member is responsible for the difference between the cost to Blue Shield for the Brand contraceptive drug and its Generic Drug equivalent. If the Brand contraceptive drug is Medically Necessary, it may be covered without a Copayment or Coinsurance with prior authorization. The difference in cost does not accrue to the Calendar Year Pharmacy Deductible, Medical Deductible, or Out-of-Pocket Maximum.
10. Copayment or Coinsurance is calculated based on the contracted rate.
11. Copayment or Coinsurance is per prescription up to a 30-day supply (up to 90-day supply for mail order).

12. Blue Shield's Short Cycle Specialty Drug Program allows initial prescriptions for select Specialty Drugs to be dispensed for a 15-day trial supply, as further described in the EOC. In such circumstances, the applicable Specialty Copayment or Coinsurance will be pro-rated.
13. The comprehensive examination Benefit and Allowance includes fitting, evaluation and follow-up care fees for Non-Elective (Medically Necessary) Contact Lenses (hard or soft) or Elective Contact Lenses (standard hard or soft) in lieu of eyeglasses by Participating or Preferred Providers.
14. This Benefit covers Collection frames at no cost at participating independent and retail chain providers. Participating retail chain providers typically do not display the frames as "Collection" but are required to maintain a comparable selection of frames that are covered in full.
For non-Collection frames the allowable amount is up to \$150; however, if (a) the Participating Provider uses wholesale pricing, then the wholesale allowable amount will be up to \$99.06, or if (b) the Participating Provider uses warehouse pricing, then the warehouse allowable amount will be up to \$103.64. Participating Providers using wholesale pricing are identified in the provider directory.
If frames are selected that are more expensive than the allowable amount established for this Benefit, the Member is responsible for the difference between the allowable amount and the provider's charge.
15. Contact lenses are covered in lieu of eyeglasses. See the Definitions section in the Evidence of Coverage for the definitions of Elective Contact Lenses and Non-Elective (Medically Necessary) Contact Lenses.
16. A report from the provider and prior authorization from the Vision Plan Administrator (VPA) is required.
17. All vision services must be provided through a participating vision care provider. For a list of participating vision providers, members can search in the "Find a Provider" section of blueshieldca.com. All pediatric vision benefits are provided through MESVision, Blue Shield's Vision Plan Administrator. Any vision services deductibles, copayments and coinsurance for covered vision services from participating vision providers accrue to the calendar year out-of-pocket maximum. Costs for non-covered services, services from non-participating vision providers, charges in excess of benefit maximums and premiums do not accrue to the calendar year out-of-pocket maximum.
18. Pediatric dental benefits are available through a DHMO network of participating dentists. With the exception of emergency dental services, all dental services must be provided through a participating dentist in this DHMO network. For a list of participating dentists, members can search in the "Find a Provider" section of blueshieldca.com. All pediatric dental benefits are provided by Dental Benefits Providers, Blue Shield's Dental Plan Administrator. Members should contact Dental Plan Member Services if they need assistance locating a Dental Plan Provider in the Service Area. Refer to the *Evidence of Coverage* and Summary of Benefits for details. The Plan will review and consider the request for services that cannot be reasonably obtained in network. Any calendar year pediatric dental services copayments for covered dental services accrue to the calendar year out-of-pocket maximum, including any copayments for covered orthodontia services received. Costs for non-covered services, charges in excess of benefit maximums and premiums do not accrue to the calendar year out-of-pocket maximum.
19. There are no waiting periods for pediatric dental services.
20. The Member's Copayment or Coinsurance for covered Medically Necessary Orthodontia services applies to a course of treatment even if it extends beyond a Calendar Year. This applies as long as the Member remains enrolled in the Plan.

Benefit Plans may be modified to ensure compliance with state and federal requirements.

Introduction to the Blue Shield of California Health Plan

Trio ACO HMO Plans offer a limited selection of IPAs and medical groups from which Members must choose, and a limited network of Hospitals. The IPAs and medical groups in Trio ACO HMO participate in accountable care organization collaborations with Blue Shield.

It is important for Members to review the list of providers within the Trio ACO HMO Physician and Hospital Directory before enrolling in this Plan. In many areas, there may only be one (1) IPA or Medical Group from which to select a Personal Physician or to receive Covered Services.

This Blue Shield of California (Blue Shield) Evidence of Coverage describes the health care coverage that is provided under the Group Health Service Contract between Blue Shield and the Contractholder (Employer). A Summary of Benefits is provided with, and is incorporated as part of, this Evidence of Coverage.

Please read this Evidence of Coverage and Summary of Benefits carefully. Together they explain which services are covered and which are excluded. They also contain information about the role of the Personal Physician in the coordination and authorization of Covered Services and Member responsibilities such as payment of Copayments, Coinsurance and Deductibles.

Capitalized terms in this Evidence of Coverage have a special meaning. Please see the *Definitions* section for a clear understanding of these terms. Members may contact Blue Shield Customer Service with questions about their Benefits. Contact information can be found on the back page of this Evidence of Coverage.

This health Plan is offered through Covered California for Small Business (CCSB). For more information about Covered California for Small Business, please visit www.coveredca.com or call 1-888-975-1142.

How to Use This Health Plan

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

Selecting a Personal Physician

Each Member must select a general practitioner, family practitioner, internist, obstetrician/gynecologist, or pediatrician as their Personal Physician at the time of enrollment. Individual Family members must also designate a Personal Physician, but each may select a different provider as their Personal Physician. A list of Blue Shield Trio ACO HMO Providers is available online at www.blueshieldca.com. Members may also call the Customer Service Department at the telephone number provided on the back page of this Evidence of Coverage for assistance in selecting a Personal Physician.

The Member's Personal Physician must be located sufficiently close to the Member's home or work address to ensure reasonable access to care, as determined by Blue Shield. If the Member does not select a Personal Physician at the time of enrollment, Blue Shield will designate a Personal Physician and the Member will be notified. This designation will remain in effect until the Member requests a change.

A Personal Physician must also be selected for a newborn or child placed for adoption within 31 days from the date of birth or placement for adoption. The selection may be made prior to the birth or placement for adoption and a pediatrician may be selected as the Personal Physician. For the month of birth, the Personal Physician must be in the same Medical Group or Independent Practice Association (IPA) as the mother's Personal Physician when the newborn is the natural child of the mother. If the mother of the newborn is not enrolled as a Member or if the child has been placed with the Subscriber for adoption, the Personal Physician selected must be a Physician in the same Medical Group or IPA as the Subscriber. If a Personal Physician is not selected for the child, Blue Shield will designate a Personal Physician from the same Medical Group or IPA

as the natural mother or the Subscriber. This designation will remain in effect for the first calendar month during which the birth or placement for adoption occurred.

To change the Personal Physician for the child after the first month, see the section below on *Changing Personal Physicians or Designated Medical Group or IPA*.

The child must be enrolled with Blue Shield to continue coverage beyond the first 31 days from the date of birth or placement for adoption. See the *Eligibility and Enrollment* section for additional information.

Personal Physician Relationship

The Physician-patient relationship is an important element of an HMO Plan. The Member's Personal Physician will make every effort to ensure that all Medically Necessary and appropriate professional services are provided in a manner compatible with the Member's wishes. If the Member and Personal Physician fail to establish a satisfactory relationship or disagree on a recommended course of treatment, the Member may contact Customer Service at the number provided on the back page of this Evidence of Coverage for assistance in selecting a new Personal Physician.

If a Member is not able to establish a satisfactory relationship with his or her Personal Physician, Blue Shield will provide access to other available Personal Physicians.

Role of the Personal Physician

The Personal Physician chosen by the Member at the time of enrollment will coordinate all Covered Services including primary care, preventive services, routine health problems, consultations with Plan Specialists (except as provided under Obstetrical/Gynecological Physician services, Access+ Specialist, and Mental Health, Behavioral Health, and Substance Use Disorder Services), Hospice admission through a Participating Hospice Agency, Emergency Services, Urgent Services and Hospital admission. The Personal Physician will also manage prior authorization when needed.

Because Physicians and other Health Care Providers set aside time for scheduled appointments, the Member should notify the provider's office within 24 hours if unable to keep an appointment. Some offices may charge a fee (not to exceed the Member's Copayment or Coinsurance) unless the missed appointment was due to an emergency situation or 24-hour advance notice is provided.

Obstetrical/Gynecological (OB/GYN) Physician Services

A female Member may arrange for obstetrical and/or gynecological (OB/GYN) Covered Services by an obstetrician/gynecologist or family practice Physician who is not her designated Personal Physician without a referral from the Personal Physician or Medical Group/IPA. However, the obstetrician/gynecologist or family practice Physician must be in the same Medical Group/IPA as the Member's Personal Physician.

Obstetrical and gynecological services are defined as Physician services related to:

- 1) prenatal, perinatal and postnatal (pregnancy) care,
- 2) diagnose and treatment of disorders of the female reproductive system and genitalia,
- 3) treatment of disorders of the breast,
- 4) routine annual gynecological/well-woman examinations.

Obstetrical/Gynecological Physician services are separate from the Access+ Specialist feature described later in this section.

Referral to Specialty Services

Although self-referral to Plan Specialists is available through the Access+ Specialist feature, Blue Shield encourages Members to receive specialty services through a referral from their Personal Physician.

When the Personal Physician determines that specialty services, including laboratory and X-ray, are Medically Necessary, he or she will initiate a referral to a designated Plan Provider and request necessary authorizations. The Personal Physician will generally refer the Member to a Specialist or

other Health Care Provider within the same Medical Group/IPA. The Specialist or other Health Care Provider will send a report to the Personal Physician after the consultation so that the Member's medical record is complete.

In the event no Plan Provider is available to perform the needed services, the Personal Physician will refer the Member to a non-Plan Provider after obtaining authorization. Specialty services are subject to all benefit and eligibility provisions, exclusions and limitations described in this Evidence of Coverage.

See the *Mental Health, Behavioral Health, and Substance Use Disorder Services* section for information regarding Mental Health Services, Behavioral Health Treatment and Substance Use Disorder Services.

Role of the Medical Group or IPA

Most Blue Shield HMO Personal Physicians contract with a Medical Group or IPA to share administrative and authorization responsibilities (some Personal Physicians contract directly with Blue Shield). The Personal Physician coordinates the Member's care within the Member's Medical Group/IPA and directs referrals to Medical Group/IPA Specialists or Hospitals, unless care for the Member's health condition is unavailable within the Medical Group/IPA.

The Member's Medical Group/IPA ensures that a full panel of Specialists is available and assists the Personal Physician with utilization management of Plan Benefits. Medical Groups/IPAs also have admitting arrangements with Blue Shield's contracted Hospitals within their service area. The Medical Group/IPA also works with the Personal Physician to authorize Covered Services and ensure that Covered Services are performed by Plan Providers.

The Member should contact Member Services if the Member needs assistance locating a Plan Provider in the Member's Service Area. The Plan will review and consider a Member's request for services that cannot be reasonably obtained in network. If a Member's request for services from a Non-Plan Provider is approved, the Plan will

pay for Covered Services from the Non-Plan Provider.

The Member's Personal Physician and Medical Group/IPA are listed on the Member's identification (ID) card.

Changing Personal Physicians or Designated Medical Group or IPA

The Trio ACO HMO Plan offers a limited selection of IPAs and Medical Groups from which Members must choose. Members may change their Personal Physician to another Personal Physician within their selected Medical Group/IPA by calling Shield Concierge at the number provided on the back of this Evidence of Coverage, on the back of the ID Card, or by submitting a request through the Blue Shield member portal.

It is important for Members to review the list of providers within the Trio ACO HMO Physician and Hospital Directory before enrolling in this Plan. In many areas, there may only be one (1) IPA or Medical Group from which to select a Personal Physician or to receive Covered Services.

In scenarios where there is only one (1) IPA or Medical Group, Members may not change their Trio ACO HMO Medical Group/IPA except by enrolling in a different health plan, either at open enrollment or as the result of a qualifying event.

In some circumstances, however, more than one Medical Group/IPA serves a particular area. In such situations, Members may change their selected Medical Group/IPA to another Medical Group/IPA the same way they change their Personal Physician. If the selected Medical Group/IPA does not have an affiliation with the Member's Personal Physician, a change in Medical Group/IPA may also require the Member to select a new Personal Physician.

Changes in Medical Group/IPA or Personal Physician are effective the first day of the month following notice of approval by Blue Shield. Once the change of Personal Physician is effective, all care must be provided or arranged by the new Personal Physician, except for OB/GYN services and Access+ Specialist visits as noted in earlier sections.

Once the Medical Group/IPA change is effective, authorizations for Covered Services provided by the former Medical Group/IPA are no longer valid. Care must be transitioned to specialists within the new Medical Group/IPA, and except for Access+ Specialist visits, new authorizations must be obtained. Members may call Customer Service for assistance with Personal Physician or Medical Group/IPA changes.

Voluntary Medical Group/IPA changes are not permitted while the Member is confined to a Hospital or during the third trimester of pregnancy. The effective date of the new Medical Group/IPA will be the first of the month following discharge from the Hospital, or when pregnant, following the completion of postpartum care.

Additionally, changes in Personal Physician or Medical Group/IPA during an on-going course of treatment may interrupt care. For this reason, the effective date of a Personal Physician or Medical Group/IPA change, when requested during an on-going course of treatment, will be the first of the month following the date it is medically appropriate to transfer the Member's care to a new Personal Physician or Medical Group/IPA, as determined by Blue Shield.

Exceptions must be approved by a Blue Shield Medical Director. For information about approval for an exception to the above provisions, please contact Customer Service at the number provided on the back page of this Evidence of Coverage.

If a Member's Personal Physician terminates participation in the Plan, Blue Shield will notify the Member in writing and designate a new Personal Physician who is immediately available to provide the Member's medical care. Members may also make their own selection of a new Personal Physician within 15 days of this notification. The Member's selection must be approved by Blue Shield prior to receiving any Covered Services under the Plan.

Access+ Specialist

The Member may arrange an office visit with an Access+ Plan Specialist within their Personal Physician's Medical Group/IPA without a referral from the Personal Physician. The Member is re-

sponsible for the Copayment or Coinsurance listed in the Summary of Benefits for each Access+ Specialist visit including the initial visit and follow up care not referred through the Member's Personal Physician.

See the *Mental Health, Behavioral Health, and Substance Use Disorder Services* section for information regarding Access+ Specialist visits for Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services.

An Access+ Specialist visit includes an office visit for an examination or other consultation including diagnosis and treatment provided by a Medical Group or IPA Plan Specialist without a Personal Physician referral

An Access+ Specialist visit does not include:

- 1) Services which are not otherwise covered;
- 2) Services provided by a non-Access+ Provider (such as Podiatry and Physical Therapy);
- 3) Allergy testing;
- 4) Endoscopic procedures
- 5) Diagnostic and nuclear imaging including CT, MRI, or bone density measurement;
- 6) Injectables, chemotherapy, or other infusion drugs, other than vaccines and antibiotics;
- 7) Infertility services;
- 8) Emergency Services;
- 9) Urgent Services;
- 10) Inpatient services, or any services which result in a facility charge, except for routine X-ray and laboratory services;
- 11) Services for which the Medical Group or IPA routinely allows the Member to self-refer without authorization from the Personal Physician;
- 12) OB/GYN services by an obstetrician/gynecologist or family practice Physician within the same Medical Group/IPA as the Personal Physician.

Access+ Satisfaction

Members may provide Blue Shield with feedback regarding the service received from Plan Physicians. If a Member is dissatisfied with the service provided during an office visit with a Plan Physician, the Member may contact Customer Service at the number provided on the back page of the Evidence of Coverage.

Mental Health, Behavioral Health, and Substance Use Disorder Services

Blue Shield contracts with a Mental Health Service Administrator (MHSA) to underwrite and deliver all Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services through a unique network of MHSA Participating Providers. All non-emergency Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Hospital admissions and Non-Routine Outpatient Mental Health Services and Behavioral Health Treatment, and Outpatient Substance Use Disorder Services, except for Access+ Specialist visits, must be arranged through and authorized by the MHSA. Members are not required to coordinate Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services through their Personal Physician.

All Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services must be provided by an MHSA Participating Provider, apart from the exceptions noted in the next paragraph. Information regarding MHSA Participating Providers is available online at www.blueshieldca.com. Members, or their Personal Physician, may also contact the MHSA directly for information and to select an MHSA Participating Provider by calling 1-877-263-9952. Your Personal Physician may also contact the MHSA to obtain information regarding the MHSA Participating Providers.

Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services received from an MHSA Non-Participating Provider will not be covered except as an Emergency or Urgent Service or when no MHSA Participating Provider is available to perform the

needed services and the MHSA refers the Member to an MHSA Non-Participating Provider and authorizes the services. Except for these stated exceptions, all charges for Mental Health Services, Behavioral Health Treatment, or Substance Use Disorder Services not rendered by an MHSA Participating Provider will be the Member's responsibility. For complete information regarding Benefits for Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services, see the *Mental Health, Behavioral Health, and Substance Use Disorder Benefits* section.

Prior Authorization for Mental Health, Behavioral Health, and Substance Use Disorder Services

The MHSA Participating Provider must obtain prior authorization from the MHSA for all non-emergency Mental Health Hospital admissions including acute inpatient care and Residential Care. The provider should call Blue Shield's Mental Health Service Administrator (MHSA) at 1-877-263-9952 at least five business days prior to the admission. Non-Routine Outpatient Mental Health Services, including, but not limited to, Behavioral Health Treatment, Partial Hospitalization Program (PHP), Intensive Outpatient Program (IOP), Electroconvulsive Therapy (ECT), Psychological Testing and Transcranial Magnetic Stimulation (TMS) must also be prior authorized by the MHSA.

The MHSA will render a decision on all requests for prior authorization of services as follows:

- 1) for Urgent Services, as soon as possible to accommodate the Member's condition not to exceed 72 hours from receipt of the request;
- 2) for other services, within five business days from receipt of the request. The treating provider will be notified of the decision within 24 hours followed by written notice to the provider and Member within two business days of the decision.

If prior authorization is not obtained for a mental health inpatient admission or for any Non-Routine Outpatient Mental Health Services and the services provided to the member are determined

not to be a Benefit of the plan, coverage will be denied.

Prior authorization is not required for an emergency admission.

Continuity of Care by a Terminated Provider

Members who (1) are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; (2) are children from birth to 36 months of age; or (3) have received authorization from a terminated provider for surgery or another procedure as part of a documented course of treatment can request completion of care in certain situations with a provider who is leaving the Blue Shield provider network. Contact Customer Service to receive information regarding eligibility criteria and the written policy and procedure for requesting continuity of care from a terminated provider.

Continuity of Care for New Members by Non-Contracting Providers

Newly covered Members who (1) are being treated for acute conditions, serious chronic conditions, pregnancies (including immediate postpartum care), or terminal illness; (2) are children from birth to 36 months of age; or (3) have received authorization from a provider for surgery or another procedure as part of a documented course of treatment can request completion of care in certain situations with the non-contracting provider who was providing services to the Member at the time the Member's coverage became effective under this Plan. Contact Customer Service to receive information regarding eligibility criteria and the written policy and procedure for requesting continuity of care from a non-contracting provider.

Second Medical Opinion

Members who have questions about their diagnoses, or believe that additional information concerning their condition would be helpful in determining the most appropriate plan of treatment, may request a referral from their Personal Physician to another Physician for a second medical

opinion. The Member's Personal Physician may also offer a referral to another Physician for a second opinion.

If the second opinion involves care provided by the Member's Personal Physician, the second opinion will be provided by a Physician within the same Medical Group/IPA. If the second opinion involves care received from a Specialist, the second opinion may be provided by any Blue Shield Specialist of the same or equivalent specialty. All second opinion consultations must be authorized by the Medical Group/IPA.

Urgent Services

The Blue Shield Trio ACO HMO Health Plan provides coverage for you and your family for your urgent service needs when you or your family are temporarily traveling outside of your Personal Physician Service Area.

Urgent Services are defined as those Covered Services rendered outside of the Personal Physician Service Area (other than Emergency Services) which are Medically Necessary to prevent serious deterioration of a Member's health resulting from unforeseen illness, injury or complications of an existing medical condition, for which treatment cannot reasonably be delayed until the Member returns to the Personal Physician Service Area.

Out-of-Area Follow-up Care is defined as non-emergent Medically Necessary out-of-area services to evaluate the Member's progress after an initial Emergency or Urgent Service.

(Urgent care) While in your Personal Physician Service Area

If you require urgent care for a condition that could reasonably be treated in your Personal Physician's office or in an urgent care clinic (i.e., care for a condition that is not such that the absence of immediate medical attention could reasonably be expected to result in placing your health in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part), you must first call your Personal Physician. However, you may go directly to an urgent care clinic when your assigned Medical Group/IPA has provided you with instructions for

obtaining care from an urgent care clinic in your Personal Physician Service Area.

Outside of California

The Blue Shield Trio ACO HMO Health Plan provides coverage for you and your family for your Urgent Service needs when you or your family are temporarily traveling outside of California. You can receive urgent care services from any provider; however, using the *BlueCard*[®] Program, described herein, can be more cost-effective and eliminate the need for you to pay for the services when they are rendered and submit a claim for reimbursement. Note: Authorization by Blue Shield is required for care that involves a surgical or other procedure or inpatient stay.

Out-of-Area Follow-up Care is covered and services may be received through the *BlueCard* Program participating provider network or from any provider. However, authorization by Blue Shield is required for more than two Out-of-Area Follow-up Care outpatient visits. Blue Shield may direct the patient to receive the additional follow-up services from the Personal Physician.

Within California

If you are temporarily traveling within California, but are outside of your Personal Physician Service Area, if possible you should call Blue Shield Customer Service at the number provided on the back page of this booklet for assistance in receiving Urgent Services through a Blue Shield of California Plan Provider. You may also locate a Plan Provider by visiting our web site at www.blueshieldca.com. However, you are not required to use a Blue Shield of California Plan Provider to receive Urgent Services; you may use any provider. Note: Authorization by Blue Shield is required for care that involves a surgical or other procedure or inpatient stay.

Follow-up care is also covered through a Blue Shield of California Plan Provider and may also be received from any provider. However, when outside your Personal Physician Service Area authorization by Blue Shield is required for more than two Out-of-Area Follow-up Care outpatient visits. Blue Shield may direct the patient to re-

ceive the additional follow-up services from the Personal Physician.

If services are not received from a Blue Shield of California Plan Provider, you may be required to pay the provider for the entire cost of the service and submit a claim to Blue Shield. Claims for Urgent Services obtained outside of your Personal Physician Service Area within California will be reviewed retrospectively for coverage.

When you receive covered Urgent Services outside your Personal Physician Service Area within California, the amount you pay, if not subject to a flat dollar Copayment, is calculated based on Blue Shield's Allowed Charges.

Emergency Services

The Benefits of this plan will be provided for Emergency Services received anywhere in the world for emergency care of an illness or injury.

For Emergency Services from a provider, the Member is only responsible for the applicable Deductible, Copayment or Coinsurance as shown in the Summary of Benefits, and is not responsible for any Allowed Charges Blue Shield is obligated to pay.

Members who reasonably believe that they have an emergency medical condition which requires an emergency response are encouraged to appropriately use the "911" emergency response system (where available) or seek immediate care from the nearest Hospital.

Members should go to the closest Plan Hospital for Emergency Services whenever possible. The Member should notify their Personal Physician within 24 hours of receiving Emergency Services or as soon as reasonably possible following medical stabilization.

An emergency means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in any of the following:

- 1) placing the Member's health in serious jeopardy;

- 2) serious impairment to bodily functions;
- 3) serious dysfunction of any bodily organ or part.

If a Member receives non-authorized services under circumstances that were not a situation in which a reasonable person would believe that an emergency condition existed, the Member will be responsible for the cost of those services.

NurseHelp 24/7SM

The NurseHelp 24/7 program offers Members access to registered nurses 24 hours a day, seven days a week. Registered nurses can provide assistance in answering many health-related questions, including concerns about:

- 1) symptoms the patient is experiencing;
- 2) minor illnesses and injuries;
- 3) chronic conditions;
- 4) medical tests and medications; and
- 5) preventive care

Cost Sharing

The Summary of Benefits provides the Member's Copayment, Coinsurance, Calendar Year Deductible and Calendar Year Out-of-Pocket Maximum amounts.

Calendar Year Medical Deductible

The Calendar Year Medical Deductible is the amount an individual or a Family must pay for Covered Services each Calendar Year before Blue Shield begins payment in accordance with this Evidence of Coverage. The Calendar Year Medical Deductible does not apply to all plans. When applied, this Deductible accrues to the Calendar Year Out-of-Pocket Maximum. Information specific to the Member's plan is provided in the Summary of Benefits.

The Summary of Benefits indicates whether or not the Calendar Year Medical Deductible applies to a particular Covered Service.

There is an individual Deductible within the Family Calendar Year Medical Deductible. This means:

- 1) Blue Shield will pay Benefits for that individual Member of a Family who meets the individual Calendar Year Medical Deductible amount prior to the Family Calendar Year Medical Deductible being met.
- 2) If the Family has 2 Members, each Member must meet the individual Deductible amount to satisfy the Family Calendar Year Medical Deductible.
- 3) If the Family has 3 or more Members, the Family Calendar Year Medical Deductible can be satisfied by 2 or more Members.

Once the respective Deductible is reached, Covered Services are paid at the Allowed Charges, less any applicable Copayment and Coinsurance, for the remainder of the Calendar Year.

Calendar Year Pharmacy Deductible

The Calendar Year Pharmacy Deductible is the amount a Member must pay each Calendar Year for covered Drugs before Blue Shield begins payment in accordance with the Group Health Service Contract. The Calendar Year Pharmacy De-

ductible does not apply to all plans. When it does apply, this Deductible accrues to the Calendar Year Out-of-Pocket Maximum. There is an individual Deductible within the Family Calendar Year Pharmacy Deductible. Information specific to the Member's Plan is provided in the Summary of Benefits.

The Summary of Benefits indicates whether or not the Calendar Year Pharmacy Deductible applies to a particular Drug.

Drugs in Tier 1, and Contraceptive drugs and devices are not subject to the Calendar Year Pharmacy Deductible. The Calendar Year Pharmacy Deductible applies to all other Drugs.

Calendar Year Out-of-Pocket Maximum

The Calendar Year Out-of-Pocket Maximum is the highest Deductible, Copayment and Coinsurance amount an individual or Family is required to pay for designated Covered Services each year. If a benefit plan has any Calendar Year Medical Deductible, it will accumulate toward the applicable Calendar Year Out-of-Pocket Maximum. The Summary of Benefits indicates whether or not Copayment and Coinsurance amounts for a particular Covered Service accrue to the Calendar Year Out-of-Pocket Maximum.

There is an individual Out-of-Pocket Maximum within the Family Calendar Year Out-of-Pocket Maximum. This means:

- 1) The Out-of-Pocket Maximum will be met for that individual Member of a Family who meets the individual Calendar Year Out-of-Pocket Maximum amount prior to the Family Calendar Year Out-of-Pocket Maximum being met.
- 2) If the Family has 2 Members, each Member must meet the individual Out-of-Pocket Maximum amount to satisfy the Family Calendar Year Out-of-Pocket Maximum.
- 3) If the Family has 3 or more Members, the Family Calendar Year Out-of-Pocket Maximum can be satisfied by 2 or more Members.

The Summary of Benefits provides the Calendar Year Out-of-Pocket Maximum amounts at both the individual and Family levels. When the re-

spective maximum is reached, Covered Services will be paid by Blue Shield at 100% for the remainder of the Calendar Year.

Charges for services that are not covered do not accrue to the Calendar Year Out-of-Pocket Maximum and continue to be the Member's responsibility after the Calendar Year Out-of-Pocket Maximum is reached.

Liability of Subscriber or Member for Payment

As described in Role of the Personal Physician and adjacent sections above, in general all services must be prior authorized by the Personal Physician or Medical Group/IPA. In addition, as designated in Prior Authorization for Mental Health, Behavioral Health Treatment, and Substance Use Disorder Services above, non-emergency inpatient and non-routine outpatient Mental Health Services, Behavioral Health Treatment, and Substance Use Disorder Services must be prior authorized by the MHSA. However, a Member will not be responsible for payment of covered Mental Health and Substance Use Services requiring prior authorization solely because an MHSA Participating Provider fails to obtain prior authorization.

The following services do not require prior authorization by the Member's Personal Physician, Medical Group/IPA, or the MHSA:

- 1) Emergency Services;
- 2) Urgent Services;
- 3) Access+ Specialist visits;
- 4) Hospice program services provided by a Participating Hospice Agency after the Member has been referred and accepted into the Hospice Program;
- 5) OB/GYN services by an obstetrician/gynecologist or family practice Physician within the Personal Physician's Medical Group/IPA; and,
- 6) Routine Outpatient Mental Health Services and Behavioral Health Treatment, and Outpatient Substance Use Disorder Services by an MHSA Participating Provider.

In general, the Member is responsible for payment for:

- 1) Any services that are not Covered Services; and
- 2) Any Covered Services (except Emergency Services or Urgent Services) that are rendered by a non-Plan Provider, unless the Member has been referred to such services by their Personal Physician or the MHSA and the services are prior authorized by the Personal Physician or the MHSA. Prior authorization will not be granted and payment will not be made for services (other than Emergency Services or Urgent Services) that are rendered by a non-Plan Provider unless there is no Plan Provider available to render such services.

Limitation of Liability

Members shall not be responsible to Plan Providers for payment of services if they are a Benefit of the Plan. When Covered Services are rendered by a Plan Provider, the Member is responsible only for the applicable Deductible, Copayment or Coinsurance, except as set forth in the Third Party Liability section. Members are responsible for the full charges for any non-Covered Services they obtain.

If a Plan Provider terminates his or her relationship with the Plan, affected Members will be notified. Blue Shield will make every reasonable and medically appropriate provision necessary to have another Plan Provider assume responsibility for the Member's care. The Member will not be responsible for payment (other than the applicable Deductible, Copayment or Coinsurance) to a former Plan Provider for any authorized services received. Once provisions have been made for the transfer of the Member's care, the services of the former Plan Provider are no longer covered.

Inter-Plan Programs

Blue Shield has a variety of relationships with other Blue Cross and/or Blue Shield Plans and their Licensed Controlled Affiliates ("Licensees") referred to generally as "Inter-Plan Programs." Whenever you obtain healthcare services outside of California, the claims for these services may be

processed through one of these Inter-Plan Programs.

When you access Covered Services outside of California you may obtain care from healthcare providers that have a contractual agreement (i.e., are "participating providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Plan"). In some instances, you may obtain care from non-participating healthcare providers. Blue Shield's payment practices in both instances are described in this booklet.

BlueCard Program

Under the *BlueCard*[®] Program, when you obtain Covered Services within the geographic area served by a Host Plan, Blue Shield will remain responsible for fulfilling our contractual obligations. However the Host Plan is responsible for contracting with and generally handling all interactions with its participating healthcare providers.

The *BlueCard* Program enables you to obtain Covered Services outside of California, as defined, from a healthcare provider participating with a Host Plan, where available. The participating healthcare provider will automatically file a claim for the Covered Services provided to you, so there are no claim forms for you to fill out. You will be responsible for the Member copayment and deductible amounts, if any, as stated in this Evidence of Coverage.

Whenever you access Covered Services outside of California and the claim is processed through the *BlueCard* Program, the amount you pay for covered healthcare services, if not a flat dollar copayment, is calculated based on the lower of:

- 1) The billed covered charges for your covered services; or
- 2) The negotiated price that the Host Plan makes available to Blue Shield.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Plan pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types

of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price Blue Shield uses for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Plan to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

Claims for Emergency Services are paid based on the Allowed Charges as defined in this Evidence of Coverage.

Claims for Emergency and Out-of-Area Urgent Services

Emergency

If Emergency Services were received and expenses were incurred by the Member for services other than medical transportation, the Member must submit a complete claim with the Emergency Service record for payment to the Plan, within one year after the first provision of Emergency Services for which payment is requested. If the claim is not submitted within this period, the Plan will not pay for those Emergency Services, unless the claim was submitted as soon as reasonably possible as determined by the Plan. If the services are not preauthorized, the Plan will review the claim retrospectively for coverage. If the Plan determines that the services received were for a medical condition for which a reasonable person would not reasonably believe that an emergency condition existed and would not otherwise have been authorized, and, therefore, are not covered, it will notify the Member of that de-

termination. The Plan will notify the Member of its determination within 30 days from receipt of the claim. In the event covered medical transportation services are obtained in such an emergency situation, the Blue Shield Trio ACO HMO Health Plan shall pay the medical transportation provider directly.

Out-of-Area Urgent Services

If out-of-area Urgent Services were received from a non-participating *BlueCard* Program provider, the Member must submit a complete claim with the Urgent Service record for payment to the Plan, within one year after the first provision of Urgent Services for which payment is requested. If the claim is not submitted within this period, the Plan will not pay for those Urgent Services, unless the claim was submitted as soon as reasonably possible as determined by the Plan. The services will be reviewed retrospectively by the Plan to determine whether the services were Urgent Services. If the Plan determines that the services would not have been authorized, and therefore, are not covered, it will notify the Member of that determination. The Plan will notify the Member of its determination within 30 days from receipt of the claim.

Utilization Management

State law requires that health plans disclose to Members and health plan providers the process used to authorize or deny health care services under the plan. Blue Shield has completed documentation of this process as required under Section 1363.5 of the California Health and Safety Code. The document describing Blue Shield's Utilization Management Program is available online at www.blueshieldca.com or Members may call Customer Service at the number provided on the back page of this Evidence of Coverage to request a copy.

Principal Benefits and Coverages (Covered Services)

Blue Shield provides the following Medically Necessary Benefits, subject to applicable Deductibles, Copayments, Coinsurance, charges in excess of

Benefit maximums and Participating Provider provisions.

These services and supplies are covered only when Medically Necessary and authorized by the Member's Personal Physician, the Medical Group/IPA, the Mental Health Service Administrator (MHSA), or Blue Shield. Unless specifically authorized, Covered Services must be provided by the Member's Personal Physician, an Obstetrical/Gynecological Physician within the Member's Medical Group/IPA, an Access+ Specialist, or an MHSA Participating Provider. All terms, conditions, Limitations, Exceptions, Exclusions and Reductions set forth in this Evidence of Coverage apply as well as conditions or limitations illustrated in the benefit descriptions below. If there are two or more Medically Necessary services that may be provided for the illness, injury or medical condition, Blue Shield will provide Benefits based on the most cost-effective service.

When appropriate, the Personal Physician will assist the Member in applying for admission into a Hospice program through a Participating Hospice Agency. Hospice services obtained through a Participating Hospice Agency after the Member has been admitted into the Hospice program, do not require authorization.

The applicable Copayment and Coinsurance amounts for Covered Services, are shown on the Summary of Benefits. The Summary of Benefits is provided with, and is incorporated as part of, the Evidence of Coverage.

The determination of whether services are Medically Necessary, urgent or emergent will be made by the Medical Group/IPA or by Blue Shield. This determination will be based upon a review that is consistent with generally accepted medical standards, and will be subject to grievance in accordance with the procedures outlined in the *Grievance Process* section.

Except as specifically provided herein, services are covered only when rendered by an individual or entity that is licensed or certified by the state to provide health care services and is operating within the scope of that license or certification.

For Members who reside in a designated county, failure to obtain prior written authorization as described above and/or failure to have the procedure performed at a Hospital or Ambulatory Surgery Center and by a Physician participating as a Bariatric Surgery Services Provider will result in denial of claims for this Benefit.

The following are the designated counties in which Blue Shield has designated Bariatric Surgery Services Providers to provide bariatric surgery services:

Outpatient Prescription Drug Benefits

This Plan provides benefits for outpatient prescription Drugs as specified in this section.

A Physician or Health Care Provider must prescribe all Drugs covered under this Benefit, including over-the-counter items. Members must obtain all Drugs from a Participating Pharmacy, except as noted below.

Some Drugs, most Specialty Drugs, and prescriptions for Drugs exceeding specific quantity limits require prior authorization by Blue Shield for Medical Necessity, as described in the *Prior Authorization/Exception Request Process/Step Therapy* section. The Member or their Physician or Health Care Provider may request prior authorization from Blue Shield.

Outpatient Drug Formulary

Blue Shield's Drug Formulary is a list of Food and Drug Administration (FDA)-approved preferred Generic and Brand Drugs that assists Physicians and Health Care Providers to prescribe Medically Necessary and cost-effective Drugs. Coverage is limited to Drugs listed on the Formulary; however, Drugs not listed on the Formulary may be covered when prior authorized by Blue Shield.

Blue Shield's Formulary is established by Blue Shield's Pharmacy and Therapeutics (P&T) Committee. This committee consists of physicians and pharmacists responsible for evaluating drugs for relative safety, effectiveness, health benefit based on the medical evidence, and comparative cost. They also review new drugs, dosage forms, usage and clinical data to update the Formulary four times a year. Note: The Member's Physician or Health Care Provider might prescribe a drug even though the drug is not included on the Formulary.

The Formulary drug list is categorized into drug tiers as described in the chart below. The Member's Copayment or Coinsurance will vary based on the drug tier. Drug tiering is based on recommendations made by the Pharmacy and Therapeutics committee.

Drug Tier	Description
Tier 1	Most Generic Drugs, and low-cost, Preferred Brand Drugs.
Tier 2	1. Non-preferred Generic Drugs or; 2. Preferred Brand Name Drugs or; 3. Recommended by the plan's pharmaceutical and therapeutics (P&T) committee based on drug safety, efficacy and cost.
Tier 3	1. Non-preferred Brand Name Drugs or; 2. Recommended by P&T committee based on drug safety, efficacy and cost or; 3. Generally have a preferred and often less costly therapeutic alternative at a lower tier
Tier 4	1. Food and Drug Administration (FDA) or drug manufacturer limits distribution to specialty pharmacies or; 2. Self administration requires training, clinical monitoring or; 3. Drug was manufactured using biotechnology or; 4. Plan cost (net of rebates) is >\$600.

Members can find the Drug Formulary at <https://www.blueshieldca.com/bzca/pharmacy/home.sp>. Members can also contact Customer Service at the number provided on the back page of this Evidence of Coverage to ask if a specific drug is included in the Formulary, or to request a printed copy of the Formulary.

Obtaining Outpatient Prescription Drugs at a Participating Pharmacy

The Member must present a Blue Shield Identification Card at a Participating Pharmacy to obtain Drugs. The Member can obtain prescription Drugs at any retail Participating Pharmacy unless the Drug is a Specialty Drug. Refer to the section *Obtaining Specialty Drugs through the Specialty Drug Program* for additional information. The Member can locate a retail Participating Phar-

macy by visiting <https://www.blueshieldca.com/bsca/pharmacy/home.sp> or by calling Customer Service at the number listed on the Identification Card. If the Member obtains Drugs at a Non-Participating Pharmacy or without a Blue Shield Identification Card, Blue Shield will deny the claim, unless it is for Emergency Services.

Blue Shield negotiates contracted rates with Participating Pharmacies for covered Drugs. If the Member's Plan has a Calendar Year Pharmacy Deductible, the Member is responsible for paying the contracted rate for Drugs until the Calendar Year Pharmacy Deductible is met. Drugs in Tier 1 are not subject to, and will not accrue to, the Calendar Year Pharmacy Deductible.

The Member must pay the applicable Copayment or Coinsurance for each prescription when the Member obtains it from a Participating Pharmacy. When the Participating Pharmacy's contracted rate is less than the Member's Copayment or Coinsurance, the Member only pays the contracted rate. There is no Copayment or Coinsurance for generic FDA-approved contraceptive Drugs and devices obtained from a Participating Pharmacy. Brand contraceptives are covered without a Copayment or Coinsurance when Medically Necessary. See *Prior Authorization/Exception Request Process/Step Therapy* section.

Coverage is limited to Drugs listed on the Formulary; however, Drugs not listed on the Formulary may be covered when Medically Necessary and when prior authorized by Blue Shield. If prior authorized, Drugs that are categorized as Tier 4 will be covered at the Tier 4 Copayment or Coinsurance (refer to the Drug Tier table in the *Outpatient Drug Formulary* section of this Evidence of Coverage). For all other Drugs, the Tier 3 Copayment or Coinsurance applies when prior authorization is obtained. If prior authorization is not obtained, the Member is responsible for paying 100% of the cost of the Drug(s).

If the Member, their Physician or Health Care Provider selects a Brand Drug when a Generic Drug equivalent is available, the Member pays the difference in cost, plus the Tier 1 Copayment

or Coinsurance. This is calculated by taking the difference between the Participating Pharmacy's contracted rate for the Brand Drug and the Generic Drug equivalent, plus the Tier 1 Copayment or Coinsurance. For example, the Member selects Brand Drug A when there is an equivalent Generic Drug A available. The Participating Pharmacy's contracted rate for Brand Drug A is \$300, and the contracted rate for Generic Drug A is \$100. The Member would be responsible for paying the \$200 difference in cost, plus the Tier 1 Copayment or Coinsurance. This difference in cost does not accrue to the Member's Calendar Year Pharmacy Deductible or Out-of-Pocket Maximum responsibility.

If the Member or their Physician or Health Care Provider believes the Brand Drug is Medically Necessary, they can request an exception to the difference in cost between the Brand Drug and Generic Drug equivalent through the Blue Shield prior authorization process. The request is reviewed for Medical Necessity. If the request is approved, the Member pays the applicable tier Copayment or Coinsurance for the Brand Drug.

The prior authorization process is described in the *Prior Authorization/Exception Request Process/Step Therapy* section of this Evidence of Coverage.

Emergency Exception for Obtaining Outpatient Prescription Drugs at a Non-Participating Pharmacy

When the Member obtains Drugs from a Non-Participating Pharmacy for Emergency Services:

- The Member must first pay all charges for the prescription,
- Submit a completed Prescription Drug Claim Form to

Blue Shield of California
Argus Health Systems, Inc.
P.O. Box 419019,
Dept. 191
Kansas City, MO 64141

- Blue Shield will reimburse the Member based on the price the Member paid for the Drugs,

minus any applicable Deductible and Copayment or Coinsurance.

Claim forms may be obtained by calling Customer Service or visiting www.blueshieldca.com. Claims must be received within one year from the date of service to be considered for payment. Claim submission is not a guarantee of payment.

Obtaining Outpatient Prescription Drugs Through the Mail Service Prescription Drug Program

The Member has an option to use Blue Shield's Mail Service Prescription Drug Program when he or she takes maintenance Drugs for an ongoing condition. This allows the Member to receive up to a 90-day supply of their Drug and may help the Member to save money. The Member may enroll online, by phone, or by mail. Please allow up to 14 days to receive the Drug. The Member's Physician or Health Care Provider must indicate a prescription quantity equal to the amount to be dispensed. Specialty Drugs are not available through the Mail Service Prescription Drug Program.

The Member must pay the applicable Mail Service Prescription Drug Copayment or Coinsurance for each prescription Drug.

Visit www.blueshieldca.com or call Customer Service to get additional information about the Mail Service Prescription Drug Program.

Obtaining Specialty Drugs through the Specialty Drug Program

Specialty Drugs are Drugs requiring coordination of care, close monitoring, or extensive patient training for self-administration that cannot be met by a retail pharmacy and are available at a Network Specialty Pharmacy. Specialty Drugs may also require special handling or manufacturing processes (such as biotechnology), restriction to certain Physicians or pharmacies, or reporting of certain clinical events to the FDA. Specialty Drugs are generally high cost.

Specialty Drugs are available exclusively from a Network Specialty Pharmacy. A Network Specialty Pharmacy provides Specialty Drugs by mail, or upon the Member's request, will transfer the Specialty Drug to an associated retail store for

pickup. See *Emergency Exception for Obtaining Outpatient Prescription Drugs at a Non-Participating Pharmacy*.

A Network Specialty Pharmacy offers 24-hour clinical services, coordination of care with Physicians, and reporting of certain clinical events associated with select Drugs to the FDA. To select a Network Specialty Pharmacy, the Member may go to <http://www.blueshieldca.com> or call Customer Service.

Go to <http://www.blueshieldca.com> for a complete list of Specialty Drugs. Most Specialty Drugs require prior authorization for Medical Necessity by Blue Shield, as described in the *Prior Authorization/Exception Request Process/Step Therapy* section.

Prior Authorization/Exception Request Process/Step Therapy

Some Drugs and Drug quantities require prior approval for Medical Necessity before they are eligible to be covered by the Outpatient Prescription Drug Benefit. This process is called prior authorization.

The following Drugs require prior authorization:

- 1) Some Formulary, preferred, non-preferred, compound Drugs, and most Specialty Drugs;
- 2) Drugs exceeding the maximum allowable quantity based on Medical Necessity and appropriateness of therapy;
- 3) Brand contraceptives may require prior authorization to be covered without a Copayment or Coinsurance;
- 4) When the Brand Drug is Medically Necessary, prior authorization is required if the Member, Physician or Health Care Provider is requesting an exception to the difference in cost between the Brand Drug and the Generic equivalent;

Blue Shield covers compounded medication(s) when:

- The compounded medications include at least one Drug
- There are no FDA-approved, commercially available, medically appropriate alternatives,

- The compound medication is self-administered, and
- Medical literature supports its use for the diagnosis.

The Member pays the Tier 3 Copayment or Coinsurance for covered compound Drugs.

The Member, their Physician or Health Care Provider may request prior authorization for the Drugs listed above or an exception request by submitting supporting information to Blue Shield. Once Blue Shield receives all required supporting information, Blue Shield will provide prior authorization approval or denial, based upon Medical Necessity, within 72 hours in routine circumstances or 24 hours in exigent circumstances. Exigent circumstances exist when a Member has a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function or when a Member is undergoing a current course of treatment using a Non-Formulary Drug.

To request coverage for a Non-Formulary Drug, the Member, representative, or the Provider may submit an exception request to Blue Shield. Once all required supporting information is received, Blue Shield will approve or deny the exception request, based upon Medical Necessity, within 72 hours in routine circumstances or 24 hours in exigent circumstances.

Step therapy is the process of beginning therapy for a medical condition with Drugs considered first-line treatment or that are more cost-effective, then progressing to Drugs that are the next line in treatment or that may be less cost-effective. Step therapy requirements are based on how the FDA recommends that a drug should be used, nationally recognized treatment guidelines, medical studies, information from the drug manufacturer, and the relative cost of treatment for a condition. If step therapy coverage requirements are not met for a prescription and your Physician believes the medication is Medically Necessary, the prior authorization process may be utilized and time-frames previously described will also apply.

If Blue Shield denies a request for prior authorization or an exception request, the Member, rep-

resentative, or the Provider can file a grievance with Blue Shield, as described in the *Grievance Process* section.

Limitation on Quantity of Drugs that May Be Obtained Per Prescription or Refill

- 1) Except as otherwise stated below, the Member may receive up to a 30-day supply of Outpatient Prescription Drugs. If a Drug is available only in supplies greater than 30 days, the Member must pay the applicable retail Copayment or Coinsurance for each additional 30-day supply.
- 2) Blue Shield has a Short Cycle Specialty Drug Program. With the Member's agreement, designated Specialty Drugs may be dispensed for a 15-day trial supply at a pro-rated Copayment or Coinsurance for an initial prescription. This program allows the Member to receive a 15-day supply of the Specialty Drug and determine whether the Member will tolerate it before he or she obtains the full 30-day supply. This program can help the Member save out of pocket expenses if the Member cannot tolerate the Specialty Drug. The Network Specialty Pharmacy will contact the Member to discuss the advantages of the program, which the Member can elect at that time. The Member or their Physician may choose a full 30-day supply for the first fill.

If the Member agrees to a 15-day trial, the Network Specialty Pharmacy will contact the Member prior to dispensing the remaining 15-day supply to confirm that the Member is tolerating the Specialty Drug. The Member can find a list of Specialty Drugs in the Short Cycle Specialty Drug Program by visiting <https://www.blueshieldca.com/bzca/pharmacy/home.sp> or by calling Customer Service.

- 3) The Member may receive up to a 90-day supply of Drugs in the Mail Service Prescription Drug Program. Note: if the Member's Physician or Health Care Provider writes a prescription for less than a 90-day supply, the mail service pharmacy will dispense that amount and the Member is responsible for the applicable Mail Service Copayment or Coin-

insurance. Refill authorizations cannot be combined to reach a 90-day supply.

- 4) Select over-the-counter (OTC) drugs with a United States Preventive Services Task Force (USPSTF) rating of A or B may be covered at a quantity greater than a 30-day supply.
- 5) The Member may refill covered prescriptions at a Medically Necessary frequency.

Pediatric Dental Benefits

(Benefits applicable to Members aged 19 and under)

Blue Shield has contracted with a Dental Plan Administrator (DPA). All pediatric dental Benefits will be administered by the DPA. Pediatric dental Benefits are available for Members through the end of the month in which the Member turns 19. Dental services are delivered to our Members through the DPA's Dental HMO ("DHMO") network of Participating Providers.

If the Member purchased a family dental plan that includes pediatric dental Benefits on the Health Benefits Exchange, the pediatric dental Benefits covered under this Plan will be paid first, and the family dental plan will cover additional dental

Benefits not covered under this pediatric dental Benefit and/or cost sharing as described in the Member's family dental plan evidence of coverage.

If the Member has any questions regarding the pediatric dental Benefits described in this Evidence of Coverage, needs assistance, or has any problems, they may contact the Dental Member Services Department at: 1-800-605-8202.

Selecting a Dental Provider

A close Dentist-patient relationship is an important element that helps to ensure the best dental care. Each Member is therefore required to select a Dental Provider at the time of enrollment. This decision is an important one because the Member's Dental Provider will:

- 1) Help the Member decide on actions to maintain and improve dental health.
- 2) Provide, coordinate and direct all necessary covered Dental Care Services.
- 3) Arrange referrals to Plan Specialists when required, including the prior Authorization the Member will need.
- 4) Authorize Emergency Dental Care Services when necessary. Refer to the *Emergency Dental Care Services* section for more information.

The Dental Provider for the Member must be located sufficiently close to the Member's home or work address to ensure reasonable access to care, as determined by Blue Shield.

A Dental Provider must also be selected for a newborn or child placed for adoption.

If the Member does not select a Dental Provider at the time of enrollment or seek assistance from the Dental Member Services Department within 15 days of the effective date of coverage, Blue Shield will designate a temporary Dental Provider for the Member, and notify the Member of the designated Dental Provider. This designation will remain in effect until the Member advises Blue Shield of their selection of a different Dental Provider.

The Member should contact Dental Member Services if they need assistance locating a Dental Provider in the Service Area. Blue Shield will review and consider the request for services that cannot be reasonably obtained in network. If the request for services from a Non-Plan Provider is approved, the Member will be responsible for the Copayments related to Covered Services. Blue Shield will pay the amount billed for Covered Services (less member Copayment) from the Non-Plan Provider. Without this approval, the Member will be responsible for paying the Non-Plan Provider directly for the entire amount billed by the Dentist.

Changing Dental Providers

The Member may change Dental Providers without cause at the following times:

- 1) during Open Enrollment;
- 2) when the Member's change in residence makes it inconvenient to continue with the same Dental Provider;
- 3) one other time during the Calendar Year.

If the Member wants to change Dental Providers at any of the above times, the Member must contact Dental Member Services. Before changing Dental Providers, the Member must pay any outstanding Copayment balance owed to their existing Dental Provider. The change will be effective the first day of the month following notice of approval by Blue Shield.

If the Member's Dental Provider ceases to be in the Plan Provider network, Blue Shield will notify the Member in writing. To ensure continuity of care, the Member will temporarily be assigned to an alternate Dental Provider and asked to select a new Dental Provider. If the Member does not select a new Dental Provider within the specified time, their alternate Dental Provider assignment will remain in effect until the Member notifies the Plan of their desire to select a new Dental Provider.

Referral to Plan Specialists

All specialty Dental Care Services must be provided by or arranged for by the Dental Provider. Referral by a Dental Provider does not guarantee

coverage for the services for which the Member is being referred. The Benefit and eligibility provisions, exclusions, and limitations will apply. Members may be referred to a Plan Specialist within the Dental Center. However, the Member may also be referred to a Plan Specialist outside of the Dental Center if the type of Specialty Service needed is not available within the Dental Center.

If the Dental Provider determines specialty Dental Care Services are necessary, they will complete a referral form and notify the DPA. The DPA then must authorize such referrals. When no Participating Dentist is available to perform the needed Service, the Dental Provider will refer the Member to a Non-Participating Dentist after obtaining authorization from the DPA. This Authorization procedure is handled for the Member by their Dental Provider.

Generally, the Member's Dental Provider will refer the Member within the network of Blue Shield Plan Specialists in their area. After the Specialty Services have been rendered, the Plan Specialist will provide a complete report to the Member's Dental Provider to ensure the Member's dental record is complete.

Payment of Providers

Blue Shield contracts with the DPA to provide Services to our Members. A monthly fee is paid to the DPA for each Member. This payment system includes incentives to the DPA to manage all Covered Services provided to Members in an appropriate manner consistent with the Contract.

The Member's Dental Provider must obtain authorization from the DPA before referring the Member to providers outside of the Dental Center.

For more information about this payment system, contact the DPA at the number shown in the Member Services section of this Evidence of Coverage or talk to the Member's Plan Provider.

Relationship with the Member's Dental Provider

The Dentist-patient relationship the Member establishes with the Dental Provider is very important. The best effort of the Dental Provider will be

used to ensure that all Medically Necessary and appropriate professional Services are provided to the Member in a manner compatible with their wishes.

If the Dentist recommends procedures or treatment which the Member refuses, or the Member and the Dental Provider fails to establish a satisfactory relationship, the Member may select a different Dental Provider. The Plan Member Services can assist the Member with this selection.

The Member's Dental Provider will advise the Member if they believe there is no professionally acceptable alternative to a recommended treatment or procedure. If the Member continues to refuse to follow the recommended treatment or procedure, the Plan Member Services can assist the Member in the selection of another Dental Provider.

If a Member is in need of emergency treatment and is outside the geographic area of their designated Participating Dentist, the Member should first contact the DPA to describe the emergency and receive referral instructions. If the DPA does not have a contracted Dentist in the area, or if the Member is unable to contact the DPA, the Member should contact a Dentist of their choice. Emergency treatment refers only to those dental services required to alleviate pain and suffering. The Member will be directly reimbursed for this treatment up to the maximum allowed under their Plan Benefits. Refer to the section titled "Responsibility for Copayments, Charges for non-Covered Services and Emergency Claims" within this Evidence of Coverage.

Note: The DPA will respond to all requests for prior authorization of services as follows:

- 1) for Emergency Dental Care Services, as soon as possible to accommodate the Member's condition not to exceed 72 hours from receipt of the request;
- 2) for other services, within 5 business days from receipt of the request.

If the Member obtains services without prior Authorization from the DPA, the DPA will retrospectively review the services for coverage as Emergency Dental Care Services. If the DPA de-

termines that the situation did not require Emergency Dental Care Services, the Member will be responsible for the entire cost of the services. The DPA will notify the Member of its determination within 30 days from receipt of the claim.

Limitation of Member Liability

The Member shall not be responsible to Participating Dentists for payment of Covered Services. When Covered Services are rendered by a Participating Dentist, the Member is responsible only for the applicable Copayments and charges in excess of Benefit maximums. Members are responsible for the full charges for any non-covered services they obtain.

Responsibility for Copayments and Emergency Dental Care Services Claims

Member Responsibility

The Member shall be responsible to the Participating Dentist and other Plan Providers for payment of the following charges:

- 1) Any Deductibles and amounts listed under Copayments in the Pediatric Dental section of the Summary of Benefits.
- 2) Any charges for non-covered services.

All such Copayments and charges for non-covered services are due and payable to the Participating Dentist immediately upon commencement of extended treatments or upon the provision of services. Termination of the Plan shall in no way affect or limit any liability or obligation of the Member to the Participating Dentist for any such Copayments or charges owing.

Emergency Dental Care Services Claims

If Emergency Dental Care Services outside of the Service Area were received and expenses were incurred by the Member, the Member must submit a complete claim with the Emergency Dental Care Service record (a copy of the Dentist's bill) for payment to the DPA, within 1 year after the treatment date.

Please send this information to:

1-800-605-8202

Blue Shield of California

P.O. Box 272590
Chico, CA 95927-2590

If the claim is not submitted within this period, Blue Shield will not pay for those Emergency Dental Care Services, unless the claim was submitted as soon as reasonably possible as determined by Blue Shield. If the services are not preauthorized, the DPA will review the claim retrospectively. If the DPA determines that the services were not Emergency Dental Care Services and would not otherwise have been authorized by the DPA, and, therefore, are not Covered Services, it will notify the Member of that determination. The Member is responsible for the payment of such Dental Care Services received. The DPA will notify the Member of its determination within 30 days from receipt of the claim. If the Member disagrees with the DPA's decision, they may appeal using the procedures outlined in the section entitled "Member Services and Grievance Process".

Member Maximum Lifetime Benefits

There is no maximum limit on the aggregate payments by Blue Shield for Covered Services provided.

Medically Necessary orthodontic treatment is limited to the following instances related to an identifiable medical condition. Initial orthodontic examination (D0140) called the Limited Oral Evaluation must be conducted. This examination includes completion and submission of the completed HLD Score Sheet with the Specialty Referral Request Form. The HLD Score Sheet is the preliminary measurement tool used in determining if the Member qualifies for medically necessary orthodontic services.

Orthodontic procedures are a Benefit only when the diagnostic casts verify a minimum score of 26 points on the Handicapping Labio-Lingual Deviation (HLD) Index California Modification Score Sheet Form, DC016 (06/09) or one of the six automatic qualifying conditions below exist or when there is written documentation of a craniofacial anomaly from a credentialed specialist on their professional letterhead.

Dental or Medical Necessity Exclusion

All services must be of Dental or Medical Necessity. The fact that a Dentist or other Plan Provider may prescribe, order, recommend, or approve a service or supply does not, in itself, determine Dental or Medical Necessity.

Alternate Benefits Provision

An alternate Benefit provision allows a Benefit to be based on an alternate procedure, which is professionally acceptable and more cost effective. If dental standards indicate that a condition can be treated by a less costly alternative to the service proposed by the attending Dentist, the DPA will pay Benefits based upon the less costly service.

Pediatric Vision Benefits

Blue Shield covers pediatric vision Benefits for individuals up to 19 years of age. Blue Shield's pediatric vision Benefits are administered by a contracted Vision Plan Administrator (VPA). The VPA is a vision care service plan licensed by the California Department of Managed Health Care, which contracts with Blue Shield to administer delivery of eyewear and eye exams covered under this pediatric vision Benefit.

Principal Benefits and Coverages for Pediatric Vision Benefits

Blue Shield will pay for Covered Services rendered by Participating Providers as indicated in the Summary of Benefits.

The following is a complete list of Covered Services provided under this pediatric vision Benefit:

- 1) One comprehensive eye examination in a Calendar Year. A comprehensive examination represents a level of service in which a general evaluation of the complete visual system is made. The comprehensive services constitute a single service entity but need not be performed at one session. The service includes history, general medical observation, external and ophthalmoscopic examination, gross visual fields and basic sensorimotor examination. It often includes, as indicated: biomicroscopy, examination for cycloplegia or mydriasis, tonometry, and, usually, a determination of the refractive state unless known, or unless the condition of the media precludes this or it is otherwise contraindicated, as in the presence of trauma or severe inflammation.
- 2) One of the following in a Calendar Year:
 - a. One pair of spectacle lenses,
 - b. Elective Contact Lenses (for cosmetic reasons or for convenience), or
 - c. Non-Elective (Medically Necessary) Contact Lenses, which are lenses following
- 3) One frame in a Calendar Year.
- 4) The need for Low Vision Testing is triggered during a comprehensive eye exam. This exam may only be obtained from Participating Providers and only once in a consecutive five Calendar Year period. Participating Providers specializing in low vision care may prescribe optical devices, such as high-power spectacles, magnifiers and telescopes, to maximize the remaining usable vision. One aid per Calendar Year is covered. A report from the provider conducting the initial examination and prior authorization from the VPA is required for both the exam and any prescribed device. Low vision is a bilateral impairment to vision that is so significant that it cannot be corrected with ordinary eyeglasses, contact lenses, or intraocular lens implants. Although reduced central or reading vision is common, low vision may also result from decreased peripheral vision, a reduction or loss of color vision, or the eye's inability to properly adjust to light, contrast, or glare. It can be measured in terms of visual acuity of 20/70 to 20/200.
- 5) One diabetic management referral per calendar year to a Blue Shield disease management program. The contracted VPA will notify Blue Shield's disease management program subsequent to the annual comprehensive eye exam, when the Member is known to have or be at risk for diabetes.

cataract surgery, or when contact lenses are the only means to correct visual acuity to 20/40 for keratoconus, 20/60 for anisometropia, or for certain conditions of myopia (12 or more diopters), hyperopia (7 or more diopters) astigmatism (over 3 diopters), or other conditions as listed in the definition of Non-Elective Contact Lenses.

A report from the provider and prior authorization from the contracted VPA is required.

The Member should contact Member Services if the Member needs assistance locating a Participating Provider in the Member's Service Area. The Plan will review and consider a Member's request for services that cannot be reasonably obtained in network. If a Member's request for services from a Non-Participating Provider is approved, the Plan will pay for Covered Services from the Non-Participating Provider.

The Subscriber may also obtain a list of Participating Providers online at www.blueshieldca.com.

Time and Payment of Claims

Claims will be paid promptly upon receipt of written proof and determination that Benefits are payable.

Payment of Claims

Participating Providers will submit a claim for Covered Services on line or by claim form obtained from the VPA and are paid directly by Blue Shield of California.

Urgent Services Benefits

To receive urgent care within your Personal Physician Service Area, call your Personal Physician's office or follow instructions given by your assigned Medical Group/IPA in accordance with the *How to Use This Health Plan* section.

When outside the Plan Service Area, Members may receive care for Urgent Services as follows:

Inside California

For Urgent Services within California but outside the Member's Personal Physician Service Area, the Member should, if possible, contact Blue Shield Member Services at the number provided on the back page of this booklet in accordance with the *How to Use This Health Plan* section. Member Services will assist Members in receiving Urgent Services through a Blue Shield of California Plan Provider. Members may also locate a Plan Provider by visiting Blue Shield's internet site at www.blueshieldca.com. You are not required to use a Blue Shield of California Plan Provider to receive Urgent Services; you may use any provider. However, the services will be reviewed retrospectively by the Plan to determine whether the services were Urgent Services. Note: Authorization by Blue Shield is required for care that involves a surgical or other procedure or inpatient stay.

Outside California or the United States

When temporarily traveling outside California, call the 24-hour toll-free number 1-800-810-BLUE (2583) to obtain information about the nearest *Blue-Card* Program participating provider. When a *Blue-Card* Program participating provider is available, you should obtain out-of-area urgent or follow-up care from a participating provider whenever possible, but you may also receive care from a non-*Blue-Card* participating provider. If you received services from a non-Blue Shield provider, you must submit a claim to Blue Shield for payment. The services will be reviewed retrospectively by the Plan to determine whether the services were Urgent Services. See *Claims for Emergency and Out-of-Area Urgent Services* in the *How to Use This Health Plan* section for additional information. Note: Authorization by Blue Shield is required for care that involves a surgical or other procedure or inpatient stay.

Up to two Medically Necessary Out-of-Area Follow-up Care outpatient visits are covered. Authorization by Blue Shield is required for more than two follow-up outpatient visits. Blue Shield may direct the Member to receive the additional follow-up care from their Personal Physician.

Benefits will also be provided for Covered Services received from any provider outside of the United States, Puerto Rico and U.S. Virgin Islands for

emergency care of an illness or injury. If you need urgent care while out of the country, contact the *BlueCard* Worldwide Service Center through the toll-free *BlueCard Access* number at 1-800-810-2583 or call collect at 1-804-673-1177, 24 hours a day, seven days a week. For inpatient Hospital care, contact the *BlueCard* Worldwide Service Center to arrange cashless access. If cashless access is arranged, you are responsible for the usual out-of-pocket expenses (non-covered charges, deductibles, and copayments). If cashless access is not arranged, you will have to pay the entire bill for your medical care and submit a claim. When you receive services from a Physician, you will have to pay the doctor and then submit a claim. A claim must be submitted as described in *Claims for Emergency and Out-of-Area Urgent Services* in the *How to Use This Health Plan* section. See *BlueCard Program* in the *How to Use This Health Plan* section for additional information.

Members before traveling abroad may call their local Member Services office for the most current listing of providers or they can go on line at www.bcbs.com and select “Find a Doctor or Hospital” and “*BlueCard* Worldwide”. However, a Member is not required to receive Urgent Services outside of the United States, Puerto Rico and U.S. Virgin Islands from a listed provider.

Medical Necessity Exclusion

The Benefits of this Plan are provided only for services that are Medically Necessary. Because a Physician or other provider may prescribe, order, recommend, or approve a service or supply does not, in itself, make it Medically Necessary even though it is not specifically listed as an exclusion or limitation. Blue Shield reserves the right to review all claims to determine if a service or supply is Medically Necessary and may use the services of Physician consultants, peer review committees of professional societies or Hospitals and other consultants to evaluate claims.

Limitations for Duplicate Coverage

Medicare Eligible Members

- 1) Blue Shield will provide benefits before Medicare in the following situations:

- a. When the Member is eligible for Medicare due to age, if the subscriber is actively working for a group that employs 20 or more employees (as defined by Medicare Secondary Payer laws).
 - b. When the Member is eligible for Medicare due to disability, if the subscriber is covered by a group that employs 100 or more employees (as defined by Medicare Secondary Payer laws).
 - c. When the Member is eligible for Medicare solely due to end stage renal disease during the first 30 months that the Member is eligible to receive benefits for end-stage renal disease from Medicare.
- 2) Blue Shield will provide benefits after Medicare in the following situations:
 - a. When the Member is eligible for Medicare due to age, if the subscriber is actively working for a group that employs less than 20 employees (as defined by Medicare Secondary Payer laws).
 - b. When the Member is eligible for Medicare due to disability, if the subscriber is covered by a group that employs less than 100 employees (as defined by Medicare Secondary Payer laws).
 - c. When the Member is eligible for Medicare solely due to end stage renal disease after the first 30 months that the Member is eligible to receive benefits for end-stage renal disease from Medicare.
 - d. When the Member is retired and age 65 years or older.

When Blue Shield provides benefits after Medicare, the combined benefits from Medicare and the Blue Shield group plan may be lower but will not exceed the Medicare Allowed charges. The Blue Shield group plan Deductible and Copayments or Coinsurance will be waived.

Medi-Cal Eligible Members

Medi-Cal always provides benefits last.

Qualified Veterans

If the Member is a qualified veteran Blue Shield will pay the reasonable value or Blue Shield's Allowed Charges for Covered Services provided at a Veterans Administration facility for a condition that is not related to military service. If the Member is a qualified veteran who is not on active duty, Blue Shield will pay the reasonable value or Blue Shield's Allowed Charges for Covered Services provided at a Department of Defense facility, even if provided for conditions related to military service.

Members Covered by Another Government Agency

If the Member is entitled to benefits under any other federal or state governmental agency, or by any municipality, county or other political subdivision, the combined benefits from that coverage and this Blue Shield group plan will equal, but not exceed, what Blue Shield would have paid if the Member was not eligible to receive benefits under that coverage (based on the reasonable value or Blue Shield's Allowed Charges).

Contact Customer Service for any questions about how Blue Shield coordinates group plan benefits in the above situations.

Exception for Other Coverage

A Plan Provider may seek reimbursement from other third party payers for the balance of its reasonable charges for services rendered under this Plan.

Claims and Services Review

Blue Shield reserves the right to review all claims and services to determine if any exclusions or other limitations apply. Blue Shield may use the services of Physician consultants, peer review committees of professional societies or Hospitals, and other consultants to evaluate claims.

Reductions - Third Party Liability

If another person or entity, through an act or omission, causes a Member to suffer an injury or illness, and if Blue Shield paid Benefits for that injury or

illness, the Member must agree to the provisions listed below. In addition, if the Member is injured and no other person is responsible but the Member receives (or is entitled to) a recovery from another source, and if Blue Shield paid Benefits for that injury, the Member must agree to the following provisions.

- 1) All recoveries the Member or his or her representatives obtain (whether by lawsuit, settlement, insurance or otherwise), no matter how described or designated, must be used to reimburse Blue Shield in full for benefits Blue Shield paid. Blue Shield's share of any recovery extends only to the amount of Benefits it has paid or will pay the Member or the Member's representatives. For purposes of this provision, Member's representatives include, if applicable, the Member's heirs, administrators, legal representatives, parents (if the Member is a minor), successors or assignees. This is Blue Shield's right of recovery.
- 2) Blue Shield is entitled under its right of recovery to be reimbursed for its Benefit payments even if the Member is not "made whole" for all of his or her damages in the recoveries that the Member receives. Blue Shield's right of recovery is not subject to reduction for attorney's fees and costs under the "common fund" or any other doctrine.
- 3) Blue Shield will not reduce its share of any recovery unless, in the exercise of Blue Shield's discretion, Blue Shield agrees in writing to a reduction (a) because the Member does not receive the full amount of damages that the Member claimed or (2) because the Member had to pay attorneys' fees.
- 4) The Member must cooperate in doing what is reasonably necessary to assist Blue Shield with its right of recovery. The Member must not take any action that may prejudice Blue Shield's right of recovery.

If the Member does seek damages for his or her illness or injury, the Member must tell Blue Shield promptly that the Member has made a claim against another party for a condition that Blue Shield has paid or may pay Benefits for, the Member must seek recovery of Blue Shield's Benefit payments

and liabilities, and the Member must tell Blue Shield about any recoveries the Member obtains, whether in or out of court. Blue Shield may seek a first priority lien on the proceeds of the Member's claim in order to reimburse Blue Shield to the full amount of Benefits Blue Shield has paid or will pay. The amount Blue Shield seeks as restitution, reimbursement or other available remedy will be calculated in accordance with California Civil Code Section 3040.

Blue Shield may request that the Member sign a reimbursement agreement consistent with this provision.

Further, if the Member receives services from a participating Hospital for such injuries or illness, the Hospital has the right to collect from the Member the difference between the amount paid by Blue Shield and the Hospital's reasonable and necessary charges for such services when payment or reimbursement is received by the Member for medical expenses. The Hospital's right to collect shall be in accordance with California Civil Code Section 3045.1.

IF THIS PLAN IS PART OF AN EMPLOYEE WELFARE BENEFIT PLAN SUBJECT TO THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974 ("ERISA"), THE MEMBER IS ALSO REQUIRED TO DO THE FOLLOWING:

- 1) Ensure that any recovery is kept separate from and not comingled with any other funds or the Member's general assets and agree in writing that the portion of any recovery required to satisfy the lien or other right of Recovery of Blue Shield is held in trust for the sole benefit of Blue Shield until such time it is conveyed to Blue Shield;
- 2) Direct any legal counsel retained by the Member or any other person acting on behalf of the Member to hold that portion of the recovery to which Blue Shield is entitled in trust for the sole benefit of Blue Shield and to comply with and facilitate the reimbursement to the plan of the monies owed it.

Coordination of Benefits

Coordination of benefits (COB) is utilized when a Member is covered by more than one group health plan. Payments for allowable expenses will be coordinated between the two plans up to the maximum benefit amount payable by each plan separately. Coordination of benefits ensures that benefits paid by multiple group health plans do not exceed 100% of allowable expenses. The coordination of benefits rules also provide consistency in determining which group health plan is primary and avoid delays in benefit payments. Blue Shield follows the rules for coordination of benefits as outlined in the California Code of Regulations, Title 28, Section 1300.67.13 to determine the order of benefit payments between two group health plans. The following is a summary of those rules.

- 1) When a plan does not have a coordination of benefits provision, that plan will always provide its benefits first. Otherwise, the plan covering the Member as an employee will provide its benefits before the plan covering the Member as a Dependent.
- 2) Coverage for dependent children:
 - a. When the parents are not divorced or separated, the plan of the parent whose date of birth (month and day) occurs earlier in the year is primary.
 - b. When the parents are divorced and the specific terms of the court decree state that one of the parents is responsible for the health care expenses of the child, the plan of the responsible parent is primary.
 - c. When the parents are divorced or separated, there is no court decree, and the parent with custody has not remarried, the plan of the custodial parent is primary.
 - d. When the parents are divorced or separated, there is no court decree, and the parent with custody has remarried, the order of payment is as follows:
 - i. The plan of the custodial parent
 - ii. The plan of the stepparent
 - iii. The plan of the non-custodial parent.

- 3) If the above rules do not apply, the plan which has covered the Member for the longer period of time is the primary plan. There may be exceptions for laid-off or retired employees.
- 4) When Blue Shield is the primary plan, Benefits will be provided without considering the other group health plan. When Blue Shield is the secondary plan and there is a dispute as to which plan is primary, or the primary plan has not paid within a reasonable period of time, Blue Shield will provide Benefits as if it were the primary plan.
- 5) Anytime Blue Shield makes payments over the amount they should have paid as the primary or secondary plan, Blue Shield reserves the right to recover the excess payments from the other plan or any person to whom such payments were made.

These coordination of benefits rules do not apply to the programs included in the *Limitation for Duplicate Coverage* section.

Subject to the requirements described under the *Continuation of Group Coverage* provision in this Evidence of Coverage, if applicable, an Employee and his or her Dependents will be eligible to continue group coverage under this health plan when coverage would otherwise terminate.

Conditions of Coverage

Eligibility and Enrollment

To enroll and continue enrollment, a Subscriber must be an eligible Employee and meet all of the eligibility requirements for coverage established by CCSB. In order to enroll in a Trio ACO HMO CCSB Plan, the Employee must live or work in the Trio ACO HMO CCSB Plan Service Area. To learn about the eligibility requirements for this health Plan, please contact the CCSB or the Subscriber's Employer. Eligibility determinations made by the CCSB can be appealed.

An Employee or the Employee's Dependents may enroll when newly qualified as an eligible Employee or during the Employer's annual Open Enrollment Period. Under certain circumstances, an Employee and Dependents may qualify for a Spe-

cial Enrollment Period. Other than the initial opportunity to enroll, the Employer's annual Open Enrollment period, or a Special Enrollment Period, an Employee or Dependent may not enroll in the health plan offered by the Employer through CCSB.

Please see the definition of Late Enrollee and Special Enrollment Period in the *Definitions* section for details on these rights. For additional information on enrollment periods, please contact CCSB or Blue Shield.

Dependent children of the Subscriber, spouse, or his or her Domestic Partner, including children adopted or placed for adoption, will be eligible immediately after birth, adoption or the placement of adoption for a period of 31 days. In order to have coverage continue beyond the first 31 days, an application must be received by the CCSB within 60 days from the date of birth, adoption or placement for adoption. If both partners in a marriage or Domestic Partnership are eligible Employees and Subscribers, children may be eligible and may be enrolled as a Dependent of either parent, but not both. Please contact the CCSB to determine what evidence needs to be provided to enroll a child.

Enrolled disabled Dependent children who would normally lose their eligibility under this health plan solely because of age, may be eligible for coverage if they continue to meet the definition of Dependent.

Because eligibility to enroll in this Plan is based on the Employer's participation in CCSB, coverage under this plan will terminate when the Employer ceases to be an Eligible Employer. Employees will receive notice of this termination from CCSB before it becomes effective, and, at that time, will be provided with information about other potential sources of coverage, including access to individual coverage through Covered California.

Subject to the requirements described under the *Continuation of Group Coverage* provision in this Evidence of Coverage, if applicable, an Employee and his or her Dependents will be eligible to continue group coverage under this health plan when coverage would otherwise terminate.

Effective Date of Coverage

Blue Shield will notify the Eligible Employee/Subscriber of the effective date of coverage for the Employee and his or her Dependents. Coverage starts at 12:01 a.m. Pacific Time on the effective date.

Dependents may be enrolled within 31 days of the Employee's eligibility date to have the same effective date of coverage as the Employee. If the Employee or Dependent is considered a Late Enrollee, coverage will become effective the earlier of 12 months from the date a written request for coverage is made or at the Employer's next Open Enrollment Period. CCSB will not consider applications for earlier effective dates unless the Employee or Dependent qualifies for a Special Enrollment Period.

In general, if the Employee or Dependents are Late Enrollees who qualify for a Special Enrollment Period, and the Premium payment is delivered or postmarked within the first 15 days of the month, coverage will be effective on the first day of the month after receipt of payment. If the Premium payment is delivered or postmarked after the 15th of the month, coverage will be effective on the first day of the second month after receipt of payment.

However, if the Late Enrollee qualifies for a Special Enrollment Period as a result of a birth, adoption, foster care, guardianship, marriage or Domestic Partnership and enrollment is requested by the Employee within 60 days of the event, the effective date of enrollment will be as follows:

- 1) For the case of a birth, adoption, placement for adoption, placement in foster care, or guardianship, the coverage shall be effective on the date of birth, adoption, placement for adoption, placement in foster care or court order of guardianship. If requested by the Subscriber, coverage shall be effective on the first day of the month following the date of birth, adoption, placement for adoption, placement in foster care or court order of guardianship.
- 2) For marriage or Domestic Partnership the coverage shall be effective on the date of the establishment of marriage or domestic partnership.

Premiums (Dues)

The monthly Premiums for a Subscriber and any enrolled Dependents are stated in the Contract. CCSB will provide information regarding when the Premiums are due and when payments must be made for coverage to remain in effect.

All Premiums required for coverage for the Subscriber and Dependents will be paid by the Employer to CCSB, and CCSB will forward the Premiums to Blue Shield. Any amount the Subscriber must contribute is set by the Employer. The Employer's rates will remain the same during the Contract's term; the term is the 12-month period beginning with the Eligible Employer's effective date of coverage. The Employer will receive notice of changes in Premiums at least 60 days prior to the change. The Employer will notify the Subscriber immediately.

A Subscriber's contribution may change during the contract term (a) if the Employer changes the amount it requires its Employees to pay for coverage; (b) if the Subscriber adds or removes a Dependent from coverage; (c) if a Subscriber moves to a different geographic rating region, or (d) if a Subscriber joins the plan at a time other than during the annual Open Enrollment Period. Please check with CCSB or the Employer on when these contribution changes will take effect.

Grace Period

After payment of the first Premium, the Contractholder is entitled to a grace period of 30 days for the payment of any Premiums due. During this grace period, the Contract will remain in force. However, the Contractholder will be liable for payment of Premiums accruing during the period the Contract continues in force.

Plan Changes

The Benefits and terms of this health plan, including but not limited to, Covered Services, Deductible, Copayment, Coinsurance and annual Out-of-Pocket Maximum amounts, are subject to change at any time. Blue Shield will provide at least 60 days written notice of any such change.

Benefits for services or supplies furnished on or

after the effective date of any change in Benefits will be provided based on the change.

Renewal of Group Health Service Contract

This Contract has a 12-month term beginning with the eligible Employer's effective date of coverage. So long as the Employer continues to participate in CCSB, Employees and Dependents will have an annual Open Enrollment period of 30 days before the end of the term to make changes to their coverage. The Employer will give notice of the annual Open Enrollment period.

Blue Shield will offer to renew the Employer's Group Health Service Contract except in the following instances:

- 1) non-payment of Premiums;
- 2) fraud, misrepresentations or omissions;
- 3) failure to comply with Blue Shield's applicable eligibility, participation or contribution rules;
- 4) termination of plan type by Blue Shield;
- 5) Employer relocates outside of California; or
- 6) Employer is an association and association membership ceases.
- 7) Employer is no longer eligible to purchase this coverage through CCSB.

Termination of Benefits (Cancellation and Rescission of Coverage)

Except as specifically provided under the Extension of Benefits provision, and, if applicable, the Continuation of Group Coverage provision, there is no right to receive Benefits of this health Plan following termination of a Member's coverage.

Cancellation at Member Request

The Member can cancel his or her coverage, including as a result of the Member obtaining other minimum essential coverage, with 14 days' notice to CCSB or Blue Shield. If coverage is terminated at a Member's request, coverage will end at 11:59 p.m. Pacific Time on (a) the cancellation date specified by the Member if the Member gave 14 days' notice; (b) fourteen days after the cancellation is requested,

if the Member gave less than 14 days' notice; or (c) a date Blue Shield specifies if the Member gave less than 14 days' notice and the Member requested an earlier termination effective date. If the Member is newly eligible for Medi-Cal, CHIP, or the Basic Health Plan (if a Basic Health Plan is operating in the service area of Covered California), the last day of coverage is the day before such coverage begins.

Cancellation of Member's Enrollment by CCSB or Blue Shield

The CCSB or Blue Shield may cancel a Member's coverage in this health plan in the following circumstances:

- 1) The Member is no longer eligible for coverage in this health plan.
- 2) Non-payment of Premiums by the Employer for coverage of the Member.
- 3) Termination or decertification of this health plan.
- 4) The Subscriber changes from one health plan to another during the annual Open Enrollment Period or during a Special Enrollment Period.

Blue Shield may cancel the Subscriber and any Dependent's coverage for cause for the following conduct; cancellation is effective immediately upon giving written notice to the Subscriber and Employer:

- 1) Providing false or misleading material information on the enrollment application or otherwise to CCSB, Employer or Blue Shield; see the Cancellation/Rescission for Fraud, or Intentional Misrepresentations of Material Fact provision;
- 2) Permitting use of a Member identification card by someone other than the Subscriber or Dependents to obtain Covered Services; or
- 3) Obtaining or attempting to obtain Covered Services under the Group Health Service Contract by means of false, materially misleading, or fraudulent information, acts or omissions.

If the Employer does not meet the applicable eligibility, participation and contribution requirements of the Contract, Blue Shield will cancel this coverage after 30 days' written notice to the Employer.

Any Premiums paid to Blue Shield for a period extending beyond the cancellation date will be refunded to the Employer. The Employer will be responsible to Blue Shield for unpaid Premiums prior to the date of cancellation.

Blue Shield will honor all claims for Covered Services provided prior to the effective date of cancellation.

See the *Cancellation and Rescission* provision for termination for fraud or intentional misrepresentations of material fact.

Cancellation by the Employer

This health plan may be cancelled by the Employer at any time provided written notice is given to CCSB, all Employees and Blue Shield to become effective upon receipt, or on a later date as may be specified by the notice.

Cancellation for Employer's Non-Payment of Premiums - Notices

Blue Shield or CCSB may cancel this health plan for non-payment of Premiums. If the Employer fails to pay the required Premiums when due, coverage will terminate pursuant to the rules established by CCSB. The Employer will be liable for all Premiums accrued while this coverage continues in force including those accrued during the grace period. Blue Shield will mail the Employer a Cancellation Notice (or Notice Confirming Termination of Coverage). The Employer must provide enrolled Employees with a copy of the Notice Confirming Termination of Coverage.

Cancellation/Rescission for Fraud or Intentional Misrepresentations of Material Fact

Blue Shield may cancel or rescind the Contract for fraud or intentional misrepresentation of material fact by the Employer, or with respect to coverage of Employees or Dependents, for fraud or intentional misrepresentation of material fact by the Employee, Dependent, or their representative. A rescission voids the Contract retroactively as if it was never effective; Blue Shield will provide written notice to the Employer prior to any rescission.

In the event the contract is rescinded or cancelled, either by Blue Shield or the Employer, it is the Employer's responsibility to notify each enrolled Em-

ployee of the rescission or cancellation. Cancellations are effective on receipt or on such later date as specified in the cancellation notice.

If a Member is hospitalized or undergoing treatment for an ongoing condition and the Contract is cancelled for any reason, including non-payment of Premiums, no Benefits will be provided unless the Member obtains an Extension of Benefits. (See the Extension of Benefits provision for more information.)

Date Coverage Ends

Coverage for a Subscriber and all of his or her Dependents ends at 11:59 p.m. Pacific Time on the earliest of these dates: (1) the date the Employer Group Health Service Contract is discontinued; (2) the last day of the month in which the Subscriber's employment terminates, unless a different date has been agreed to between Blue Shield and the Employer; (3) the date as indicated in the Notice Confirming Termination of Coverage that is sent to the Employer (see *Cancellation for Non-Payment of Premiums – Notices*); or (4) the last day of the month following the month in which notice is sent by CCSB that the Subscriber and Dependents are ineligible for coverage in CCSB except as provided below.

Even if a Subscriber remains covered, his Dependents' coverage may end if a Dependent become ineligible. A Dependent spouse becomes ineligible following legal separation from the Subscriber, entry of a final decree of divorce, annulment or dissolution of marriage from the Subscriber; coverage ends on the last day of the month in which the Dependent spouse became ineligible. A Dependent Domestic Partner becomes ineligible upon termination of the domestic partnership; coverage ends on the last day of the month in which the Domestic Partner becomes ineligible. A Dependent child who reaches age 26 becomes ineligible unless the Dependent child is disabled and qualifies for continued coverage as described in the definition of Dependent. Coverage ends on the last day of the month in which the Dependent child becomes ineligible.

In addition, if a written application for the addition of a newborn or a child placed for adoption is not submitted to and received by Blue Shield within the 60 days following the Dependent's birth or place-

ment for adoption, Benefits under this health plan for that child will end on the 31st day after the birth or placement for adoption at 11:59 p.m. Pacific Time.

If the Subscriber ceases work because of retirement, disability, leave of absence, temporary layoff, or termination, he or she should contact the Employer or contact CCSB for information on options for continued group coverage or individual options.

If the Employer is subject to the California Family Rights Act of 1991 and/or the federal Family & Medical Leave Act of 1993, and the approved leave of absence is for family leave under the terms of such Act(s), a Subscriber's payment of Premiums will keep coverage in force for such period of time as specified in such Act(s). The Employer is solely responsible for notifying their Employee of the availability and duration of family leaves.

Reinstatement

If the Subscriber had been making contributions toward coverage for the Subscriber and Dependents and voluntarily cancelled such coverage, he or she should contact the Employer regarding reinstatement options. If reinstatement is not an option, the Subscriber may have a right to re-enroll if the Subscriber or Dependents qualify for a Special Enrollment Period (see Special Enrollment Periods in the Definitions section). The Subscriber or Dependents may also enroll during the annual Open Enrollment Period. Enrollment resulting from a Special Enrollment Period or annual Open Enrollment Period is not reinstatement and may result in a gap in coverage.

Extension of Benefits

If a Member becomes Totally Disabled while validly covered under this health plan and continues to be Totally Disabled on the date the Contract terminates, Blue Shield will extend Benefits, subject to all limitations and restrictions, for Covered Services and supplies directly related to the condition, illness or injury causing such Total Disability until the first to occur of the following: (1) twelve months from the date coverage terminated; (2) the date the covered Member is no longer Totally Disabled; or (3) the date on which a replacement carrier provides coverage to the Member.

No extension will be granted unless Blue Shield receives written certification of such Total Disability from a Physician within 90 days of the date on which coverage was terminated, and thereafter at such reasonable intervals as determined by Blue Shield.

Group Continuation Coverage

Please examine your options carefully before declining this coverage.

A Subscriber can continue his or her coverage under this group health plan when the Subscriber's Employer is subject to either Title X of the Consolidated Omnibus Budget Reconciliation Act (COBRA) as amended or the California Continuation Benefits Replacement Act (Cal-COBRA). The Subscriber's Employer should be contacted for more information.

In accordance with the Consolidated Omnibus Budget Reconciliation Act (COBRA) as amended and the California Continuation Benefits Replacement Act (Cal-COBRA), a Member may elect to continue group coverage under this Plan if the Member would otherwise lose coverage because of a Qualifying Event that occurs while the Contractholder is subject to the continuation of group coverage provisions of COBRA or Cal-COBRA. The benefits under the group continuation of coverage will be identical to the benefits that would be provided to the Member if the Qualifying Event had not occurred (including any changes in such coverage).

A Member will not be entitled to benefits under Cal-COBRA if at the time of the qualifying event such Member is entitled to benefits under Title XVIII of the Social Security Act ("Medicare") or is covered under another group health plan. Under COBRA, a Member is entitled to benefits if at the time of the qualifying event such Member is entitled to Medicare or has coverage under another group health plan. However, if Medicare entitlement or coverage under another group health plan arises after COBRA coverage begins, it will cease.

Qualifying Event

A Qualifying Event is defined as a loss of coverage as a result of any one of the following occurrences.

- 1) With respect to the Subscriber:
 - a. the termination of employment (other than by reason of gross misconduct); or
 - b. the reduction of hours of employment to less than the number of hours required for eligibility.
- 2) With respect to the Dependent spouse or Dependent Domestic Partner and Dependent children (children born to or placed for adoption with the Subscriber or Domestic Partner during a COBRA or Cal-COBRA continuation period may be immediately added as Dependents, provided the Contractholder is properly notified of the birth or placement for adoption, and such children are enrolled within 30 days of the birth or placement for adoption):
 - a. the death of the Subscriber; or
 - b. the termination of the Subscriber's employment (other than by reason of such Subscriber's gross misconduct); or
 - c. the reduction of the Subscriber's hours of employment to less than the number of hours required for eligibility; or
 - d. the divorce or legal separation of the Subscriber from the Dependent spouse or termination of the domestic partnership; or
 - e. the Subscriber's entitlement to benefits under Title XVIII of the Social Security Act ("Medicare"); or
 - f. a Dependent child's loss of Dependent status under this Plan.

Domestic Partners and Dependent children of Domestic Partners cannot elect COBRA on their own, and are only eligible for COBRA if the Subscriber elects to enroll. Domestic Partners and Dependent children of Domestic Partners may elect to enroll in Cal-COBRA on their own.

- 3) For COBRA only, with respect to a Subscriber who is covered as a retiree, that retiree's Dependent spouse and Dependent children, the Employer's filing for reorganization under Title XI, United States Code, commencing on or after July 1, 1986.

- 4) With respect to any of the above, such other Qualifying Event as may be added to Title X of COBRA or the California Continuation Benefits Replacement Act (Cal-COBRA).

Notification of a Qualifying Event

- 1) With respect to COBRA enrollees:

The Member is responsible for notifying the Employer of divorce, legal separation, or a child's loss of Dependent status under this plan, within 60 days of the date of the later of the Qualifying Event or the date on which coverage would otherwise terminate under this plan because of a Qualifying Event.

The Employer is responsible for notifying its COBRA administrator (or plan administrator if the Employer does not have a COBRA administrator) of the Subscriber's death, termination, or reduction of hours of employment, the Subscriber's Medicare entitlement or the Employer's filing for reorganization under Title XI, United States Code.

When the COBRA administrator is notified that a Qualifying Event has occurred, the COBRA administrator will, within 14 days, provide written notice to the Member by first class mail of the Member's right to continue group coverage under this plan. The Member must then notify the COBRA administrator within 60 days of the later of (1) the date of the notice of the Member's right to continue group coverage or (2) the date coverage terminates due to the Qualifying Event.

If the Member does not notify the COBRA administrator within 60 days, the Member's coverage will terminate on the date the Member would have lost coverage because of the Qualifying Event.

- 2) With respect to Cal-COBRA enrollees:

The Member is responsible for notifying Blue Shield in writing of the Subscriber's death or Medicare entitlement, of divorce, legal separation, termination of a domestic partnership or a child's loss of Dependent status under this plan. Such notice must be given within 60 days of the date of the later of the Qualifying Event or the date on which coverage would otherwise termi-

nate under this plan because of a Qualifying Event. Failure to provide such notice within 60 days will disqualify the Member from receiving continuation coverage under Cal-COBRA.

The Employer is responsible for notifying Blue Shield in writing of the Subscriber's termination or reduction of hours of employment within 30 days of the Qualifying Event.

When Blue Shield is notified that a Qualifying Event has occurred, Blue Shield will, within 14 days, provide written notice to the Member by first class mail of his or her right to continue group coverage under this plan. The Member must then give Blue Shield notice in writing of the Member's election of continuation coverage within 60 days of the later of (1) the date of the notice of the Member's right to continue group coverage or (2) the date coverage terminates due to the Qualifying Event. The written election notice must be delivered to Blue Shield by first-class mail or other reliable means.

If the Member does not notify Blue Shield within 60 days, the Member's coverage will terminate on the date the Member would have lost coverage because of the Qualifying Event.

If this plan replaces a previous group plan that was in effect with the Employer, and the Member had elected Cal-COBRA continuation coverage under the previous plan, the Member may choose to continue to be covered by this plan for the balance of the period that the Member could have continued to be covered under the previous plan, provided that the Member notify Blue Shield within 30 days of receiving notice of the termination of the previous group plan.

Duration and Extension of Group Continuation Coverage

Cal-COBRA enrollees will be eligible to continue Cal-COBRA coverage under this plan for up to a maximum of 36 months regardless of the type of Qualifying Event.

COBRA enrollees who reach the 18-month or 29-month maximum available under COBRA, may elect to continue coverage under Cal-COBRA for a maximum period of 36 months from the date the Member's continuation coverage began under CO-

BRA. If elected, the Cal-COBRA coverage will begin after the COBRA coverage ends.

Note: COBRA enrollees must exhaust all the COBRA coverage to which they are entitled before they can become eligible to continue coverage under Cal-COBRA.

In no event will continuation of group coverage under COBRA, Cal-COBRA or a combination of COBRA and Cal-COBRA be extended for more than three years from the date the Qualifying Event has occurred which originally entitled the Member to continue group coverage under this plan.

Note: Domestic Partners and Dependent children of Domestic Partners cannot elect COBRA on their own, and are only eligible for COBRA if the Subscriber elects to enroll. Domestic Partners and Dependent children of Domestic Partners may elect to enroll in Cal-COBRA on their own.

Notification Requirements

The Employer or its COBRA administrator is responsible for notifying COBRA enrollees of their right to possibly continue coverage under Cal-COBRA at least 90 calendar days before their COBRA coverage will end. The COBRA enrollee should contact Blue Shield for more information about continuation of coverage under Cal-COBRA. If the enrollee is eligible and chooses to continue coverage under Cal-COBRA, the enrollee must notify Blue Shield of their Cal-COBRA election at least 30 days before COBRA termination.

Payment of Premiums (Dues)

Premiums for the Member continuing coverage shall be 102 percent of the applicable group Premium rate if the Member is a COBRA enrollee, or 110 percent of the applicable group Premium rate if the Member is a Cal-COBRA enrollee, except for the Member who is eligible to continue group coverage to 29 months because of a Social Security disability determination, in which case, the Premiums for months 19 through 29 shall be 150 percent of the applicable group Premium rate.

Note: For COBRA enrollees who are eligible to extend group coverage under COBRA to 29 months because of a Social Security disability determination, Premiums for Cal-COBRA coverage shall be

110 percent of the applicable group Premium rate for months 30 through 36.

If the Member is enrolled in COBRA and is contributing to the cost of coverage, the Employer shall be responsible for collecting and submitting all Premium contributions to Blue Shield in the manner and for the period established under this plan.

Cal-COBRA enrollees must submit Premiums directly to Blue Shield. The initial Premium must be paid within 45 days of the date the Member provided written notification to the plan of the election to continue coverage and be sent to Blue Shield by first-class mail or other reliable means. The Premium payment must equal an amount sufficient to pay any required amounts that are due. Failure to submit the correct amount within the 45-day period will disqualify the Member from continuation coverage.

Effective Date of the Continuation of Coverage

The continuation of coverage will begin on the date the Member's coverage under this plan would otherwise terminate due to the occurrence of a Qualifying Event and it will continue for up to the applicable period, provided that coverage is timely elected and so long as Premiums are timely paid.

Termination of Group Continuation Coverage

The continuation of group coverage will cease if any one of the following events occurs prior to the expiration of the applicable period of continuation of group coverage:

- 1) discontinuance of this Group Health Service Contract (if the Employer continues to provide any group benefit plan for employees, the Member may be able to continue coverage with another plan);
- 2) failure to timely and fully pay the amount of required Premiums to the COBRA administrator or the Employer or to Blue Shield as applicable. Coverage will end as of the end of the period for which Premiums were paid;
- 3) the Member becomes covered under another group health plan;
- 4) the Member becomes entitled to Medicare;

- 5) the Member commits fraud or deception in the use of the services of this plan.

Continuation of group coverage in accordance with COBRA or Cal-COBRA will not be terminated except as described in this provision. In no event will coverage extend beyond 36 months.

Continuation of Group Coverage for Members on Military Leave

Continuation of group coverage is available for Members on military leave if the Member's Employer is subject to the Uniformed Services Employment and Re-employment Rights Act (USERRA). Members who are planning to enter the Armed Forces should contact their Employer for information about their rights under the (USERRA). Employers are responsible to ensure compliance with this act and other state and federal laws regarding leaves of absence including the California Family Rights Act, the Family and Medical Leave Act, Labor Code requirements for Medical Disability.

Liability of Subscribers in the Event of Non-Payment by Blue Shield

In accordance with Blue Shield's established policies, and by statute, every contract between Blue Shield and its Plan Providers stipulates that the Subscriber shall not be responsible to the Plan Provider for compensation for any services to the extent that they are provided in the Member's group contract. Plan Providers have agreed to accept the Blue Shield's payment as payment-in-full for Covered

Services, except for Deductibles, Copayments, Coinsurance, amounts in excess of specified Benefit maximums, or as provided under the Exception for Other Coverage provision and the Reductions section regarding Third Party Liability.

If services are provided by a non-Plan provider, the Member is responsible for all amounts Blue Shield does not pay.

When a Benefit specifies a Benefit maximum and that Benefit maximum has been reached, the Member is responsible for any charges above the Benefit maximums.

Right of Recovery

Whenever payment on a claim has been made in error, Blue Shield will have the right to recover such payment from the Subscriber or Member or, if applicable, the provider or another health benefit plan, in accordance with applicable laws and regulations. Blue Shield reserves the right to deduct or offset any amounts paid in error from any pending or future claim to the extent permitted by law. Circumstances that might result in payment of a claim in error include, but are not limited to, payment of benefits in excess of the benefits provided by the health plan, payment of amounts that are the responsibility of the Subscriber or Member (deductibles, copayments, coinsurance or similar charges), payment of amounts that are the responsibility of another payor, payments made after termination of the Subscriber or Member's eligibility, or payments on fraudulent claims.

No Maximum Lifetime Benefits

There is no maximum limit on the aggregate payments made by Blue Shield for Covered Services provided under this Group Health Service Contract.

No Annual Dollar Limits on Essential Health Benefits

This Plan contains no annual dollar limits on essential benefits as defined by federal law.

Payment of Providers

Blue Shield generally contracts with groups of Physicians to provide services to Members. A fixed,

monthly fee is paid to the groups of Physicians for each Member whose Personal Physician is in the group. This payment system, capitation, includes incentives to the groups of Physicians to manage all services provided to Members in an appropriate manner consistent with the contract.

Members who want to know more about this payment system, may contact Customer Service at the number provided on the back page of this Evidence of Coverage or talk to their Plan Provider.

To be entitled to services, the Member must be a Subscriber who has been accepted by the Employer and enrolled by Blue Shield and who has maintained enrollment under the terms of this Contract.

Plan Providers are paid directly by Blue Shield or the Medical Group/IPA. The Member or the provider of service may not request that payment be made directly to any other party.

If the Member receives services from a non-Plan provider, payment will be made directly to the Subscriber, and the Subscriber is responsible for payment to the non-Plan provider. The Member or the provider of service may not request that the payment be made directly to the provider of service.

External Independent Medical Review

For grievances involving claims or services for which coverage was denied by Blue Shield or by a contracting provider in whole or in part on the grounds that the service is not Medically Necessary or is experimental/investigational (including the ex-

ternal review available under the Friedman-Kowles Experimental Treatment Act of 1996), Members may choose to make a request to the Department of Managed Health Care to have the matter submitted to an independent agency for external review in accordance with California law. Members normally must first submit a grievance to Blue Shield and wait for at least 30 days before requesting external review; however, if the matter would qualify for an expedited decision as described above or involves a determination that the requested service is experimental/investigational, a Member may immediately request an external review following receipt of notice of denial. A Member may initiate this review by completing an application for external review, a copy of which can be obtained by contacting Customer Service. The Department of Managed Health Care will review the application and, if the request qualifies for external review, will select an external review agency and have the Member's records submitted to a qualified specialist for an independent determination of whether the care is Medically Necessary. Members may choose to submit additional records to the external review agency for review. There is no cost to the Member for this external review. The Member and the Member's Physician will receive copies of the opinions of the external review agency. The decision of the external review agency is binding on Blue Shield; if the external reviewer determines that the service is Medically Necessary, Blue Shield will promptly arrange for the service to be provided or the claim in dispute to be paid. This external review process is in addition to any other procedures or remedies available and is completely voluntary; Members are not obligated to request external review. However, failure to participate in external review may cause the Member to give up any statutory right to pursue legal action against Blue Shield regarding the disputed service. For more information regarding the external review process, or to request an application form, please contact Customer Service.

Department of Managed Health Care Review

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your

health plan, you should first telephone your health plan at **1-844-515-9068** and use your health plan's grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature, and payment disputes for emergency or urgent medical services.

The Department also has a toll-free telephone number (**1-888-466-2219**) and a TDD line (**711**) for the hearing and speech impaired. The Department's Internet Web site, (www.dmhc.ca.gov), has complaint forms, IMR application forms, and instructions online.

In the event that Blue Shield should cancel or refuse to renew the enrollment for the Subscriber or their Dependents and the Subscriber feels that such action was due to reasons of health or utilization of benefits, the Subscriber or their Dependents may request a review by the Department of Managed Health Care Director.
