

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE:** Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, 1-800-359-2002. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0	See the Common Medical Events chart below for services this plan covers.
Are there services covered before you meet your deductible ?	N/A	N/A
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$5,000 Individual / \$10,000 Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.sharphealthplan.com or call 1-800-359-2002 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist .

Important Health Plan Information

We will provide you with important health plan information, including this Member Handbook, the Summary of Benefits, Provider Directories and a Member Resource Guide, to help you better understand and use your benefit plan. It is very important that you read this information to understand your benefit plan and how to access care. We recommend keeping this information for

reference. This information is also available online at sharphealthplan.com.

Member Handbook

This Member Handbook explains your health plan membership, how to use your benefit plan and access care, and who to call if you have questions. This Member Handbook also describes your Covered Benefits and any exclusions or limitations.

In this Member Handbook, “you” or “your” means any Member (Subscriber or the Dependent), who has enrolled in the Plan under the provisions of the Membership Agreement and for whom the applicable Premiums have been paid.

For easier reading, we have capitalized words throughout this Member Handbook. Please refer to the **Glossary** section for detailed definitions. To access this Member Handbook online, log in to your Sharp Health Plan online account at sharphealthplan.com/login.

Summary of Benefits

Your Summary of Benefits outlines the applicable Deductible(s), Coinsurances, Copayments and Out-of-Pocket Maximum that apply to the benefit plan your Employer purchased. The Summary of Benefits, also referred to as the Health Plan Benefits and Coverage Matrix, is considered part of this Member Handbook.

Provider Directories

The Provider Directories list Plan Physicians, Plan Hospitals and other Plan Providers in

your Plan Network. When selecting your Primary Care Physician (PCP) who will coordinate all your care, you must choose a provider who is in your Plan Network. You will receive all non-emergency Covered Benefits from the Plan Providers in your Plan Network. For your convenience, your Plan Network is listed on your Sharp Health Plan Member identification card.

Our Provider Directories listing the Plan Providers in your Plan Network, including providers in the Delta Dental (dental services), Vision Service Plan (vision services), American Specialty Health Plans (acupuncture and chiropractic services) and CVS Caremark (pharmacies), are available online at sharphealthplan.com/findadoctor. You may also request a printed directory by calling Customer Care at 1-800-359-2002.

For Mental Health and Substance Use Disorder services, you have direct access to providers in the OptumHealth Behavioral Solutions of California ("Optum Behavioral Health") provider network. The Provider Directory can be accessed online at sharphealthplan.com/findadoctor. You can also contact Optum Behavioral Health at 1-844-483-9013 to request a printed directory or if you need assistance with finding a provider.

Member Resource Guide

We distribute our Member Resource Guide annually to all Subscribers. The guide includes information about accessing care, our Member Advisory Committee (previously called Public Policy Committee), health education (prevention and wellness information) and how to get the most out of your health plan benefits.

How Does the Plan Work?

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHICH GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. ALL REFERENCES TO PLAN PROVIDERS, PLAN MEDICAL GROUPS, PLAN HOSPITALS AND PLAN PHYSICIANS IN THIS MEMBER HANDBOOK REFER TO PROVIDERS AND FACILITIES IN YOUR PLAN NETWORK, AS IDENTIFIED ON YOUR MEMBER IDENTIFICATION CARD.

Please read this Member Handbook carefully to understand how to get the most out of your health plan benefits. After you have read the Member Handbook, we encourage you to call Customer Care with any questions. To begin, here are the basics that explain how to make the Plan work best for you.

Choice of Plan Physicians and Plan Providers

Sharp Health Plan Providers are located throughout San Diego County and, in some Plan Networks, southern Riverside County. The Provider Directories list the addresses and phone numbers of Plan Providers, including PCPs, hospitals and other facilities.

- The Plan has several physician groups (called Plan Medical Groups or PMGs) from which you select your Primary Care Physician (PCP) and through which you receive specialty physician care or access to hospitals and other facilities. In some Plan Networks, you can also select a PCP who is contracted directly with the Plan. If you

How Does the Plan work?

choose one of these PCPs, your PMG will be “Independent”.

- You select a PCP for yourself and one for each of your Dependents. Look in the Provider Directory for your Plan Network to find your current doctor or select a new one if your doctor is not listed. Family members may select different PCPs and PMGs to meet their individual needs, except as described below. If you need help selecting a PCP, please call Customer Care.
- In most cases, newborns are assigned to the mother’s PMG until the first day of the month following birth or discharge from the hospital, whichever is later. You may select a different PCP or PMG for your newborn following the birth month or discharge from the hospital, whichever is later, by calling Customer Care.
- Write your PCP selection on your enrollment form and give it to your Employer.
- If you are unable to select a doctor at the time of enrollment, we will select one for you so that you have access to care immediately. If you would like to change your PCP, just call Customer Care. We recognize that the choice of a doctor is a personal one, and encourage you to choose a PCP who best meets your needs.
- You and your Dependents obtain Covered Benefits through your PCP and from the Plan Providers who are affiliated with your PMG. If you need to be hospitalized, your doctor will generally direct your care to the Plan Hospital or other Plan facility where your doctor has admitting privileges. Since doctors do not usually maintain privileges at all facilities, you may want to check with your doctor to see where they admit patients. If you would like assistance with this information, please call Customer Care.
- For Mental Health and Substance Use Disorder services, you have direct access to providers in the Optum Behavioral Health provider network, as described under **Mental Health Services** and **Substance Use Disorder Treatment**. For pediatric dental services, you have direct access to your assigned Delta Dental Contract Dentist, as described in the **Pediatric Dental Addendum**. For pediatric vision services, you have direct access to providers in the Vision Service Plan network, as described under Vision Services. No PCP referral is required for these services.
- For Mental Health and Substance Use Disorder services, you have direct access to providers in the Optum Behavioral Health provider network, as described under **Mental Health Services** and **Substance Use Disorder Treatment**. For pediatric dental services, you have direct access to your assigned Delta Dental Contract Dentist, as described in the **Pediatric Dental Addendum**. For pediatric vision services, you have direct access to providers in the Vision Service Plan network, as described under Vision Services. No PCP referral is required for these services.
- Some hospitals and other Providers do not provide one or more of the following services that may be covered under your Plan contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association, clinic or Customer Care to ensure that you can obtain the health care services that you need.

Call Your PCP When You Need Care

- Call your PCP for all your health care needs. Your PCP's name and telephone number are shown on your Member Identification (ID) card. You will receive your ID card soon after you enroll. If you are a new patient, forward a copy of your medical records to your PCP before you are seen, to enable your doctor to provide better care.
- Make sure to tell your PCP about your complete health history, as well as any current treatments, medical conditions, or other doctors who are treating you.
- If you have never been seen by your PCP, you should make an appointment for an initial health assessment. If you have a more urgent medical problem, don't wait until this appointment. Speak with your PCP or other health care professional in the office, and they will direct you appropriately.
- You can contact your PCP's office 24 hours a day for triage and screening services to assess your health concerns and symptoms. If your PCP is not available or if it is after regular office hours, a message will be taken. Your call will be returned by a qualified health professional within 30 minutes.
- If you are unable to reach your PCP, please call Customer Care. You have access to our nurse advice line evenings and weekends for medical advice.
- If you have an Emergency Medical Condition, call "911" or go to the nearest hospital emergency room.
- All Members have direct and unlimited access to OB/GYN Plan Physicians as well as PCPs (family practice, internal medicine, etc.) in their Primary Care Physician's PMG for obstetric and gynecologic services.

- All Members have direct access to providers in the Optum Behavioral Health provider network for Mental Health and Substance Use Disorder services, as described under **Mental Health Services** and **Substance Use Disorder Treatment**.
- All Members under the age of 19 have direct access to the assigned Delta Dental Contract Dentist, as described in the **Pediatric Dental Addendum**, for pediatric dental services, and to providers in the Vision Service Plan network, as described under **Vision Services**, for pediatric vision services.

Present Your Member ID Card and Pay Your Cost

Always present your Member ID card when you receive health care services. If you are a new Member, you will receive your ID card within 7-10 business days of your effective date. If you are an existing Member, you will receive a new ID card within 7-10 business days of any applicable changes in your benefits or your PCP. You can also print a temporary ID card by logging into your account online at sharphealthplan.com.

If you have a new ID card because you changed PCPs, PMGs, or benefits plans, be sure to show your Provider your new card.

When you receive care, you pay the Provider any applicable Deductible, Copayment or Coinsurance specified on the Summary of Benefits. For convenience, some Copayments and Coinsurance are also shown on your Member ID card.

Call us with questions at 1-858-499-8300 or toll-free at 1-800-359-2002, or send Customer Care a secure message through your Sharp Health Plan online account at sharphealthplan.com/login.

How Do You Obtain Medical Care?

Use Your Member ID Card

The Plan will send you and each of your Dependents a Member ID card that shows your Member number, benefit information, certain Copayments, your Plan Network, your PMG, your PCP's name and telephone number, and information about obtaining Emergency Services. Present this card whenever you need medical care and identify yourself as a Sharp Health Plan Member. Your ID card can only be used to obtain care for yourself. If you allow someone else to use your ID card, the Plan will not cover the services and may terminate your coverage. If you lose your ID card or require medical services before receiving your ID card, please call Customer Care. You can also request an ID card or print a temporary ID card online at sharphealthplan.com by logging in to your Sharp Health Plan account.

Access Health Care Services Through Your Primary Care Physician

Your PCP will provide the appropriate services or referrals to other Plan Providers. If you need specialty care, your PCP will refer you to a specialist. All specialty care must be coordinated through your PCP. You may receive a standing referral to a specialist if your PCP determines, in consultation with the specialist and the Plan, that you need continuing care from a specialist. Your PCP can tell you how to obtain a standing referral if you need one.

If you fail to obtain Authorization from your PCP, care you receive may not be covered by the Plan and you may be responsible to pay for the care. Remember, however, that women have direct and unlimited access to OB/GYNs as well as PCPs (family practice, internal medicine, etc.) in their Primary Care Physician's PMG for obstetric and gynecologic services. You will not be required to obtain prior Authorization for sexual and reproductive health services in your Plan Network.

For Mental Health and Substance Use Disorder services, you have direct access to providers in the Optum Behavioral Health provider network, as described under **Mental Health Services** and **Substance Use Disorder Treatment**. Authorization from Optum Behavioral Health may be required for certain services. For pediatric dental services, you have direct access to your assigned Delta Dental Contract Dentist, as described in the **Pediatric Dental Addendum**. For pediatric vision services, you have direct access to providers in the Vision Service Plan network, as described under **Vision Services**.

Use Sharp Health Plan Providers

You receive Covered Benefits (except those listed below) from Plan Providers who are affiliated with your PMG and who are part of your Plan Network. To find out which Plan Providers are affiliated with your PMG and part of your Plan Network, refer to the Provider Directory for your Plan Network or call Customer Care. If Covered Benefits are not available from Plan Providers affiliated

with your PMG, you will be referred to another Plan Provider to receive such Covered Benefits. Availability of Plan Providers will be assessed based on your specific medical needs, provider expertise, geographic access, and appointment availability. You are responsible to pay for any care not provided by Plan Providers affiliated with your PMG, unless your PMG has Authorized the service in advance or it is an Emergency Service.

The following services are available from Plan Providers who are not part of your PMG. You do not need a referral from your PCP to access Covered Benefits with these providers:

- Mental Health and Substance Use Disorder services – Optum Behavioral Health contracted providers
- Pediatric dental services – Delta Dental contracted providers
- Pediatric vision services – Vision Service Plan contracted providers
- Acupuncture and chiropractic services – American Specialty Health Plans contracted providers
- Outpatient prescription drugs – CVS Caremark contracted pharmacies

Use Sharp Health Plan Hospitals

If you need to be hospitalized, your Plan Physician will admit you to a Plan Hospital that is affiliated with your PMG and part of your Plan Network. If the hospital services you need are not available at a Plan Hospital affiliated with your PMG, you will be referred to another Plan Hospital to receive such hospital services. To find out which Plan Hospitals are affiliated with your PMG, please check the Provider Directory online at sharphealthplan.com/findadoctor, or call Customer Care. You are responsible to pay for any care that is not provided by Plan

Hospitals affiliated with your PMG, unless your PMG has Authorized the service in advance or it is an Emergency Service.

Schedule Appointments

When it is time to make an appointment, simply call the doctor that you have selected as your PCP. Your PCP's name and phone number are shown on the Member ID card that you receive when you enroll as a Sharp Health Plan Member. Remember, only Plan Providers may provide Covered Benefits to Members.

Timely Access to Care

Making sure you have timely access to care is extremely important to us. Check out the charts below to plan ahead for services.

Appointment Wait Times

Urgent appointments	Maximum Wait Time After Request
No prior Authorization required	48 hours
Prior Authorization required	96 hours

Non-urgent appointments	Maximum Wait Time After Request
PCP (Excludes preventive care appointments)	10 business days
Non-physician mental health care or Substance Use Disorder provider (e.g., psychologist or therapist) (Includes follow-up appointments)	10 business days

How Do You Obtain Medical Care?

Non-urgent appointments	Maximum Wait Time After Request
Specialist (Excludes follow-up appointments)	15 business days
Ancillary services (e.g., X-rays, lab tests, etc. for the diagnosis and treatment of injury, illness, or other health conditions)	15 business days

Rescheduling Appointments

If your appointment requires rescheduling, it shall be promptly rescheduled in a manner that is appropriate to your health care needs and continuity of care, consistent with good professional practice.

Extended Appointment Scheduling Times

Your wait time for an appointment may be extended if your health care provider has determined and noted in your record that the longer wait time will not be detrimental to your health.

Advance Scheduling

Your appointments for preventive and periodic follow up care services (e.g., standing referrals to specialists for chronic conditions, periodic visits to monitor and treat pregnancy, cardiac, or mental health or substance use disorder conditions, and laboratory and radiological monitoring for recurrence of disease) may be scheduled in advance, consistent with professionally recognized standards of practice, and exceed the listed wait times.

Timely Access to Mental Health and Substance Use Disorder Services

If covered Mental Health or Substance Use Disorder services are not available in accordance with required geographic and timely access standards, Optum Behavioral Health shall provide and arrange coverage for Medically Necessary Mental Health and Substance Use Disorder services from an out-of-network provider or providers. Optum Behavioral Health will schedule the appointment for the Member or arrange for the admission of the Member if inpatient or residential services are Medically Necessary and when accepted by the Member. The offered appointment or admission will be scheduled as follows:

- No more than ten (10) business days after the initial request for non-urgent services.
- Within 15 business days of a request for specialist physician Mental Health or Substance Use Disorder services.
- Within 48 hours of the initial request for Urgent Mental Health or Substance Use Disorder Services when Optum Behavioral Health does not require prior Authorization.
- Within 96 hours of the initial request for Urgent Mental Health and Substance Use Disorder Services if Optum Behavioral Health requires prior Authorization.

If the Member is unable to attend the appointment offered by Optum Behavioral Health, Optum Behavioral Health will continue to arrange and schedule a new appointment with the same out-of-network provider or a different out-of-network provider to ensure the delivery of Medically Necessary Mental Health or Substance Use Disorder services.

The timeframes noted above may be extended if either of the following is true:

- a. The referring or treating licensed health care provider, or the health professional providing triage or screening services, acting within the scope of their practice and consistent with professionally recognized standards of practice, has determined and noted in the relevant record that a longer waiting time will not have a detrimental impact on the health of the Member.
- b. The requested services are preventive care services or periodic follow-up care, including periodic office visits to monitor and treat Mental Health or Substance Use Disorder conditions and laboratory and radiological monitoring for recurrence of disease. Such services may be scheduled in advance consistent with professionally recognized standards of practice as determined by the treating licensed health care provider acting within the scope of their practice.

Telephone Wait Times

Service	Maximum Wait Time
Sharp Health Plan Customer Care (Monday to Friday, 8 a.m. to 6 p.m.)	10 minutes
Triage or screening services (24 hours/day and 7 days/week)	30 minutes

After-Hours Triage Services

Your PCP, mental health providers and Substance Use Disorder providers are required to have an answering service

or a telephone answering machine during nonbusiness hours. These services must provide direction telling you how to obtain urgent or emergency care and, if applicable, how you can contact an on-call provider for screening or urgent or emergency care as appropriate.

In addition, after hours and on weekends, registered nurses are available through Sharp Nurse Connection™. They can talk with you about an illness or injury, help you decide where to seek care and provide advice on any of your health concerns. Call 1-800-359-2002 and select the appropriate prompt, 5 p.m. to 8 a.m., Monday to Friday and 24 hours on weekends and holidays.

Interpreter Services at Scheduled Appointments

Sharp Heath Plan provides free interpreter services at scheduled appointments. Interpreter services may be in-person, via video chat, or by telephone, based on the capabilities of your provider and the interpreter. For language interpreter services, please call Customer Care: 1-800-359-2002. The hearing and speech impaired may dial “711” or use California’s Relay Service’s toll-free numbers to contact us:

- 1-800-735-2922 Voice
- 1-800-735-2929 TTY
- 1-800-855-3000 Voz en español y TTY (teléfono de texto)

Members must make requests for interpreting services at scheduled appointments at least five (5) business days prior to the appointment date to allow sufficient time for scheduling an interpreter.

How Do You Obtain Medical Care?

Referrals to Non-Plan Providers

Sharp Health Plan has an extensive network of high-quality Plan Providers throughout the Service Area. Occasionally, however, Plan Providers may not be able to provide services you need that are covered by the Plan. If this occurs, your PCP will refer you to a provider where the services you need are available and meet geographic and timely access standards set by law. Sharp Health Plan or PMG will Authorize Medically Necessary out-of-network services when the services are not available in network. You will pay in-network Cost Sharing for out-of-network services Authorized by the Plan, PMG or Optum Behavioral Health. You should make sure that these services are Authorized in advance. If the services are Authorized, you pay only the Copayments you would pay if the services were provided by a Plan Provider.

If Optum Behavioral Health fails to arrange coverage for a Member as set forth in **Timely Access to Mental Health and Substance Use Disorder Services**, all the following shall apply:

- a. The Member or the Member's representative may arrange for the Member to obtain Medically Necessary care from any appropriately licensed provider(s), regardless of whether the provider contracts with Optum Behavioral Health, so long as the Member's first appointment with the provider or admission to the provider occurs no more than 90 calendar days after the date the Member, the Member's representative, or the Member's provider initially submitted a request for covered Mental Health or Substance Use Disorder services to Optum Behavioral Health. If an appointment or admission to a provider is not available within 90 calendar days of

initially submitting a request, the Member may arrange an appointment or admission for the earliest possible date outside the 90-day window so long as the appointment or admission was confirmed within 90 days.

- b. If the Member receives covered Medically Necessary Mental Health or Substance Use services pursuant to paragraph (a) above from an out-of-network provider, Optum Behavioral Health shall reimburse all claims from the provider(s) for Medically Necessary Mental Health or Substance Use Disorder service(s) delivered to the Member by the provider(s), and shall ensure the Member pays no more than the same Cost Sharing that the Member would pay for the Mental Health or Substance Use Disorder services if the services had been delivered by an in-network provider.

Changing Your PCP

It is a good idea to stay with a PCP so they can get to know your health needs and medical history. However, you have the option to change your PCP to a different doctor in your Plan Network for any reason. If you select a PCP in a different PMG, you will have access to a different group of specialists, hospitals, and other providers. Your new PCP may also need to submit Authorization requests for specialty care, Durable Medical Equipment or other Covered Benefits you need. The Authorizations from your previous PMG will no longer be valid, this does not apply to Outpatient Prescription Drug Authorizations received under the pharmacy benefit. Be sure to contact your new PCP promptly if you need Authorization for a specialist or other Covered Benefits. See the section below titled **Obtain Required Authorization** for more information.

If you wish to change your PCP, please contact Customer Care. One of our Customer Care Representatives will help you choose a new doctor. In general, the change will be effective on the first day of the following month.

Obtain Required Authorization

In most instances you are responsible for obtaining valid Authorization before you receive Covered Benefits.

You do not have to obtain Authorization for:

- PCP services
- Obstetric and gynecologic services, including abortion and abortion-related services, including preabortion and follow-up services
- Vasectomy services and procedures
- Biomarker testing for Members with advanced or metastatic stage 3 or 4 cancer
- Outpatient Mental Health or Substance Use Disorder office visits
- Behavioral Health Crisis Services provided by a 988 center or mobile crisis team or other providers of Behavioral Health Crisis Services, including Behavioral Health Crisis Stabilization Services
- Services other than Prescription Drugs provided under a Community Assistance, Recovery, and Empowerment (CARE) Plan or CARE Agreement approved by a court
- MinuteClinic services
- Emergency Services

There are other services listed throughout this document that do not require Authorization; those benefits have specific language stating Authorization is not required. For services not

listed above, you are responsible for obtaining valid Authorization before you receive Covered Benefits. To obtain a valid Authorization:

1. Prior to receiving care, contact your PCP or other approved Plan Provider to discuss your treatment plan.
2. Request prior Authorization for the Covered Benefits that have been ordered by your doctor. Your PCP or other Plan Provider is responsible for requesting Authorization from Sharp Health Plan or your Plan Medical Group.
3. If Authorization is approved, obtain the expiration date for the Authorization. You must access care before the expiration date with the Plan Provider identified in the approved Authorization.

A decision will be made on the Authorization request in a timely fashion based on the nature of your medical condition, but no later than five business days. A letter will be sent to you within two business days of the decision.

If waiting five days would seriously jeopardize your life or health or your ability to regain maximum function or, in your doctor's opinion, it would subject you to severe pain that cannot be adequately managed without the care or treatment that is being requested, you will receive a decision in a timely fashion based on the nature of your medical condition, but no later than 72 hours after receipt of the Authorization request.

If we do not receive enough information to make a decision regarding the Authorization request, we will send you a letter within five days to let you know what additional information is needed. We will give you or your provider at least 45 days to provide the additional information. (For urgent Authorization requests, we will notify you and your provider by phone within 24 hours and give you or your provider at least 48 hours

How Do You Obtain Medical Care?

to provide the additional information.)

If you receive Authorization for an ongoing course of treatment, we will not reduce or stop the previously Authorized treatment before providing you with an opportunity to Appeal the decision to reduce or stop the treatment.

The Plan uses evidence-based guidelines for Authorization, modification or denial of services as well as Utilization Management, prospective, concurrent and retrospective review. Plan specific guidelines are developed and reviewed on an ongoing basis by the Plan Medical Director, Utilization Management Committee and appropriate physicians to assist in determination of community standards of care. A description of the medical review process or the guidelines used in the process, including any nonprofit professional association clinical review criteria, education program and training materials for Mental Health or Substance Use Disorders, will be provided upon request at no cost.

If you change to a new PMG as a result of a PCP change, you will need to ask your new PCP to submit Authorization requests for any specialty care, Durable Medical Equipment or other Covered Benefits you need. The Authorizations from your previous PMG will no longer be valid. Be sure to contact your new PCP promptly if you need Authorization for a specialist or other Covered Benefits.

If services requiring prior Authorization are obtained without the necessary Authorization, you may be responsible for the entire cost.

Second Opinions

When a medical or surgical procedure or course of treatment (including Mental Health or Substance Use Disorder treatment) is recommended, and either you or the Plan

Physician requests, a second opinion may be obtained. You may request a second opinion for any reason, including the following:

- You question the reasonableness or necessity of recommended surgical procedures.
- You question a diagnosis or plan of care for a condition that threatens loss of life, limb or bodily function, or substantial impairment, including, but not limited to, a Serious Chronic Condition.
- The clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating health professional is unable to diagnose the condition and you would like to request an additional diagnosis.
- The treatment plan in progress is not improving your medical condition within an appropriate period of time given the diagnosis and plan of care, and you would like a second opinion regarding the diagnosis or continuance of the treatment.
- You have attempted to follow the plan of care or consulted with the initial provider concerning serious concerns about the diagnosis or plan of care.
- You or the Plan Physician who is treating you has serious concerns regarding the accuracy of the pathology results and requests a specialty pathology opinion.

A second opinion about care from your PCP must be obtained from another Plan Physician within your PMG. If you would like a second opinion about care from a specialist, you or your Plan Physician may request Authorization to receive the second opinion from any qualified Provider of the same specialty within the Plan's Network. If there is no qualified provider within the Plan's Network, you may request Authorization for a second opinion from a provider of the

same specialty outside the Plan's Network. A second opinion is for a consultation only, which may be conducted in person, virtually, by telephone, or through telehealth services. If a Provider outside the Plan's Network provides a second opinion, that Provider should not perform, assist, or provide care, including ordering tests such as laboratory studies or X-rays, as the Plan does not provide reimbursement for such care.

Members and Plan Physicians request a second opinion through their PMG for a PCP, through the Plan for a specialist, or through Optum Behavioral Health for Mental Health or Substance Use Disorder treatment. Requests will be reviewed and facilitated through the PMG, Optum Behavioral Health, or Plan Authorization process. If you have any questions about the availability of second opinions or would like a copy of the Plan's policy on second opinions, please contact Customer Care.

Telehealth Services

Telehealth is a way of delivering health care services via phone or video to facilitate diagnosis, consultation, treatment and other services. Telehealth services are intended to make it more convenient for you to receive health care services. You may receive Covered Benefits via Telehealth when available, determined by your Plan Provider to be medically appropriate, and provided by a Plan Provider. Medically Necessary health care services appropriately delivered via Telehealth are covered on the same basis and to the same extent as coverage for the same services received through in-person visits. This means you have the same Cost Share and Out-of-Pocket Maximum for in-person and Telehealth services. The same Authorization rules also apply. Coverage is not limited to services delivered by

third-party Telehealth providers.

Optum Behavioral Health offers Telehealth services for Mental Health Disorders and Substance Use Disorders through third-party providers. This means the provider does not have a physical office location. You are not required to receive services from a third-party Telehealth provider and can continue seeing a specialist or other individual health professional, clinic or facility in person or request to see that provider, clinic, or facility in person, if preferred. All services provided through a specialist or other individual health professional, clinic or facility must be consistent with timely access standards set by law or regulation. If you decide to obtain services from a third-party Telehealth provider, you will be required to consent verbally or in writing to receive the service via Telehealth. The Telehealth provider will ask for your consent prior to receiving Telehealth services. You have the right to request your medical records from a third-party Telehealth provider. Your records will be shared with your PCP unless you object. You can object to your records being shared with your PCP by indicating your preference in the intake process, prior to your first appointment. All services rendered through a third-party Telehealth provider will be available at your in-network Cost Sharing and will apply to your Deductible and Out-of-Pocket Maximum, if applicable.

Emergency Services and Care

Emergency Services are not a substitute for seeing your PCP. Rather, they are intended to provide emergency needed care in a timely manner when you require these services.

Emergency Services means those Covered Benefits, including Emergency Services and

How Do You Obtain Medical Care?

Care, provided inside or outside the Service Area, that are medically required on an immediate basis for treatment of an Emergency Medical Condition. Sharp Health Plan covers 24-hour emergency care.

An Emergency Medical Condition is a medical condition, manifesting itself by acute symptoms of sufficient severity, including severe pain, such that the absence of immediate medical attention could reasonably be expected to result in any of the following:

- Placing the patient's health in serious jeopardy; or
- Serious impairment of bodily functions; or
- Serious dysfunction of any bodily organ or part.

Emergency Services and Care means:

1. Medical screening, examination, and evaluation by a physician and surgeon, or, to the extent permitted by applicable law, by other appropriate personnel under the supervision of a physician and surgeon, to determine if an Emergency Medical Condition or Active Labor exists and, if it does, the care, treatment, and surgery, if within the scope of that person's license, necessary to relieve or eliminate the Emergency Medical Condition, within the capability of the facility; and
2. An additional screening, examination, and evaluation by a physician, or other personnel to the extent permitted by applicable law and within the scope of their licensure and clinical privileges, to determine if a Psychiatric Emergency Medical Condition exists, and the care and treatment necessary to relieve or eliminate the Psychiatric Emergency Medical Condition within the capability of the facility.

If you are a victim of rape or sexual assault, you do not have to pay a cost share for Emergency Services. This includes up to nine months of follow-up medical care, after the initial Emergency Services are received. You are not required to file a police report, press charges or participate in any legal proceedings, and the assailant does not need to be convicted of an offense to qualify for the waived Cost Share. If you have a High Deductible Health Plan, you will first have to satisfy your Deductible before the Cost Share is waived. Follow-up medical care includes medical or surgical services for the diagnosis, prevention, or treatment of medical conditions arising from an instance of rape or sexual assault.

What To Do When You Require Emergency Services

- If you have an Emergency Medical Condition, call "911" or go to the nearest hospital emergency room. It is not necessary to contact your PCP before calling "911" or going to a hospital if you believe you have an Emergency Medical Condition.
- If you are unsure whether your condition requires Emergency Services, call your PCP (even after normal business hours). Your PCP can help decide the best way to get treatment and can arrange for prompt emergency care. However, do not delay getting care if your PCP is not immediately available. Members are encouraged to use the "911" emergency response system appropriately when they have an Emergency Medical Condition that requires an emergency response.
- If you go to an emergency room and you do not reasonably believe you are having an emergency, you may be responsible for payment.

- If you are hospitalized in an emergency, please notify your PCP or Sharp Health Plan within 48 hours or at the earliest time reasonably possible. This will allow your Plan Physician to share your medical history with the hospital and help coordinate your care. If you are hospitalized outside of the Service Area, your Plan Physician and the Plan may arrange for your transfer to a Plan Hospital if your medical condition is sufficiently stable for you to be transferred.
- Paramedic ambulance services are covered when provided in conjunction with Emergency Services.
- If you need follow-up care after you receive Emergency Services, call your PCP to make an appointment or for a referral to a specialist. Do not go back to the hospital emergency room for follow-up care, unless you are experiencing an Emergency Medical Condition.
- You are not financially responsible for payment of Emergency Services, in any amount the Plan is obligated to pay, beyond your Copayment and/or Deductible. You are responsible only for applicable Copayments or Deductibles, as listed on the Summary of Benefits.
- Some non-Plan Providers may require that you pay for Emergency Services and seek reimbursement from the Plan. On these occasions, obtain a complete bill of all services rendered and a copy of the emergency medical report, and forward them to the Plan right away for reimbursement. Reimbursement request forms are available online at sharphealthplan.com/members/manage-your-plan/get-reimbursed.

Urgent Care Services

Urgent Care Services means those services performed, inside or outside the Plan's Service Area, that are medically required within a short timeframe, usually within 24 hours, in order to prevent a serious deterioration of a Member's health due to an illness, injury, or complication of an existing condition, including pregnancy, for which treatment cannot be delayed. Urgent conditions are not emergencies, but may need prompt medical attention. Urgent Care Services are not a substitute for seeing your PCP. They are intended to provide urgently needed care in a timely manner when you or your PCP has determined that you require these services or you are outside the Plan's Service Area and require Urgent Care Services.

What To Do When You Require Urgent Care Services

If you need Urgent Care Services and are in the Plan's Service Area, you must use an urgent care facility within your PMG. Some network urgent care centers offer virtual visits. If you have a question regarding where to go for urgent care, or to find out if an urgent care facility is within your PMG, please call your PCP, PMG or Sharp Health Plan. You also have access to a registered nurse evenings and weekends for medical advice by calling our toll-free Customer Care number at 1-800-359-2002. They can talk with you about an illness or injury, help you decide where to seek care and provide advice on any of your health concerns.

Out-of-Area Urgent Care Services are considered Emergency Services and do not require an Authorization from your PCP. If you are outside the Plan's Service Area and need Urgent Care Services, you should call your PCP, who may want to see you when you return in order to follow up with your care.

What Do You Pay?

Premiums

Your Employer pays Premiums to Sharp Health Plan by the Premium due date each month for you and your Dependents. Your Employer will notify you if you need to make any contribution to the Premium or if the Premium changes. Often, your share of the cost will be deducted from your salary. Premiums may change at renewal, if your Employer changes the benefit plan, or if you or your Dependent(s) reach certain ages.

Copayments

A Copayment, sometimes referred to as a “Copay”, is a specific dollar amount (for example, \$20) you pay for a particular Covered Benefit. If your benefit plan includes a Deductible, you may be required to satisfy the Deductible prior to paying the Copayment amount. Please see your Summary of Benefits for details. If the contracted rate for a Covered Benefit is less than the Copayment, you pay only the contracted rate. The example below illustrates how a Copayment is applied.

Example: If Sharp Health Plan’s contracted rate for a specialist office visit is \$100 and your Copayment is \$50:

- If your benefit plan does not apply a Deductible to specialist office visits, or if you have paid your Deductible: You pay \$50. Sharp Health Plan pays the remaining \$50.
- If your benefit plan applies a Deductible to specialist office visits and you have not met your Deductible: You pay the full amount of \$100.

You are responsible to pay applicable Copayments for any Covered Benefit you receive. Typically, Copayments are due at the time care was received. Some providers may send you a bill after you receive care for your Copayment amount. Sharp Health Plan is not responsible for the coordination and collection of Copayments. The provider, or pharmacy in the case of Outpatient Prescription Drugs, is responsible for the collection of Copayments. Copayment amounts may vary depending on the type of care you receive.

Copayment amounts are listed on your Summary of Benefits. For your convenience, Copayments for the most commonly used benefits are also shown on your Member ID card. Copayments will not change during the Benefit Year. The Copayments listed on the Summary of Benefits apply to each Member (including eligible newborn Dependents).

Coinsurance

Coinsurance is the percentage of costs you pay (for example, 20%) for a Covered Benefit. If your benefit plan includes a Deductible, you may be required to satisfy the Deductible prior to paying the Coinsurance amount. Please see your Summary of Benefits for details. The example below illustrates how Coinsurance is applied.

Example: If Sharp Health Plan’s contracted rate for a specialist office visit is \$100 and your Coinsurance is 20%:

- If your benefit plan does not apply a Deductible to specialist office visits, or if you have paid your Deductible: You pay \$20 (20% of \$100). Sharp Health Plan pays the remaining \$80.

- If your benefit plan applies a Deductible to specialist office visits and you have not met your Deductible: You pay the full amount of \$100.

You are responsible to pay applicable Coinsurance for any Covered Benefit you receive. Typically, Coinsurance payments are due at the time care was received. Some providers may send you a bill after you receive care for your Coinsurance amount. Sharp Health Plan is not responsible for the coordination and collection of Coinsurance payments. The provider, or pharmacy in the case of Outpatient Prescription Drugs, is responsible for the collection of the Coinsurance amount.

Coinsurance amounts may vary depending on the type of care you receive. The Coinsurance percentages are listed on your Summary of Benefits. For your convenience, Coinsurance percentages for the most commonly used benefits are also shown on your Member ID card. Coinsurance percentages will not change during the Benefit Year. The Coinsurance amounts listed on the Summary of Benefits apply to each Member (including eligible newborn Dependents).

Deductibles

Some, but not all, benefit plans include one or more Deductibles. If you have a Deductible, it will be listed on your Summary of Benefits. The Summary of Benefits also identifies the Covered Benefits that have a Deductible applied. You may have one Deductible for medical services and a separate Deductible for Prescription Drugs, or you may have a combined Deductible for medical services and Prescription Drugs.

A Deductible is the amount you must pay each Calendar Year for certain Covered

Benefits before we will start to pay for those Covered Benefits. Deductibles will not change during the Benefit Year. The Deductible may not apply to all Covered Benefits. Please see your Summary of Benefits for details. The amounts you are required to pay for the Covered Benefits subject to a Deductible are based upon Sharp Health Plan's cost for the Covered Benefit. Once you have met your annual Deductible, you pay the applicable Copayment or Coinsurance for Covered Benefits, and we pay the rest. If the contracted rate for the Covered Benefit exceeds the Deductible amount you are required to pay, the applicable Copayment or Coinsurance will also apply for that Covered Benefit. Example: If Sharp Health Plan's contracted rate for a hospital stay is \$5,000, your Deductible is \$1,000 and your hospital Copayment is \$250:

- If you have not yet paid any amount toward your Deductible, you are responsible for the first \$1,000 for the hospital stay.
- Because the contracted rate for the hospital stay is more than your Deductible, you are also responsible for the \$250 Copayment.
- Sharp Health Plan pays the remaining \$3,750.

The Deductible starts over each Calendar Year.

The following expenses will not count towards the Deductible:

- The amount you pay for your premium,
- Charges for Covered Benefits that are not subject to the Deductible,
- Charges for services and Prescription Drugs not covered under the benefit plan (see the section titled **What Is Not Covered?** for a list of exclusions and limitations), and
- Charges for services that exceed specific treatment limitations explained in this

What Do You Pay?

Member Handbook or noted in the Summary of Benefits.

How Does the Annual Deductible Work?

If you pay the Individual Deductible amount, no further Deductible payments are required from you for the specific Covered Benefits subject to that Deductible for the remainder of the Calendar Year. Premium contributions and any applicable Copayments and Coinsurance are still required.

If you have Family Coverage, your benefit plan includes a Family Deductible. In that case, each Member, including a newborn Dependent, also has an Individual Deductible. Each individual in the family can satisfy the applicable Deductibles in one of two ways:

- If you meet your Individual Deductible, then Covered Benefits subject to that Deductible will be covered for you by Sharp Health Plan, subject to any applicable Coinsurance or Copayment, for the remainder of the Calendar Year. The remaining enrolled family members must continue to pay the applicable Individual Deductible amount until either (a) the sum of Deductibles paid by the family reaches the Family Deductible amount or (b) each enrolled family member meets their Individual Deductible amount, whichever occurs first.
- If any number of covered family members collectively meet the Family Deductible, then Covered Benefits subject to that Deductible will be covered for the entire family by Sharp Health Plan, subject to any applicable Coinsurance or Copayment, for the remainder of the Calendar Year.

The maximum amount that any one covered family member can contribute toward the Family Deductible is the amount applied toward the Individual Deductible. Any amount you pay for the specified Covered Benefits

that would otherwise apply to your Individual Deductible, but which exceeds the Individual Deductible amount, will be refunded to you and will not apply toward your Family Deductible amount.

Annual Out-of-Pocket Maximum

The Out-of-Pocket Maximum is the total amount of Copayments, Deductibles, and Coinsurance you pay each Calendar Year for Covered Benefits, excluding supplemental benefits. The annual Out-of-Pocket Maximum amount is listed on your Summary of Benefits and is renewed at the beginning of each Calendar Year.

The following expenses will not count towards satisfying the Out-of-Pocket Maximum:

- Premium contributions,
- Charges for services and Prescription Drugs not covered under the benefit plan (see the section titled **What Is Not Covered?** for a list of exclusions and limitations),
- Charges for services that exceed specific treatment limitations explained in this Member Handbook or noted in the Summary of Benefits, and
- Copayments, Deductibles, and Coinsurance for supplemental benefits (e.g., chiropractic services).

How Does the Annual Out-of-Pocket Maximum Work?

All Copayments, Deductibles and Coinsurance amounts you pay for Covered Benefits, except supplemental benefits, count toward the Out-of-Pocket Maximum. If your total payments for Covered Benefits, excluding

supplemental benefits, reach the Individual Out-of-Pocket Maximum amount, no further Copayments, Deductibles, or Coinsurance are required from you for Covered Benefits (excluding supplemental benefits) for the remainder of the Calendar Year. Premium contributions are still required.

If you have Family Coverage, your benefit plan includes a Family Out-of-Pocket Maximum. Each Member, including newborn Dependents, also has an Individual Out-of-Pocket Maximum. Each individual in the family can satisfy the Out-of-Pocket Maximum in one of two ways:

- If you meet your Individual Out-of-Pocket Maximum, then Covered Benefits (excluding supplemental benefits) will be paid by Sharp Health Plan at 100% for you for the remainder of the Calendar Year. The remaining enrolled family members must continue to pay applicable Deductibles, Copayments and Coinsurance amounts until either (a) the sum of Cost Shares paid by the family reaches the Family Out-of-Pocket Maximum amount or (b) each enrolled family member meets their Individual Out-of-Pocket Maximum amount, whichever occurs first.
- If any number of covered family members collectively meet the Family Out-of-Pocket Maximum, then Covered Benefits (excluding supplemental benefits) will be paid by Sharp Health Plan at 100% for the entire family for the remainder of the Calendar Year.

The maximum amount that any one covered family member can contribute toward the Family Out-of-Pocket Maximum is the amount applied toward the Individual Out-of-Pocket Maximum. Any amount you pay for Covered Benefits (excluding supplemental benefits) for yourself that would otherwise apply to your Individual

Out-of-Pocket Maximum, but which exceeds the Individual Out-of-Pocket Maximum, will be refunded to you and will not apply toward your Family Out-of-Pocket Maximum.

Annual Deductible and Out-of-Pocket Maximum Balances

We will provide you with your annual Deductible and annual Out-of-Pocket Maximum balances each month you use benefits by mailing you an Explanation of Benefits (EOB) until the accrual balance equals the full Deductible and the full Out-of-Pocket Maximum. You can opt out of mailed notices by logging in to your Sharp Health Plan online account and visiting the Claims page. If you're on the mobile app, tap the Medical button. Copies of your EOB and your Deductible and Out-of-Pocket Maximum balances are available online at sharphealthplan.com/login. Additionally, you may request your balances from us by contacting Customer Care. The annual Deductible and annual Out-of-Pocket Maximum balances sent will be the most up-to-date information available. Sharp Health Plan defines "most up-to-date information available" to be all received and processed claims from the month in question. In instances where a provider submits a claim for services rendered during a prior month, that claim will be included on the EOB for the month in which it was processed by Sharp Health Plan.

Health Savings Account (HSA) Qualified High Deductible Health Plans

If you are enrolled in an HSA-qualified High Deductible Health Plan (HDHP), your Deductible and Out-of-Pocket Maximum will work differently. An HSA-qualified HDHP is one that meets IRS guidelines to allow you to contribute to an HSA. An HSA is a type of savings account that lets you set aside money on a pre-tax basis to pay for qualified medical expenses. You are not required to have an HSA if you are enrolled in an HSA-qualified HDHP. If you are unsure whether you are enrolled in an HDHP, please call Customer Care.

Self-Only Coverage Plan

If you are enrolled in an HSA-qualified HDHP for Self-Only Coverage, you must meet the Deductible for Self-Only Coverage and the Out-of-Pocket Maximum for Self-Only Coverage. These amounts are listed on your Summary of Benefits. Once you meet the Deductible for Self-Only Coverage, Covered Benefits subject to that Deductible are covered for you by Plan, subject to any applicable Coinsurance or Copayment, for the remainder of the Calendar Year. Once you meet the Out-of-Pocket Maximum for Self-Only Coverage, Sharp Health Plan covers Covered Benefits (excluding supplemental benefits) at 100% for you for the remainder of the Calendar Year.

Family Coverage Plan

If you have Family Coverage, your benefit plan includes a Family Deductible and Family Out-of-Pocket Maximum. Each Member also has an Individual Deductible and Individual Out-of-Pocket Maximum. Each individual in the family can satisfy the Deductible in one of two ways:

- If you meet your Individual Deductible, then Covered Benefits, including covered Prescription Drugs, subject to that Deductible will be covered for you by Sharp Health Plan, subject to any applicable Coinsurance or Copayment, for the remainder of the Calendar Year.
- If any number of covered family members collectively meet the Family Deductible, then Covered Benefits, including covered Prescription Drugs, subject to that Deductible will be covered for the entire family by Sharp Health Plan, subject to any applicable Coinsurance or Copayment, for the remainder of the Calendar Year.

The maximum amount that any one covered

family member can contribute toward the Family Deductible is the amount applied toward the Individual Deductible.

Each individual in the family can satisfy the Out-of-Pocket Maximum in one of two ways:

- If you meet your Individual Out-of-Pocket Maximum, then Covered Benefits (including covered Prescription Drugs, but excluding supplemental benefits) will be paid by Plan at 100% for you for the remainder of the Calendar Year.
- If any number of covered family members collectively meet the Family Out-of-Pocket Maximum, then Covered Benefits (including covered Prescription Drugs, but excluding supplemental benefits) will be paid by Sharp Health Plan at 100% for the entire family for the remainder of the Calendar Year.

The maximum amount that any one covered family member can contribute toward the Family Out-of-Pocket Maximum is the amount applied toward the Individual Out-of-Pocket Maximum.

Deductible Credits

If you have already met part of the Calendar Year's Deductible with a previous health plan, Sharp Health Plan will give you a credit toward your Sharp Health Plan Deductible for approved amounts that were applied toward your Deductible with your previous health plan (for the same Calendar Year). That amount will also be counted towards your Out-of-Pocket Maximum on your Sharp Health Plan benefit plan.

To request a Deductible credit, complete the Deductible Credit Request Form, available at sharphealthplan.com under "Member Forms" in the Member section of the website, and

send the form with the most current copy of the explanation of benefits (EOB) from your previous health plan to Sharp Health Plan.

If you have any questions, please contact Customer Care at 1-800-359-2002 or send Customer Care a secure message through your Sharp Health Plan online account at sharphealthplan.com/login.

What if You Get a Medical Bill?

You are only responsible for paying your contributions to the monthly Premium and any required Deductibles, Copayments or Coinsurance for the Covered Benefits you receive. Contracts between Sharp Health Plan and its Plan Providers state that you will not be liable to Plan Providers for sums owed to them by the Plan. You should not receive a medical bill from a Plan Provider for Covered Benefits unless you fail to obtain Authorization for non-Emergency Services. If you receive a bill in error, call the provider who sent you the bill to make sure they know you are a Member of Sharp Health Plan. If you still receive a bill, contact Customer Care as soon as possible.

Some doctors and hospitals that are not contracted with Sharp Health Plan may require you to pay at the time you receive care. These include, but are not limited to, emergency departments outside Sharp Health Plan's Service Area, Behavioral Health Crisis Services provided by a 988 center or mobile crisis team or other providers of Behavioral Health Crisis Services (including Behavioral Health Crisis Stabilization Services), and services provided under a Community Assistance, Recovery, and Empowerment (CARE) Plan or CARE Agreement approved by a court).

What Do You Pay?

If you pay for Covered Benefits, you can request reimbursement from Sharp Health Plan. Go to sharphealthplan.com or call Customer Care to request a Member reimbursement form. You will also need to send written evidence of the care you received and the amount you paid (itemized bill, receipt, medical records). We will reimburse you for Covered Benefits within 30 calendar days of receiving your complete information. You must send your request for reimbursement to Sharp Health Plan within 180 calendar days of the date you received care. If you are unable to submit your request within 180 calendar days from the date you received care, please provide documentation showing why it was not reasonably possible to submit the information within 180 days.

We will make a decision about your request for reimbursement and, as applicable, send you a reimbursement check within 30 calendar days of receiving your complete information. If any portion of the reimbursement request is not covered by Sharp Health Plan, we will send you a letter explaining the reason for the denial and outlining your Appeal rights.

In some cases, a non-Plan Provider may provide Covered Benefits at an in-network facility where we have Authorized you to receive care. You are not responsible for any amounts beyond your Cost Share for the Covered Benefits you receive at in-network facilities where we have Authorized you to receive care.

Security of Your Confidential Information (Notice of Privacy Practices)

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED, AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Our Responsibilities

Sharp Health Plan provides health care coverage to you. We receive information about you when you become eligible and enroll in our health plan. We understand that information about you and your health is confidential. We are committed to protecting the privacy of this information. Federal and California laws make us responsible for protecting the privacy of your health information. This Notice explains your privacy rights regarding Protected Health Information ("Health Information") and outlines Sharp HealthCare's ("Sharp's") responsibilities for using and disclosing it. We must provide you with this Notice of Privacy Practices and follow the terms of the Notice currently in effect. We will notify you if a breach of your Health Information occurs, and we will not share your Health Information without your written permission, except as described below.

Changes to this Notice: We have the right to change the privacy practices described in this Notice. If we do make changes, the new Notice will be available upon request, in our office, and on our website at sharphealthplan.com/privacy-practices.

How We May Use and Disclose Your Health Information

As a health plan, we perform activities such as verifying eligibility and enrollment,

Members' Rights and Responsibilities

approving and paying for health care services, investigating fraud, evaluating the quality of care that you receive, and coordinating your benefits. Federal and California law permit us to use and disclose your Health Information without your written authorization only in specific circumstances described below. The following categories describe different ways that we typically use or share your Health Information.

How We Use Your Contact Information

We use your contact information to help manage your care and coverage. This may include:

- Providing authorization for care
- Updating you about your care or care options
- Working with you on payment arrangement

We may use automated calls or prerecorded messages when contacting you.

Treatment: We may share your Health Information with health care providers to help you receive the care you need. You may need medical treatment that requires us to approve care in advance. For example, when you require medical treatment that needs preauthorization, we provide information to doctors, hospitals, or other providers so they can deliver appropriate care.

Payment: We use and disclose Health Information to review, approve, process and pay health care claims sent to us for your medical care. For example, Health Information may be shared with the doctors, clinics, or others who submit claims to us for payment. We may also forward Health Information to other health plans or organizations when necessary for payment.

Health Care Operations: We may use information in your health plan record to assess the quality of the health care you

receive. For example, Health Information may be used in audits, fraud, waste and abuse programs, care coordination, planning, and other administrative activities. Sharp Health Plan does not use or disclose genetic information for underwriting purposes.

Business Associates: We may disclose your Health Information to our contractors so that they can assist us in providing care and services. To protect your Health Information, we require these business associates to sign a written agreement to safeguard your Health Information.

Telecommunications Relay Services (TRS):

TRS may be used to facilitate phone calls for individuals who are deaf, hard of hearing, deaf-blind or have a speech disability. TRS facilitates such calls by using a communications assistant who interprets conversations.

Improving Our Services: We may use information about you, if the law allows it, to help us improve our services or develop new ones. For example, we may use patterns in health plan records to give clinicians better tools to support their decisions.

How Else Can We Use or Share Your Health Information?

We are allowed or required to share your information in other ways — usually in ways that contribute to the public good, such as public health and research. We have to meet many conditions in the law before we can share your information for these purposes. For more information, see [hhs.gov/hipaa/for-individuals/guidance-materials-for-consumers/index.html](https://www.hhs.gov/hipaa/for-individuals/guidance-materials-for-consumers/index.html).

Lawsuits and Disputes: If you are involved in a lawsuit, dispute, investigation, or other legal proceeding, we may use or disclose your Health Information only as required or permitted by applicable federal and California

law. We may disclose Health Information in response to a valid order of a California state court, a federal court, or an administrative tribunal with lawful authority, and only to the extent authorized by such order and applicable law.

We also may disclose Health Information in response to a subpoena, discovery request, or other lawful process only when all applicable legal requirements have been satisfied, and the disclosure is otherwise permitted by law.

Notwithstanding the foregoing, we will not disclose, provide access to, transmit, transfer, share, or otherwise release medical information relating to an individual seeking, obtaining, providing, supporting, or assisting with reproductive health care, abortion or abortion-related services, contraception, gender-affirming health care, gender-affirming mental health care, or other legally protected health care activities that are lawful in California when the request, subpoena, inquiry, investigation, or legal process is based on, seeks to enforce, or arises from another state's law that interferes with or restricts rights protected under California law, except as expressly required by federal law or otherwise authorized under applicable California law.

We also will not cooperate with an inquiry or investigation from another state, or, to the extent permitted by federal law, from a federal agency, that seeks information that would identify an individual in connection with legally protected health care activities that are lawful in California, except as expressly authorized or required by applicable law.

Substance use disorder (SUD) records have extra protections. They can only be used or shared for these purposes after you are given

notice and a chance to be heard. A court order that allows the use or sharing of SUD records must also include a subpoena or similar legal mandate that requires the records to be disclosed before they can be used or shared.

California Limits on Subpoena Responses for Sensitive Services:

California law prohibits us from releasing medical information related to a person seeking or obtaining (i) an abortion or abortion-related services that are lawful in California, (ii) gender-affirming health care or gender-affirming mental health care that is lawful in California, or (iii) contraception, in response to a subpoena, request, or law-enforcement inquiry that is based on another state's laws that interfere with such care or on a foreign penal civil action. We also will not cooperate with any inquiry or investigation from another state, or, to the extent permitted by federal law, from a federal agency, that would identify an individual and is related to such services.

Appeals of Health Care Decisions: You or your health care providers may appeal decisions about your health care claims. Your Health Information may be used during these appeal processes.

Legal Requirements: We will disclose Health Information about you without your permission when required to do so by applicable federal or California law. We may use or disclose Health Information about you:

- For workers' compensation claims
- For law enforcement purposes or with a law enforcement official, as permitted or required by law. However, California law prohibits us from releasing medical information that would identify an individual seeking, obtaining, providing,

Members' Rights and Responsibilities

supporting, or assisting with abortion, abortion-related services, contraception, gender-affirming health care, gender-affirming mental health care, or other legally protected health care activities that are lawful in California when the request is based upon another state's law that interferes with those rights or for the enforcement of a foreign penal or civil action, except as otherwise authorized or required by applicable law.

- With health oversight agencies for activities authorized by law
- For special government functions such as military, national security and presidential protective services
- In response to a court order, subpoena, discovery request, administrative request, or other lawful process, but only when permitted by applicable federal and California law and all legal requirements have been satisfied. We will not disclose protected reproductive, sexual, or gender-affirming health information in response to requests that California law prohibits us from honoring.

California Protections for Legally Protected Health Care Activities

Notwithstanding any other provision of this Notice, we will not knowingly disclose, transmit, transfer, share, provide access to, or otherwise release medical information that would identify an individual seeking, obtaining, providing, supporting, or assisting in legally protected health care activities that are lawful in California, including abortion, abortion-related services, contraception, gender-affirming health care, and gender-affirming mental health care, when California law prohibits such disclosure. We also will not cooperate with an inquiry or investigation

from another state, or, to the extent permitted by federal law, from a federal agency, that seeks information identifying an individual in connection with such legally protected health care activities, except as expressly authorized or required by applicable law.

We Will Not Disclose Health Information About You Without Your Permission Unless as Described Below:

- **Emergency Situations:** We may disclose information about you, including substance use disorder information when permitted by applicable law, as necessary to respond to declared emergencies, natural disasters, serious disruptions to treatment facilities or services, public health emergencies, or medical emergencies.
- **Employer Disclosures:** We provide employers only the Health Information permitted by law, such as summary health information, enrollment and disenrollment information, premium and billing information, and other information authorized by federal and California law. We do not disclose individually identifiable medical information to employers unless authorized or required by law.

California Sensitive Services Protections

California law provides heightened protections for medical information related to certain sensitive services, including abortion and abortion-related services, gender-affirming health care and gender-affirming mental health care, contraception, reproductive and sexual health services, and substance use disorder treatment. For these services, the following additional protections apply:

- **Out-of-State Subpoenas and Inquiries.** We will not release medical information related to

a person seeking or obtaining an abortion, gender-affirming care, or contraception that is lawful in California in response to a subpoena, request, or law-enforcement inquiry that is based on another state's laws that interfere with such care or on a foreign penal civil action. We will not cooperate with any inquiry or investigation from another state, or, to the extent permitted by federal law, from a federal agency, that would identify an individual and is related to such services.

- **Electronic Records and Health Information Exchanges.** California law generally prohibits us from knowingly disclosing or transmitting medical information about a person seeking, obtaining, providing, supporting, or aiding a lawful California abortion through an electronic health record system or health information exchange to any individual or entity in another state, except under specific conditions, including a valid written authorization that expressly covers abortion-related information.
- **Data Exchange Framework.** Information related to abortion, abortion-related services, gender-affirming care, and contraception is excluded from automatic sharing through the California Health and Human Services Data Exchange Framework.
- **Storage and Access Safeguards.** Where applicable, we require our vendors and business associates that electronically store sensitive-services information on our behalf to limit access privileges, segregate such information from the rest of the medical record, and prevent disclosure to persons or entities outside California, consistent with California law.

Situations Requiring Your Written Authorization

If we ever need to use and disclose your

Health Information for any reason not described in this Notice, we will first obtain your written permission. If you give us this permission, you may take it back at any time by telling us in writing. Please understand that we cannot take back any disclosures we have already made with your permission. Examples of disclosures that require your authorization include:

Substance Use Disorder Records: We maintain additional protections for Health Information related to substance use disorder (SUD) diagnosis, treatment, or referral for treatment as required by law. These records are kept confidential and cannot be disclosed without your written consent, except in limited situations allowed by law, such as a medical emergency or when required for specific health plan operations. You can give one consent for all future uses or disclosures of your SUD information for treatment, payment, and health care operations. This means that once you provide the consent, your SUD records can be used and disclosed without asking you again as permitted by law, unless you revoke your consent in writing.

Sensitive Services: You have the right to receive Sensitive Services or to submit a claim for Sensitive Services if you have the right to consent to care.

- You have the right, without the authorization of the Subscriber or another policyholder, to have communications containing medical information related to Sensitive Services communicated to you at an alternative mail or email address or telephone number. You can update your contact information in your Sharp Health Plan account or by contacting Customer Care at 1-800-359-2002.
- If you have not designated an alternative mailing address, email address, or

Members' Rights and Responsibilities

telephone number, we will send or make all communications related to your receipt of Sensitive Services in your name at the address or telephone number on file. Such communications include written, verbal, or electronic communications, including:

- Bills and attempts to collect payment.
 - A notice of adverse benefits determinations.
 - An explanation of benefits notice.
 - A health care service plan's request for additional information regarding a claim.
 - A notice of a contested claim.
 - The name and address of a provider, description of services provided, and other information related to a visit.
 - Any written, oral, or electronic communication from a health care service plan that contains protected health information.
- We will not disclose medical information related to your receipt of Sensitive Services to the policyholder, primary subscriber, or any plan enrollees, absent your express written authorization.
 - You have the right to request confidential communication in a certain form and format if it is readily producible in the requested form and format, or at alternative locations. The confidential communication request shall be valid until you submit a revocation of the request or a new confidential communication request is submitted.

Potential for Redisclosure: Health Information disclosed under this Notice or under your authorization may be redisclosed by the recipient and may lose protection under the privacy laws, except that California

law restricts the redisclosure and cross-state electronic transmission of certain sensitive-services information as described in the "California Sensitive Services Protections" section of this Notice.

Your Rights Regarding Your Health Information

Important: Sharp Health Plan does not maintain copies of your medical records. If you would like to access, obtain copies, or request changes to your medical records, please contact your doctor, medical group, or clinic directly.

You may contact Customer Care at 1-800-359-2002 to obtain additional information and instructions for exercising the following rights:

Right to Inspect and Copy: You can request an electronic or paper copy or a summary/explanation of your health plan records. We will provide a copy or a summary of your Health Information within 15 business days of your request.

Right to Request Restrictions: You can ask us not to use or share your Health Information in the ways described in this notice. While we will consider all requests, we may not be able to agree to your restriction. If you pay for a service or a health care item out-of-pocket in full, you can ask your provider not to share that information with us or with other health insurers.

Right to Request Confidential

Communications: You have the right to ask us to communicate with you about your Health Information by alternative means or at an alternative location. Under California law, we will accommodate your request when you state either that the communication discloses medical information related to your receipt of **sensitive services** (such as abortion or abortion-related services, gender-affirming

care, contraception, reproductive and sexual health services, mental or behavioral health, sexually transmitted infections, substance use disorder, or services related to intimate partner violence) or that disclosure of all or part of the medical information could **endanger you**. We will not require you to explain the basis for any endangerment statement.

Your request must be made in writing, telephonic or by electronic transmission and must include a statement that the request relates to sensitive services or that disclosure could endanger you. Your request will remain valid until you submit a revocation or a new request. We will implement your request **within seven (7) calendar days** of receipt of an electronic transmission or telephonic request, or **within fourteen (14) calendar days** of receipt by first-class mail. We will acknowledge receipt and advise you of the implementation status if you contact us. We will not condition your enrollment or coverage on the waiver of these rights. To make a request, contact Customer Care at 1-800-359-2002 or write to the address listed at the end of this Notice.

Right to Amend: You may request a correction to your Health Information that you think is incorrect or incomplete. We may deny your request if:

- The information is not created or kept by Sharp Health Plan, or
- We believe it is correct and complete.

If your request is denied, you may ask for a review of our decision. You may also submit a written statement saying why you disagree with our records, and that statement will be kept with your records.

Right to a Statement of Disagreement: If we deny your request to amend your Health

Information, you have the right to submit a written statement disagreeing with the denial. Your statement will be included with the disputed information and will accompany any future disclosure of that information. We will provide you with a copy of our denial and instructions for submitting a statement of disagreement upon request.

Right to an Accounting of Disclosures: You can ask for a list (accounting) of the times we've shared your Health Information, who we shared it with, and why. The accounting will be provided for three (3) years prior to the date of the request for electronic records, and six (6) years prior to the date of request for non-electronic records. We will not include disclosures for treatment, payment, health care operations, and certain other permitted disclosures.

Disclosures of substance use disorder (SUD) records made for treatment, payment and health care operations will be included in an accounting of disclosures for electronic records only.

Right to a Copy of This Notice: You have a right to request a copy of this Notice of Privacy Practices. You also can find this Notice on our website at: sharphealthplan.com/privacy-practices.

What Is the Grievance or Appeal Process?

If you prefer to send a written Grievance or Appeal, please send a detailed letter describing your concern, or complete the Member Grievance & Appeal Form that you can get from any Plan Provider or directly from a Plan representative. You can also complete the form online through the Plan's website, sharphealthplan.com. You can include any information you think is important for your Grievance or Appeal. Please call Customer Care if you need any assistance in completing the form.

There are separate processes for clinical and administrative Grievances and Appeals. Clinical cases are those that require a clinical body of knowledge to render a decision. Only a physician or committee of physicians can render a decision about a clinical Grievance or Appeal. The person who reviews and decides your Appeal will not be the same person who made the initial decision or that person's subordinate.

Except for an Appeal of a denial of coverage for a Nonformulary Drug, which follows the timeframes described below, we will acknowledge receipt of your Grievance or Appeal within five days and will send you a decision letter within 30 calendar days. If the Grievance or Appeal involves an imminent and serious threat to your health, including, but not limited to, severe pain, potential loss of life, limb or major bodily function, we will provide you with a decision within 72 hours. If the Grievance or Appeal involves Sharp Health Plan's cancellation, Rescission, or nonrenewal of your coverage, we will provide you with a decision within 72 hours.

If your Appeal involves a request for coverage of a Nonformulary Drug (referred to as a non-formulary Exception Request), we will provide you with a decision within 72 hours. A request may be expedited if urgent, in which case we will provide you with a

decision within 24 hours. A non-formulary Exception Request is considered urgent when a Member is suffering from a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function or when the Member is undergoing a current course of treatment using the Nonformulary Drug.

External Review for Nonformulary Prescription Drug Exception Requests, Prior Authorization Requests, and Step Therapy Exception Requests

If we deny a request for coverage of a Nonformulary Drug or a drug that requires prior Authorization or Step Therapy, you, your Authorized Representative or your provider may request that the original Exception Request and subsequent denial of such request be reviewed by an independent review organization (IRO). You, your Authorized Representative or your provider may submit a request for IRO review up to 180 calendar days following the Nonformulary Drug Exception Request denial by:

- Calling toll free at 1-855-298-4252
- Mailing a written request to:
Attn: Prescription Claim Appeals MC 109 –
CVS Caremark
P.O. Box 52084
Phoenix, AZ 85072-2084
- Faxing a written request to:
1-866-443-1172
- Completing the Member Grievance and Appeal form on our website at: sharphealthplan.com

What Is the Grievance or Appeal Process?

You will be notified of the IRO's decision within 72 hours for standard requests or 24 hours for expedited requests.

The IRO review process described above is in addition to your rights to file a Grievance or Appeal with Sharp Health Plan and to file a Grievance or request an Independent Medical Review (IMR) with the California Department of Managed Health Care.

If a request for prior Authorization or a Step Therapy exception is incomplete or relevant information necessary to make a coverage determination is not included, we will notify your provider within 72 hours of receipt, or within 24 hours of receipt if exigent circumstances exist, what additional or relevant information is needed to approve or deny the prior Authorization or a Step Therapy Exception Request, or to appeal the denial.

If we fail to notify your provider of our coverage determination within 72 hours for non-urgent requests, or within 24 hours if exigent circumstances exist, upon receipt of a completed prior Authorization or a Step Therapy Exception Request, the prior Authorization or a Step Therapy Exception Request, shall be deemed approved for the duration of the Prescription, including refills. If your provider does not receive a coverage determination or request for additional or clinically relevant material information within 72 hours for standard requests or 24 hours for expedited requests, the prior Authorization or a Step Therapy Exception Request, or Appeal of a denial, shall be deemed approved for the duration of the Prescription, including refills.

If your provider sends us necessary justification and supporting clinical documentation supporting your provider's determination that the drug required by

Step Therapy is inconsistent with good professional practice for provision of Medically Necessary covered services, taking into consideration your needs and medical history, along with the provider's professional judgment, we will grant a request for a Step Therapy exception. We will review and make a determination within 72 hours (for routine requests) and 24 hours (for urgent requests) of receipt of the information reasonably necessary and requested by Sharp Health Plan to make the determination for Step Therapy Exception Requests. The process is the same as the Outpatient Prescription Drug prior Authorization request process noted in the **WHAT IS THE OUTPATIENT PRESCRIPTION DRUG PRIOR AUTHORIZATION PROCESS?** subsection under **Outpatient Prescription Drugs** in the **What Are Your Covered Benefits?** section.

Binding Arbitration – Voluntary

If you have exhausted the Plan's Appeal process and are still unsatisfied, you have a right to resolve your Grievance regarding coverage disputes through voluntary binding arbitration, which is the final step for resolving complaints. Only coverage disputes (that is, a denial based on the Plan's finding that the requested service, drug, or supply is not a Covered Benefit) may be resolved through binding arbitration rather than a lawsuit. Binding arbitration means that you agree to waive your rights to a jury trial. Medical malpractice, medical necessity, and quality of care issues are not subject to the arbitration process.

You may begin the arbitration process by submitting a written demand for arbitration to Sharp Health Plan, including the following information:

What Is the Grievance or Appeal Process?

- Member name
- Contact name (if someone other than the member is requesting arbitration, for example a parent on behalf of a child)
- Member ID number
- Address
- Telephone number
- Name and contact information for your attorney, if any
- Description of the services you are requesting (including provider name, date of service, type of service received) and the dollar amount that is being requested
- The specific reasons why you disagree with Sharp Health Plan's decision not to cover the requested services

Send your written demand for arbitration to:

Sharp Health Plan
Attn: Appeal/Grievance Department
8520 Tech Way, Suite 200
San Diego, CA 92123-1450
Fax: 1-619-740-8572

Sharp Health Plan will utilize a neutral arbiter from an appropriate entity. Arbitration will be conducted in accordance with the rules and regulations of the arbitration entity. Upon identification of the arbitration entity, we will forward to you a complete copy of the Arbitration Rules from the arbitration entity and a confirmation that we have submitted a request to the arbitration entity for a list of arbitrators.

If Sharp Health Plan determines that the request for arbitration is applicable under the Employee Retirement Income Security Act (ERISA) rules, then the cost of arbitration expenses will be borne by the Plan. If we determine the request for arbitration is not applicable under ERISA rules, then the fees

and expenses of the neutral arbiter will be mutually shared between you and Sharp Health Plan. In cases of extreme hardship, Sharp Health Plan may assume all or a portion of your arbitration fees. The existence of extreme hardship will be determined by the arbitration entity. Except as mandated by law, you will be responsible for your own attorneys' fees, your witness fees, and any other expenses you incur during the arbitration process regardless of the outcome of the arbitration.

If you do not initiate the arbitration process outlined above, you may have the right to bring a civil action under Section 502(a) of the ERISA if your Appeal has not been approved.

What Is the Grievance or Appeal Process?

Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number **(1-888-466-2219)** and a TDD line **(1-877-688-9891)** for the hearing and speech impaired. The department's internet website **www.dmhc.ca.gov** has complaint forms, IMR application forms, and instructions online.

If your case is determined by the Department of Managed Health Care to involve an imminent and serious threat to your health, including but not limited to severe pain, the potential loss of life, limb, or major bodily function, or if for any other reason the Department determines that an earlier review is warranted, you will not be required to participate in the Plan's Grievance process for 30 calendar days before submitting your Grievance to the Department for review.

If you believe that your health care coverage, or your Dependent's coverage, has been, or will be,

improperly cancelled, Rescinded, or not renewed, you have the right to file a Grievance with the Department of Managed Health Care at the telephone numbers and Internet website listed above.

Mediation

You may request voluntary mediation with the Plan prior to exercising your right to submit a Grievance to the Department of Managed Health Care. In order to initiate mediation, you and Sharp Health Plan must both voluntarily agree to mediation. The use of mediation services does not exclude you from the right to submit a Grievance to the Department of Managed Health Care upon completion of mediation. Expenses for mediation are shared equally between you and the Plan.

Independent Medical Reviews (IMR)

If care that is requested for you is denied, delayed or modified by Sharp Health Plan, Optum Behavioral Health or a Plan Medical Group, you may be eligible for an Independent Medical Review (IMR). If your case is eligible as described below, and you submit a request for IMR to the California Department of Managed Health Care (DMHC), information about your case will be submitted to a medical specialist who will make an independent determination on your case. You will receive a copy of the determination. If the IMR specialist so determines, the Plan will provide coverage for the health care service.

The IMR process is in addition to any other procedures or remedies that may be available

What Is the Grievance or Appeal Process?

to you. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against the Plan regarding the care that was requested. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. For cases that are not urgent, the IMR organization designated by the DMHC will provide its determination within 30 calendar days of receipt of your application and supporting documents. For urgent cases involving an imminent and serious threat to your health, including but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of your health, the IMR organization will provide its determination within three business days. At the request of the experts, the deadline can be extended by up to three days if there is a delay in obtaining all necessary documentation. IMR is available in the situations described below.

Denial of Experimental or Investigational Treatment for Life-Threatening or Seriously Debilitating Conditions

If a service is denied by Sharp Health Plan, Optum Behavioral Health or a Plan Medical Group because it is deemed to be an Experimental or Investigational Service, you may be entitled to request an IMR of this decision. To be eligible for an IMR under this section all of the following conditions must be true:

1. You must have a Life-Threatening condition or Seriously Debilitating condition.
2. Your Plan Physician must certify that you have a condition, as described in paragraph (1) above, for which standard therapies have not been effective, or for which standard therapies would not be

medically appropriate, or for which there is no more beneficial standard therapy covered by the Plan than the proposed therapy.

3. Either (a) your Plan Physician has recommended a drug, device, procedure or other therapy that the provider certifies in writing is likely to be more beneficial to you than any available standard therapies or (b) you or your Plan Physician (board eligible or board certified) has requested a therapy that, based on documentation from the medical and scientific evidence, is likely to be more beneficial than any available standard therapy.
4. You have been denied coverage by the Plan for a drug, device, procedure or other therapy recommended or requested as described in paragraph (3) on the previous page.
5. The specific drug, device, procedure or other therapy recommended would be a Covered Benefit, except for the Plan's determination that it is an Experimental or Investigational Treatment.

If there is potential that you would qualify for an IMR under this section, the Plan will send you an application within five days of the date services were denied. If you would like to request an Independent Medical Review, return your application to the DMHC. Your provider will be asked to submit the documentation that is described in paragraph (3) above.

An expedited review process will occur if your provider determines that the proposed therapy would be significantly less effective if not promptly initiated. In such cases the analyses and recommendations of the experts on the panel shall be rendered within seven days of the request for independent review.

What Is the Grievance or Appeal Process?

Denial of a Health Care Service as Not Medically Necessary

You may request an Independent Medical Review of disputed health care services from the DMHC if you believe that health care services have been improperly denied, modified, or delayed by Sharp Health Plan, Optum Behavioral Health or a Plan Medical Group. A “disputed health care service” is any health care service eligible for coverage and payment under your Group Agreement that has been denied, modified, or delayed, in whole or in part, because the service is not Medically Necessary.

The Plan will provide you with an IMR application form with any Appeal findings letter that denies, modifies or delays health care services because the service is not Medically Necessary. If you would like to request an IMR, return your application to the DMHC. Your application for IMR must be submitted to the DMHC within six months and meet all of the following conditions:

1. (a) Your Plan Provider has recommended a health care service as Medically Necessary, (b) you have received an

Urgent Care or Emergency Service that a provider determined was Medically Necessary, or (c) you have been seen by a Plan Provider for the diagnosis or treatment of the medical condition for which you seek IMR;

2. The disputed health care service has been denied, modified or delayed by the Plan, Optum Behavioral Health or a Plan Medical Group, based in whole or in part on a decision that the health care service is not Medically Necessary; and
3. You have filed an Appeal with the Plan and the Plan’s decision was upheld or your Appeal remains unresolved after 30 days. If your Appeal requires expedited review, you may bring it immediately to the DMHC’s attention. The DMHC may waive the requirement that you follow the Plan’s Grievance process in extraordinary and compelling cases.

For more information regarding the IMR process or to request an application form, please contact Customer Care.

- Short-term inpatient care arrangements.

Special coverage is also provided for:

- **Periods of Crisis:** Nursing care services are covered on a continuous basis for 24 hours a day during periods of crisis as necessary to maintain a Member at home. Hospitalization is covered when the interdisciplinary team makes the determination that inpatient skilled nursing care is required at a level that cannot be provided in the home. Either homemaker or home health aide services or both may be covered on a 24-hour continuous basis during periods of crisis, but the care provided during these periods must be predominantly nursing care. A period of crisis is a period in which the Member requires continuous care to achieve palliation or management of acute medical symptoms.
- **Respite Care:** Respite care is short-term inpatient care provided to the Member only when necessary to relieve the family members or other persons caring for the Member. Coverage for respite care is limited to an occasional basis and to no more than five consecutive days at a time.

Hospital Facility Inpatient Services

Hospital facility inpatient services are covered. After the Deductible (if any) has been paid, you pay an applicable Copayment or Coinsurance to the hospital for each hospitalization. Your Cost Share for the entire inpatient stay is determined by the benefit plan in effect on the day you were admitted to the hospital. Hospital inpatient services may include:

- A hospital room of two or more beds, including meals, services of a dietitian and general nursing care.

- Intensive care services.
- Operating and special treatment rooms.
- Surgical, anesthesia and oxygen supplies.
- Administration of blood and blood products.
- Ancillary services, including laboratory, pathology and radiology.
- Administered drugs.
- Other diagnostic, therapeutic and rehabilitative services as appropriate.
- Coordinated discharge planning including planning of continuing care, as necessary.

Hospital Facility Outpatient Services

Hospital facility outpatient services such as outpatient surgery, radiology, pathology, hemodialysis and other diagnostic and treatment services are covered with various or no Copayments paid to the hospital facility.

- Outpatient surgery services are provided during a short-stay, same-day or when services are provided as a substitute for inpatient care. These services include, but are not limited to colonoscopies, endoscopies, laparoscopic and other surgical procedures.
- Acute and chronic hemodialysis services and supplies are covered.

Iatrogenic Infertility

Iatrogenic Infertility means infertility caused directly or indirectly by surgery, chemotherapy, radiation, or other medical treatment.

Standard fertility preservation services are covered for members with Iatrogenic Infertility. Sharp Health Plan covers standard fertility preservation services for Iatrogenic Infertility in the following circumstances:

What Are Your Covered Benefits?

1. Your provider has recommended you receive a covered medical treatment that may cause infertility, and
2. Your provider recommends you receive such treatment within the next 12 months, and you attest that you plan to undergo such treatment in the next 12 months. Sharp Health Plan will accept an attestation from you or your provider contained in a request for services.

OR

1. You received a covered medical treatment that may cause infertility, and
2. Your medical condition was such that you were either unable to undergo fertility preservation or complete your fertility preservation cycle(s), and
3. You face an ongoing risk for infertility due to reproductive damage caused by those treatments.

Standard fertility preservation services for members with Iatrogenic Infertility include the following:

- A lifetime limit of two cycles for oocyte (egg) retrieval for members with ovaries
- A lifetime limit of up to two attempts to collect sperm for members with testicles
- A lifetime limit of up to two attempts of embryo creation
- A lifetime limit of up to two attempts to retrieve gonadal tissue
- Gonadal shielding or transposition during a procedure or treatment, if not already included in the usual coverage for that procedure or treatment
- Any other standard fertility preservation services consistent with the established

medical practices and professional guidelines published by the American Society of Clinical Oncology or the American Society for Reproductive Medicine

The lifetime limits specified above apply regardless of the number of health plans you enroll in during your lifetime.

Cryopreservation and storage of sperm, oocytes, gonadal tissue and embryos is covered as follows:

- Until you reach the age of 26 if you are under the age of 18 on the date your genetic material is first cryopreserved
- Until you reach the age of 26 or for three years, whichever is longer, if you are 18 years or older but not yet 26 years old on the date your genetic material is first cryopreserved
- For a period of three years if you are 26 or older at the time your genetic material is first cryopreserved

Sharp Health Plan chooses a cryopreservation vendor where your genetic material will be stored. Sharp Health Plan is not required to continue coverage for cryopreservation storage if you are no longer enrolled in coverage. If you change health plans during the covered storage period and your new health plan determines your genetic material should be transferred to a different storage facility, Sharp Health Plan will coordinate with the new health plan to ensure the transfer and transportation of your genetic material is achieved in the most cost-effective manner. Sharp Health Plan will provide the new health plan with information showing the beginning date of any cryopreservation of your genetic material. Your new health plan will be responsible for transportation costs of your genetic material as well as costs to store your genetic material for the remainder of the

applicable storage time. Your new health plan must provide you with a notice that the transportation and storage costs will be covered for the remainder of the applicable storage time.

Sharp Health Plan is not permitted to deny a coverage request for medically necessary standard fertility preservation services based solely upon:

- A prior diagnosis of infertility, where medical evaluation indicates that you would have a reasonable chance of responding to such services
- Your age, where medical evaluation indicates you would have a reasonable chance of responding to such services
- Your gender
- Your gender identity
- Your sexual orientation
- Your gender expression
- Your marital status
- Your disability status

You have a right to receive standard fertility preservation services for iatrogenic infertility when you meet the requirements in Section 1300.74.551 of Title 28 of the California Code of Regulations. “Iatrogenic infertility” means infertility caused directly or indirectly by surgery, chemotherapy, radiation, or other medical treatment. If Sharp Health Plan fails to arrange those services for you with an appropriate provider who is in the health plan’s network, the health plan must cover and arrange needed services for you from an out-

of-network provider. If that happens, you will pay no more than in-network cost-sharing for the same services.

If you do not need the services urgently, your health plan must offer an appointment for you that is no more than 10 business days for primary care and 15 business days for specialist care from when you requested the services from the health plan. If you urgently need the services, your health plan must offer you an appointment within 48 hours of your request (if the health plan does not require prior authorization for the appointment) or within 96 hours (if the health plan does require prior authorization).

If your health plan does not arrange for you to receive services within these timeframes and within geographic access standards, you can arrange to receive services from any licensed provider, even if the provider is not in your health plan’s network. If you are enrolled in preferred provider organization (PPO) coverage, and your health plan can arrange care for you within the timeframes and within geographic standards, your voluntary use of out-of-network benefits may subject you to incur out-of-network charges.

If you have questions about how to obtain standard fertility preservation services for iatrogenic infertility or are having difficulty obtaining services you can: 1) call your health plan at the telephone number on your-health plan identification card; 2) call the California Department of Managed Care’s Help

What Are Your Covered Benefits?

Center at 1-888-466-2219; or 3) contact the California Department of Managed Health Care through its website at www.DMHC.ca.gov to request assistance in obtaining standard fertility preservation services for iatrogenic infertility.

Infertility Treatment and Fertility Services

If your benefit plan includes coverage for Infertility Services, Artificial Insemination, and Assisted Reproductive Technologies, the following are Covered Benefits if you meet the definition of Infertility. If your benefit plan does not include coverage for Infertility Services, Artificial Insemination and Assisted Reproductive Technologies, you do not have coverage under this section.

You have direct access to OB/GYNs in your Plan Medical Group for diagnosis and treatment of infertility (your OB/GYN will refer you to an infertility specialist if needed). The Plan shall not deny coverage for medically necessary treatments of infertility or fertility services based solely upon a Member's prior diagnosis of infertility or a Member's prior elective sterilization. Fertility services will not be denied based on the Member's participation in fertility services provided by or to a third party. This means Members who meet the definition of infertility provided below will not be denied covered fertility and infertility benefits if they use an oocyte, sperm, or embryo donor, a gestational carrier, or a surrogate that enables the Member to become a parent. Covered Benefits provided to a gestational carrier or surrogate who is not a Member of Sharp Health Plan, include all Medically Necessary health testing of the surrogate, as necessary, for each attempt to collect eggs or sperm or to create embryos, and for each attempt to achieve a pregnancy with that

material. Covered Benefits for a gestational carrier or surrogate who is not a Member of Sharp Health Plan do not include any benefits after the embryo transfer procedure, including maternity services.

Infertility is defined as a condition or status characterized by the following:

- A licensed physician's findings, based on a patient's medical, sexual, and reproductive history, age, physical findings, diagnostic testing, or any combination of those factors. This definition shall not prevent testing and diagnosis of infertility before the 12-month or 6-month period to establish infertility.
- A person's inability to reproduce either as an individual or with their partner without medical intervention.
- The failure to establish a pregnancy or to carry a pregnancy to live birth after regular, unprotected sexual intercourse. For purposes of this section, "regular, unprotected sexual intercourse" means no more than 12 months of unprotected sexual intercourse for a person under 35 years of age or no more than 6 months of unprotected sexual intercourse for a person 35 years of age or older. Pregnancy resulting in miscarriage does not restart the 12-month or 6-month time period to qualify as having infertility.

Infusion Therapy

Infusion therapy refers to the therapeutic administration of drugs or other prepared or compounded substances by the intravenous route and is covered by Sharp Health Plan. The infusions must be administered in your home, in a physician's office, in a hospital, or in an institution, such as board and care, custodial care, assisted living facility, or infusion center, that is not a hospital or institution primarily engaged in providing skilled nursing services or rehabilitation services.

The Cost Share for infusion therapy services is determined based on the type and location of the service. For example, if this service is provided during an office visit, then the applicable office visit Cost Share will be charged. If the service is provided in an outpatient hospital facility, the Outpatient Services Cost Share will apply. Please see the Summary of Benefits.

Injectable Drugs

Provider administered injectable medications and self-injectable medications are covered under the medical benefit when not identified elsewhere in this Member Handbook as excluded from coverage.

Provider administered injectable medications include those drugs or preparations that are not usually self-administered and that are given by the intramuscular or subcutaneous route.

Self-injectable medications are drugs that are injected subcutaneously (under the skin) and are approved by the Food and Drug Administration (FDA) for self-administration and/or are packaged in patient-friendly injection devices along with instructions on how to administer.

Epi-pens, self-injectable insulin, and GLP1 agents approved by the Food and Drug Administration (FDA) for the treatment of diabetes are covered under the Outpatient Prescription Drug benefit. Injectable GLP1 agents approved by the FDA for the treatment of severe (Class III) obesity are covered under the medical benefit and are not covered under the Outpatient Prescription Drug benefit. Most other self-administered injectable drugs are covered as part of the medical benefit.

Long-acting injectable naltrexone being used as medicated-assisted treatment is a type of provider administered injectable medication that is covered under the medical benefit and does not require Utilization Management, Step Therapy or prior Authorization.

The following maternity and pregnancy services are covered:

What Are Your Covered Benefits?

services, like obstetrical ultrasounds, may be part of routine prenatal care, they are not included under the USPSTF or HRSA recommendations. A Copayment, Coinsurance or Deductible may apply for these services.

Prenatal and postnatal office visit Cost Shares are separate from any hospital Cost Shares. For delivery, you pay the applicable Cost Share to the hospital facility at the time of admission. Your Cost Share for the entire inpatient maternity stay is determined by the benefit plan in effect on the day you were admitted to the hospital. An additional hospital Cost Share applies if the newborn Dependent requires a separate admission from the mother because care is necessary to treat an ill newborn. Your Cost Share for a newborn Dependent is based on the benefit plan the newborn is enrolled in on the date of admission.

Inpatient hospital care is covered for no less than 48 hours following a normal vaginal delivery and 96 hours following a delivery by cesarean section. The mother, in consultation with the treating physician, may decide to be discharged before the 48-hour or 96-hour time period. Extended stays beyond the 48-hour or 96-hour time period must be Authorized. Sharp Health Plan will also cover a follow-up visit within 48 hours of discharge when prescribed by the treating physician. The visit shall include parent education, assistance and training in breast or bottle feeding, and the performance of any necessary maternal or neonatal physical assessments. The treating physician, in consultation with the mother, will determine whether the post-discharge visit shall occur at the home, at the hospital, or at the treating physician's office after assessment of the environmental and social risks and the transportation needs of the family.

What Are Your Covered Benefits?

Plan shall not limit Mental Health coverage to short term or acute treatment.

Members have direct access to health care providers of mental health services without obtaining a PCP referral. In most cases, services must be provided by Plan Providers. Please call Optum Behavioral Health toll-free at 1-844-483-9013 whenever you need mental health services. All calls are confidential. The following exceptions can be provided by Plan Providers or non-Plan Providers: 1) Medically Necessary treatment of a Mental Health or Substance Use Disorder, including but not limited to Behavioral Health Crisis Services provided by a 988 center or mobile crisis team or other provider, and 2) services received under a Community Assistance Recovery and Empowerment (CARE) Agreement or CARE Plan approved by a court.

If services for the Medically Necessary treatment of a Mental Health Disorder are not available in network within the geographic and timely access standards set by law or regulation, Optum Behavioral Health will Authorize and arrange for Medically Necessary out-of-network services and any Medically Necessary follow-up services that, to the maximum extent possible, meet those geographic and timely access standards. The Member will pay in-network cost sharing for out-of-network services Authorized by the Plan and for any out-of-network Medically Necessary treatment of a Mental Health or Substance Use Disorder, including, but not limited to Behavioral Health Crisis Services provided by a 988 center, mobile crisis team or other provider. You will not pay any Cost Sharing for services provided pursuant to a CARE Agreement or CARE Plan, excluding Prescription Drugs, regardless of whether the service was provided by a Plan Provider or non-Plan Provider.

Members diagnosed with pervasive developmental disorder or autism are not required to receive a rediagnosis in order to maintain coverage for mental health services. Providers are permitted to reevaluate members to ensure appropriate treatment. Rediagnosis can be performed at the discretion of the Member's provider, but mental health services will continue to be covered during the rediagnosis period.

You have a right to receive timely and geographically accessible Mental Health/Substance Use Disorder (MH/SUD) services when you need them. If Optum Behavioral Health fails to arrange those services for you with an appropriate provider who is in the health plan's network, the health plan must cover and arrange needed services for you from an out-of-network provider. If that happens, you do not have to pay anything other than your ordinary in-network cost-sharing.

If you do not need the services urgently, your health plan must offer an appointment for you that is no more than 10 business days from when you requested the services from the health plan. If you urgently need the services, your health plan must offer you an appointment within 48 hours of your request (if the health plan does not require prior authorization for the appointment) or within 96 hours (if the health plan does require prior authorization).

If your health plan does not arrange for you to receive services within these timeframes and within geographic access standards, you can arrange to receive services from any licensed

provider, even if the provider is not in your health plan's network. To be covered by your health plan, your first appointment with the provider must be within 90 calendar days of the date you first asked the plan for the MH/SUD services.

If you have any questions about how to obtain MH/SUD services or are having difficulties obtaining services you can:
1) call your health plan at the telephone number on the back of your health plan identification card; 2) call the California Department of Managed Care's Help Center at 1-888-466-2219; or 2) contact the California Department of Managed Care through its website at healthhelp.ca.gov to request assistance in obtaining MH/SUD services.

Outpatient Prescription Drugs

Outpatient Prescription Drugs are covered. You may obtain covered Outpatient Prescription Drug benefits from any retail, specialty or mail order Plan Pharmacy in the Plan network. Some Prescription Drugs are subject to restricted distribution by the United States Food and Drug Administration (FDA) or require special handling, provider coordination, or patient education that can only be provided by a specific pharmacy.

Except for Emergency Services, Out-of-Area Urgent Care Services, Medically Necessary treatment of a Mental Health or Substance Use Disorder, including, but not limited to Behavioral Health Crisis Services provided by a 988 center or mobile crisis team or other provider, and services received as part of a Community Assistance Recovery and Empowerment (CARE) Agreement or CARE Plan approved by a court, Outpatient Prescription Drugs that are not obtained from a Plan Pharmacy are not covered and you will be responsible for payment. The amount paid will not count toward your Deductible, if any, or Out-of-Pocket Maximum.

In addition, you will be responsible for payment of Outpatient Prescription Drugs not obtained through your pharmacy benefits using your Sharp Health Plan Member ID card (for example, paid for by cash, with a coupon or discount card), and such payment will not count toward your Deductible, if any, or Out-of-Pocket Maximum. If you pay for Outpatient Prescription Drugs not obtained through your pharmacy benefits, you are eligible to receive reimbursement from the Plan, and credit towards your Deductible, if any, and Out-of-Pocket Maximum, subject to the terms and conditions of this Member Handbook, in the following circumstances:

What Are Your Covered Benefits?

- The Prescription Drug obtained was Medically Necessary for the treatment of an Emergency Medical Condition or urgent care condition.
- You received prior Authorization from the Plan for the Prescription Drug, and the drug was obtained from a Plan Pharmacy.
- The Prescription Drug obtained is listed as covered on the Formulary, was obtained from a Plan Pharmacy, and all applicable Utilization Management criteria (e.g., Step Therapy, quantity limits, etc.) were satisfied.

You will be reimbursed for your share of the cost (excluding any portion of the charges covered by a coupon or discount card for which you did not incur an out-of-pocket expense), minus your applicable Cost Share and up to the contracted rate with the Plan Pharmacy, if applicable. Please see the section **What if You Get a Medical Bill?** for information on how to request reimbursement.

Look in your Provider Directory to find a Plan Pharmacy near you or search for “Find a Pharmacy” on our website at sharphealthplan.com. The “Find a Pharmacy” function provides the names and locations of contracted pharmacies. Always present your Sharp Health Plan Member ID card to the Plan Pharmacy. Ask them to inform you if something is not going to be covered.

You can access information about your pharmacy benefits by creating an account with CVS Caremark, which is accessed through your pharmacy portal at sharphealthplan.com/caremark. This will allow you to view information such as eligibility for Prescription Drugs, your current Formulary, Authorization requirements, Formulary alternatives and Cost Sharing amounts. Any changes to the information on

your CVS pharmacy portal will be updated one business day after a change is made. You can also obtain this information by calling the dedicated pharmacy customer service line at 1-855-298-4252.

You pay the Cost Share (i.e., Copayment, Coinsurance and/or Deductible) for Covered Benefits as listed in your Summary of Benefits. If the retail price for your Prescription Drug is less than your Cost Share, you will only pay the retail price. If you pay the retail price, your payment will apply to the Deductible, if any, and the Out-of-Pocket Maximum limit in the same manner as if you had purchased the Prescription Drug by paying the Cost Share. This applies whether you purchase your Prescription Drug from a brick-and-mortar retail pharmacy or a mail order pharmacy. Your Cost Share for covered orally administered anticancer medications will not exceed \$250 for an individual Prescription of up to a 30-day supply. In addition, you are not required to meet the Deductible before the \$250 maximum is applied to orally administered anticancer medications, unless you are enrolled in an HSA-qualified High Deductible Health Plan. For HSA-qualified High Deductible Health Plans, your maximum Cost Share of \$250 will only apply after the Deductible has been met.

You or your doctor may request a partial fill of an oral, solid dosage form of a Schedule II Prescription Drug from a pharmacy. A partial fill is when you receive less than the full quantity prescribed by your doctor. A Schedule II drug is one that has a high potential for abuse, with use potentially leading to severe psychological or physical dependence. The plan will prorate your Copayment for a partial fill; however, if the amount you are charged for multiple partial fills exceeds the Cost Share you would have

What Are Your Covered Benefits?

paid if you did not request a partial fill, the Plan will reimburse you for the excess Copayment. Please see the section **What if You Get a Medical Bill?** for information on how to request reimbursement.

When a Generic Drug is available, the pharmacy is required to fill your Prescription with the generic equivalent unless prior Authorization is obtained and the Brand-Name Drug is determined to be Medically Necessary. If the Brand-Name Drug is Medically Necessary and prior Authorization is obtained, you must pay the Cost Share for the corresponding Drug Tier. The FDA applies rigorous standards for identity, strength, quality, purity and potency before approving a Generic Drug. Generic

Drugs are required to have the same active ingredient, strength, dosage form, and route of administration as their brand name equivalents. In a few cases, the Brand-Name Drug is included on the Formulary, but the generic equivalent is not. When that occurs, the Brand-Name Drug will be dispensed and you will be charged the Drug Tier 1 Cost Share. When an interchangeable biological product is available, the pharmacy may be required to fill your Prescription with the interchangeable biological product unless prior Authorization is obtained and the reference product (defined as the existing FDA-approved biologic) is determined to be Medically Necessary.

The amount of drug you may receive at any one time is limited to a 30-day supply or, if the treatment is for less than 30 days, for the Medically Necessary amount of the drug, unless the Prescription is for a maintenance drug. This limitation does not apply to

What Are Your Covered Benefits?

FDA-approved, covered self-administered hormonal contraceptives, which are available in a 12-month supply. Sharp Health Plan will not require you to make any formal requests for such coverage other than a pharmacy claim. For more information about maintenance drugs, see the **HOW DO I OBTAIN MAINTENANCE DRUGS BY MAIL ORDER?** section below.

A Prescription from your doctor is not required for over-the-counter FDA-approved contraceptive drugs, devices and products received at a Plan Network Pharmacy. You will not be subject to Cost Sharing or prior Authorization for over-the-counter FDA-approved contraceptive drugs, devices and products.

SHARP HEALTH PLAN FORMULARY

The Sharp Health Plan Formulary (also known as a Drug List) was developed to identify safe and effective drugs for Members while maintaining affordable pharmacy benefits. The Formulary is updated regularly, based on input from the Pharmacy & Therapeutics (P&T) Committee, which meets quarterly. The P&T Committee members are clinical pharmacists and actively practicing physicians of various medical specialties. In addition, the P&T Committee frequently consults with other medical experts to provide input to the Committee.

Updates to the Formulary and drug usage guidelines are made as new clinical information and new drugs become available. In order to keep the Formulary current, the P&T Committee evaluates clinical effectiveness, safety and overall value through:

- Medical and scientific publications,
- Relevant utilization experience, and
- Physician recommendations.

To obtain a copy of Sharp Health Plan's Formulary, please visit our website at sharphealthplan.com, or call the dedicated pharmacy customer service line at 1-855-298-4252.

WHAT IS THE OUTPATIENT PRESCRIPTION DRUG PRIOR AUTHORIZATION PROCESS?

Drugs with the PA symbol next to the drug name in the Formulary are subject to prior Authorization. This means that your doctor must contact Sharp Health Plan to obtain advance approval for coverage of the drug. To request prior Authorization, your doctor must fill out a Prescription Drug Prior Authorization Form, include information to demonstrate medical necessity and submit it to Sharp Health Plan. Sharp Health Plan processes routine and urgent requests from doctors in a timely fashion. Routine requests are processed within 72 hours and urgent requests are processed within 24 hours of receipt of the information reasonably necessary and requested by Sharp Health Plan to make the determination. Information reasonably necessary to make such a determination includes information the prior Authorization department has requested to make a determination, as appropriate and Medically Necessary for the nature of your condition. Urgent circumstances exist when you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function. Upon receiving your physician's request for prior Authorization, Sharp Health Plan will evaluate the information submitted and make a determination based on established clinical criteria for the particular drug.

If your doctor's request for prior Authorization is denied, you will receive a letter that explains the specific reason(s) for the denial and your right to Appeal or file a

Grievance, as set forth in the section **What Is the Grievance or Appeal Process?**

The Formulary covers at least one medication approved by the United States Food and Drug Administration in each of the following categories without prior Authorization, Step Therapy, or utilization review:

1. Medication for the reversal of opioid overdose including a naloxone product or another opioid antagonist.
2. Medication for the detoxification or maintenance treatment of a Substance Use Disorder, including a daily oral buprenorphine product.
3. A long-acting buprenorphine product.

A long-acting injectable naltrexone product is available through your medical benefit. See **Injectable Drugs** for additional information.

WHAT ARE OPIATE DOSAGE THRESHOLDS?

Certain classes, categories, doses or combinations of opiate drugs may require prior Authorization when the dosage is at or above a threshold considered unsafe, as determined by the P&T Committee or in the professional clinical judgment of your pharmacist. If your doctor deems that an opiate dosage above the threshold is Medically Necessary for you, he or she may need to submit a request for Authorization to support the medical necessity for coverage.

WHAT IS STEP THERAPY?

Drugs with the ST symbol next to the drug name in the Formulary are subject to Step Therapy. The Step Therapy program encourages safe and cost-effective medication use. Under this program, a “step” approach is required to receive coverage for certain drugs. This means that to receive

coverage, you must first try an alternative Prescription Drug that has been determined to be clinically effective. There may be a situation when it is Medically Necessary for you to receive certain medications without first trying an alternative drug. In these instances, your doctor may request a Step Therapy exception by calling or faxing Sharp Health Plan. The list of Prescription Drugs that require Step Therapy is subject to change. We will review and make a determination within 72 hours (for routine requests) and 24 hours (for urgent requests) of receipt of the information reasonably necessary and requested by Sharp Health Plan to make the determination for Step Therapy Exception Requests. The process is the same as the Outpatient Prescription Drug prior Authorization request process described above.

When a provider determines that the drug required under Step Therapy is inconsistent with good professional practice, the provider should submit their justification and clinical documentation supporting the provider's determination with a Step Therapy Exception Request, and the Plan will approve the Step Therapy Exception Request.

If a request for prior Authorization or Step Therapy exception is incomplete or relevant information necessary to make a coverage determination is not included, we will notify your provider within 72 hours of receipt, or within 24 hours of receipt if exigent circumstances exist, what additional or relevant information is needed to approve or deny the prior Authorization or Step Therapy Exception Request, or to appeal the denial.

If we fail to notify your provider of our coverage determination within 72 hours for non-urgent requests, or within 24 hours if exigent circumstances exist, upon receipt

What Are Your Covered Benefits?

of a completed prior Authorization or Step Therapy Exception Request, the prior Authorization or Step Therapy Exception Request shall be deemed approved for the duration of the Prescription, including refills. If your provider does not receive a coverage determination or request for additional or clinically relevant material information within 72 hours for standard requests or 24 hours for expedited requests, the prior Authorization or Step Therapy Exception Request, or Appeal of a denial, shall be deemed approved for the duration of the Prescription, including refills.

The criteria used for prior Authorization and Step Therapy are developed and based on input from the P&T Committee as well as physician specialist experts. Your doctor may contact Sharp Health Plan to obtain the usage guidelines for specific drugs. In addition, your physician may log onto their Sharp Health Plan account to view the usage guidelines.

If you have moved from another insurance plan to Sharp Health Plan and are taking a drug that your previous insurer covered, Sharp Health Plan will not require you to follow Step Therapy in order to obtain that drug. Your doctor may need to submit a request to Sharp Health Plan in order to provide you with continuity of coverage.

WHAT IS QUANTITY LIMIT?

Drugs with the QL symbol next to the drug name in the Formulary are subject to quantity limits. It is the policy of Sharp Health Plan to maintain effective drug Utilization Management procedures. Such procedures include quantity limits on Prescription Drugs. The Plan ensures appropriate review when determining whether or not to authorize a quantity of drug that exceeds the quantity limit. Quantity limits exist when drugs are

limited to a determined number of doses based on criteria including, but not limited to, safety, potential overdose hazard, abuse potential, or approximation of usual doses per month, not to exceed the FDA maximum approved dose. Your doctor may follow the prior Authorization process when requesting an exception to the quantity limit for a drug.

WHAT IS THERAPEUTIC INTERCHANGE?

Sharp Health Plan employs therapeutic interchange as part of its Prescription Drug benefit. Therapeutic interchange is the practice of replacing (with the prescribing physician's approval) a Prescription Drug originally prescribed for a patient with a Prescription Drug that is preferred on the Formulary. Using therapeutic interchange may offer advantages, such as value through improved convenience and affordability, improved outcomes or fewer side effects. Two or more drugs may be considered appropriate for therapeutic interchange if they can be expected to produce similar levels of clinical effectiveness and sound medical outcomes in patients. If, during the prior Authorization process, the requested drug has a preferred Formulary alternative that may be considered appropriate for therapeutic interchange, a request to consider the preferred medication may be faxed to the prescribing physician. The prescribing physician may choose to use therapeutic interchange and select a pharmaceutical that does not require prior Authorization.

WHAT IS GENERIC SUBSTITUTION?

When a Generic Drug is available, the pharmacy is required to switch a Brand-Name Drug to the generic equivalent, unless the Brand-Name Drug is Authorized due to medical necessity. If the Brand-Name Drug is Medically Necessary

and prior Authorization is obtained, you must pay the Cost Share for the corresponding Brand-Name Drug Tier. The FDA applies rigorous standards for identity, strength, quality, purity and potency before approving a Generic Drug. Generics are required to have the same active ingredient, strength, dosage form, and route of administration as their brand-name equivalents.

In a few cases, the Brand-Name Drug is included on the Formulary, but the generic equivalent is not. When that occurs, the Brand-Name Drug will be dispensed and you will be charged the Drug Tier 1 Cost Share. You may be required to try an interchangeable product before the equivalent branded Prescription Drug is covered. Nothing in this section will prohibit or supersede a Step Therapy Exception Request.

WHAT IF A DRUG IS NOT LISTED IN THE FORMULARY?

Drugs that are not listed in the Drug List are Nonformulary Drugs and are not covered. There may be times when it is Medically Necessary for you to receive a medication that is not listed on Sharp Health Plan's Formulary. In these instances, you, your Authorized Representative or your provider may submit a Formulary Exception Request, following the prior Authorization process. Sharp Health Plan will approve or deny the Exception Request based on medical necessity within 72 hours for standard requests, or 24 hours for urgent requests.

Members with a four-tier benefit plan: Nonformulary Drugs that are approved for coverage and meet the Drug Tier 4 description will be subject to the Drug Tier 4 Cost Share. Nonformulary Brand-Name Drugs approved for coverage will be subject to the Drug Tier 3 Cost Share. Nonformulary

Generic Drugs approved for coverage will be subject to the Drug Tier 1 Cost Share. If your Formulary Exception Request is denied, you have the right to Appeal the decision. Information on the Appeal process can be found under the **What Is the Grievance or Appeal Process?** section of this Member Handbook.

Members with a four-tier benefit plan not offered through Covered California for Small Business exchange: Nonformulary Drugs that are approved for coverage and meet the Drug Tier 4 description will be subject to the Drug Tier 4 Cost Share. Nonformulary Brand-Name Drugs approved for coverage will be subject to the Drug Tier 3 Cost Share. Nonformulary Generic Drugs approved for coverage will be subject to the Drug Tier 2 Cost Share. If your Formulary Exception Request is denied, you have the right to Appeal the decision. Information on the Appeal process can be found under the **What Is the Grievance or Appeal Process?** section of this Member Handbook.

Members with a three-tier benefit plan: Nonformulary Brand-Name Drugs approved for coverage will be subject to the Tier 3 Cost Share. Please call Optum Behavioral Health toll-free at 1-844-483-9013 whenever you need Substance Use Disorder treatment. All calls are confidential.

If services for the Medically Necessary treatment of a Substance Use Disorder are not available in network within the geographic and timely access standards set by law or regulation, Sharp Health Plan will Authorize Medically Necessary out-of-network services and any Medically Necessary follow-up services that, to the maximum extent possible, meet those geographic and timely access standards. You will pay in-network cost sharing for out-of-network services Authorized by the Plan and for any out-of-network Medically Necessary treatment of a Substance Use Disorder including, but not limited to, Behavioral Health Crisis Services provided by a 988 center, mobile crisis team or other provider.

You have the right to receive timely and geographically accessible Mental Health/Substance Use Disorder (MH/SUD) services when you need them. If Optum Behavioral Health fails to arrange those services for you with an appropriate provider who is in the health plan's network, the health plan

What Are Your Covered Benefits?

must cover and arrange needed services for you from an out-of-network provider. If that happens, you do not have to pay anything other than your ordinary in-network cost-sharing.

If you do not need the services urgently, your health plan must offer an appointment for you that is no more than 10 business days from when you requested the services from the health plan. If you urgently need the services, your health plan must offer you an appointment within 48 hours of your request (if the health plan does not require prior authorization for the appointment) or within 96 hours (if the health plan does require prior authorization).

If your health plan does not arrange for you to receive services within these timeframes and within geographic access standards, you can arrange to receive services from any licensed provider, even if the provider is not in your health plan's network. To be covered by your health plan, your first appointment with the provider must be within 90 calendar days of the date you first asked the plan for the MH/SUD services.

If you have any questions about how to obtain MH/SUD services or are having difficulties obtaining services you can:

- 1) call your health plan at the telephone number on the back of your health plan identification card;
- 2) call the California Department of Managed Care's Help Center at 1-888-466-2219;
- or 3) contact the California Department

of Managed Care through its website at healthhelp.ca.gov to request assistance in obtaining MH/SUD services.

2. Patients are selected by the patient-selection committee of the Plan facilities.
3. Only anti-rejection drugs, biological products and procedures that have been established as safe and effective, and no longer determined to be Experimental or Investigational Treatment, are covered.

Sharp Health Plan provides certain donation-related services for a donor, or an individual identified by the Plan Medical Group as a potential donor, whether or not the donor is a Member. These services must be directly related to a covered transplant for the Member, which may include certain services for harvesting the organ, tissue, or bone marrow and for treatment of complications. We provide or pay for donation-related services for actual or potential donors (whether or not they are Members).

There are no age limitations for organ donors. The factor deciding whether a person can donate is the person's physical condition, not the person's age. Newborns as well as senior citizens have been organ donors. Donate Life California allows you to express your commitment to becoming an organ, eye and tissue donor. The Donate Life California Registry guarantees your plans will be carried out when you die.

Individuals who renew or apply for a driver's license or ID with the DMV, now have the opportunity to also register their decision to be a donor in the Donate Life California Registry, and the pink "DONOR" dot symbol is pre-printed on the applicant's driver license

or ID card. You have the power to donate life. Sign up today at donatelifecalifornia.org to become an organ and tissue donor.

How Do You Enroll in Sharp Health Plan?

When Is an Employee Eligible To Enroll in Sharp Health Plan?

If you are an employee, you may enroll during your initial enrollment period or during your Employer's Open Enrollment Period, provided you live or work within the Service Area, meet certain eligibility requirements and complete the required enrollment process. Your initial enrollment period begins the day you become an Eligible Employee and ends 31 days later. If you do not enroll within 31 calendar days of first becoming eligible, you may enroll only during an annual Open Enrollment Period established by your Employer and Sharp Health Plan. Enrollment begins at 12:01 a.m. on the date established by your Employer and the Plan.

To enroll in Sharp Health Plan, you must meet all eligibility requirements established by your Employer and Sharp Health Plan. The following outlines the Plan's eligibility requirements. Please contact your Employer for information about the eligibility requirements specific to your Employer. As the employee, you are eligible if you:

- Are an employee of an Employer;
- Are actively engaged on a full-time basis at the Employer's regular place of business, and
- Work a normal workweek of at least the number of hours required by your Employer.

Eligible Employees do not include employees who work on a part-time, temporary, substitute or contracted basis, unless agreed to by the Plan and your Employer. If an Eligible Employee is not actively at work on the date coverage would otherwise become effective (excluding medical leave status), coverage will be deferred until the date the Eligible Employee returns to an active work status.

When Is a Dependent Eligible To Enroll in Sharp Health Plan?

Dependents (Spouse, Domestic Partner and Children) become eligible when the Eligible Employee is determined by the Employer to be eligible. Dependents may enroll during the Eligible Employee's initial enrollment period or during the Employer's Open Enrollment Period. Dependents may only enroll if the Eligible Employee is also enrolled or enrolls with the Dependent and are only eligible for the same plan in which the employee is enrolled. Enrollment begins at 12:01 a.m. on the date established by your Employer and the Plan.

For purposes of eligibility, Children of the Enrolled Employee include:

- The naturally born Children, legally adopted Children, or stepchildren of the Enrolled Employee;
- Children for whom the Enrolled Employee has been appointed a legal guardian by a court;

How Do You Enroll in Sharp Health Plan?

- Children for whom the Enrolled Employee is required to provide health coverage pursuant to a qualified medical support order;
- Children, not including foster Children, for whom the Enrolled Employee has assumed a parent-child relationship, as indicated by intentional assumption of parental status, or assumption of parental duties, by the Enrolled Employee, and as certified by the Enrolled Employee at the time of enrollment of the Child and annually thereafter.

A grandchild of the Enrolled Employee is not eligible for enrollment, unless the Enrolled Employee has been appointed legal guardian of the grandchild or the Enrolled Employee has assumed a parent-child relationship of the grandchild, as described above.

Dependent Children remain eligible up to age 26, regardless of student, marital, or financial status. An enrolled Dependent Child who reaches age 26 during a Benefit Year may remain enrolled as a Dependent until the end of that Benefit Year. The Dependent Child's coverage shall end on the last day of the Benefit Year during which the Dependent Child becomes ineligible.

A Dependent Child who is Totally Disabled at the time of attaining the maximum age of 26 may remain enrolled as a Dependent until the disability ends. For purposes of this provision, a Child is considered Totally Disabled while the Child is and continues to meet both of the following criteria:

1. Incapable of self-sustaining employment by reason of a physically or mentally disabling injury, illness or condition; and
2. Chiefly dependent upon the Enrolled Employee for support and maintenance.

Sharp Health Plan will notify the Enrolled Employee at least 90 days prior to a Dependent Child attaining the limiting age of 26 that the Dependent Child's coverage will terminate. The notification will inform the Enrolled Employee that the Dependent Child's coverage will terminate upon attainment of the limiting age of 26, unless the Enrolled Employee requests continued coverage of the Totally Disabled Child within 60 days of the date the Enrolled Employee receives the notification. Such request must include a written statement and supporting clinical documentation from the Dependent's Plan Physician describing the disability. Upon receipt of a request by the Enrolled Employee for continued coverage of the Child and the Plan Physician's documentation, Sharp Health Plan will determine if the Child meets the criteria described above. Coverage for such Child will continue until Sharp Health Plan makes its determination. Sharp Health Plan may request documentation to verify that the Child continues to meet the criteria above, but no more frequently than annually after the two-year period following the Child's reaching age 26.

Dependents are not required to live with the Enrolled Employee. However, Dependents must maintain their Primary Residence or work within Sharp Health Plan's licensed Service Area, unless enrolled as a full-time student at an accredited institution or unless coverage is provided under a medical support order. A Member who resides outside the Service Area must select a PCP within the Service Area and must obtain all Covered Benefits from Plan Providers inside the Service Area, except for Out-of-Area Emergency Services or Urgent Care Services.

How Do You Enroll in Sharp Health Plan?

Newborns

The newborn Child of an Enrolled Employee or an Enrolled Employee's Spouse or Domestic Partner is automatically covered for the first 31 days from the date of the newborn's birth, and the adopted Child of an Enrolled Employee or Enrolled Employee's Spouse or Domestic Partner is covered for 31 days from the date you are legally entitled to control the health care of the adopted Child. If you wish to continue coverage for your newborn or adopted Child beyond the initial 31-day period, you must submit an Enrollment Application for the Child to your Employer within the initial 31-day period following birth or adoption. A birth or adoption certificate may be required as proof of Dependent status. If applicable, Sharp Health Plan may coordinate the cost of care if another health insurance carrier also covers the Child.

Premium charges for a newborn or adopted Child will be charged beginning the month following the month of birth or adoption.

You must submit an Enrollment Application to your Employer for a newborn or adopted Child, even if you currently have Dependent coverage. Grandchildren are not eligible for enrollment, unless you have been appointed legal guardian of the grandchild(ren).

Can You or Your Dependents Enroll Outside Your Initial or Open Enrollment Period?

If you decline enrollment for yourself or your eligible Dependents because of other group medical coverage, you may be able to enroll yourself and your eligible Dependents in Sharp Health Plan if you involuntarily lose

eligibility for that other coverage. However, you must request enrollment within 60 days after your other coverage ends.

You and your eligible Dependents may also be able to enroll in Sharp Health Plan if you or your Dependent becomes eligible for a Premium assistance subsidy under Medi-Cal or Healthy Families. You must request enrollment within 60 days after the date that eligibility for Premium assistance is determined.

If you have a new Dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your Dependents outside of your Employer's Open Enrollment Period. However, you must request enrollment within 60 calendar days after the marriage, birth, adoption or placement for adoption.

Your Employer is responsible for notifying the Plan to enroll or disenroll your eligible Dependents. If notification of the status change is not received by your Employer within the 60-day period, your Dependent(s) will not be covered and you will be responsible for payment of any services received. To add a new Spouse to your coverage, you must complete and submit an Enrollment Change Form to your Employer within the 60-day period following your marriage.

How Do You Update Your Enrollment Information?

Please notify your Employer of any changes to your enrollment application within 30 calendar days of the change. This includes changes to your name, address, telephone number, marital status, or the status of any enrolled Dependents. Your Employer will notify Sharp Health Plan of the change.

If you wish to change your Primary Care Physician or Plan Medical Group, please contact Customer Care at 1-858-499-8300 or toll-free at 1-800-359-2002 or send Customer Care a secure message through your Sharp Health Plan online account at sharphealthplan.com/login.

What if You Have Other Health Insurance Coverage?

In some families, both adults are employed and family members are covered by more than one health plan. If you are covered by more than one health plan, the secondary health plan will coordinate your health insurance coverage so that you will receive up to, but not more than 100% coverage.

Sharp Health Plan uses the “Birthday Rule” in coordinating health insurance coverage for Children. When both parents have different health plans that cover their Child Dependents, the health plan of the parent whose birthday falls earliest in the Calendar Year will be the primary health plan for the Child Dependents.

In coordinating health insurance coverage for your Spouse or Domestic Partner, the insurance policy in which the Spouse/Domestic Partner is the Subscriber will be their primary health plan.

If you have purchased a supplemental pediatric dental benefit plan on the Covered California for Small Business exchange, pediatric dental benefits covered under this plan will be paid first, with the supplemental pediatric plan covering non-covered services and or Cost Sharing as described in your pediatric dental plan.

What if You Are Eligible for Medicare?

It is your responsibility to apply for Medicare coverage once reaching age 65 or otherwise becoming eligible. Please notify Sharp Health Plan promptly if you or any of your covered Dependents become eligible for Medicare.

This plan is not intended for most Medicare beneficiaries. However, if you have Medicare coverage, we will coordinate benefits with your Medicare coverage under Medicare rules. Medicare rules determine which coverage is primary (pays first) and which coverage is secondary (pays second). You must give us any information we request to help us coordinate benefits according to Medicare rules. If you have questions about Medicare rules for coordinating coverage, please contact Medicare at 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048.

What if You Are Injured at Work?

The Plan does not provide Covered Benefits to you for work-related illnesses or injuries covered by workers’ compensation. The Plan will advance Covered Benefits at the time of need, but if you or your Dependent receives Covered Benefits through the Plan that are found to be covered by workers’ compensation, the Plan will pursue reimbursement through workers’ compensation. You are responsible to notify Sharp Health Plan of any such occurrences and are required to cooperate to ensure that the Plan is reimbursed for such benefits.

What if You Are Injured by Another Person?

If you or your Dependent are injured in an event caused by a negligent or intentional act or omission of another person, the Plan will advance Covered Benefits at the time of need subject to an automatic lien by agreement to reimburse the Plan from any recoveries or reimbursement you receive from the person who caused your injury. You are responsible to notify Sharp Health Plan of any such occurrences and are required to cooperate to ensure that the Plan is reimbursed for such benefits.

When Can Your Coverage Be Changed Without Your Consent?

The Group Agreement between Sharp Health Plan and your Employer is renewed annually. The Group Agreement may be amended, canceled or discontinued at any time and without your consent, either by your Employer or by the Plan. Your Employer will notify you if the Agreement is terminated or amended. Your Employer will also notify you if your contribution to your Premium changes. If the Group Agreement is canceled or discontinued, you will not be able to renew or reinstate the group coverage; however, you may be able to purchase individual coverage. Please call Customer Care for assistance.

In the event of an amendment to the Group Agreement that affects any Cost Share, Copayments, Covered Benefits, services, exclusions or limitations described in this Member Handbook, you will be given a new

Member Handbook or amendments to this Member Handbook updating you on the change(s). The services and Covered Benefits to which you may be entitled will depend on the terms of your coverage in effect at the time services are rendered.

When Will Your Coverage End?

Termination of Membership

If your Membership terminates, all rights to benefits end at midnight on the termination date (for example, if your termination date is January 1, 2022, your last moment of coverage was at 11:59 p.m. on December 31, 2021). You will be billed as a non-Member for any Covered Services you receive after your Membership terminates. When your Membership terminates under this section, Sharp Health Plan and Plan Providers have no further liability or responsibility under this Agreement.

Termination by the Employee

You may terminate your coverage and/or your Dependent's coverage by contacting your Employer. Your coverage and/or your Dependent's coverage will end at 11:59 p.m. on the last day for which Premiums received by Sharp Health Plan from your Employer cover you and/or your Dependent(s). If you choose to terminate your coverage and/or your Dependent's coverage, you will not be able to enroll in a new benefit plan until the next Open Enrollment Period, unless you or your Dependent qualifies for a Special Enrollment Period.

How Do You Enroll in Sharp Health Plan?**Loss of Subscriber and Dependent Eligibility**

Coverage for you and your Dependents will end at 11:59 p.m. on the earliest date of the following events triggering loss of eligibility:

- When the Group Agreement between your Employer and the Plan is terminated. If you are in the hospital on the effective date of termination, you will be covered for the remainder of the hospital stay if you continue to pay all applicable Premiums and Copayments, unless you become covered earlier under other group or COBRA coverage.
- When your employment is terminated. Coverage will end on the last day of the month in which your employment is terminated, unless otherwise determined by your Employer. You may be eligible to continue coverage through COBRA (your Employer will advise you if you are eligible) or Cal-COBRA (the Plan will advise you if you are eligible). Members of the United States Military Reserve and National Guard who terminate coverage as a result of being ordered to active duty may have their coverage reinstated without waiting periods or exclusion of coverage for preexisting conditions. Please contact Customer Care for information on how to apply for reinstatement of coverage following active duty as a reservist. If your Employer is providing your health coverage through Covered California for Small Business (CCSB), please contact Covered California for information about how to apply for reinstatement.
- When your Employer otherwise determines that you no longer qualify for health coverage under the terms of your employment. Coverage will end on the last

day of the month in which your eligibility for health coverage ends, unless otherwise determined by your Employer. You may be eligible to continue coverage through COBRA (your Employer will advise you if you are eligible) or Cal-COBRA (the Plan will advise you if you are eligible).

- When your Employer terminates coverage with the Plan. Coverage will end on the last day of the month in which your Employer terminated.
- When you no longer meet any of the other eligibility requirements under your Plan contract. Coverage will end on the last day of the month in which your eligibility ended.

Coverage for your Dependent will end when a Dependent no longer meets the eligibility requirements, including divorce, no longer living or working inside of the Service Area or termination of Total Disability status. Coverage will end on the last day of the month in which eligibility ends. The Dependent may be eligible to elect COBRA or Cal-COBRA coverage.

Fraud or Intentional Misrepresentation of Material Fact

Coverage for you or your Dependent(s) will also end if either you or that Dependent(s) commit(s) an act of fraud or intentional misrepresentation of a material fact to circumvent state or federal laws or the policies of the Plan, such as allowing someone else to use your Member ID card, providing materially incomplete or incorrect enrollment or required updated information deliberately, including but not limited to incomplete or incorrect information regarding date of hire, date of birth, relationship to Enrolled Employee or Dependent, place of residence, other group health insurance or workers' compensation benefits, or disability status.

How Do You Enroll in Sharp Health Plan?

In this case, Sharp Health Plan will send you a written notice 30 days before your coverage will end. In addition, Sharp Health Plan may decide to retroactively end your coverage to the date the fraud or misrepresentation occurred, but only if Sharp Health Plan identifies the act within your first 24 months of coverage. This type of retroactive termination is called a Rescission. If your coverage is retroactively terminated, Sharp Health Plan will send you the written notice 30 days prior to the effective date of the Rescission. The notice will include information about your right to Appeal the decision.

Cancellation of the Group Agreement for Nonpayment of Premiums

If the Group Agreement is cancelled because the Employer failed to pay the required Premiums when due, then coverage for you and your Dependents will end at the end of your Employer's 30-day Grace Period, effective on the 31st day after the Notice of Start of Grace Period (sent to your Employer) is dated or on the day after the last date of paid coverage, whichever is later. If any required Premium is not paid by your Employer on or before the due date, it must be paid and received by Sharp Health Plan during the Grace Period.

Sharp Health Plan will mail your Employer a Notice of Start of Grace Period at least 30 calendar days before any cancellation of coverage. This Notice of Start of Grace Period will provide your Employer with information regarding the consequences of failure to pay the Premiums due within 30 days of the start of the Grace Period. If payment is not received from your Employer

within 30 days of the start of the Grace Period, Sharp Health Plan will cancel the Group Agreement and mail you and your Employer a Notice of End of Coverage, which will provide the following information:

- That the Group Agreement has been cancelled for Nonpayment of Premiums.
- The specific date and time when the group coverage ended. Sharp Health Plan's telephone number to call to obtain additional information, including whether your Employer obtained reinstatement of the Group Agreement.
- An explanation of your options to purchase continuation coverage, including coverage effective as of the termination date, so you can avoid a break in coverage, and the deadline by which you must elect to purchase such continuation coverage (63 calendar days after the date the Plan mails you Notice of End of Coverage).
- Information about other health care coverage options and your potential eligibility for reduced-cost coverage through Covered California or no-cost coverage through Medi-Cal (a program that offers free or low-cost health coverage for children and adults with limited income and resources).
- Your rights under the law, including your right to submit a Grievance to Sharp Health Plan or to the California Department of Managed Health Care if you believe your benefit plan coverage has been improperly cancelled.

Individual Continuation of Benefits

Total Disability Continuation Coverage

If the Group Agreement between Sharp Health Plan and your Employer terminates while you or your Dependent are Totally Disabled, Covered Benefits for the treatment of the disability may be temporarily extended. Application for extension of coverage and evidence of the Total Disability is required to be provided to the Plan within 90 calendar days of termination of the Group Agreement; however, you or your Dependent, as applicable, are covered during this 90-day period.

You are required to furnish the Plan with evidence of the Total Disability upon request. The Plan has sole authority for the approval of the extension of Covered Benefits. The extension of Covered Benefits will continue for the treatment of the disability until the earlier of:

- When the Member is no longer Totally Disabled.
- When the Member becomes covered under any other group health insurance that covers the disability.
- A maximum of 12 consecutive months from the date coverage would have normally terminated.

COBRA Continuation Coverage

If your Employer has 20 or more employees, and you or your Dependents would otherwise lose coverage for benefits, you may be able to continue uninterrupted coverage through the Consolidated Omnibus Budget Reconciliation Act of 1985 and its amendments (referred to as COBRA), subject to your continuing eligibility and your payment of Premiums. COBRA continuation coverage is a continuation of group health plan coverage when coverage would otherwise end because of a “qualifying event.” After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, your Spouse and your Dependents could become qualified beneficiaries if coverage under the group plan is lost because of the qualifying event. Please contact your Employer for details about whether you qualify, how to elect COBRA coverage, how much you must pay for COBRA coverage and where to send your COBRA Premiums. Coverage will be effective on the first day following the loss of coverage due to the qualifying event. No break in coverage is permitted.

COBRA continuation coverage consists of the coverage under the company health plan that you and other qualified beneficiaries had immediately before your coverage terminated. If your Employer or Sharp Health Plan changes benefits, Premiums, etc., your continuation

Individual Continuation of Benefits

coverage will change accordingly. If the contract between the Employer and Sharp Health Plan terminates while you are still eligible for COBRA, you may elect to continue COBRA coverage under the Employer's subsequent group health plan.

If you are no longer eligible for COBRA continuation coverage and your COBRA coverage was less than 36 months, you may be eligible for your own Individual Plan Policy. Please call Customer Care for assistance.

Cal-COBRA Continuation Coverage

If your Employer consists of one to 19 employees and you or your Dependents would lose coverage under Sharp Health Plan due to a "qualifying event" as described below, you may be able to continue your company health coverage upon arrangement with Sharp Health Plan through the California Continuation Benefits Replacement Act (referred to as Cal-COBRA), subject to your continuing eligibility and your payment of monthly Premiums to Sharp Health Plan.

Continuation coverage consists of the coverage under the company health plan that you and other qualified beneficiaries had immediately before your coverage terminated. If your Employer or Sharp Health Plan changes benefits, Premiums, etc., your continuation coverage will change accordingly. If the contract between the Employer and Sharp Health Plan terminates while you are still eligible for Cal-COBRA, you may elect to continue Cal-COBRA coverage under the Employer's subsequent group health plan. If you fail to comply with all the requirements of the new plan (including requirements pertaining to enrollment and Premium payments) within

30 days of receiving notice of termination from the Plan, Cal-COBRA coverage will terminate. If you move out of the Plan's Service Area, Cal-COBRA coverage will terminate.

If a qualifying event occurs, it is the Member's responsibility to notify his/her Employer within 60 days of the date of the qualifying event. The notification must be in writing and delivered to the Employer by first class mail or other reliable means of delivery. If you do not notify your Employer within 60 days of the date of the qualifying event, you are not eligible for coverage under Cal-COBRA.

Qualifying Events

If you lose coverage due to one of the qualifying events listed below and you were enrolled in Sharp Health Plan at the time of the loss of coverage, you are considered a qualified beneficiary entitled to enroll in Cal-COBRA continuation coverage.

- As an Enrolled Employee, you may be eligible for Cal-COBRA continuation coverage if you would lose group health plan coverage due to the termination of your employment (for reasons other than gross misconduct) or due to a reduction in your work hours.
- As a Member who is the Dependent of an Enrolled Employee, you may be eligible for Cal-COBRA continuation coverage if you would lose group health plan coverage under Sharp Health Plan for any of the following reasons:
 1. Death of the Enrolled Employee.
 2. Termination of the Enrolled Employee's employment (for reasons other than gross misconduct) or a reduction in the Enrolled Employee's work hours.

3. Divorce or legal separation from the Enrolled Employee.
 4. Enrolled Employee's Medicare entitlement.
 5. Your loss of Dependent status.
- A Member who has exhausted COBRA continuation coverage may be eligible for Cal-COBRA continuation coverage if your COBRA coverage was less than 36 months. COBRA and Cal-COBRA continuation coverage is limited to a combined maximum of 36 months.

After the Employer notifies the Plan of a qualifying event, the Plan will, within 14 calendar days, provide all of the information that is needed to apply for Cal-COBRA continuation coverage, including information on benefits and Premiums, and an enrollment application.

How To Elect Cal-COBRA Coverage

If you wish to elect Cal-COBRA coverage, you must complete and return the enrollment application to Sharp Health Plan. This must be done within 60 calendar days after you receive the enrollment application or 60 calendar days after your company health coverage terminates, whichever is later. Failure to have the enrollment application postmarked on or before the end of the 60-day period will result in the loss of your right to continuation coverage under Cal-COBRA. Coverage will be effective on the first day following the loss of coverage due to the qualifying event. No break in coverage is permitted.

Adding Dependents to Cal-COBRA

The qualified beneficiary who elects coverage can enroll a Spouse or Dependents at a later date when one of the following events occurs:

- Open enrollment.
- Loss of other coverage.
- Marriage.
- Birth of a Dependent.
- Adoption.

The new Dependent will not be considered a qualified beneficiary and will lose coverage when the qualified beneficiary is no longer enrolled in Sharp Health Plan.

Premiums for Cal-COBRA Coverage

The Member is responsible for payment to Sharp Health Plan of the entire monthly Premium for continuation coverage under Cal-COBRA. The initial Premium payment must be made on or before the 45th calendar day after election of Cal-COBRA coverage and must be delivered by first-class mail, certified mail, or other reliable means of delivery to the Plan. The Premium rate you pay will not be more than 110% of the rate charged by the Plan for an employee covered under the Employer. The Premium rate is subject to change upon your previous Employer's annual renewal.

If the full Premium payment (including all Premiums due from the time you first became eligible) is not made within the 45-day period, Cal-COBRA coverage will be cancelled. Subsequent Premium payments are due by the Premium due date listed on your monthly invoice. If any Premium payment is not made within 30 calendar days of the date it is due, Cal-COBRA coverage will be cancelled. No claims for medical services received under continuation coverage are paid until the Premium for the month of coverage is paid. If, for any reason, a Member receives medical benefits under the Plan during a month for which the

Individual Continuation of Benefits

Premium was not paid, the benefits received are not covered by the Plan and the Member will be required to pay the provider of service directly.

How To Terminate Cal-COBRA Coverage

If you wish to terminate Cal-COBRA coverage, you must complete and return the Cal-COBRA Termination Form to Sharp Health Plan. The termination request must be done within 30 calendar days of the requested termination date. As Cal-COBRA Coverage is provided on a monthly basis, the termination date will be effective at midnight on the last day of the month.

The Cal-COBRA Termination Form can be found on the Sharp Health Plan website: sharphealthplan.com/members/manage-your-plan/cancel.

If you have any questions regarding continuation coverage under Cal-COBRA, please call Customer Care.

What Can You Do if You Believe Your Coverage Was Terminated Unfairly?

Sharp Health Plan will never terminate your coverage because of your health status or your need for health services. If you believe that your coverage or your Dependent's coverage was or will be, cancelled, Rescinded or not renewed due to health status or requirements for health care services, you have the right to submit a Grievance to Sharp Health Plan or to the Director of the Department of Managed Health Care, pursuant to section 1365(b) of the California Health and Safety Code.

Sharp Health Plan will resolve your Grievance regarding an improper cancellation, Rescission or nonrenewal of coverage, or provide you with a pending status, within three calendar days of receiving your Grievance. If you do not receive a response from Sharp Health Plan within three calendar days, or if you are not satisfied in any way with the response, you may submit a Grievance to the Department of Managed Health Care as detailed below.

If you believe your coverage or your Dependent's coverage has been, or will be, improperly cancelled, Rescinded or not renewed, you may submit a Grievance to the Department of Managed Health Care without first submitting it to Sharp Health Plan or after you have received Sharp Health Plan's decision on your Grievance.

Continuity of care means continued services, under certain conditions, with your current health care provider until your health care provider completes your care.

As a *newly enrolled* Sharp Health Plan Member, you may receive continuity of care for services otherwise covered in this Member Handbook when:

- You are receiving care from a non-Plan Provider or one of the conditions listed below and, at the time your coverage with Sharp Health Plan became effective, were receiving such care from that provider.

- You were not offered an out-of-network option and you were not given the option to continue with your previous health plan or provider.

As a *current* Sharp Health Plan Member, you may obtain continuity of care benefits when:

- Your Sharp Health Plan Network has changed; or
- Your Sharp Health Plan Medical Group, hospital, or health care provider is no longer contracted with Sharp Health Plan.

Continuity of care may be provided for the completion of care when you are in an active course of treatment for one of the following conditions:

Condition	Length of Time for Continuity of Care
Acute Condition	Duration of Acute Condition
Serious Chronic Condition	No more than 12 months from the health care provider's contract termination date or, for a newly enrolled Member, 12 months from the effective date of coverage
Pregnancy	Duration of the pregnancy, to include the three trimesters of pregnancy and the immediate post-partum period

Pending surgery or other procedure	Must be scheduled within 180 days of the health care provider's contract termination or your enrollment in Sharp Health Plan
Care of newborn Child between birth and age 36 months	No more than 12 months from the health care provider's contract termination date or, if the Child is a newly enrolled Member, 12 months from the Child's effective date of coverage

Other Information

Continuity of care is limited to Covered Benefits, as described in this Member Handbook, in connection with one or more of the conditions listed above. Your requested health care provider must agree to provide continued services to you, subject to the same contract terms and conditions and similar payment rates to other similar health care providers contracted with Sharp Health Plan. If your health care provider does not agree, Sharp Health Plan cannot provide continuity of care.

You are not eligible for continuity of care coverage in the following situations:

- You are a newly enrolled Member and had the opportunity to enroll in a health plan with an out-of-network option.
- You are a newly enrolled Member and had the option to continue with your previous health plan or health care provider, but instead voluntarily chose to change health plans.

What Is the Relationship Between the Plan and Its Providers?

- Most of our Plan Medical Groups receive an agreed-upon monthly payment from Sharp

Health Plan to provide services to you. This monthly payment is a fixed dollar amount for each Member. The monthly payment typically covers Professional Services directly provided by the medical group, and may also cover certain referral services.

- Some doctors receive a different agreed-upon payment from us to provide services to you. Each time you receive health care services from one of these providers, the doctor receives payment for that service.
- Some hospitals in our network receive an agreed-upon monthly payment in return for providing hospital services for Members. Other hospitals are paid on a fee-for-service basis or receive a fixed payment per day of hospitalization.
- On a regular basis, we agree with each Plan Medical Group and some of our contracted hospitals on the monthly payment from Sharp Health Plan for services, including referral services, under the program for any Plan Members treated by the PMG/Hospital.
- If you would like more information, please contact Customer Care. You can also obtain more information from your Plan Provider or the PMG you have selected.

How Can You Participate in Plan Policy?

The Plan has established a Member Advisory Committee for Members to participate in making decisions to assure patient comfort, dignity and convenience from the Plan Providers that provide health care services to you and your family. At least annually, Sharp Health Plan provides Members, through the Member Resource Guide, a description of its system for Member participation in establishing Plan policy and

communicates material changes (updates and important information) affecting Plan policy to Members.

How Can You Help Us Fight Health Care Fraud?

Health care fraud is an intentional deception or misrepresentation that an individual or entity makes, knowing that the misrepresentation could result in some unauthorized benefit to the individual, the entity or some other party. Recent estimates put the impact of health care fraud in the United States at approximately \$60 billion per year. Health care fraud is costly for everyone. It leads to higher Premiums, more uninsured people and fewer dollars available for health care services.

Health care fraud comes in many forms, including:

- Submitting fraudulent claims (e.g., billing for services that were not provided or inappropriately coding claims to result in higher charges)
- Use of health plan ID cards by people who are not entitled to benefits
- Falsification of drug Prescriptions
- Offering free diabetic supplies, medical supplies or genetic tests in exchange for your ID number or other personal information

- Enrolling someone on your plan who is not an authorized family member or keeping someone on your plan after they are no longer eligible (e.g., after a divorce)

Sharp Health Plan is committed to working to reduce fraudulent activity. Here are some things you can do to prevent fraud:

- Do not give your Sharp Health Plan identification (ID) number over the phone or to people you do not know, except for your health care providers or Sharp Health Plan representatives.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill to get it paid.
- Carefully review explanations of benefits (EOBs) statements that you receive from us to ensure we have not been billed for services you did not receive.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get an item or service paid for.
- If you suspect a provider has charged you for services you did not receive, billed you twice for the same service,

or misrepresented any information, call the provider and ask for an explanation. There may be an error.

- Do not enroll individuals who are not eligible for coverage as your Spouse or Dependent. (Individuals can enroll in their own plan at sharphealthplan.com or coveredca.com.)

Overview of Dental Benefits

This section provides information that will give you a better understanding of how this dental plan works and how to make it work best for you.

What Is the DeltaCare USA Plan?

The DeltaCare USA Plan provides Pediatric Benefits through a convenient network of Contract Dentists in the state of California. These Contract Dentists are screened to ensure that our standards of quality, access and safety are maintained. The network is composed of established dental professionals. When you visit your assigned Contract Dentist, you pay only the applicable Cost Share for Benefits. There are no deductibles, lifetime maximums or claim forms.

Benefits, Limitations and Exclusions

This plan provides the Benefits described in the Schedules that are a part of this Dental

EOC. Benefits are only available in the state of California. The services are performed as deemed appropriate by your assigned Contract Dentist.

Cost Share and Other Charges

You are required to pay any Cost Share listed in *Schedule A* attached to this Dental EOC. Your Cost Share is paid directly to the Contract Dentist who provides treatment. Charges for broken appointments and visits after normal visiting hours are listed in the Schedule attached to this Dental EOC.

In the event that we fail to pay a Contract Dentist, you will not be liable to that Contract Dentist for any sums owed by us. By statute, the DeltaCare USA dentist contract contains a provision prohibiting a Contract Dentist from charging an Enrollee for any sums owed by Delta Dental. Except for the provision in the "Emergency Dental Services" section, if you have not received Authorization for treatment from an Out-of-Network Dentist and we fail to pay that Out-of-Network Dentist, you may be liable to that Out-of-Network Dentist for the cost of services received. For further clarification, see the "Emergency Dental Services" and "Specialist Services" provisions in this Dental EOC.

How To Use the DeltaCare USA Plan/Choice of Contract Dentist

PLEASE READ THE FOLLOWING INFORMATION SO THAT YOU WILL KNOW HOW TO OBTAIN DENTAL SERVICES. YOU MUST OBTAIN DENTAL BENEFITS FROM, OR BE REFERRED FOR SPECIALIST SERVICES BY YOUR ASSIGNED CONTRACT DENTIST.

Delta Dental will provide Contract Dentists to Enrollees at convenient locations

during the term of this Dental EOC. Upon enrollment, Delta Dental will assign the Enrollees covered under this Dental EOC to one Contract Dentist facility. The Enrollee may request changes to the assigned Contract Dentist facility by contacting our Customer Care at 1-855-370-4215. A list of Contract Dentists is available to all Enrollees at deltadentalins.com. The change must be requested prior to the 15th of the month to become effective on the first day of the following month.

You will be provided with written notice of assignment to another Contract Dentist facility near the Enrollee's home if:

1) a requested facility is closed to further enrollment; 2) a chosen Contract Dentist facility withdraws from this plan; or 3) an assigned facility requests, for good cause, that the Enrollee be re-assigned to another Contract Dentist facility.

All Treatment in Progress must be completed before you change to another Contract Dentist facility. For example, this would include:

1) partial or full dentures for which final impressions have been taken; 2) completion of root canals in progress; or 3) delivery of crowns when teeth have been prepared.

All services which are Benefits will be rendered at the Contract Dentist facility assigned to the Enrollee. Specialist Services obtained from a Contract Orthodontist or Contract Specialist must be referred by the Enrollee's Contract Dentist. Delta Dental will have no obligation or liability with respect to services rendered by Out-of-Network Dentists with the exception of Emergency Dental Services or Specialist Services referred by a Contract Dentist and authorized by Delta Dental. All authorized Specialist Services claims will be paid by Delta Dental, less any applicable Cost Share amounts. A Contract Dentist may provide services either

Pediatric Dental Addendum to Evidence of Coverage

personally, or through associated Dentists, or the other technicians or hygienists who may lawfully perform the services.

If your assigned Contract Dentist facility terminates participation in this dental plan, that Contract Dentist facility will complete all Treatment in Progress, as described above. If, for any reason, your Contract Dentist is unable to complete treatment, Delta Dental will make reasonable and appropriate provisions for the completion of such treatment by another Contract Dentist.

Delta Dental will give you reasonable written notice if you will be materially or adversely affected by the termination or breach of contract, or inability by any Contract Dentist to perform services.

Emergency Dental Services

Emergency Dental Services are used for palliative relief, controlling of dental pain, and/or stabilizing the Enrollee's condition. The Enrollee's assigned Contract Dentist facility maintains a 24-hour emergency dental services system, 7 days a week. If the Enrollee is experiencing an Emergency Dental Condition, they can call 911 (where available) or obtain Emergency Dental Services from any Dentist without a referral.

After Emergency Dental Services are provided, further non-emergency treatment is usually needed. Non-emergency treatment must be obtained at the Enrollee's assigned Contract Dentist facility.

The Enrollee is responsible for any Cost Share for Emergency Dental Services received. Non-covered procedures will be the Enrollee's financial responsibility and will not be paid by this dental plan.

Benefits for Emergency Dental Services not provided by the Enrollee's assigned

Contract Dentist are limited to a maximum of \$100.00 per emergency, per Enrollee, less the applicable Cost Share. If the maximum is exceeded or if the conditions in the "Timely Access to Care" section are not met, the Enrollee is responsible for any charges for services received by a Dentist other than from their assigned Contract Dentist.

Urgent Dental ServicesInside the Delta Dental Service Area

An Urgent Dental Service requires prompt dental attention but it is not an Emergency Dental Condition. If an Enrollee thinks that they may need Urgent Dental Services, the Enrollee can call their Contract Dentist during normal business hours or after hours.

Outside the Delta Dental Service Area

If an Enrollee needs Urgent Dental Services due to an unforeseen dental condition or injury, this dental plan covers Medically Necessary dental services when prompt attention is required from an Out-of-Network Dentist if all of the following are true:

- The Enrollee receives Urgent Dental Services from an Out-of-Network Dentist while temporarily outside of the Delta Dental Service Area.
- A reasonable person would have believed that the Enrollee's health would seriously deteriorate if they delayed treatment until they returned to the Delta Dental Service Area.

Enrollees do not need prior Authorization from Delta Dental to receive Urgent Dental Services outside the Delta Dental Service Area. Any Urgent Dental Services an Enrollee receives from Out-of-Network Dentists outside the Delta Dental Service Area are covered by this dental plan if the Benefits

would have been covered if the Enrollee had received them from Contract Dentists.

We do not cover follow-up care from Out-of-Network Dentists after the Enrollee no longer needs Urgent Dental Services. To obtain follow-up care from a Dentist, the Enrollee can call their assigned Contract Dentist. The Enrollee is responsible for any Cost Share for Urgent Dental Services received.

Timely Access to Care

Contract Dentists, Contract Orthodontists and Contract Specialists have agreed waiting times to Enrollees for appointments for care which will never be greater than the following timeframes:

- for emergency care, 24 hours a day, 7 days a week;
- for any urgent care, 72 hours for appointments consistent with the Enrollee's individual needs;
- for any non-urgent care, 36 business days; and
- for any preventive services, 40 business days.

During non-business hours, the Enrollee will have access to their Contract Dentist's answering machine, answering service, cell phone or pager for guidance on what to do and whom to contact for Urgent Dental Services or if the Enrollee is calling due to an Emergency Dental Condition including while outside the Delta Dental Service Area.

If the Enrollee calls Delta Dental's Customer Care, a representative will answer the phone within 10 minutes during normal business hours.

Language Assistance Services

Delta Dental offers qualified interpretation

services to limited-English proficient Enrollees at no cost to the Enrollee at all points of contact, in any modern language, including when an Enrollee is accompanied by a family member or friend who can provide language interpretation services.

If you need language interpretation services, materials translated into your preferred language or into an alternative format, please call Customer Care at 855-370-4215 (TTY: 711). You may also visit the provider directory on our website which includes self-reported languages by DeltaCare USA Dentists.

Specialist Services

Specialist Services for oral surgery, endodontics, periodontics, orthodontics (if Medically Necessary) or pediatric dentistry must be: 1) referred by your assigned Contract Dentist, and 2) authorized by Delta Dental. You pay the specified Cost Share. (Refer to the Schedules attached to this Dental EOC.)

If the services of a Contract Orthodontist are needed, please refer to Orthodontics in the Schedules attached to this Dental EOC to determine Benefits.

If you require Specialist Services and a Contract Specialist or Contract Orthodontist is not within 35 miles of your home address to provide these services, your assigned Contract Dentist must receive prior Authorization from Delta Dental to refer you to an Out-of-Network specialist or Out-of-Network orthodontist to provide these Specialist Services. Specialist Services performed by an Out-of-Network specialist or Out-of-Network orthodontist that are not authorized by Delta Dental will not be covered by this dental plan.

If an Enrollee is assigned to a dental school clinic for Specialist Services, those services

Pediatric Dental Addendum to Evidence of Coverage

may be provided by a Dentist, a dental student, a clinician or a dental instructor.

Claims for Reimbursement

Claims for covered Emergency Dental Services or authorized Specialist Services should be sent to us within 90 days of the end of treatment. Valid claims received after the 90-day period will be reviewed if you can show that it was not reasonably possible to submit the claim within that time.

All dental claims must be received within one (1) year of the treatment date. The address for claims submission is: Delta Dental, Claims Department, P.O. Box 1810, Alpharetta, GA 30023.

Dentist Compensation

A Contract Dentist is compensated by Delta Dental through monthly capitation (an amount based on the number of Enrollees assigned to the Dentist) and by Enrollees through required Cost Share amounts for treatment received. A Contract Specialist is compensated by Delta Dental through an agreed-upon amount for each covered procedure, less the applicable Cost Share paid by the Enrollee. In no event does Delta Dental pay a Contract Dentist or a Contract Specialist any incentive as an inducement to deny, reduce, limit or delay any appropriate treatment.

You may obtain further information concerning Dentist compensation by calling Delta Dental at the toll-free telephone number shown in this Dental EOC.

Processing Policies

The dental care guidelines for this dental plan explain to Contract Dentists what services are covered under this Dental EOC. Contract Dentists, Contract Orthodontists and

Contract Specialists will use their professional judgment to determine which services are appropriate for the Enrollee. Services performed by the Contract Dentist, Contract Orthodontists and Contract Specialists that fall under the scope of Benefits of this dental plan are provided subject to any Cost Share. If a Contract Dentist believes that an Enrollee should seek treatment from a specialist, the Contract Dentist contacts Delta Dental for a determination of whether the proposed treatment is a covered Benefit. Delta Dental will also determine whether the proposed treatment requires treatment by a Contract Specialist. An Enrollee may contact Delta Dental's Customer Care at 1-855-370-4215 for information regarding the dental care guidelines for this dental plan.

Teledentistry Services

Teledentistry services are when a Dentist delivers dental services through telehealth or telecommunications to diagnose dental issues, offer dental care advice or determine appropriate dental treatment. It can be a convenient alternative option to an in-person dental appointment.

There are two types of Teledentistry services:

Synchronous is real-time interaction such as a video call with your Contract Dentist.

Asynchronous is when a video or photo of your dental issue is sent to your Contract Dentist and a reply is sent later.

We cover Teledentistry services at the diagnostic oral evaluation cost share amount shown in Schedule A subject to the limitations and exclusions in Schedule B. A Teledentistry appointment is covered on the same basis and to the same extent that the Benefit is covered through in-person diagnosis, consultation or treatment and is inclusive

in the overall patient management care and not a separately payable service.

Please note that not all Contract Dentists offer Teledentistry services and that not all dental conditions can be treated through Teledentistry visits. We recommend contacting your Contract Dentist and Delta Dental Customer Care for additional information.

If you are experiencing a life-threatening emergency, immediately call 911.

Certain complaints may require that you be referred to a Dentist for clinical evaluation of the dental services provided. Delta Dental will forward to you a determination, in writing, within 30 days of receipt of a complaint. If the complaint involves an Emergency Dental Condition, Delta Dental will provide the Enrollee written notification regarding the

disposition or pending status of the grievance within three (3) days.

Delta Dental's grievance system allows Enrollees to file grievances for at least 180 calendar days following any incident or action that is the subject of the Enrollee's dissatisfaction. Delta Dental does not discriminate against any Enrollee on the grounds that the complainant filed a grievance.

If you have completed Delta Dental's grievance process, or you have been involved in Delta Dental's grievance procedure for more than 30 days, you may file a complaint with the Department. You may seek assistance or file a grievance immediately with the Department in cases involving an imminent and serious threat to your health including, but not limited to, severe pain, potential loss of life, limb or major bodily function. In such case, Delta Dental will provide you with a written statement on the disposition or pending status of your grievance no later than three (3) calendar days from the date of our receipt of your grievance. You may file a complaint with the Department immediately if you are experiencing an Emergency Dental Condition.

The Department is responsible for regulating health care service plans. If you have a grievance against Delta Dental, you should first telephone us at **1-855-370-4215** and use our grievance process above before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an Emergency Dental Condition, a grievance that has not been satisfactorily resolved by us, or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance.

Independent Medical Review (“IMR”)

You may also be eligible for IMR. If you are eligible for IMR, the process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment for disputes for your Emergency Dental Condition or urgent medical services. The Department also has a toll-free telephone number (1-888-466-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. DMHC’s internet website www.dmhc.ca.gov has complaint forms, IMR application forms and instructions online.

Complaints Involving an Adverse Benefit Determination

For complaints involving an adverse benefit determination (e.g., a denial, modification or termination of a requested benefit or claim), an Enrollee must file a request for review (a complaint) with Delta Dental within 180 calendar days after receipt of the adverse determination. Our review will take into account all information, regardless of whether such information was submitted or considered initially. The review will be conducted by a person who is neither the individual who made the original benefit determination, nor the subordinate of such individual.

Upon request and free of charge, we will provide the Enrollee with copies of any pertinent documents that are relevant to the benefit determination, a copy of any internal rule, guideline, protocol, and/or explanation of the scientific or clinical judgment if relied upon in making the benefit determination.

If the review of a denial is based, in whole or in part, on a lack of medical necessity,

experimental treatment, or a clinical judgment in applying the terms of this Plan, Delta Dental will consult with a Dentist who has appropriate training and experience. If any consulting Dentist is involved in the review, the identity of such consulting Dentist will be available upon request.

General Provisions**Third Party Administrator (“TPA”)**

Delta Dental may use the services of a TPA, duly registered under applicable state law, to provide services under this Dental EOC. Any TPA providing such services or receiving such information will enter into a separate business associate agreement with Delta Dental providing that the TPA will meet HIPAA and HITECH requirements for the preservation of protected health information of Enrollees.

Endnotes:

If services for a listed procedure are performed by the Contract Dentist, the Enrollee pays the specified Cost Share. Listed procedures which require a Dentist to provide Specialist Services, and are referred by the Contract Dentist, must be authorized by Delta Dental. The Enrollee pays the Cost Share specified for such services.

Optional or upgraded procedure(s) are defined as any alternative procedure(s) presented by the Contract Dentist and formally agreed upon by financial consent that satisfies the same dental need as a covered procedure. Enrollee may elect an Optional or upgraded procedure, subject to the limitations and exclusions of this Plan. The applicable charge to the Enrollee is the difference between the Contract Dentist's regularly charged fee (or contracted fee, when applicable) for the Optional or upgraded procedure and the covered procedure, plus any applicable Cost Share for the covered procedure.

Examples of Optional Services:

- If the Enrollee chooses an Optional or upgraded procedure presented by the Contract Dentist,
 - Where noble (D6061, D6064, D6071, D6074, D6083, D6087, D6099, D6122); high noble (precious) (D6059, D6062, D6066, D6067, D6069, D6072, D6076, D6077); or titanium (D6084, D6088, D6094, D6097, D6194, D6195, D6784) metals are used for an implant/abutment supported crown or fixed bridge retainer,
 - And an additional laboratory fee is charged by the Contract Dentist.

Then the Enrollee will be responsible for the fee charged by the laboratory which equals the difference between the higher cost of the Optional service and the lower cost of the customary service or standard procedure.

Additional requests, beyond the stated frequency limitations, for prophylaxis, fluoride and scaling procedures (D1110, D1120, D1206, D1208 and D4346) shall be considered for prior Authorization when documented medical necessity is justified due to a physical limitation and/or an oral condition that prevents daily oral hygiene.
2. A filling (D2140-D2161, D2330-D2335, D2391-D2394) is a Benefit for the removal of decay, for minor repairs of tooth structure or to replace a lost filling.
3. A crown (D2390 and covered codes only between D2710-D2791) is a Benefit when there is insufficient tooth structure to support a filling or to replace an existing crown that is non-functional or non-restorable and meets the five+ year (60+ months) limitation.
4. The replacement of an existing crown (D2390 and covered codes only between D2710-D2791), fixed partial denture (bridge) (covered codes only between D6211-D6245, D6251, D6721-D6791) or a removable full (D5110, D5120) or partial denture (covered codes only between D5211-D5214, D5221-D5224) is covered when:

 - b. Either of the following:
 - The existing non-functional restoration/bridge/denture was placed five or more years (60+ months) prior to its replacement, or
 - If an existing partial denture is less than five years old (60 months), but must be replaced by a new partial denture due to the loss of a natural tooth, which cannot be replaced by adding another tooth to the existing partial denture.
5. Coverage for the placement of a fixed partial denture (bridge) (covered codes only between D6211-D6245, D6251, D6721-D6791) or removable partial denture (covered codes only between D5211-D5214, D5221-D5224):
 - a. Fixed partial denture (bridge):
 - A fixed partial denture is a Benefit only when medical conditions or employment preclude the use of a removable partial denture.
 - The sole tooth to be replaced in the arch is an anterior tooth, and the abutment teeth are not periodontally involved, or
 - The new bridge would replace an existing, non-functional bridge utilizing identical abutments and pontics, or
 - Each abutment tooth to be crowned meets Limitation #3.
 - b. Removable partial denture:
 - Cast metal (D5213, D5214, D5223, D5224), one or more teeth are missing in an arch.

7. Maxillofacial prosthetic services (covered codes only between D5911-D5999) are for the anatomic and functional reconstruction of those regions of the maxilla and mandible and associated structures that are missing or defective because of surgical intervention, trauma (other than simple or compound fractures), pathology, developmental or congenital malformations.
